Marxist Controlled NAACP Agitates--Divides Negroes!

By Manning Johnson

The paramount need of Negro Americans is intelligent, realistic and wise leadership. The serious lack of it is in no small way responsible for the shockingly disgraceful and tragic state of race relations in our country today.

In the absence of the wisdom and statesmanship of a Booker T. Washington, coupled with the rise to preferred status of the socialistic philosophy of the W.E.B. DuBois school of thought, one may readily understand why relations between Negro and White Americans dropped to the lowest level in years.

And, too, an errant government is in no small way responsible for the ideological and organizational success of more than 3 decades of Red agitation and propaganda to split America as a prelude to conquest. Through governmental default, the virus of communism was allowed to spread, taking a firm hold primarily on the Negro intelligentsia. Fortunately, the vast majority of the "rank and file" Negro Americans did not fall for the empty talk of the Reds, nor follow the treacherous path suggested to them by the intellectual dupes.

An examination of the official records of government agencies investigating communism in America shows that the majority of Negroes and their White allies who engaged in agitating and stirring up racial unrest, have been or are now engaged in advancing the cause of communism. Some of them have a record spanning more than 4 decades of activity

in the radical movement.

When the "heat" was on, many of these agitators went into hiding. Now that the Supreme Court has created an ideal climate for Red activity, they have come into the open again. There are others who worked either openly or covertly to scuttle the internal security program for fear of being caught in its vice-like jaws. Still others gently chided the Reds to appear reformed and respectable, while at the

same time working to scuttle and defeat every internal security measure.

At no time have these Negro leftists ever cooperated with the government in a genuine effort AGAINST the Red conspiracy. Significantly, investigating committees for some reason have avoided calling Negro leftists to testify under oath. Perhaps the answer may be found in the dire political consequences of a hue and cry of "Negro persecution" that is almost certain to be raised. It seems to me that fear of the tag "anti-Negro bias" kills automatically any idea of conducting a thorough investigation of subversive activities among Negroes. Thus "color and race" becomes a stopper to investigation in an area declared taboo by the Reds.

The Reds always considered the Negro intellectual "shallow, superficial" and a "phony" who could easily be manipulated. Thus, through the medium of flattery, feigned interracialism and a deceptive program, the Reds were able to win over many Negro intellectuals. The "Red carpet" was rolled out for Negroes considered very important to the Party. In this category fall editors, columnists of newspapers, key officers in important Negro organizations, college or university professors, artists, entertainers, and labor leaders. Sometimes the Red carpet treatment consisted of invitations to the home of a wealthy White communist for cocktails and an exchange of views with a few prominent persons. At other times the full treatment is given.

"The Brotherhood" Booby Trap

By Hilary Grey

Reprinted from American Mercury

"The Soviet earth satellites are not a portent of disaster nor a cause for despair but are a warning that mankind faces a choice between extinction and human brotherhood."

So Democratic Presidential candidate Adlai Stevenson was reported as saying at the National Conference of Christians and Jews, when that organization presented its first "World Brotherhood" awards at the Waldorf-Astoria, on Nov. 11, 1957. Adlai's remarks seem to advocate appeasement. He does not appear unduly perturbed at the Soviet satellite ascendancy. It is the use of that word "brotherhood" which intrigues us—we hear so MUCH of it these days.

We get it blared at us in the press, screen, radio, TV and the speeches of Liberals, Socialists, Pinks and Reds of every hue, and of our New and Fair (and double) Dealing politicians. It appears in profusion in the literature and propaganda of the UN, its allied World Government and World Federalist agencies; and in that of the occult-type, global-aspiring, world religious bodies which enjoy semi-official status at the UN; of the Baha'i, Theosophy,

Rosicrucian, World Fellowship, World Congress, World Brotherhood of Faiths pattern. (Indeed "Universal Brotherhood" is the collective name for these and similar cults).

The term, "brotherhood," is also lavishly used by Modernist and "Progressive" Christians, and by spokesmen of the Councils of Christians and Jews. The "pattern of brotherhood" can be seen, therefore, as embracing all those forces heading in a leftward direction towards a "One World" ideology. We are, in fact, being brainwashed into "BROTHERHOOD."

Well, what is wrong with that? An English archbishop recently said that "Every Catholic must believe in the brotherhood of man." And similar statements are being made by some Protestant leaders. It would appear to be obligatory for Christians to believe in "brotherhood" and the brotherhood of man. Nevertheless, let us see what the use of this current slogan of "BROTHERHOOD" may mean in practice—as used by our contemporaries.

In the political field, the feelings of "brotherhood" urged on us appear to be completely one-sided—TO THE LEFT.

No brotherly feelings were entertained by the bulk of the commentators and

Is this the type of Brotherhood we can expect in the future? Forcing of race to mix is suicide.

opinion-moulding agencies towards Pat McCarran, Joseph McCarthy, Henry Ford, Sr., Charles Lindbergh, Generals MacArthur, Patton and Wedemeyer, or Wm. Jenner in the U.S.—or to Chiang Kai-Shek, Syngman Rhee, General Franco, or Dr. Malan abroad—and the forces of Christian Patriotism which they represent. Nor were brotherly feelings shown to the American Mercury at the time of Dr. Matthews' article analyzing communism among certain Protestant ministers! So on the National and International levels "brotherhood" appears to be a one-way street paved with concessions to, and leading towards, the World Communist state. It is the duty of Christians to oppose this kind of "brotherhood," for does not co-existence with the Devil mean Hell?

In the religious sphere, "brotherhood," as currently used, in the majority of cases either ignores the Incarnation of Jesus

This consists of food, booze and sex. The Communist Party has always had a dedicated band of white women specially trained for this phase of communist activities.

In order to subvert and win over the so-called "Negro masses," White communists, fellow travelers and their liberal friends invaded the Negro community, joined Negro organizations, helped to form organizations for Negroes, ostensibly to "fight for Negro rights." These invaders, posing as friends, are nothing but "political soldiers" of an alien-directed army under orders to entrap and use the Negro. It is to the everlasting credit of the "Negro masses" that they quickly saw through the phoney activities of these treacherous White carpet baggers.

A careful check into the background of the prominent Negro agitators reveals the startling fact that many of them were able to go through various colleges and universities on grants from foundations set up by White philanthropists. Another startling fact is that most of them have lived all their adult life on the largesse of White leftists, liberals, "bleeding-hearts," do-gooders and philanthropists. They have no feeling, no sympathy, no understanding for the Negro masses. To them, the masses are merely something to use as a stepping stone to self-advancement. Integration is something that they want to put over for a sinister reason. However, they find it difficult to achieve without using the muscle of the man down below.

Negro Americans must sooner or later face the fact that the Negro leaders of the NAACP and their Negro Red supporters constitute a cheap synthetic leadership distilled in the laboratory of White persons whose motives are suspect.

Never was the need for the leadership of men of the caliber of Booker T. Washington more glaringly revealed than in the so-called "Summit Conference" at the Hotel Raleigh in Washington, D.C., May 19-20, 1958.

At this conference, approximately 400 Negro bigwigs gathered in what was widely publicized as a "conference of leaders" aimed at finding a way to resolve the grave crisis in race relations. Many persons expected that important and momentous decisions would arise out of the discussions. Such expectations were stirred by the composition of the gathering which consisted of publishers, educators, politicians, judges, ministers, labor and government leaders.

Why this gathering was called a "Summit Conference" by the sponsoring National Publishers Association is hard to understand. The name itself has come to be associated in the public mind as a meeting of the heads of those States representing the "Free World" on the one hand and the "Slave World" on the other. Moreover, such "conferences" are called on the insistence of the Reds only because they have found them to be a good and effective sounding board for Red propaganda!

The selection of the name, to say the least, reflects a lack of originality and bad taste. And, too, one may easily conclude, in view of the name, that the prime objective was to embarrass the government and provide propaganda material for the use of communists in Asia and Africa.

Since the main theme of the conference was integration, there was general agreement with few exceptions. Maybe that explains why the Negro community and its services were by-passed. I guess an integrationist is not "on the beam" unless he takes his conferences and conventions to a hotel owned and operated by White persons and in a "White neighborhood." As one Negro businessman said, "If it was left to the integrationist Negroes, we would be forced to close up and that goes for everything, including Negro schools, colleges and churches."

Ironically, the only head of State at-

tending the "Summit Conference" was President Eisenhower. In his message, he counselled "patience and forbearance" and warned that "laws themselves will never solve problems that have their roots in the human heart and human emotions." It would have been far better for the President to have "stood in bed" than to advocate such a policy to a rabid and dedicated gathering of integrationists.

After all, it must be borne in mind that the delegates to this "Summit Conference" came only because they were dissatisfied with the tempo of "race mixing." The problems of the Negro be damned. Is there any wonder then that the President's advice was "disappointing" to Roy Wilkins, Executive Secretary of the NAACP? His view swelled into a chorus as Thurgood Marshal, NAACP chief counsel, Federal Judge Hastie, Reverend Martin Luther King and others joined in sharp denunciation of the President's "patience and forbearance" message.

Roy Wilkins, Thurgood Marshal and the other NAACP leaders set up the situation which precipitated the violence at Little Rock. As a result the NAACP had the "greatest financial year in its history," according to Roy Wilkins. These gentlemen came to this "Summit Conference" either to put the President on the spot or to get from him a package that they could sell to the people. Above all, they needed the President's assurance that he would continue to use Federal troops as he had at Little Rock and that he would use the FBI, the Justice Dept. and the courts to arrest, jail and prosecute all opponents of integration. This would mean more Little Rocks.

The failure of the President to make such commitments lost for him the hero status. Since the NAACP does not have a basic and realistic policy for Negro Americans, it needs a package deal from the President or some other authority to justify its existence.

Reverend Martin Luther King is no amateur when it comes to setting up situations which erupt in violence, bombing, boy-

cotts, racial bitterness, hostility and reprisal. One has only to recall his heinously wicked advice when he made the following appeal:

"If they bomb one of our homes, let them know that they will have to bomb a hundred thousand."

Any fool knows the stark tragedy that such a showdown would bring to Negro Americans. Is there any wonder that the Reds everywhere are praising and supporting Reverend King?

Many Negroes privately describe Little Rock as a Pyrrhic Victory. They feel that race relations have been set back 40 or 50 years. The rapidly deteriorating racial situation is deemed positive proof.

The NAACP and the Reds follow the same policy of demanding forthwith solutions of problems that have their roots in the shades of antiquity. All the combined efforts of the great religions still have to reckon with the will of man. Those persons who are bogged in the swamps of leftist ideology are loathe to admit this fact.

Evidently, those who gathered at the "Summit Conference" were in the main so sold on NAACP leadership that any program contrary was "Uncle Tomism." The tragedy of the so-called leadership of the Negroes is that it follows the leftist pattern of trying to "destroy" all those who disagree. The logical end of such a course is the terrorism of a Stalin, should these Negroes ever get into power.

The "Statement of Policies" adopted by the delegates to the "Summit Conference" reflects the utter bankruptcy of the present leadership of Negro Americans. I read it 3 times, twice silently and once out loud. I wanted to make certain of what I read. It sounded like the plaintive wail of a frustrated group of beggars looking for sympathy at home and support from the Red Bloc abroad.

Moreover, in my opinion, the statement was an attempt to do a propaganda job against America through the charge that from the lowest to the highest level of government everywhere there is a denial of Negro rights "SOLELY BE-

The secret is now out why England and France pulled their armed forces out of Egypt in December 1956. These Hydrogen Bombs are at the foot of the Ural Mountains in the Magnetogorsk area. We are informed they have a 3,000 mile range and possibly further, and can accurately pinpoint a target "the size of a hand."

COMMON SENSE reported to its readers that the English and French invasion of Egypt in December 1956 ended suddenly when the Soviet Union exhibited to Captain----- of the British Embassy in Moscow these Hydrogen Bomb missiles which the USSR indicated would be released against Paris and London if the English and French did not announce within 24 hours their intention to withdraw their armed forces from Egypt. Common Sense has now been fortunate in obtaining these photographs of the Hydrogen Bomb missiles which were to be released to destroy London and Paris in retaliation for English and French destruction of Port Said.

There are today 29 similar installations in other parts of the border of the USSR facing Europe and the Middle-East. These photographs have not been published previously in the U.S. Note size of missiles in proportion to men standing alongside.

CAUSE OF RACE AND COLOR."

In no place in the "Statement of Policies" is there any reflection of critical self-examination to determine what is wrong with the Negro and what is responsible for his failure to take full advantage of the countless opportunities around him. And, too, there is no constructive program to guide the Negro individually or collectively along a path of action that will win the respect and approbation of other Americans.

What Negro Americans should do is to reread and re-apply the teachings of Booker T. Washington. In his life and teachings they will find pride of race and those basic principles that exalt the race.

God grant that out of such a study will come another Booker T. Washington. Heaven knows we need one!

COLOR, COMMUNISM AND COMMON SENSE

By Manning Johnson

Manning Johnson was a prominent member of the Communist Party from 1930 to 1940. He was a member of the Negro Commission and also of the National Committee, highest Party authority. Disillusioned at last, he has used his talents courageously to aid the U.S. in combatting subversive tendencies. He has worked with the FBI on occasion, with the Immigration and Naturalization Service and the Dept. of Justice. He exposes the NAACP.

His testimony before Congressional Committees investigating Communism and before government bodies has been hard-hitting and highly informative.

Brotherhood Trap

— (Continued from Page 1) —

Christ altogether, or else reduces Him to the status of a mere man, of the caliber, perhaps, of Ghandi, Albert Einstein or Albert Schweitzer. A great American Protestant preacher a few years ago denounced the World Fellowship of Faiths, which employs this latter technique, as follows: "Our Lord Jesus Christ (in the World Fellowship) is just another GUEST at the table, just a great teacher but not the Lord and Saviour, not the King of Kings, not the Divine One."

A brotherhood which ignores the Incarnation, or shears Our Lord of His Divine status, is a diabolical one and no Christian can support it for an instant, however much such "brotherhood" would supposedly "serve world peace" or contribute to a "relaxation of world tension."

It is not these aspects of "brotherhood," however, that I wish to discuss but the horrible suspicion aroused by the unremitting, propaganda repetition of this word. Could "brotherhood" not be an abstract noun at all but a collective one? Trade union groups once used the word "brotherhood" in that sense to indicate the corporate strength of their numbers.

We have accepted the word "brotherhood" as if it were an abstract noun indicating a "brotherly" feeling, akin to love or friendship. This is how 98% of our people read it. But it could be a collective noun indicating a group, or cabal of people—in this case a fraternity of international conspirators—acting together as one international body. If this hidden or double meaning is only secretly understood, say by the 2% of initiates, we, who do not so understand or recognize its meaning, could be in great danger.

Nearly 50 years ago, in 1909, Walter Rathenau, a German millionaire Socialist Cabinet Minister and international financier, said: "Only 300 men, each of whom knows all the others, govern the fate of Europe. They elect their successors from their entourage. These men have the means in their hands of putting an end to the form of any state which they find unreasonable." Rathenau held a similar position in

Germany in WW I to that then held by Bernard M. Baruch in the U.S. (the U.S. War Industries Board). Rathenau would appear to be the type of person of enormous influence who would be in the "brotherhood," especially as he was also the brother-in-law of former Comintern chief Karl Radek. A similar statement to the effect that "three hundred financiers rule the world" was made by the well-known French leftist, Jean Izoulet, in Paris in 1931.

Again, Winston Churchill in an article on Leon Trotsky in his book, *Great Contemporaries*, (1937) refers quite openly to power in the USSR being in the hands of "the Brotherhood" and in a "self-chosen Priesthood." Apparently Lenin and Trotsky belonged, in Churchill's opinion, to the "Brotherhood" and so presumably would their wealthy financier backers—Jacob Schiff, head of Kuhn, Loeb & Co., N.Y. bankers; Max Warburg, banker of Hamburg, Germany; Israel Helphand Parvus of the Imperial Bank of Germany, and Jacob Asberg of the NYA Bank of Sweden. Asberg founded the Russian Commercial Bank in Moscow in 1921, and is now banker-in-chief (behind the scenes) in the USSR. Major Jordan's Diary, says Asberg sent an emissary in March 1944, to the Wall Street multi-millionaire and international banker Herbert H. Lehman (former N.Y. Governor and Senator) who was stated to be one of the 7 real rulers of the U.S., along with Henry Morgenthau and Felix Frankfurter. Max Warburg's nephew is James P. Warburg, the leader, now, of the World Federalist Movement in the U.S., who informed the U.S. Senate on Feb. 17th, 1950, that: "We shall have World Government, whether or not we like it. The question is only whether World Government will be achieved by consent or by conquest." (pages 494-508 Committee on Foreign Relations, Senate, Feb. 17, 1950, Washington).

It will be remembered that the hard-headed chairman of the House of Representatives' Banking and Currency Committee, Louis McFadden, testified in Congress on June 10, 1932: "Russia was designed to supply the man power and this country (the U.S.) was to provide financial power to an international Super-State—a Super-State controlled by International Bankers and international industrialists acting together to enslave the world for their own pleasure."

The "International Brotherhood" behind communism and World Government—if such an unincorporated secret body could create it—would thus be, in the main, the Brotherhood of Internationalist Bankers, past and present.

Much evidence could be supplied to support this thesis. For instance, one could mention how Lenin's first woman Cabinet Minister, Madame A. Kollontai, visited Marcus Wallenberg of Sweden at the end

of May, 1951, to request a cease-fire in Korea when Red China was on the point of total internal collapse.

Madame Kollontai was then living "in retirement" in the USSR. A two-year cease fire was arranged, in spite of the wishes of American military advisers and in spite of General MacArthur's known ability and plans to beat the Chinese Soviet Communists and free Korea and China. Marcus Wallenberg is a Wimbledon tennis player—and an international banker.

Final proof of the collaboration between those internationalist bankers and communism may have to wait until communism is vanquished by Christianity and its dark secrets exposed to the light of Truth.

Here are three examples:

1- Lenin, Trotsky and Stalin all said that communism in Russia would "PREPARE THE WAY FOR UNIVERSAL BROTHERHOOD." Didn't their use of the word mean that communism, spread from its initial base in Russia, would put "THE BROTHERHOOD" in possession of "UNIVERSAL" power? Similarly "WORLD BROTHERHOOD" can mean that "THE BROTHERHOOD" will conquer the "WORLD." The current Moscow slogan "PEACEFUL CO-EXISTENCE" is just another way of saying "UNIVERSAL BROTHERHOOD."

2- The Presidential proclamation of "BROTHERHOOD WEEK," in Feb., 1943, was issued under the slogan "VICTORY FOR BROTHERHOOD." President Roosevelt said that the "SPIRIT OF BROTHERHOOD" was "OUR WAR AIM" and that "IT IS OUR PROMISE TO EXTEND SUCH BROTHERHOOD EARTHWIDE WHICH GIVES HOPE TO ALL THE WORLD." Did Roosevelt mean that "THE SPIRIT OF THE BROTHERHOOD" was his war aim, or that he was fighting for victory for "THE BROTHERHOOD," promising to extend THE Brotherhood's power earth-wide? Roosevelt incited Britain to go to war over the German invasion of Poland, but ignored the Soviet Union's invasions, at practically the same time, of Poland, the 3 Baltic States, Rumania and Finland. At Teheran and Yalta he handed over large parts of the world to communist slavery. He conspired to betray our ally, Nationalist China. Does this really sound like "BROTHERHOOD" as commonly understood?

It is very apparent that there is a "Brotherhood" of a very exclusive kind, from which many brotherly patriots are excluded—or exterminated!

Let us return, in conclusion, to Candidate Stevenson's soothing and apparently harmless remark. If we apply the test described above, Stevenson's 1957 warning at once becomes a sinister threat:

"The Soviet earth satellites are... a warning that mankind faces a choice between extinction and Brotherhood."

Whereas the people of the Arab nations are in a state of turmoil and discontent; and

Whereas the access of the nations of Western Europe to the oil resources of that area is thereby threatened; and

Whereas cutting them off from that supply would cause distress, lower their standard of living and put their future under bond to the communist domination; and

Whereas the expansion of the population of Israel threatens an added seizure of Arab territory; and

Whereas the overpopulation of Israel is largely financed by tax-free contributions from American citizens; and

Whereas by certain actions of our Government the friendship of the Arab peoples can be promoted: Now, therefore, be it

Resolved, That the Treasury investigate the uses to which tax-free contributions of American citizens are put when sent to Israel, to see whether they tend to exacerbate Middle-Eastern turmoil rather than relieve unavoidable distress to the end that tax-free status may be justified or withdrawn; and be it further

If the Invisible Government had advised Ike to take Berlin and not to take Little Rock—we would not be in the tragic mess we're in today.

The word "Brotherhood" is used only twice in the Bible, once in the Old Testament and once in the New Testament. In the eleventh chapter of Zechariah, wherein the prophet foretells the betrayal of Jesus and the subsequent fate of Judea and its inhabitants, the 14th verse, we read: "I (the Lord) break the brotherhood between Judah and Israel."

The second place where Brotherhood is mentioned is in the New Testament, in 1 Peter 2:17, where Peter writes, "Love the brotherhood." A study of this chapter reveals what he means by loving the brotherhood.

The brotherhood, the one and only true brotherhood, which Peter had in mind, is CHRISTIAN BROTHERHOOD, AND THAT HAS ONE FOUNDATION: JESUS CHRIST.

Zionists Use Tax-Free Dollars For Arms Against The Arabs!

"Ye Shall Know The Truth And The Truth Shall Make You Free"

Despite the fact that almost all media of information in the United States is still controlled by the Zionists, we are happy to observe that the truth about what happened in the Holy Land is gradually becoming known. The Zionists no longer enjoy a free platform for their propaganda. But I am afraid the process of the change is too slow if the Arab world is to be saved and world peace maintained.

To divert attention from their crimes of expulsion of the Moslem and Christian inhabitants of Palestine and the confiscation of their property, the ISRAELIS and their ZIONIST supporters carry on a campaign to discredit the Arabs in one way or another. The Egyptian and Syrian arms deals and economic aid from Russia are described as conclusive evidence that these countries are already either communist or pro-communist. Curiously enough, no such accusation was ever levelled at Israel when it purchased arms from communist Czechoslovakia **BEFORE AND AFTER ITS BIRTH**. The difference between both transactions, however, was that, whereas Egypt and Syria made their purchases from their own money or under barter agreements, the Israelis pay for their arms with **TAX-FREE** dollars collected in this country under the pretext of serving the needs of humanity!

According to press reports, the Zionist goal of financial help for Israel this year exceeds the 200 million dollar mark with 75 million dollars from the sale of Israeli bonds. Enthusiasm for Israel on the 10th anniversary of its existence has influenced

certain U.S. Senators to step beyond the limits of prudence.

The N.Y. Times of March 18, 1958, carried an item of news to the effect that "The Secretary of the Treasury would be authorized to purchase State of Israel bonds having a total redemption value of \$60,000,000 under a joint resolution introduced today by Rep. James Roosevelt, Democrat of Cal." What apparently matters to the Senator is that he should be assured of the "Jewish vote" but what happens to the peace of the world appears of no consequence to him. Never in history has it occurred that a state would permit a foreign state to float a government loan within its territory. **BUT THEN ISRAEL**

IS AN EXCEPTION!

During the first decade of its existence, Israel has been able to obtain over 2 billion dollars in aid from the U.S. Government and world Jewry. In addition, Israel receives reparations from West Germany, plus a considerable income running into several hundreds of millions of dollars per annum from usurped Arab property. During the same period, the Israelis have been able to build up a powerful army which they boast is stronger than the armies of all the Arab States combined. Has it occurred to anyone to ask himself: first, **where did Israel obtain the funds to purchase this great mass of military equip-**

Wake Up America-It's Getting Late

Never in history have so many people maintained so apathetic an attitude in the face of such immediate and deadly peril as faces this nation today. Our "smart people" our "pillars of society" our "business brains" and our "smart young men" have been so hypnotized with their new homes, new cars, their television sets, their rum-pus rooms, (keeping them amused)—not to mention that barbeque pit and all the clubs and societies, that in the reflection of their own material magnificence they have been too dazzled to notice the big **RED** letters of **DOOM** that have been more and more apparent each passing year since 1933. Have we forgotten our children? These laughing, happy, shyly courteous and friendly little innocents who will inherit the world that we, and our selfish stupidity, will leave them? Surely these children of ours are worth the small effort required to read a few enlightening books on this subject and give some serious thought as to why—**WHY, WE**—supposedly an intelligent, Christian, kindly people, highly literate—have accepted **WITHOUT QUESTION** the cruel, criminally stupid or

downright traitorous policies of **THOSE IN CONTROL** of our national administration!

In World War I and II, with much **TALK** of **LIBERTY—FREEDOM** and **DEMOCRACY** as preceded the French Revolution which ruined France and against the advice of **ALL** sound statesmen, we allowed ourselves to become involved in **TWO** world wars **AGAINST OTHER CHRISTIAN PEOPLES**. Nearly 100 million Christians were killed in those two promoted wars! In both those wars, our so-called "free press" deliberately created a very real hatred against the "**BARBAROUS HUN**" and the "**NAZI AGGRESSOR**."

Now, 14 years after the greatest military victory in history, supposedly to guarantee the freedom and sovereignty of **ALL** nations, all over the world, **WE HAVE—WITHOUT PROTEST**, witnessed the surrender of one-half the world and over 900,000,000 people such as you and I—mostly Christian—to death, torture, and enslavement by the vilest, most fanatically cruel and despotic tyranny **YET KNOWN** to man. **NOT A WORD** from the **PRESS—**

ment if not from tax-free contributions intended for humanitarian purposes? And second, if we are to believe that the supply of arms from the West was limited to defensive arms only, where was Israel able to obtain her heavy equipment from? It follows to reason that since the budget could not meet Israel's military requirements, monies contributed tax-free for charitable purposes are being used to buy arms.

We Arabs often wonder at the attitude of the U.S. Government and the mentality of some individuals who allow themselves to be pressured and influenced by Zionist distortions and intrigues without regard to the very principles of justice and equity which they profess. We believe it is the solemn duty of the authorities concerned to ensure that monies collected for humanitarian purposes are used solely toward these ends and not channelled for the purpose of arms. That such contributions are being so used is clear.

The Zionists are now conducting their annual campaign for the **UNITED JEWISH APPEAL**. Those campaigning include two senior Israeli Generals (Moshe Dayan and Tolkowsky). To suggest that it needs army generals to canvas for contributions to "feed, clothe, and shelter the poor of Israel," is absurd and an insult to the intelligence of any man. It is simple arithmetic to realize that the greater part of the tax-free dollars are needed to maintain and strengthen their great military machine which has so far been found **GUILTY** of aggressive action at least 25 times and for 4 of which was condemned by the Security Council. The truth of the matter is that the generals are here to boast of Israeli "heroism" in massacres of innocent people, such as occurred in Deir Yasin, Qibya, Gaza, Nabhalin, and Kafr Qasem, and to collect funds to maintain their aggression.

It is not the concern of the Arabs who contributes to the United Jewish Appeal or why the U.S. government grants tax exemption on such contributions. But what causes us grave concern is the use to which these funds are being put and the dangerous effects they have on the security and peace of the Arab world! The Zionists take pride in their achievements in Palestine, but few recognize that these accomplishments are taking place in homes, farmsteads, lands, groves and orchards belonging to Palestinian Arabs who have been driven out of their homeland under the most inhuman conditions. In addition, these funds provide the means to attack the Arabs and to prepare for eventual expansion into further Arab territory.

The evil deeds of the Zionists have no parallel in modern history, where the criminal is permitted and sustained by the greatest republican form of government in the world. According to common law, those who abet and assist in a crime are "accessories after the fact" and equally guilty of the offence. For citizens of this country to assist Israel in any way to consolidate her hold on usurped property is to be guilty of the same crime.

Let me ask you to try and imagine yourself in your present home and surroundings—happy in your business, in the midst of your family and friends. A stranger to whom you owe nothing comes along, and with the help of a powerful companion pushes you out and lays hands on your home and other possessions, lock, stock and barrel. If you try to stand by your home and lands, you are murdered; if you run away and try to come back when the danger is over, you are regarded as an infiltrator, a commando, a thief; if you appeal to the court of justice you are ignored; if you appeal to the free world, you are described as a communist, a pro-communist, a disturber of the peace. In such circumstances, I ask you to whom will you turn in your trouble? Would you sit back and bless those who have robbed you? Remember that in your hour of trouble with

Hitler, the U.S. government turned to communism for help. To the Arabs, Zionism is a greater danger than communism!

Today there are over one million Arabs without homes. The million Jews who replaced the Arabs were not homeless but voluntarily disposed of their possessions and left their countries of origin for Palestine in order to occupy and enjoy ready-made homes and lands usurped from Arabs.

Another strange action of the U.S. which surprises us Arabs is the fact that, whereas the government will spend billions of dollars to fight communism and win friends, by another channel it finances immigration of Jews from behind the "Iron Curtain." If the Western world is naive enough to feel confident that immigrants from Poland and Russia who have been born or indoctrinated in communism for over 40 years are not communists simply because they are Jews, the Arabs, out of experience, believe otherwise. It should be noted that communism in all Arab countries is banned, but in Israel it operates legally and the Party has been gaining in number and strength. It may not be realized that as a result of the 1956 elections, the Israeli communist party and its fellow-travelers now occupy 25 seats out of a total of 120 seats in the Israeli Parliament. In 1957 alone, immigrants from Poland numbered 33,000. This figure should help boost the communist party at the elections as did those who entered the country before the last election. There is every indication that the communist party will come to power before long.

The Arabs believe that with the U.S. attitude toward the Arab world what it is today, communism will have no difficulty to penetrate the Middle-East, not through Arab arms deals or economic aid from Russia, but through the **PRO-ZIONIST** policy which has already pushed Arabs too far, and also the type of Jewish immigrant who is being brought into Palestine with tax-free dollars.

Zionist achievements in Palestine have tended to blind the eyes of many to the evils of Zionism. The destructive character of this movement arises from the fact that it is determined to assist and maintain Israel without regard to human decency or equity and no matter what the cost to other people and world peace. For the U.S. to link its policy toward the Arab world with such a destructive ideology, is in my opinion to court disaster.

As one who has been brought up by western standards and loathes communism, I fear that time is running out fast. It is up to all men and women of goodwill, individually and collectively, who have the interests of their country and world peace at heart, to do something to save the situation, for it is not only the Middle-East which is in danger, but the security and peace of the world are at stake.

A Message To Patriots

Conde McGinley

These words are addressed to the good Patriots who are regarded as leaders in the forces opposed to the left or to the Marxist inspired conspiracy.

True and sincere leaders who as yet do not realize that Communism and Socialism were

set up by self-styled Jews as fronts, to be used to break down Christianity and condition us for Talmudic rule, should NOT be afraid to explore the Jewish direction and control of subversion.

You Patriots who follow the line of least resistance by combatting the surface or fronts for Marxism, cannot hope to successfully defeat the evil forces by scattering shots. It is necessary to HIT the target, to NAME the enemy. Certainly they will fight back when you hit the vital spot, but we cannot turn the tide without the truth being brought out in the open!

Naturally you are not expected to brave this ruthless enemy until you fully understand what is behind this clever diabolical group, camouflaged as religion. **THERE IS LITTLE DIFFERENCE BETWEEN COMMUNISM AND ZIONISM!**

There is an unlimited mass of reliable information, books and booklets, written by respected historians, to help you understand. This information IS available if you look for it as I did years ago when I became aware there was something behind communism more clever and more powerful than could be seen on the surface. Now I am in a position where I can quickly put honest, courageous Patriots in touch with these incontestable sources. There are Patriots who write and say they would like to expose the Jewish organizations but dare not for fear of retaliation. A number of them have told me so.

Crusaders who are not prepared to survive such attacks as have been made on me will likely need to continue doing what good they can until such time as they feel sufficiently secure and determined to learn the real enemy and NAME him regardless of smear attacks.

Until ALL anti-communist leaders disregard smear tactics by the Marxist hate groups and adopt effective tactics there is no chance to save our country. Our people have slept too long; now enemy intimidation is forcing our side to tiptoe along and scatter our shots.

You just cannot kill an octopus by cutting off one of his tentacles; you have to reach and destroy his brain or heart!

Almost everyone says they know some good "Jews." The question is, do they help support the many Jewish organizations which work underhanded and in the background to direct anti-Christian, anti-American movements?

Liberty is one of the most valuable blessings that Heaven has bestowed on mankind. Not all the treasures concealed in the bowels of the earth, nor those in the sea, can be compared with it.

For liberty, a man may, nay, ought to hazard even his life, as well as for honor, accounting captivity the greatest misery he can endure.

NO HATE CAMPAIGNS AGAINST THESE VIOIOUS, ANTI-CHRISTIAN BEASTS—WHY???

BOLSHEVISM, SOCIALISM, or COMMUNISM, are ALL MARXISM-JUDAISM viciously anti-Christ—and openly opposed to ALL CHRISTIAN PRINCIPLE. The tenets we have lived by for nearly 2,000 years: decency and honor, the Golden Rule and the Ten Commandments are anathema to them. They believe in the exact reverse—take what you can any way you can get it; **FORCE AND VIOLENCE, TREACHERY AND DECEIT, THE END JUSTIFIES THE MEANS!** They are completely **WITHOUT HONOR.** Over 1,000 broken major agreements since our recognition of this vicious monstrosity in 1933. Their liquidations in Europe and Asia have run into many millions; this includes their slave labor camps which make liquidation a mercy. The **DECENT PEOPLE** of this world **ARE BEING WIPED OUT!!!** The communists fear them. For example—the betrayal of Polish Gen. Bor and his 250,000 underground fighters in Warsaw. (We knew and did nothing). The murder of 14,000 Polish officers in the **Katyn Forest.** (Our State and Defense Dept. tried to hide it). The heroic struggle of the Hungarian Freedom Fighters in 1956. (Our State Dept. stopped an already planned and arranged for delivery of **Anti-Tank Guns And Ammunition**; had we minded our own business this might have meant the liberation of all behind that curtain—Fulton Lewis broadcast).

Again we intervened for communism. The deliberate starvation of 6,000,000 Greek Orthodox Christian farmers in the Ukraine at the very time Roosevelt was signing the Treaty of Recognition with the butcher and bank robber, **Litvinoff (Finklestein)**,—as degenerate a gangster as ever lived.

This recognition in 1933 was **NOT DONE BLINDLY; NEVER** had there been such an amassing of utterly damning evidence against any nation on earth in **ALL HISTORY** as was spread before Roosevelt. Friends of America came from all over the world to warn us against so disastrous an act. Roosevelt had been put in office for this purpose by the very people, **"JEWS" WHO HAD FINANCED THE REVOLUTION IN RUSSIA!**

The **Kuhn-Loebs, Warburgs;** and the **Rothschilds.** These same International bankers, 20 years before, had gained complete control over our finance and economy through their promotion of **WILSON** to the Presidency for the purpose of his promised pressure for the passage of their **FEDERAL RESERVE ACT** (from the Rothschild brain but the Warburg pen; Oscar Strauss a Progressive, repaid the Bull Moose split) and the 16th Amendment (the Income Tax Law). The Federal Reserve Act **UNCONSTITUTIONALLY** took the control of currency and credit from the hands of Congress and gave it to the International bankers. Up went the national debt,—usury guaranteed by the tax-payers, as in England and France. **WE** pay **THEM** seven and three quarter billion dollars each year in interest alone, on this stupendous national debt. The higher the debt goes **THE MORE THEY MAKE.**

THEY also are behind this vicious, anti-Christ, completely Judaized **UNITED NATIONS** and the International Bank and the International Monetary Fund. In fact, the **American Jewish Committee SET UP** the "Institute for Peace and Postwar Problems" with a ponderous staff, to write and move the UN Charter into being years before we entered WW II, which **THEY PROMOTED!** (Sam Untermyer—"Our race ordered war against Germany—we Jews—Aristocrats of the world").

What the 16th Amendment (Income Tax Law) has done, you are only too well aware. It has **ALL** of us working from 30 to 90 days in each 100 for **THEM. THEY ARE OUR HIDDEN GOVERNMENT!!!**

THEY control our Presidents through their **ADVISORS—appointed NOT elected!**

Communist conquered Russia is the kind of government they wish to force the world into through **THEIR** thoroughly communized United Nations. By **THEIR CONTROL OF THE WORLD'S GOLD, THEY** have gained economic domination over every nation on earth. We must realize that this is the culmination of a **PLOT for WORLD DOMINATION BY ECONOMIC CONQUEST.** This plot dates back 3,000 years to King Solomon and has been carried out by the **WORLD ZIONISTS!**

You perhaps remember Truman's statement in the UN Record by Chesley Manly at the time of the 1946 elections. His answer to four American top foreign service officers called to Washington from the Middle-East for consultation on the Israel-Arab question, he said, "Sorry gentlemen, I have to answer to hundreds of thousands who are anxious for the success of **ZIONISM.** I do not have hundreds of thousands of Arabs among my constituents." (He and Secretary of State Acheson, former secretary to the late justice Brandeis, helped the communists gain control of one half the world; one half of the Jews' messianic dream come true).

While we are on the Israel-Arab, UN subject, here is something your **PRESS** has failed to tell. This Palestine invasion by the **ZIONIST** Israeli forces is the most cruel and unjust, as wicked an act of premeditated aggression, murder and sheer anti-Christian barbarity as has ever taken place in recorded history. It's nearest counterpart is **Bela Kun's (Cohen)** invasion of Hungary and the 128 days of drunken beastiality until driven out by Admiral Horthy. The same class of animals took part in the Palestinian invasion, all Jews, a Kosher affair; they were recruited in Ana Pauker's communist Rumania and were **officered by men in AMERICAN UNIFORM!** (see John Beaty's **"THE IRON CURTAIN OVER AMERICA"**).

Nevertheless our government recognized Israel and she was immediately admitted to the "peace-loving, aggression-hating" UN—in **SPITE—or BECAUSE** of the fact that **CHRISTIAN SHRINES** in that Holy Place had been **VILELY** and **WANTONLY DESECRATED,** purposely and with malice aforethought—**THESE PEOPLE ARE VIOLENTLY ANTI-CHRIST AND SO IS THE UN!**

REMEMBER YOUR CHILDREN. Christ said of these Pharisees—"Ye are of the synagogue of Satan."

The Arabs, for 15 hundred years, have allowed these people to live among them as one of themselves, even as we have here in the U.S. Now, with U.S. aid they have attacked, murdered, and turned nearly a million of their Arab friends out into the desert—confiscating their land and their property. **THESE PEOPLE HAVE HAD CONTROL OF OUR FOREIGN POLICY SINCE 1935.** They demanded that of FDR as the price for **THEIR SUPPORT** at the polls with the **RED VOTE** and all it controlled—**THEY** kept him in the Presidency for **FOUR TERMS. THEY CHOSE THE NEXT PRESIDENT THROUGH THE JEW, SIDNEY HILLMAN,** and are still in complete control of our Foreign Policy. **THAT FACT AND THAT FACT ALONE** accounts for the betrayal of at least 17 nations, our former friends and allies, **ALL** now behind the curtain. How else would Lenin, (a half Jew) as far back as 1922 (37 years ago) have been able to so accurately predict the fall of Eastern Europe and **ALL OF ASIA** into Bolshevik hands. He also predicted that we would spend our way into bankruptcy.

ZIONISTS are in control of **BOTH** political Parties in the U.S., "our" Foreign Policy **AND** the Supreme Court! **WAKE UP!!**

"The support of the State Governments in all their rights, as the most competent administrations for our domestic concerns, and the surest bulwarks against anti-republican tendencies."

Pharisaic Quotes

Hanukah freezes the Jew in a gesture of military defiance quite awkward, if not unnatural, for a people who have always despised power (and money, too, no doubt!) and who for almost 2,000 years accepted the knout of the oppressor without once hitting back. Rabbi Jacob J. Weinstein, in National Jewish Post and Opinion, Jan. 2, 1959, p. 10. (Good grief!!!)

I demand that our people perform a historic gesture of contempt of Germany and her culture, that Germany become indeed **Judenrein (pure Jewish).** A people that would refuse enforced conversion left a legacy of scorn forever upon the land of Spain. Herb Brin in NJPO, Nov. 7, 1958, page 11.

Germany should be a **tabu-place** for moral human beings for the next five million years. Lillian Reznick Ott in The California Jewish Voice, Dec. 5, 1958, p. 5.

I still prefer Russia's handling of Germany. Let the Germans recover slowly. Let the rubble remain a while as a reminder of their bestiality and their barbarism (so fiendishly caricatured in Hollywood and New York's Jewish theatrical insults to the truth!) Gunther E. Hiss, CJV, Nov. 7, 1958, page 4.

The whole German race is responsible. They are all guilty of the most satanic and vicious crime against humanity, and let's say it openly, not any kind of reparation nor even exhausting their entire treasury and giving it to Israel will wash away their crime. The blood of the six million Jews (shed in the Jewspapers of the world) is crying vengeance from Germany's blood-stained cities and villages day and night. Let the words of the Bible referring to Israel's first arch-enemy, Amalek, refer even more so to our last arch-enemy, the Germans. "Blot out their remembrance from under the heavens. Thou shalt not forget!" Deut. 25:19. Rabbi Moshe M. Maggal in NJPO, Dec. 19, 1958, p. 11. (But let the reader not forget that the blood which actually "stained Germany's cities and villages day and night" was the blood of German men, women, and children, spilled by American and British bombers, and Russian slaves under the commands of Jewish rulers!)

Interpol, the international police organization, has circulated to all European police forces a description of Ludwig Zind, who fled West Germany after his conviction on anti-Semitism charges and sentence to one year's imprisonment. The West German authorities are seeking his extradition. CJV, Dec. 12, 1958, p. 3. Zind was convicted of having told Kurt Leiser, a half-Jew, during a quarrel that the Nazis had not gassed enough Jews. CJV, Dec. 5, 1958, p. 1. (The only cure for "naughty" thoughts is jail or the Mental Health purgatories! Such is the nature of the New Freedom!)

The Joint Defense Appeal's (ADL and AJC) files and investigative records have been of great assistance to the Federal Bureau of Investigation and to local police departments within the South. NJPO, Nov. 26, 1958, p. 11.

Quick action of General de Gaulle is believed responsible for the removal of the editor of a French-language newspaper in Algiers for publishing an anti-Semitic slur on former Premier Mendes-France (a Jew). NJPO, Sept. 12, 1958 p. 3.

Legal action against the weekly newspaper "Dimanche Matin," which a year ago published anti-Semitic material, will be instituted by the French government. Proceedings will begin under the French law which forbids defamation of members of an ethnic or racial group. NJPO, Oct. 24, 1958, p. 12. (This is just what Jewish Jake Javits and Emanuel Celler are scheming to impose on us!)

Is The NAACP Discriminating Against Its Own Race?

By Davis Lee—Editor of THE HERALD
South Carolina's Leading Negro Newspaper
Anderson, South Carolina

The desegregation movement has shifted to Atlanta, Ga. This writer predicted in an editorial in The Telegram a year ago that the battle for integration for the rest of the South would be won or lost at Atlanta.

This Atlanta movement is not completely understandable to a Negro who thinks, and who wants to see his race advance on all fronts. Atlanta is the Negro capitol of the world. There is no city anywhere in the world where Negroes own as much as those in Atlanta.

It is the Negro business, educational and cultural center of the world. There is no other city that has 6 Negro colleges and universities. There are 228 Negro college instructors and professors employed by these 6 institutions.

It appears that the Negro leaders are a little off in their thinking. The State of Georgia would give those 6 schools of higher learning whatever millions they needed to make them second to none, and it appears to me that any sensible Negro would rather attend a school operated by his own race than he would one operated by others.

What will happen to these 6 colleges and universities if Negroes are admitted to the white colleges of the State? What will happen to these 238 instructors and professors under integration? What will happen to the other 4 Negro colleges in the State?

Someone has definitely sold the Negro leaders a bill of goods on integration to the extent that they are willing to sacrifice economic advantages for the mere privilege of associating with others on an equal basis. The unfortunate thing about this whole issue is that the masses of Negroes have had no opportunity to be heard. This integration movement is carried on by the so called upper-crust Negro, the fortunate few, and they do not have the welfare of

the masses of Negroes at heart.

These leaders who are fighting for desegregation, practice more segregation against their own people than they themselves are victims of at the hands of others. Not only are the unfortunate members of our race segregated by the so-called upper-crust Negro, but these well situated advocates of integration will not help the masses of our race although they are able to do so.

Ted Lewis is one of Atlanta's leading Negro business men. Some time ago he was having financial difficulty. He went to some of the city's leading Negro business men, including the bankers, and tried to borrow \$2,500. They turned him down flat. He went to the small loan department of the C and S Bank. One of the officials went over his plans with him, and then recommended that he borrow \$5,000 instead of \$2,500. The bank let him have the money without question. As the result he is a success today, a credit to Georgia and his race.

These big Negroes who are running rough shod over everyone in their fight for integration, won't help deserving members of their own race, and they are creating so much bitterness, hatred and prejudice, that before long these little Negroes won't be able to get the help in the future from white people that they have gotten in the past.

These advocates of de-segregation want to FORCE white people to de-segregate, but THEY haven't de-segregated within OUR race. In some sections of South Carolina the yellow Negroes won't have anything to do with the dark Negroes. I know Negroes in Charleston who will not speak to other Negroes because they are of different stations in life.

In some sections the yellow and mulatto Negroes have churches that dark Negroes cannot attend. Out from Bridgeton, New Jersey is a community known as Gould-

town. They are all white looking Negroes, and will not accept a pastor sent by the Bishop unless he is near white!

The educated Negro shuns the uneducated of his race. The professional members of our race will rob and exploit the unfortunate members of our race. But they refuse to associate with them on an equal social basis.

When you know the facts about the so-called big Negroes, this fight for integration becomes a huge joke. At the rate that they are going, in a few years there will not be a Negro race. You can hardly conceive of sensible leaders advocating a movement that is going to do away with our race. But that is what they are doing.

There are no people who should be prouder of their race, and their heritage, than us. We should not suffer from a persecution or inferiority complex to the extent that we will go to court to convince others that we are their equal.

You should feel that you are the equal of any and demonstrate it by your character and deportment, and you will win the respect and admiration of others to the extent that you will not be regarded as a Negro, but as a man, an American.

The Monkey's Disgrace

Three Monkeys sat in a coconut tree, Discussing things as they're to be. Said one to the other, "Now, listen, you two, There's a certain rumor that can't be true— That man descended from our noble race, The very idea is a disgrace".

"No monkey ever deserted his wife, Starved her babies and ruined her life; And you've never known a mother monk To leave her babies with others to bunk, Or pass them on from one to another Till they scarcely know who is their mother."

"And, another thing you'll never see, A monk build a fence around a coconut tree, And let the coconuts go to waste; Why, if I put a fence around a tree, Starvation would force you to steal from me."

"Here's another thing a monk won't do; Go out at night and get on a stew, Or use a gun, or club, or knife To take some other monkey's life. Yes, man descended, the ornery cuss, But, brother, he didn't descend from us."

We must not lose any more time in our fight against communism. The separated and dispersed Christians must show action against the forces of the Godless communism!

Has Israel More Designs?

ZIONIST WEST AFRICA.-- What I have written of the meaning of foreign aid in terms of the American economy can only apply in part to the Israeli economy, but it is a large part. The United States stands at the dispatching end of such aid. Israel, however, can only be kept alive by receiving huge sums of money from World Jewry. Bereft of those sums the entire State would collapse. Yet when Mrs. Meir, the Israeli Foreign Minister, arrived at Lagos, she said: "I bring friendship from them. All Israel wants is that she, too, be allowed to live. We are willing to give aid to help African territories." That is surely very generous of a bankrupt State dependent upon doles from abroad. Or is it? Perhaps the ordinary Israelis themselves are being made victims of a centralized patronage.

There is also, of course, the political motive. The British in West Africa are being displaced and there is no doubt that the secret controllers of world affairs have awarded a large part of the usufruct to Israel. Ghana seems already to be in the bag. The presence in Lagos of the Israeli Foreign Minister suggests that Nigeria has also been promised to the same State. In as far as that State is heavily subsidized by World Jewry it can only mean (what we have never doubted) that World Jewry is the real successor to the British Empire, which its gold has smashed."

U.S. TAXES DOWN FOREIGN RAT HOLES

By Stanley MacDonald

We note that the Heap Big Man that occupies the White House down in Washington, while prating about his alleged economy in government on one side of his political mouth, and lambasting the spending proclivities of the Democrats on the other, has just submitted to congress another of his very high budgets -- in fact one of the highest national budgets of all time -- and among other things is asking Congress to grant him a cool billion dollars of the taxpayers' money to slather around the world in unlawful ultra vires spending, a large part of it to go in direct aid to the several outright Communist countries as in the past, and whom he knows we will ultimately have to fight in what may prove to be a war of utter annihilation.

This, indeed, is a strange situation, particularly as we recall the patriotic and highly emotional promises the Great Man stepped aside to make as the coveted mantle of Presidential Authority was being draped around his shoulders when he took the oath of office at the close of his initial campaign. For one brief moment on that important occasion he felt his grave responsibility to the American people and gave evidence of being a man. But the moral stamina to respond to that patriotic impulse and abide that solemn promise did not seem to be in him, for as soon as the ceremony was over he promptly forgot his promise -- the resolve he had made with his hand upon the Bible -- submitted to the pressure of his so-called aids, and from that time on has been following the great, broad road to the left.

Of course that sort of thing would never have been permitted in the days when men were men and we lived by the precepts of the Constitution; but since the Augean Stables of the State Department have never been cleaned of their accumulated filth since Franklin Delano packed it with Reds from across the pond in the early days of his administration, we can look for almost anything to happen in the land we love and the country we call our home.

At first blush the foregoing may sound like a little idle bombast. But when we reflect that it was only a comparatively few short years ago that we shipped the paper, ink, and plates to Communist Soviet Union to run off whatever currency she might require to avoid an impending collapse, recently estimated at many billions of dollars and apparently growing ever larger; and when we further stop to consider that during the past 12 years, according to statistics from the Library of Congress in Washington, Communist Albania has been given over 20 million of our good American dollars, Communist Czechoslovakia over 185 million and over 29 million in credits, Communist East Germany over 17 million, notwithstanding they still refuse to surrender the nine American fliers they are holding in violation of international law and common decency, Communist Hungary over 17 million and over 15 million in credits, notwithstanding their ruthless slaughter of thousands of Hungarian boys and girls in their recent ill-starred

ATTLEE SOUNDS OFF AGAIN

Here is a picture of Clement Attlee taken at the Presidential Government House balcony in Madrid, Spain in 1937. At this time the Communists were still in control of Spain. Shown in this picture with Attlee are Gen. Jose Miaja, commander of the Communist troops, Palmiro Togliatte, leading Italian Communist, and Marshal Tito, Communist dictator of Yugoslavia. Also shown in this picture is Commissar Anton of the Communist Army, and, as late as 1950, he was head of the Spanish Communist Party. Note Attlee giving clenched fist Communist Salute. This was during the war between Gen. Franco's army and Communist forces from 22 Countries. This war cost a million and half lives. The International Brigade (Communist) published this picture in their official publication "Our Fight" along with a handwritten letter from Attlee from which we quote: "I should like to give my best wishes to all the Brigade and especially to the English Company. I assure them of our admiration and will try to tell our Comrades at home of what I have seen. Workers of the World, Unite!" So this is Clement Attlee now being entertained and honored in the U.S. by groups who pay him \$1000 a night to condition us for Communism. Some people in England think U.S.A. stands for United Saps of America.

strike for freedom, Communist Poland over 365 million and 88 million in credits, and Communist Yugoslavia over 789 million and over 55 million in credits, to say nothing of the many gratuitous handouts to the rest of the nations, making an overall total of over a billion and a half of the American taxpayers' money sent whizzing down the drain to bolster the shrinking economy of half a dozen ultra-Communist countries across the eastern part of Europe, all of them avowed enemies of the United States, it is really no wonder that careful statisticians are now estimating that at our present rate of spending it won't be long until we will have spent our own nation bankrupt, thus rendering ourselves a soft push-over for the several Communist nations of the world.

And now the said Big Man wants still another billion to slosh around among the nations, in a continuation of the same wicked, nonsensical, and utterly illegal, diabolical, and satanic program.

And so again we wonder, how long will America stand, how long will her bul-

works keep, how long will her coffers remain, how long will her patriots sleep... F.D.Roosevelt's spending was frightening as he raised the National debt on the taxpayers. Truman proved to be more extravagant. During his last year as President, his operating expenses of the White House were \$2,467,000. Eisenhower, who would have you believe he is economizing, spent during the fiscal year ending June 30 to operate the White House \$5,013,750. This does not cover many extra services charged to other departments such as two helicopters paid for and maintained by the Marine Corps, and the luxury plane "Columbine" paid for by the Air Force. And he has two launches paid for and maintained by the Navy. When Woodrow Wilson took office the National debt was one billion. Today in spite of efforts to prevent the taxpayers from learning all, the debt is around 300 billion - the interest alone about 8 billion a year.

Close your eyes, stop up your ears so you won't hear the balloon when it bursts.

WORLD GOVERNMENT PLAN

CLEMENT ATTLEE IS HE SOCIALIST OR COMMUNIST ?

Clement Attlee, former British Prime Minister, spoke at Westfield, N. J., Feb. 18, and again in Union on Feb. 23, at the Newark State College. Both meetings were well attended and sponsored by people who are regarded as respectable Americans.

Attlee prides himself as being a Socialist. We ask the reader to examine this article and decide, is he a Communist ?.

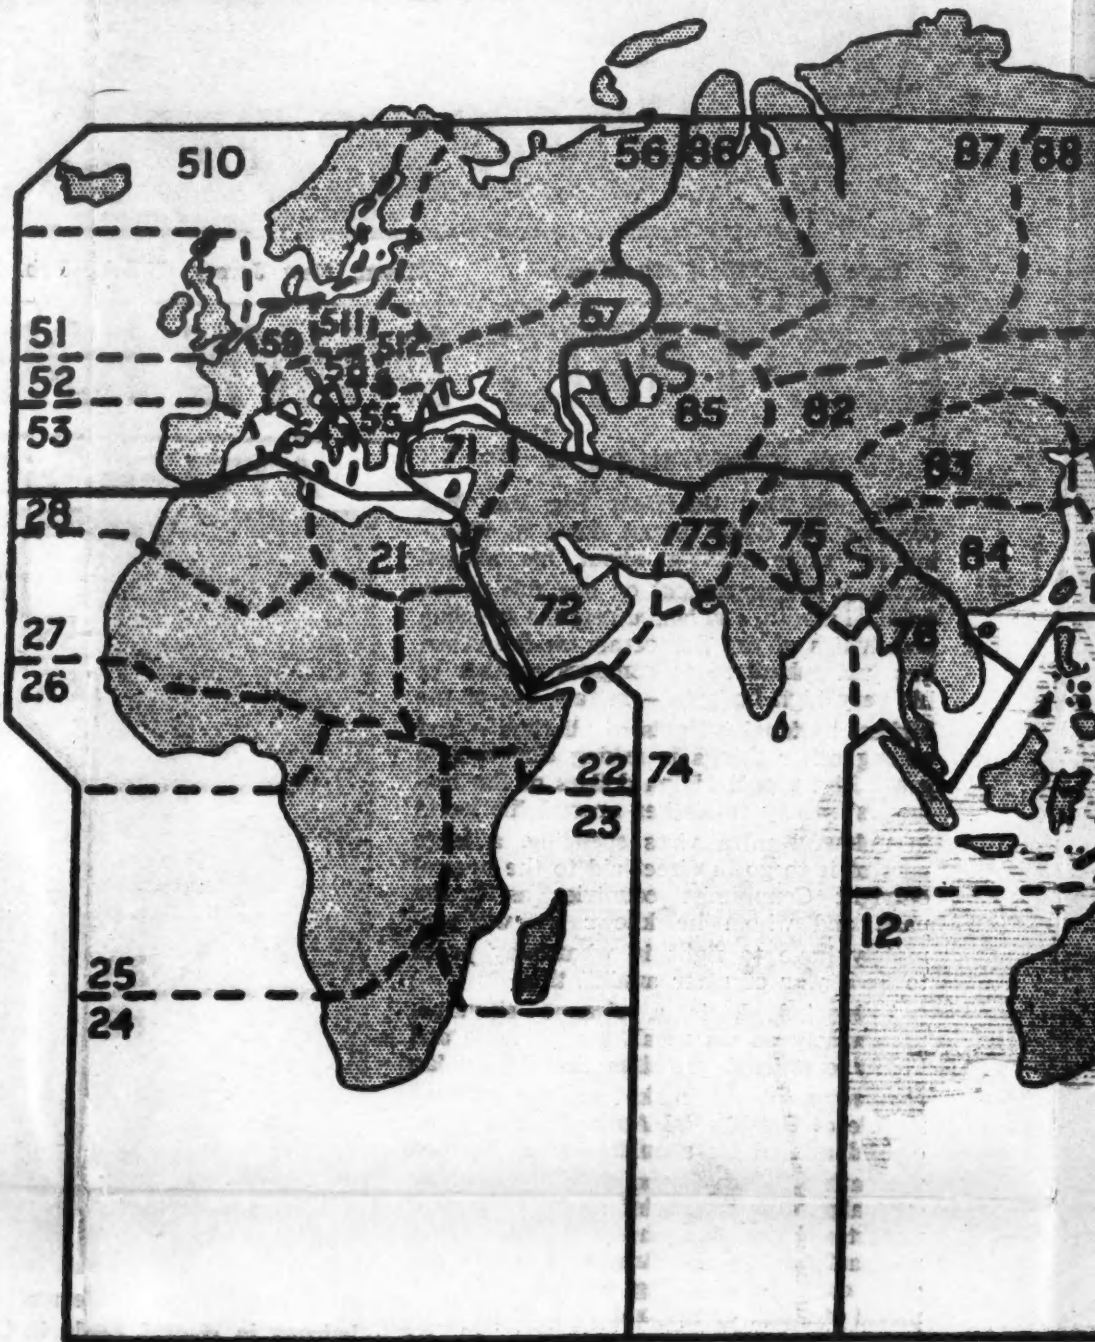

Newspapers reporting his speech state he called on the U.S. to have closer contact with Communist Soviet Union. He said the attitude of having nothing to do with Communists is wrong; that we must learn to get along with Communists; that basically they have the same aspirations as we for a better life.

Attlee called on the U.S. to recognize Communist China. He said "Like Western European Countries America will follow the road to Socialism."

In Westfield, Attlee was sponsored by the Brotherhood Committee in conjunction with the National Conference of Christians and Jews as observance of Brotherhood Week. The reader will notice how apparently harmless organizations interlock with Marxist-groups. After Attlee had called for establishment of World Government, a man in the audience asked how best to proceed. To which Attlee replied: "Organize groups of business and professional men such as real estate men, lawyers, etc." He was then asked from the audience how they proceeded in England. Attlee stated: "In England we work through the **WORLD ASSOCIATION OF PARLIAMENTARIANS FOR WORLD GOVERNMENT.**" Now gentle reader, study this map reproduced from the original published by the World Association of Parliamentarians for World Government.

The New York Sunday News, Sept. 26, 1954, reports on Attlee's return to London from an extended trip to Soviet Union and Communist China. At the airport he stated to reporters: "The big difficulty in the Far East is Formosa with Chiang Kai-shek, and the sooner we get rid of that Nationalist Government the better it will be." General MacArthur stated if Formosa is lost to the Communists, our defense line will drop back to Hawaii.

In May 1953, Attlee stated in Parliament: "It is doubtful if any Americans should be present when the Korean peace truce talks are held." He also urged that the U.S. do away with the Constitution.

INVALID ALLEGATIONS

By Robert Edward Edmondson

"The Masters of Deceit" who have tried again and again to bar the mails to publications allegedly "using mental injury to destroy a racial or religious group", excited by bomb scares and increasing southern integration antagonism, are again pressuring Congressmen to enact a prohibitory genocide law against such publicity notwithstanding the United States has refused to sign the "UN" subversive Genocide Pact.

THEY accuse militant Americans of being "HATE MONGERS", whereas they themselves are historically branded the most "implacable" haters of all time, which invalidates such allegations.

THEY call patriotism "a lot of nonsense" and genocidal, whereas they boast of themselves as being "a distinct nationality" of supersolidarity and superiority, refusing to assimilate into Americanism.

THEY charge crusading patriots with being seditionists, whereas the historical record exposes them as the most seditious group in nations wherein they live, and from which they have been repeatedly expelled.

THEY brand active opponents "mentally ill" and "crackpots of the lunatic fringe", whereas their own official records admit that "most of them are neurasthenic and hysterical" with dementia tendencies.

THEY deny they are communistic, whereas they boast that the Russian Bolshevik Revolution was promoted by them physically and financially.

THEY eulogize Democracy and would socialize the United States, whereas history shows that Democracy Government is totalitarian despotism, and was condemned by the Founders of the American Representative Republic.

THEY constantly denounce "Anti-Semitism", whereas their leaders concede that their own actions cause it.

THEY claim to be refugee-persecuted religiously and racially, whereas they aggressively refueged a million Arabs from their Palestine homes.

THEY deny being an economic monopoly, whereas this appears in their published literature: "When we sink we become a revolutionary proletariat, and when we rise there also arises our terrible power of the purse".

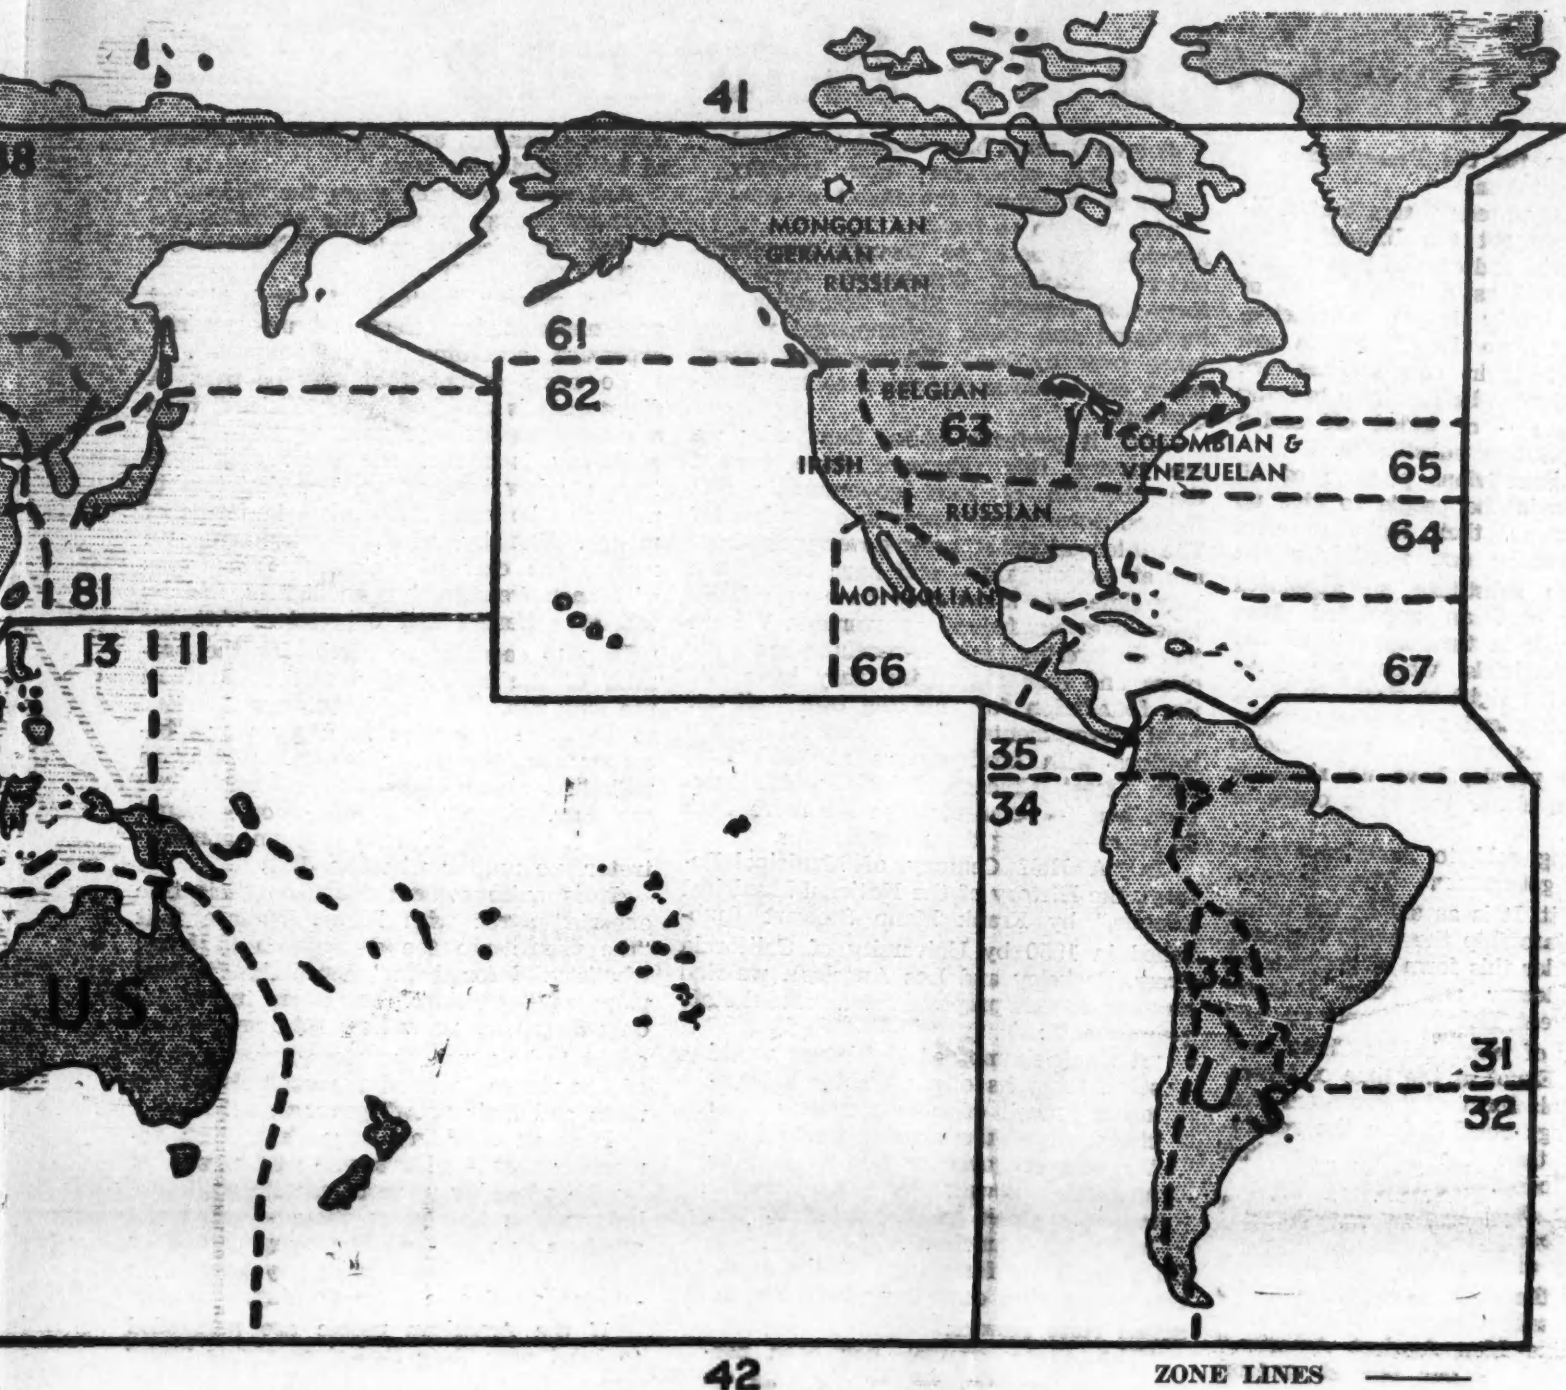

THEY proclaim themselves free speech devotees, whereas their advertising domination of The Press and Radio subverts such freedoms.

THEY put themselves in the absurd and untenable position of trying to ban by law the emotional intangibles of thought, feeling, taste, prejudice, inherent and inalienable personal liberties - which repealed the Prohibition Amendment; whereas overt ACTS only are subject to legislative and judicial jurisdiction.

THEY ceaselessly prosecuted the "no race-color-creed discrimination" civil rights code alleging violation of Amendment 14 to the U.S. Constitution; whereas thereby their own minority itself is discriminating against and denying to U.S. individual citizens the freedom of choice liberty guaranteed by that very Amendment, to majorities as well as minorities. Just how SILLY can they get?

ALIEN TROOPS TO POLICE U.S.

42

ZONE LINES

This map, adopted in 1952 in London by the WORLD ASSOCIATION OF PARLIAMENTARIANS FOR WORLD GOVERNMENT, shows what alien troops would occupy and police the six regions into which the United States and Canada would be divided.

The ruling body or World Parliament would consist only of appointed members. It would reflect population-strengths; so

Asia would dominate.

There would be a World Director, 8 zone directors and 51 regional directors. None of the zone or regional directors would ever serve in their own countries. So an alien would command troops stationed in the U.S. and through them enforce World Government law, and prevent Americans from "sheltering behind national allegiance".

Common Sense Answers Smears

The New York Daily News, regarded as the most pro-American paper in New York City, allowed David Burk to run five articles smearing pro-Americans. Among those American patriots the article attempted to smear was Benjamin H. Freedman. These articles misquoted Mr. Freedman in such a way that Mr. Freedman has sued the Daily News for \$200,000. Several years ago the Jews picketed the News for several months and withdrew most of their advertising. Now the Jewish advertising varies from ten pages on week days to 70 on Sunday.

The following letter was mailed to the New York News in reply to the smear against Common Sense.

Mr. F. M. Flynn, Editor
New York Daily News
220 East 42nd Street
New York, New York

Dear MR. Flynn:

This letter is in reference to the series of five articles published in the Daily News, January 20th to 24th, inclusive.

Quite a number of your readers have expressed amazement at the appearance of such smear articles in the New York Daily News. They, like ourselves, felt that such a tirade is far below the standard of your paper. There are many false statements in this series that it would be no surprise to find such in the New York Post or other blatant publications. Apparently there has been some unusual pressure brought on some department of your worthy paper. In fact, upon investigation, we learned that the man who wrote the series, David Burk (or Burkowitz) cooperated with the Anti-Defamation League in preparing this material. You no doubt know the A.D.L.'s pro-Marxist, anti-Christian record. We are primarily interested in gross mis-

statements as to Common Sense in the Jan. 24th article, which states the Un-American Activities Committee report that "Conde McGinley of Union, New Jersey, was making at least \$30,000 a year out of Common Sense".

We enclose photo copy of short article which appeared in the New York Telegram and Sun, Wednesday, December 15, 1954, which states:

"Washington, Dec. 15. -- A procedural battle broke out in the House Un-American Activities Committee today over a proposed report recommending that the Justice Department prosecute alleged 'neo-Fascist' groups under the Smith Act. Copies of the proposed report were leaked to reporters yesterday.

"Rep. Francis E. Walters (D., Pa.) who will take over the committee chairmanship next month, denounced the whole procedure today. He charged that the committee had held no hearings relating to the report and had not discussed the subject in executive hearings. He said he had not seen the report. Mr. Walters noted that committee rules bar the release or disclosure of any report until after its approval by a

Metropolitan Area Government Invitation To Dictatorship

By Committee for the Preservation
of the Constitution.

City and county areas throughout California and throughout the United States are being pressured and cajoled into accepting what is touted as a "new" form of government, deceptively known as Metropolitanism or "Home Rule." States are being told that their constitutions are "out moded" and must be rewritten to bring them up to date -- or killed off and a "modern" constitution substituted.

The open and obvious purpose of all this is to persuade the people to give up their voting power, their right to elect the men who make and administer the laws .. and to substitute an appointed State Manager and an appointed Area Manager who will in turn appoint all the administrative officials whom we have heretofore had the right to elect. In other words it is centralized government under a dictator and his appointed subordinates whom we, the people, have no right or power to touch, either to put in office or to remove.

This is being sold to Americans as a "new" form of government. There is nothing new about it. It is as old as the oldest tyranny or dictatorship the world has ever seen. It was under this form of government that Nebuchadnezzar and other Oriental kings ruled Great Babylon hundreds and even thousands of years before Christ, and Pharaoh ruled Egypt at the time of Moses. It was under this form of government that the French kings ruled before the revolution and it is thus, the Soviet Presidium rules Russia today.

We are the only nation in the world that has ever completely freed itself from this appointive dictatorship. We fought a Revolution for the right to elect those who govern us. Rosalie Gordon, in her excellent book, "Nine Men Against America," (\$3.00) has said of our federal system: "This was the first and only system of government in history which made impossible the growth of an all-powerful central government -- be it republic, monarchy, democracy, or dictatorship. . . They (the would-be

dictators) must have complete central authority; otherwise their tyranny cannot withstand the revolt of men who wish to be free."

America can never be brought completely under a Socialist dictatorship until our forty-nine Sovereign State Republics are liquidated and their governmental powers taken over by local "Metropolitan areas" which can be directed from a central headquarters.

Isn't it perfectly plain, then, why we are having this vehement drive toward the abolition of local governments and the centralization of power in a few hands? The internationalist super-government boys are at work again -- and have been for a long time. We know they have practically taken over our federal government. We are just discovering how far-reaching are their plans and how thoroughly they have laid the foundation for "making over" all our local governments. There are 22 organizations with headquarters at 1313 East 60th Street, Chicago, Illinois, which have been busy -- some of them for more than 50 years -- laying these foundations.

In "A Half Century of Municipal Reform, the History of the National Municipal League," by Frank Mann Stewart (published in 1950 by University of California Press, Berkeley and Los Angeles), we find on page 80 this proposal for a "model state government":

"A single-chambered legislature would select from its own members a legislative council of nine members. The chairman of the council would have the title of governor but no veto or appointive power. An administrative manager would be appointed by the legislative council . . ."

On page 39 is foreshadowed the eventual transfer to the central government of all actual state powers:

"The State control has been preserved, but its exercise has been taken from the legislative and entrusted to the administrative officers, wherever it has been felt that its preservation is absolutely necessary."

The more centralized governments of

France, Germany, and England are praised as far superior to ours.

And what arguments are the "scientific planners" using to sell this centralization to the American people? EFFICIENCY AND ECONOMY!

Our present system of local elected governments is inefficient, and unnecessarily expensive, according to the "experts".

To some extent that may be true. A dictatorship is always more "efficient" than a republican form of government -- if by efficiency is meant the swift ability to translate law into action. The dictatorship may also be more economical in terms of money. But by what measure can we reckon the cost of dictatorship in terms of human freedom, human dignity, and its toll of suffering and oppression! Are we willing to sacrifice so much, for the promise of the saving of a few dollars? In the long run, dictatorships always turn out to be more expensive in every way because unlimited power inevitably leads to unlimited abuse of power, and unchecked spending. (Remember, the people would have no means of removing an administrator, no matter what he did!)

It is quite evident that the "scientific experts" agree with Henry Wallace that "the people are too d--n dumb to know what's good for them." Since the "trained planners" consider themselves to be the only ones who know how this government ought to be run -- therefore it is the duty of the people to hand the control over to them and their "new" government!

It is an Aladdin's lamp deal! You remember that Aladdin's wife was persuaded by the scheming uncle to exchange the old lamp which had given them -- and could continue to give -- all that they needed or wanted, for a glittering, shiny new lamp -- which could give them nothing.

If the American people are persuaded to hand over their God-given rights under our God-inspired Constitution, in exchange for the glittering, empty promises of the scheming "experts" they will prove Henry Wallace was right. And they will deserve the Communist-dominated, One-World Government they will get.

WHAT IS METROPOLITAN GOVERNMENT

By E.G.Grace

We urge every public spirited citizen to order this book - - - - - only 50 cents. This book more fully explains this dangerous move which will take the management of your city or county government away from the people and place it in the hands of diabolical internationalists known as "1313". They are doing away with States Rights and centralizing the power in Washington, and now they are working a clever plan to take away the local power of cities and counties. If you don't want your city and county run by out of state Marxist bureaucrats, investigate the City Manager movement.

The Three Horsemen CIVIL RIGHTS BILL TO DESTROY BILL OF RIGHTS

**U.S. Sen. Jake Koppel Javits (Zionist)
of New York City.**

Is Sen. Jacob Koppel Javits a communist? In July, 1957, after Javits had announced his candidacy for U.S. Senator of N.Y. to succeed Herbert Lehman rumors began flying to the effect that Javits was tied up with communism.

In May of 1957, Bella Dodd had informed a group of women in Binghamton, N.Y. that the Communist Party had helped him enter politics. In July, National Republican chairman, Leonard Hall, told Javits that he had to clear himself or else. In late August, Jay Sourwine, running for the Senate in Nevada, an ex-counsel of the Eastland Committee, blew the lid off the case by publicly fingering Javits. Javits was elected. With his record it is not likely he could have been elected from any other locality but New York City.

Congressman Adam Clayton Powell (Negro)

Powell elected from a Red district of New York City. In addition to being a member of 77 Communist fronts, Powell, his wife, and two secretaries have been involved in tax-evasion cases. Powell is one of the most active in pushing the Civil Rights Bill.

Congressman Emanuel Celler (Zionist)

Here we have Emanuel Celler, Congressman from a Communist Stronghold in New York City. He is Chairman of the Judiciary Committee. This Zionist Jew has 54 Communist front listings. Celler is the most active person pushing the Civil Rights Bill which would destroy the Bill of Rights.

WRITE YOUR CONGRESSMEN AND SENATORS TO KILL THE "CIVIL RIGHTS" BILLS INTENDED TO DESTROY THE BILL OF RIGHTS AND FREE SPEECH. THESE BILLS MEAN RED DICTATORSHIP UNDER WHICH YOU COULD BE ARRESTED AND JAILED FOR DEFENDING YOUR COUNTRY! HIDDEN IN SOME OF THESE BILLS ARE SUCH TRAPS AS: IT WOULD BE A CRIME FOR ANY CONSERVATIVE GROUP WHICH HAS CRITICIZED DECISIONS BY THE SUPREME COURT OR DECREES BY FEDERAL JUDGES TO SOLICIT FUNDS. PASSAGE OF THESE BILLS WILL LEGALIZE THE LEFT WING DECISIONS OF THE SUPREME COURT.

COMMUNISM AT OUR BACK DOOR - CASTRO ?

Is Fidel Castro, Cuba's new dictator, a front for communism? His brother, Raul, is an MVD trained Communist agent; Castro's new "cabinet" includes five known Communist Party members; Castro's American "representative" is the notorious Communist-fronter (77 fronts), Adam Clayton Powell.

The Police dossiers of Bogota, Columbia, list Fidel Castro as a ring-leader in the bloody uprisings of 1948, at the time of the Pan-American Conference, staged by the Reds to embarrass the then Secretary of State, George Marshall.

Castro and another revolutionary, Rafael del Pino, just happened to be attending a Colombian student conference, as representatives of the Communist-controlled International Students Union. After the revolt, police searched the room they shared, and the United Press correspondent covering the revolt wrote:

"The detectives took the Cuban correspondence which they opened in the presence of this reporter, which showed that Castro and del Pino had been directing the pillaging of April 3, (1948) shortly after the assassination of the liberal leader, Jorge Eliecer. The correspondence showed that BOTH THE CUBANS BELONGED TO THE COMMUNIST PARTY and the letters were

BROTHER TRAINED IN SOVIET

Fidel Castro Cuba's New Dictator

dated in Havana, April 8, mentioning events in Bogota."

In 1959, "many of his revolutionary chieftains are Party members. His propaganda chief, Gonzales Morales, has been identified as a dues paying member of the Communist Party. His chief 'indoctrination officer,' Diaz Gonzales, was a member of the Cuban Young Communist Party. Fidel's

younger brother, Raul, military field leader for the rebels, went behind the Iron Curtain several years ago to attend a Soviet 'Youth Congress.' There is Ernesto Guevara, Castro's chief of personnel. He is a member of the Communist Russo-Mexican Institute for Cultural Relations, and was active in the topside of the Guatemalan Government of Communist dictator Jacob Arbenz (Guzman). He fled the country when Arbenz was overthrown." (N.Y. MIRROR, 1-17-59, column by Fulton Lewis, Jr.)

"Castro admits that his brother Raul has communist leanings, having been trained in Moscow. Simultaneously, it is reported that a large number of Castro's followers are Communists." (Cong. Record, 1-15-59, p.A204). "His brother Raul was described as an outright communist who had studied in Moscow the MVD techniques of guerilla warfare against the forces of the capitalist dictators. This appeared to be the information available to the highest official partners in Washington before Castro started his rebellion... Now all of a sudden he has been declared by the State Department to be lily white... The recent wholesale executions of Batista agents, of many members of the regular armed forces... follows

—o— (Continued on Page 2) —o—

CASTRO

—o— (Continued from Page 1) —o— clearly the Russian Communist pattern. The Communist Party which has been banned in Cuba has not only been permitted to reappear on the political scene but in the 12-man group appointed by Castro's 'yes' man, Provisional President Urrutia, to supervise labor conditions and new legislation, 5 MEMBERS ARE COMMUNISTS (EITHER CUBAN OR IMPORTED FROM VENEZUELA)" (Cong. Record p. 672, 1-15-59).

Is Fidel Castro for free elections? "Fidel Castro, the rebel leader, threatened today to kill all candidates in Cuba's Nov. 3, (1958) general election unless they withdrew by October 30.... Those captured in rebel territory will face summary trial and the death penalty." (Cong. Record 1-15-59, p. 673).

Who is Castro's staunchest supporter and apologist in the United States? It is Adam Clayton Powell.

Powell entered into the Congressional Record (1-15-59, pages 655-665) every speech he had previously made for Castro in Congress. Powell viciously attacked the State Department and the U.S. Government for having supported Batista with arms and funds before Castro took over. He said that Representative Porter from Oregon had been refused a list of arms given to Batista by our government, but that he Powell, "was able to get from Senor Castro the DOCUMENTS WHICH OUR STATE DEPARTMENT SAID WERE "CLASSIFIED" and could not be released to a U.S. Congressman." Powell stated further he had "held several conferences with the present President of Cuba, Dr. Urrutia, the Provisional Treasurer of Cuba, Mr. Raoul Chivas, and the representative in the Western Hemisphere, Dr. Mario Llanera."

Within 48 hours of the time Powell inserted this list in the Congressional Record (3-20-57) "the Dept. of State stopped all shipments and this was the beginning of the end of Batista." (so said Powell)

He also boasted: "Meeting in conference with my friend, Dr. Mario Llanera, the representative of Senor Castro, I requested on last Monday, Jan. 5, at 11:30: First, the recognition of the Castro government. Second, The offer of financial assistance. Third, the refusal of asylum in the U.S. to Batista. Fourth, the recall of former Ambassador Earl Smith. I am happy to say that within five days the State Department did all four of these things." This red New York Negro Powell has some power in Washington. Powell went to Cuba as an "observer" of the executions which he defended in Congress.

David Sentner wrote (New York Journal American, 1-20-59, p. 14) that "State Department circles are further perturbed over possible rising Moscow influence in the Castro coup d'etat. They point out that the first two generals of the Castro forces to enter Havana had long records of Communist association... in Nov. 1957, a cluster of Soviet subs showed up off our naval base in Guantanamo Bay, Cuba. Arms for the Castro rebels were supposedly provided from these subs."

Another defender of Castro is the New York Times reporter Herbert L. Matthews, who had been smuggled to Castro's headquarters back in Feb. 1957, and who had issued glowing accounts of Castro's movements at that time and subsequently. Matthews was the notorious apologist for the communists in the Spanish War, those who butchered nuns, priests, peasants, aristocrats indiscriminately during that war. Even Matthews, to forestall criticism of Castro's communism, admitted that he, Castro, was "so careless of politics that he was involved with student organizations containing communists." (NY Times 1-18-59, p. 6E, Herbert Matthews).

Castro, formerly a Catholic, who boasted that "200,000 Gringos will die", (N.Y.

Daily News, 1-16-59, p. 2) is divorced from Mrs. Mirita Diza De Nunez (Tablet, 1-10-59). Castro was in New York in 1948 and in 1955. His headquarters seem to have been Venezuela; he trained his first striking force in Mexico. (N.Y. Journal American, p. 6, 1-18-59)

Castro has been consistently praised by the world communist press. (National Guardian, 1-12-59)

Ernesto Guevara, the Argentina-born physician and lieutenant of Fidel is "credited with representing the left wing of the movement." He said: "I think Cubans will remember that, while the American government was giving weapons to Batista, many members of the Communist Party were losing their lives fighting Batista. I think the communists have earned the right to be one more party in the country." (National Guardian 1-19-59, p. 5)

Raul issued a "Message of Raul Castro to the Youth of Cuba and the World" which was reported glowingly at length in the communist Worker (11-30-58, p. 7).

Almost the entire issue of the Worker, 1-11-59 is devoted to Castro. It includes a statement by Eugene Dennis, national Secretary of the CP-USA, praising the Communist Party of Cuba's role in the revolution. It also had the text of a manifesto of the communist leadership of the Cuban people, dated Dec. 12, 1958, urging that the Popular Socialist Party (Communist) support Castro. The Worker for 1-18-59 devoted its entire front page to a cable from the head of the CP in Cuba, Marinello, in which he recounted the communists' glorious victory under Castro. It also noted that "Hoy" the communist organ banned in recent years by Batista had been allowed to start publication again under orders from Castro.

Castro is committed to form revolutionary forces to overthrow the governments of Dominican Republic, Haiti, Nicaragua and Paraguay. Gov. Luis Munoz Marin of Puerto Rico is a supporter of Castro (N.Y. Journal American 3-10-59).

Among many known Communists who are in important spots in Castro's government are: Conrado Becquer, Abel Castano, Manuel Lizardo, Juan Marinello, Luis Mas Martin, Samuel Morales, Marta Prayde, Blas Roca, Carlos Rafael Rodriguez, Manuel Santurio, Pelegrin Torras.

Cuba is now under a revolutionary communist agent, who is pretending not to be a Communist in words, but giving himself away in every way in his deeds. His past also tells the story. We in the United States are in for a great deal of trouble from this source in coming days.

A TEENAGER SPEAKS OUT FOR LIBERTY

An editorial from the first issue of the REBEL ROUSER, the official paper of the new private high school in Little Rock, Ark.

Even to me, a teenager, it has become evident that in order to keep the freedom we inherited we must not become complacent, but, strive, work, and sacrifice to keep the blessings of liberty alive.

I sometimes believe the present generation is too unconcerned about our government which decides whether the people shall live under freedom of speech and religion or under the socialistic or communistic way that is slowly overcoming our constitution and American beliefs.

As I look under the surface I find our country's freedom is being overcome by the Supreme Court and powerful bureaus, through usurpation of power granted by our Constitution to Congress.

We should all take the time and interest to learn the character and principles of men we send to Congress, for therein lies our hope for a return to a conservative Constitutional government.

Read Em And Weep

The following is a verbatim extract from an article entitled Nebbishes, Gefilte Fish and the Great Conspiracy, by Leslie A. Fiedler, in Midstream, A Quarterly Jewish Review, Winter 1959, page 2-3:

"It is by way of the 'hate card'—I love you—but what's in it for me—that anti-sentimental travesty of the ordinary greeting card, that the nebbish has broken through to the American provinces.

"It is all part of that Judaization of American culture on which there has been so much comment of late. It is not, of course, anything entirely unprecedented: Potash and Perlmutter were best-sellers in the opening years of this century, and Charlie Chaplin's debut was almost contemporaneous with theirs. More recently, however, the process has been extraordinarily speeded up and extended: under our very eyes, Huckleberry Finn has become Augie March; Daisy Miller been turned into Majorie Morningstar, and Majorie in turn has become Natalie Wood; Eddie Fisher has been drafted as the symbol of Clean Young American Love (good grief!), while Danny Kaye continues to play our blue-eyed Jester, etc., etc.

"Even more important is the fact that the latest middlebrow form of fiction is that largely Jewish product, science fiction. To think of the scientist as a Jew is almost tautological. Much science fiction embodies the kind of guilty conscience peculiar to such scientist-intellectuals, typically Jewish, as Robert Oppenheimer; while the figure of Einstein presides over the New Heaven and New Earth such literature postulates, replacing an earlier Hebrew God who is dead. Even in its particulars, the universe of science fiction is born Judaized. Even secret Jewish jokes are made for the cognoscenti (the knowing): the police on a corrupt, trans-galactic planet are called in the exotic tongue of that world Ganavim (ask your rabbi what this means!). And in the Superman comic books—the lowbrow equivalent of science fiction—the same aspirations and anxiety are projected in the improbable disguise of the Secret Savior, who may look like a goy but who is invented by Jews. The biceps are the biceps of Esau, but the dialogue is the dialogue of Jacob."

THE DIARY OF ANNE FRANK

The authors of the play "The Diary of Anne Frank" and the scenarists of the picture of the same name, are **Albert Hackett** and his wife **Frances Goodrich**.

The original "Diary" is a fictionalized propaganda piece which has been foisted on a gullible Gentile public. It has filled Jewish hearts with joy for it depicts a Jewess as a heroine.

Its producer on Broadway was red-fronter **Kermit Bloomgarden**; the director red fronter **Garson Kanin**; the male star red-fronter **Joseph Schildkraut**; the set designer red-fronter **Boris Aronson**; the comedy lead "5th Amendment communist" **Jack Guilford**; the female star **Susan Strassberg**, daughter of notorious communist-fronter and **ADL** speaker, **Lee Strassberg**. All are Jews.

Albert Hackett and his wife made a pilgrimage to Moscow in June 1958. (See *Variety*, 7-2-58) The Yiddish Morning *Freiheit* produced monthly organ of the Jewish Commission of the Communist Party USA, *Jewish Currents* through its Communist Party member editor, **Morris U. Schappes**, wrote to the Hacketts in Hollywood as to the future of their play in Soviet Russia. On August 3rd **Albert Hackett** replied that the play "is just being published in the Soviet," and that the play has been staged in many cities in East Germany, and in Hungary, in Poland, in Czechoslovakia, in Roumania" and will probably "be done in Moscow in the Fall." (*Jewish Currents*, Sept. 1958. p. 41)

There is no known instance of a play being published or produced in Moscow or in so many countries behind the Iron Curt-

ain which does not conform in every respect with the current Communist Party line. Nor is the Soviet Union likely to allow a play to be put on by authors unsympathetic to the Soviet viewpoint.

Author's Communist-front listings

Albert Hackett was a sponsor of the **Artists' Front To Win The War, 10-16-42** (House Un-American Activities Committee Hearing, Investigation of Communist Activities, New York Area-Part VIII (Entertainment). 10-14-55, p.2501.) As of 10-16-42, the date this front made its debut at a mass meeting at Carnegie Hall, its Honorary chairman, pervert communist espionage agent **Charles Chaplin (Israel Thonstein)** addressed the thousands assembled, including **Paul Robeson**, as "comrades," lauded the communists as "ordinary people like ourselves.... They say communism may spread out all over the world. And I say-so what?" (*Daily Worker*, 10-19-42, p. 7)

Albert Hackett and his wife, **Frances Goodrich**, were members of a committee headed by identified communist **John Wexley** in the Writers Congress (10-3-43) convened in Hollywood by the communist Hollywood Writers Mobilization. This Congress was denounced as a communist front in a storm of criticism which included 5 out of 6 of the Los Angeles newspapers, and was addressed by **Mikhail Kalatosov**, film representative for the Soviet Union in the United States. (HUAC Appendix IX, 1944 p.791.)

Brief as *Amici Curiae* of Alexander Meiklejohn (identified communist) of the Cultural Workers in Motion Picture and Other Arts, and of members of the Professions, before the Supreme Court (Oct. 1949); **John Howard Lawson & Dalton Trumbo** (both Party members vs. the USA; attorney **Carey McWilliams** (identified communist.);

signers included **Albert Hackett** and his wife **Frances Goodrich**. (p.3)

Frances Goodrich was listed on the ballot for officers of the Communist Progressive Citizens of America (Los Angeles branch) for 10-27-47. (California Un-American Activities Committee Report 1948, p.355.)

Hollywood Community Radio Group; **Albert Hackett** was a member. (Ibid., 1947, p.191.) A communist front.

People's Educational Center; **Albert Hackett** was a member, Sept. 1945. A Communist front. (Ibid.)

Appeal To Lift The Embargo (on arms to the Communists in Spain):: **Albert Hackett** was a signer. *Daily Worker*, 2-9-39, p.7; Ibid.)

Defense of the Communist Party: **Albert Hackett** was a signer of this appeal to President Roosevelt. (*Daily Worker*, 3-5-41, p.2; Ibid.)

Is this **Anne Frank** brainstorm a companion to the hoax of the six million Jews "killed"? Fifteen years after Germany was crushed, Zionist-owned television continues to run "hate Germany" programs every week. **Anne Frank's** story fits in this smear campaign.

Which reminds us of a story. The Captain told a sailor there was a dead communist in room 13 and to go down and throw him overboard. The sailor returned, said he found the communist in bed in room 23 and threw him overboard. The Captain said he made a big mistake; that man wasn't dead. The sailor explained that the man said he wasn't dead, but communists are such darn liars he couldn't believe him.

General Charles De Gaulle

What forces resurrected DeGaulle and placed him on the White Horse as the Savior of France?

COMMON SENSE arranged for a thorough rundown on this man who has so far deceived the majority.

Named in this article are 24 Jews, nine Socialist, seven Communists, five Jewish stooges and four married to "Jewesses." The article developed too lengthily to publish in **COMMON SENSE**, hence is being prepared in a mimeographed brochure. Those who are interested in having documented proof that DeGaulle is fronting for the Zionist House of Rothschilds Jews and Communists may secure this brochure for 25¢ or 5 for \$1.00.

To our knowledge nothing like this has been published previously.

"That the maintenance inviolate of the rights of the States, AND ESPECIALLY THE RIGHT OF EACH STATE TO ORDER AND CONTROL ITS OWN DOMESTIC institutions according to its own judgment exclusively, is essential to that balance of power on which the perfection and endurance of our political fabric depend, and WE DENOUNCE THE LAWLESS INVASION BY ARMED FORCE of the soil of any State or Territory, no matter under what pretext, as among the gravest of crimes."

"We shall smash them with our clenched fist"

"War to the hilt between communism and capitalism is inevitable. Today, of course, we are not strong enough to attack. Our time will come in 20 or 30 years. To win we shall need the element of surprise. The bourgeoisie will have to be put to sleep. So we shall begin by launching the most spectacular peace movement on record. There will be electrifying overtures and unheard of concessions. The capitalist

countries, stupid and decadent, will rejoice to cooperate in their own destruction. They will leap at another chance to be friends. As soon as their guard is down, WE SHALL SMASH THEM WITH OUR CLENCHED FIST."

PRESERVE YOUR LIBERTY—NOW

There is no excuse today, in the face of all the evidence which has been revealed, for anyone who has the least sparkle of inward enlightenment not seeing clearly the hand of the JEW at work causing the disruption of our country, our religion and our way of life.

Joseph Dunner, Zionist Jew, in "THE Republic," page 10, October, 1950 stated the following: "To Christians of all denominations Jesus is the symbol of all that is pure, sacred, and lovely. To Jews from the fourth century, Jesus became the symbol of anti-Semitism, of libel, of cruelty of violent death."

HOW MUCH TIME DO WE HAVE ?

Every hour and every dollar we spend now will be as effective as five times that much in two years. In two years we may not be allowed to spend any, it may be too late.

The enemy has 40 years jump on us and as a smooth running, highly-financed organization which has and is brainwashing our naive worried taxpayers.

The money and time you plan on spending in this fight the next two years, spend it during next six months.

The enemy has stepped up their smear campaign with more clever and more daring smear artists.

Pray that God will give more people understanding to see through the smear curtain. It is prophesied that as the end draws near, even the elect will be deceived. And they are.

Excerpts from a letter by Lt. Col. W.J. Morton, West Point Librarian, on Sept. 20, 1948 regarding Eisenhower's picture in the West Point's yearbook stating that Eisenhower was a Swedish Jew.

"We have tried in vain to find an authentic and complete history of the Eisenhower family background. We have written numerous of his friends and close associates trying to get a statement as to whether the above page, photographed from the graduation book of West Point, was facetious or an attempt at wit or a literal reference to his ancestry. We have been unable to get satisfactory answers to this question. A dispatch out of London reveals that the leading Jewish paper of that city now admits that Eisenhower is Jewish."

ousting CHRISTMAS: The following quotation is from the New York Jewish newspaper, "The Day," of Dec. 14, 1935: "WE WANT ALL THE CHRISTMAS PROPAGANDA STOPPED. The masses of the Jewish people in America HAVE A RIGHT TO DEMAND from the educational system in the United States that IT KEEP CHRISTMAS OUT OF THE PUBLIC SCHOOLS."

The Manifesto signed by Chief Rabbi Mehachem Gluskin, along with five other Rabbis, on Feb. 25, 1930, made the following declaration: "From a world standpoint, it is a fact of the greatest importance that the head of the Communist Party, and the head of the Soviet Government, Lenin, issued a decree in which the anti-Semites are denounced as the enemies of the different peoples. "UNDER THE SOVIET REGIME, WE HAVE NEVER BEEN SUBJECTED TO ANY PERSECUTION FOR OUR RELIGIOUS CONVICTIONS. We consider it our duty categorically to declare THAT IN THE USSR NO RABBI HAS EVER BEEN THREATENED WITH THE SENTENCE OF DEATH OR ANY OTHER SEVERE PUNISHMENT, NOR IS ANY AT THE MOMENT SO THREATENED. During the whole period of the soldier's and the workmen's council in the USSR, not one single rabbi was shot."

When people fail to resist tyranny and usurpation, they only await the plow shares of fate to bury them. Said Thomas Jefferson: "If they (the people) remain quiet under such misconceptions, it is a lethargy, the forerunner of death to public liberty...What country can preserve its liberties if their rulers are not warned from time to time that the people preserve the spirit of resistance...The Tree of Liberty must be refreshed from time to time with the blood of Patriots and Tyrants. It is its natural manure."

Enemies Of Communism

By our Asian Correspondent

The seed of Communism in China was planted by Abraham Joffe, (a Jew), in 1921 when he was the Soviet Ambassador to Peking. This seedling was nurtured later by Moses Gruzenberg, alias Borodin, (Jew), another Soviet representative in China. The plant was "fertilized" by White, alias Weiss, and his subordinates Coe, Friedman and Adler, (four Jews), who, as the Senate Internal Security Subcommittee reported on March 1st 1957, "brought about Nationalist economic destruction and paved the way to Communist invasion" by holding back the gold shipments to China. Coe, by the way, still works diligently in Peking for the Communist cause.

In order that this red plant, now fully grown may bring in due time its crop of poisonous fruits, it is assiduously cultivated by the following group which insists that Red China shall be recognized by the U.S. Government and admitted to the U.N. : Warburg, Kestenbaum, Lippmann, Pepper, Sulzberger, Nathan, Dallin, Levitas, White, Stein, Seligman, Gruson, etc. (A dozen of prominent Jews, plus a lot of smaller fry).

Which, indeed, is a most irrefutable proof - as every American shall understand - how the Jews en masse "hate" Communism and their constant bitter opposition to this pernicious doctrine.

"The candid citizen must confess that if the policy of government upon vital questions is to be irrevocably fixed by decisions of the Supreme Court...the people will have ceased to be their own selves, having to that extent practically resigned their government into the hands of that eminent Tribunal."

THE SECRET WORLD GOVERNMENT

or

THE HIDDEN HAND

by

Maj. Gen., Count Cherep - Spiridovich

Originally written in 1926, gathered up and destroyed by the enemy and recently reprinted by a patriot.

"Read this book and the World will never again seem the same to you.

This book is mostly about Jews; it is not against the Jews. These painstaking researches have been made in order to rewrite history "with conscience;" as Lamartine urged, as Washington Irving admonished. The results are presented to the thinking public to enlarge its intelligence, not its prejudice. The book should appeal to Jew and Gentile alike, that they may join hands in purging society of its enemies, be they Jewish plotters or Gentile participants; each group more contemptible than the other according to the point of contemplation. The Jews should bring to bay the "satanists" who corrupt the countries in which they have found asylum; the Gentiles should make harmless every Judas, who accepts the bribes of the Jews.

Together they should eliminate from authority the man who "sells his birth-right;" equally with him, who, taking advantage of his weaker brother, "buys it for a mess of pottage."

THE WORLD CONQUERORS

The Real War Criminals

by Louis Marschalko

The Second World War was said to have been waged for "the rights of small nations," but the author, like countless other Hungarians, is literally "on the run from Communism." He has been living in exile since 1945 because of his anti-communist views. Although he was never a member of any party, the Communist regime of Hungary, with typical effrontery, demanded that the U.S.A. authorities "hand Louis Marschalko over as a war criminal."

A former special correspondent of two leading newspapers in pre-Communist Hungary, Marschalko is a brilliant novelist, playwright and poet and has many hundreds of articles to his credit. **WORLD CONQUERORS** expresses some of the bitterness and contempt of millions of enslaved Europeans for the rulers of the "victorious nations." It shows that by being urged to throw off the German yoke, the central European nations were tricked into becoming satellites of the Soviet. **WORLD CONQUERORS** indites the real criminals. It gives horrifying glimpses of the agony behind the Iron Curtain and describes the plot to extend the slave system to the Western world. From this book the reader will also learn something of the situation in Germany following surrender. Thousands of copies of the Hungarian edition have been sold and this English translation is published to warn the West. It is written by one who is a firm friend of the English-speaking people but an implacable foe of their vacillating and corrupt governments.

ZIONIST CONSPIRACY BOOMERANGS ATTEMPT TO RAILROAD 5 INNOCENT MEN FAILS

Following the explosion at the synagogue in Atlanta on October 12, 1958, many people informed on the Marxist conspiracy expressed suspicion that this was an inside job. Besides insurance, contributions were received far in excess of cost of repair. Apparently prearranged, all Jewish controlled publications carried hysterical articles crying "persecution!"

In the few days following there were more than 30 bomb threats from synagogues reported in New York and New Jersey not far from COMMON SENSE. Queer, no such reports from any other section of the U.S.A. where COMMON SENSE has many more readers! Queer all this stopped as suddenly as it began! The Jewish press screamed for the death sentence for five young men arrested in Atlanta, none of whom knew more of the explosion than the readers of this article.

Powerful Jewish organizations in New York brought political pressure on Washington, forcing a swarm of F.B.I. men to question patriots in many states whose names the Anti-Defamation League boasted they had furnished. George M. Bright was picked as the most likely to be convicted. After eleven days of the first trial, while the conspiracy did all possible to effect a death penalty, there was no verdict.

The second trial lasted 11 days and the jury required 11 minutes to bring in "not guilty." The Zionists had enlisted the power of the Mayor, Chief of Police, the Justice Department and others who had been hired to annihilate these five innocent men because they don't like so-called "Jews." Who is to pay for the suffering of the families of these innocent men and what about the money they had to raise to pay attorneys? And why now are the Zionist-controlled publications quiet on this matter? The so-called "Jews" have been very adept at bombings in other Countries.

"My client George Michael Bright is innocent, and I shall defend him."

This was attorney Reuben A. Garland's only statement prior to the January 12th trial of the State of Georgia vs. George Michael Bright, accused of bombing the Jewish Temple in Atlanta. Mr. Garland obviously spoke profound truth, for George Bright was acquitted by twelve honest men. The trial lasted eleven days; the jury deliberated eleven minutes.

(Five Atlanta Patriots were indicted Oct. 16, 1958, for the crime. George Bright, the only one thus far to be tried, went on trial early December, 1958. Attorneys James R. Venable and Essley Burdine represented Bright and gained a partial victory: the confused and biased jury deadlocked themselves, three for, and nine against.)

THE TRIAL OF JANUARY, 12, 1959

Selecting an honest jury was a most difficult task. The amount and degree of pre-trial bias against the defendant was staggering. One prospective juror insisted he was not biased, but Mr. Garland knew better. After long interrogation by Mr. Garland, the prospective juror finally admitted that two so-called "Jews" had told him Bright was guilty. Squeaked Tom Luck

George Bright (right front) arrives at courthouse with other defendants after his arrest.

for prosecution, "The State accepts the juror." Thundered Mr. Garland, "The defense STRIKES THE JUROR!"

The prosecution's contention was that George Bright, Wallace Allen, Chester Griffin, Richard Bowling, and others had entered into a conspiracy to harass and destroy the so-called "Jews" of Atlanta; that Bright, Allen, and Griffin were members of the National States Rights Party, whose aim was to kill all the so-called "Jews"; that the bombing was planned at an NSRP meeting early in 1958; that Bright actually drew the sketch showing where to place the dynamite; that Bright, Allen, and Bowling were there at the Temple when it was bombed; that their hate for the so-called "Jews" did not stop with the bombing; that thirteen hours after the bombing one of the co-defendants called the wife of the Temple rabbi and said, "I am one of them that bombed your Temple. There are five sticks of dynamite planted under your house. You have five minutes to save your life."

The defense contended that George Bright had no knowledge of or connection with the crime; that there was no anti-Jewish conspiracy; that the defendant and co-defendants were and are segregationists; that the NSRP is a political organization whose aim is states' rights and segregation; that Atlanta's mayor William B. Hartfield, Police chief Herbert T. Jenkins, the editors of the Atlanta newspaper, the F.B.I., L.E. Rogers, and Solicitor General's office entered into a conspiracy to frame the defendants, to illegally arrest them, and then conceal the illegal arrests by trying to convict Bright and his codefendants for a crime they did not commit; and that L.E. Rogers, chief framer and star witness for the State, bombed the Temple and framed the codefendants for the purpose of collecting the reward money.

The prosecution made a "big ado" over the fact that four and one-half months before the bombing Rabbi Jacob Rothschild of the bombed Temple spoke at Atlanta's First Baptist Church on "Judaism", that the rabbi elicited questions from the audience,

and that Bright disagreed with the rabbi's estimate of the number of Jews in the world and with the rabbi's allegation that Hitler killed six million Jews.

The prosecution used the testimony of L.E. Rogers to allege that an anti-Jewish conspiracy existed. Rogers was spying and selling his "information" to F.B.I. special investigator Henry King. The prosecutor tried to build up Rogers as an humble citizen performing his patriotic duty as an "undercover agent" of the F.B.I. Defense Attorney Garland's cross-examination of L.E. Rogers was lengthy and ended with this question: "Mr. Rogers, are your views those of violence, and are Mr. Bright's views those of peace and order?" To which Rogers answered, "I have my views and Mr. Bright has his."

The picketing of the Atlanta newspaper on July 27, 1958 by Bright and others was submitted by the prosecution as "evidence" of Bright's hatred for the so-called "Jews" and as a part of the conspiracy to harass the so-called "Jews" and destroy them.

The prosecution, realizing there was no real evidence to connect Bright with the bombing, concocted a fiendish scheme and members of the prosecution (names omitted for obvious reasons) teamed up to buy perjured testimony. Copeland reduced jailbird Jimmy DeVore's bond from \$7,200 to \$1,200 and authorized DeVore to sign his own bond to induce DeVore to testify against Bright. After the pre-trial coaching of Little and Wingo, DeVore came up with an amazing fairy tale. He testified that he and Bright were inmates together in the Fulton County jail where they were both awaiting trial; that he gained Bright's confidence and Bright "confessed" the whole thing to DeVore. Said Mr. Garland to DeVore, "You did a better job, then, than all the police and F.B.I. combined, and never thought about any reward of any kind for your services?" As DeVore nodded in affirmative, Mr. Garland ended his cross-examination of the witness.

A light greyish blue old model Dodge sedan had been seen at the Temple by a cab driver one hour before the bombing. Detective Little for the prosecution testified under oath that Bright's 1952 DeSoto sedan was bluish grey in color. Mr. Garland, for the defense entered into evidence Bright's CAR DOOR. When the jury saw with their own eyes that Bright's 1952 DeSoto was solid gray as gray can be, they knew that Little might be color blind.

The prosecution tried to link co-defendant Chester Griffin with an alleged threat which Mrs. Rothschild (wife of Temple Rabbi) said she received over the phone. Under oath she testified that she listened to a tape recording of Griffin's voice and that it sounded like the same voice that made the threat. Her reason? "Both voices were medium-high pitched, southern accent, lacked quality, and both contained GRAMMATICAL ERRORS." In the quiet, serene courtroom defense attorney Garland asked her to write on a sheet of paper the exact

RIGHT WING PATRIOT ON THE AIR

To enable alert citizens to understand why they do not hear both sides of vital questions on T.V. and radio, we publish a factual report of occurrences on Long John's radio program on WOR from Midnight to 5:30 A.M. in New York City.

During late Dec. 1958, Monroe Sheinberg, Research Director of the Anti-Defamation League of B'nai B'rith, was a guest on this program and devoted the 5½ hours to attacking patriots who criticize Jewish Marxist activity. Sheinberg especially attacked Henry MacFarland of Philadelphia who had been a guest on the program the previous week and viciously condemned WOR for allowing Mr. MacFarland to speak in the interest of free speech. Sheinberg carried on a tirade against what he called bigots and Anti-Semites, (People who dare criticize Jewish Political Activity). Sheinberg received a telegram during the program: "listening to you ten minutes made a bigot out of me."

Mr. Ben Freedman a former Jew and an outstanding American patriot then wrote to WOR, asking opportunity to present the other side of Anti-Semitism. Before making a decision of course the A.D.L. was consulted and they appointed Mel Scheloney, Warren Pack, and Sgt. Morris Paley to assist Long John in opposing Mr. Freedman on the program. It was believed this would be a good opportunity to discredit Mr. Freedman before the listeners in 27 states. Four to one was favorable odds.

At 3:40 A.M. they "threw in the sponge". Space will not permit publishing the entire discussion; however the important points are covered. During the program 87 telegrams were received, some of which were read over the air.

It was announced the following night that all phone lines had been jammed and over 2000 phone calls received.

WE QUOTE EXCERPTS.

LJ: This morning we are talking to Ben H. Freedman, a retired businessman. Mr. Freedman wrote me a letter recently to say there were two sides to the Anti-Semitic question. Mr. Freedman asked if he could give the other side of the Anti-Semitic question on my program. This morning we invited Sgt. Morris Paley of Perth Amboy Police Department, Warren Pack, Sports Writer of the New York Journal American and Mel Scheloney, an advertising Executive, to ask Mr. Freedman questions.

LJ: Mr. Freedman in your letter dated December 22, 1958, you use this statement: "There is no person in modern history who has been smeared as an anti-semite more than myself." Can you please explain this statement to the listeners of this program?

BF: In 1945 I opened my mouth for the first time on the Palestine question. At that time I was associated with some of the nation's leading men in commerce and industry. Many of these were of the religious faith I then professed. After all is said and done, what I said was the best policy for the Nation to follow in the Near East, in the interest of this country. I was immediately attacked in the press, on the air and in every other media of mass-communications. I was attacked among other things as an Anti-Semite and described as the agent in the U.S.A. of the Great Mufti, of Jerusalem, of whose existence I did not know at that time. I was blasted on a nation-wide basis over all media of mass-communications as the No. 1 Anti-Semite in the United States.

LJ: Mr. Freedman, what does the word Anti-Semitic mean to you?

BF: Anti-Semitism is something quite different from what the public in the United States has been brainwashed to believe it is. Christians believe Anti-Semitism, in some way, is organized agitation against Jesus Christ. Anti-Semitism is actually a meaningless word. It was invented in the 19th century. For some reason that has never

Ben H. Freedman, active patriot and sterling American of New York City.

been explained to Christians. It is a defense mechanism of so-called "Jews". Even the Pope didn't know, in 1882, what they were talking about when Christian opposition to Marxism was described by so-called "Jews" as Anti-Semitism.

LJ: Mr. Freedman, in your letter you said the Anti-Defamation League and the American Jewish Committee and The American Jewish Congress, would not meet you on any platform to discuss that subject. Why is this so?

BF: Well, in my opinion the reason they do not care to appear with me is because I advance facts to support my point of view with which they cannot disagree or disprove. There is no evidence in the world stronger than facts. The group you mention own or otherwise control all media of mass-communications in the United States. They control radio, TV, magazines, motion picture and the entertainment world. I am unable to make any statement on any of these media of mass-communications. They call me any names they wish but I find myself powerless to tell my side of the story to the public in defence of my position. The people in the United States get only their side of the story. I want to thank you and express my appreciation to you for inviting me here to present my point of view. Your consideration however may bring you much unfavorable criticism and possibly retaliation. I think you have displayed great courage in inviting me here.

WP: COMMON SENSE, published by Conde McGinley is said to be anti-Jewish. Have you ever subsidized the publication of any issues of that paper?

BF: If you are interested in my relationship with Conde McGinley or COMMON SENSE, I will be very glad to give you the facts if you will permit me to do so. It is also on the record of the United States Senate Armed Services Committee. COMMON SENSE is published to inform the public of many facts which have been carefully concealed from the public by the American Jewish Committee, by the American Jewish Congress and by the Anti-Defamation League of B'nai B'rith. COMMON SENSE exposes Zionism. These organizations take offense at this. That does not mean that the public should be kept in ignorance of the truth.

WP: I have a book in front of me called CROSS CURRENTS written by Arnold Foster & Julius Epstein of the Anti-Defamation League of B'nai B'rith. It contains copies of two letters that they claim a certain party wrote to Abder Kahlek Hassouna in Cairo. I would like to read a part of these two letters.

BF: Will you please read the entire letter.

BF: The Anti-Defamation League of B'nai B'rith is placing large newspaper announcements throughout the country to raise

money. They use this gimmick every year to raise between 5 to 7 million dollars to allegedly combat non-existent so-called Anti-Semitism. The party swears he never wrote those letters. His government has ordered him to appear in person at the time of my suit against them for libel, to testify to the effect. I sued the Anti-Defamation League for \$250,000 in a libel action for publishing that reference to me. What do you think they did in return? They instituted a suit against me claiming I caused them 1½ million dollars damage. I have never said anything about them which is not true. They brought this 1½ million dollar suit against me only to put me to legal expense and to keep me from other activities. They are conducting hearings before trial at this time to cause me further expense and inconvenience. In the United States today among approximately 12 to 13 million so-called or self-styled "Jews" there are millions who think and feel exactly as I do. They fear to open their mouths, they fear being put out of business or losing their jobs. Fortunately, I can live without working for my living expenses. Many so-called or self-styled "Jews" visit me and communicate with me. They express their regrets they are not in a position to join me openly in what I am doing. They badly want to liberate themselves from the tyranny of the Zionist hierarchy which now controls their existence.

MS: Mr. Freedman what do you mean by self-styled Jews.

BF: To me the word "Jew" is meaningless. It is a word that was coined in the 18th. century. People who so describe themselves do so for reasons about which they are in complete ignorance. They are told they are "Jews" and so they describe themselves as "Jews". They are persons who profess a religious faith based upon the Talmud. That religious faith was first called "Judaism".

MS: Do you know the three major religious faiths are Catholic, Protestant, and Hebrew only in recent years?

BF: I do know as much about the origins of the words "Hebrew", "Jew", "Israel", and "Israelite" as any person in the world. You do not know much about them from the way you use the word "Hebrew".

MS: Do you have any opinion about the bombing in Atlanta?

BF: The NAACP since its foundation has had as its president one of the Spingarn brothers, so-called "Jews". Mr. Spingarn was classmate of Senator Herbert H. Lehman. The NAACP has received a great part of its funds, and its political, legal and moral support from Mr. Spingarn's co-religionists. Mr. Spingarn himself does not profess to be a Negro. The so-called "Jews" in the United States have been very active in the NAACP as the American Jewish Committee points out in its annual report for 1954. They claim credit for taking the segregation fight to the Supreme Court for the NAACP. They have also gone into other courts to seek favorable decisions for the NAACP. In the south the people resent the fact that outsiders have come into their area to change the existing status there of whites and non-whites. It happens that the northern self-styled "Jews" have made themselves very active and very prominent as the moving spirit in the organizational activities of the NAACP. All through history so-called "Jews" have asked help from the Christians because they were persecuted on account of their religious belief. But there is no persecution in the United States of so-called "Jews" on account of their religious belief. In order to get Christian sympathy, evidence seems to indicate they arranged this bombing themselves. It seems the Atlanta bombing was not very different from the bombings in Jerusalem of the King David Hotel and the Hotel Seramis. The bombings of the railroads and other places in Palestine

indicate these so-called "Jews" do not hesitate to use bombs freely to achieve their objective.

WP: This is just your opinion. I just want to ask you if perhaps you thought also that Hitler was Jewish and therefore responsible for the plot to kill all the Jews in Germany.

BF: Now you're getting ridiculous.

WP: When I refer to Anti-Semitic, I am referring to the popular conception among Jewish people.

BF: Anti-Semitism is a meaningless word for what you have in mind. If you look in the Oxford Dictionary, you will find there the correct word, Judeophobia. But there were few if any Judeophobes in Germany. There were few if any in Germany who opposed so-called "Jews" solely because of their religious belief. If you read The Haskalah Movement by Raisin, you will learn why the feeling to which you refer existed in Germany. The Germans did not care whether a man grew a long beard or wore no beard at all, or whether he prayed to Moses, Abraham, Jesus Christ or Mohammed. Germans did not care what a man's religious belief was.

MS: You're speaking to a man who is quite an expert on Nazi Germany. I would accept your statement as being partially true. Germans didn't feel this but the Nazis did.

BF: Well, I did not become aware of the persecution to which you refer until the so-called "Jews" throughout the world, declared a holy war against Germany. They organized a world-wide program to starve Germans into surrender to them by a boycott through the world. I refer you to the New York Times of August 7, 1933. I have it here with me. Samuel Untermyer's broadcast over WMCA, upon his return from the world-wide international conference of the so-called "Jews" held in Amsterdam. They delivered an ultimatum to the German government to remove Hitler and reinstate their co-religionists into their former jobs in the government regardless of their political beliefs. Mr. Untermyer stated: "We are going to teach Germans that Jews are the aristocrats of the world" and "we are going to starve Germany into surrender with a world-wide boycott". They called upon Christians throughout the world to join their boycott of German products. Up to the time world "Jewry" declared this holy war upon the German people, not a hair on the head of a so-called "Jew" was touched.

WP: I am afraid you have been reading the New York Times a little too much. I am a self-styled expert on the history of Germany from 1914-1939 till the time of the war and I would like to have one of your dollars for every Jew who was killed from 1920, when the Nazi movement began, until 1933 when Hitler took over. Would you say to me that from 1920, when the first Nazi putsch occurred, until 1933 that there were no raids upon Jewish shops; that there were no murders of Jews in the streets?

BF: You have put the cart before the horse. The first reaction in Germany against so-called "Jews" took place with the rejection of Communism in Germany in 1919. Do you remember who lead the Communists then? The communist took over Germany for a few days in 1919 if you remember.

MS: Do you mean to imply that self-styled Jews and Communists are the same?

BF: Don't put words into my mouth. I've got until 5:30 in the morning to supply whatever words I find necessary to express my opinions here. I am merely asking you a question. Do you know who in 1919 took over Germany? Is it not a fact there was a reaction by the German people in 1919 to prevent, in Germany, what had taken place in Russia in 1917? If you are an expert on the subject, please answer that question?

MS: I don't claim to be an expert. Oliver W. Holmes had a statement that is very

apropos here. "The mind of the bigot is like a pupil of an eye, the more light put upon it, the more it contracts."

BF: I merely want to state the facts as they are. I can give you their history and my reference sources. If they are not correct, I will be glad to withdraw my statements and will forevermore remain silent on the subject. I think Mr. Scheloney is following the line of the Anti-Defamation League; when they cannot disprove your facts they call you names.

WP: Is it your feeling that the Nazis in Germany arose to power and created things like Buchenwald merely in retaliation for what the Jews had done to them throughout the world?

BF: Well, the so-called "Jews" couldn't do anything to the Germans throughout the world, but only to Germany. The so-called "Jews" said they were going to institute a world-wide boycott against Germany.

WP: The Nazi Party in Germany took action in 1933 through to 1945 against other minorities, these actions were taken in self-defense. Is this your belief?

BF: The Germans acted in self-defense for two reasons: (1) They feared communism and (2) so-called "Jews" throughout the world had declared a world-wide boycott against Germany, which meant starvation for Germany. The so-called "Jews" of the world knew this. Germany had a 90 million population in a country smaller than Texas. Germany raised only one-third of the food they consumed. They were compelled to secure foreign exchange in countries throughout the world with which to purchase the food they required. If they purchased one million dollars worth of cotton from the United States and manufactured two million dollars worth of cotton textiles with the one million dollars worth of cotton, when they sold this to the United States they obtained two million dollars in the United States to their credit. Of course they had to pay back the one million dollars they owed for the cotton they purchased in the United States. They thus obtained a credit of only one million dollars with which to purchase food. That one million credit in the United States represented the export to the United States of one million dollars in German labor. If Germany was unable to buy copper, tin, rubber and all the other raw materials they needed for the manufacture of products they made by adding German labor to them, they could not obtain the foreign exchange with which to purchase the food to feed two thirds of the German population. The August 1933 conference of so-called "Jews" in Amsterdam decided upon a world-wide boycott to starve Germany into "surrender." I can read this to you from pages I have before me from the New York Times of August 7, 1933. Germany was in effect an international "sweat shop." Germany could export only German labor for the purchase of foreign foodstuffs. If their export ceased, two-thirds of the German nation had to starve.

WP: And the revenge was gotten when 4 or 5 million people were killed.

BF: There were no 4 or 5 million people killed according to the most authentic data on that discussion.

WP: Do you believe Germany was justified in starting World War II?

BF: Well as it happened, it was England and France who declared war on Germany. Germany did not start World War II. The reason for World War II, accepted by all the world today, is the Versailles Treaty ending World I. The Versailles Treaty established a Polish corridor cutting Germany into two parts. It is just as if we had trouble with Canada or Mexico and they created a corridor 50 miles wide down the middle of the U.S.A. after our defeat by them. This corridor separated Germany into two parts. Germany found it very difficult to exist under those conditions. They were trying to work out an agreement with Poland where they could have realistic

access across the Polish corridor. Germany was in the midst of this negotiation with Poland as Mr. Bullitt our ambassador to France at that time, states in his memoirs, when he was sent to England by President Roosevelt to tell the British government that unless the British issued a statement they would give military support of Poland in the event Germany took military action against Poland, England could not expect help from the U.S.A. when England entered the impending war in Europe. Under those circumstances Poland told Germany the deal they were negotiating was off. Germany crossed the Polish Corridor. England and France thereupon immediately declared war against Germany. That is how World War II started.

MS: If you are a person born in the Jewish faith and don't go to the Synagogue, are you still regarded by society as being a Jew?

BF: How does a person judge what society decides?

MS: That is not my question.

BF: You are trying to put words into my mouth. You seem to scratch your right ear with your left elbow. To support any fact I state here I can produce incontestable evidence. If you are not satisfied with it you can tell me so. Well, now you are leading with your chin. The basic question about which we are talking here is contained in these books I have here which are universally recognized throughout the world as reliable and authentic sources of reference.

LJ: None to the contrary? Can you honestly sit in front of that microphone and say, if you were on the other side of the fence, that you couldn't find a tremendous amount of books to the contrary?

BF: No, I could not.

LJ: Well, the other gentlemen here tonight have such books.

BF: Then produce even one. I haven't seen one yet. I haven't seen these gentlemen produce one book which refutes, contradicts or disproves one statement I have made.

LJ: Do you think the Congressional Record is an authority?

BF: No, I do not.

LJ: What would you consider an authority other than books that support your point of view?

BF: I would say the Jewish Encyclopedia, The Encyclopedia Britannica, encyclopedias and dictionaries on the bible, and if you go to the public library you will find many others in the so-called "Hebrew Room".

MS: There was mention made a while back of a telegram that appeared during a court trial where Mr. Freedman was a character witness. Sgt. Paley asked Mr. Freedman if he sent these cables to the Grand Mufti of Jerusalem who had been associated with the Nazi movement. The question was asked, if he referred to the Grand Mufti of Jerusalem as "Dear Brother." This is the telegram. This comes from a book. The telegram is addressed to Hussein.

BF: Carlson isn't his name. His name is Avedis Boghos Derounian, an Armenian so-called "Jew". He has been convicted in three libel suits in connection with that book. After convicting him in Federal Court in Chicago, Judge John P. Barnes said: "I think that his book 'Under Cover' was written by a wholly irresponsible person who was willing to say anything for money. I would not believe him under oath, now or at anytime hereafter. He would say anything for a dollar". Derounian was a speaker for for a dollar". Derounian was a speaker for the Anti-Defamation League. When you talk about the Grand Mufti of Jerusalem it is proper to address him as "Your Eminence". The Grand Mufti is a religious office held

words of the alleged threat. She did. Mr. Garland counted the 31 words with her and then put the sheet of paper into his pocket. Later in the trial he pretended to have lost the paper and asked Mrs. Rothschild to tell the jury what she had written. "I am one of THEM that bombed your Temple", she started. Mr. Garland interrupted her, "Are you sure you wrote 'THEM'. or 'THOSE'?" he asked. "THEM," she repeated. Whereupon Mr. Garland produced the original paper, showed it to Mrs. Rothschild, and requested her to read it to the jury. Her face fell two feet, for she had written "I am one of THOSE that bombed your Temple, etc," and the 31 words were GRAMMATICALLY CORRECT from start to finish. The jury was convinced that her testimony reeked like Kosher herring.

One of the interesting aspects of the trial was the almost complete lack of sincerity shown by the witnesses for the prosecution. While very eager to recite their answers to the prosecutor's questions, under cross-examination by defense attorney Garland, they "couldn't remember," "didn't know", "couldn't say", and in general were deliberately evasive, misleading and prejudicial. Almost without exception the witnesses against Bright testified they had no knowledge of any reward, had no hopes of receiving any reward, or would accept any reward if it were offered them. The jury, however, did not fall for this phoney testimony.

Mr. Garland proved every contention on which he based his defense of his innocent client. He proved that George Bright was never served with a warrant, that the warrant which the arresting officer carried in his pocket charged Bright with SUSPICION OF VAGRANCY, and that the defendant was illegally jailed without being given a commitment hearing before a lawful magistrate, held without bond, and denied the right to legal counsel. He proved that the Atlanta newspaper prejudiced the public against Bright and concealed the illegality of his arrest. He proved that Mayor Hartsfield wanted the arrest and conviction of George Bright and co-defendants. He proved that neither the Atlanta police nor the F.B.I. made any real investigation before they obtained the illegal indictment of the five co-defendants. He proved that Bright didn't even see the Temple the night or morning of the bombing. He proved that the Atlanta newspaper did suppress news and distort facts, just as Bright's picket sign clearly stated. He proved that L.E. Rogers was nothing but a pimp and that Rogers' first three children have always been in an institution for the mentally retarded. He proved that Rogers' 1948 greyish blue Dodge sedan looked like the car that was seen at the Temple just an hour before the bombing and that same car was driven later on that same day—despite the claim by Rogers that his car engine was all torn down until a day or so after the bombing. He proved that Rogers was extremely nervous the day following the bombing and appeared physically worn-out and haggard from lack of sleep. He proved that Rogers said over the phone just twelve hours after the bombing "That was a smooth job you did last night," and "It has reached twenty-five thousand and I think it will go to fifty thousand" over the same phone two or three days after the bombing. He proved that Rogers was outspokenly anti-jewish and anti-negro and advocated violence. He proved that Rogers had tried to buy some dynamite to do a job in Georgia. He proved by a dozen or so trustworthy citizens that Rogers' reputation and character were bad and that Rogers could not be believed under oath. He proved that Bright's reputation and character were good.

The defendant George Bright spoke calmly and sincerely for twenty minutes on the tenth day of the trial. He denied having any knowledge whatsoever of the crime for which he was indicted. He did

admit his verbal disagreement with the rabbi. He did admit picketing the Atlanta newspaper. "The law has not allowed you, the jury, to read anything whatsoever about this trial. But if you could see for yourselves how the Atlanta newspaper for the past ten days has suppressed the truth and distorted the facts of this trial, you yourselves might very well picket the Atlanta newspaper with the same sign which I carried," he pointed out. He restressed the conspiracy between the Atlanta police, mayor, newspaper, F.B.I., and others to persecute him and other persons who dared hold and express pro-white political and racial views. He arose from his chair on the witness stand to close his statement with these words: "I swear before this court and this jury, before my mother and my father, before my country, and before God that I am not guilty."

In defense attorney Reuben A. Garland's two-hour summary to the jury he stated,.... "This is the hardest case I have ever fought and has the least amount of evidence."... "In 1736 John Peter Zenger was jailed for three years without a warrant, without a hearing, and without the right of legal counsel. The case of John Peter Zenger was one of the reasons why our founding forefathers wrote the Bill of Rights outlawing illegal arrest, illegal searching, and illegal seizure, and guaranteeing a fair and speedy trial by jury.....My innocent client George Bright was illegally arrested, denied a commitment hearing, and illegally jailed.The real criminals in this case ought to be in the penitentiary. They are Solicitor General Paul Webb, Mayor William B. Hartsfield, Police Chief Herbert T. Jenkins, Detective Captain R.E. Little, the arresting officer Jimmy Helms, F.B.I. agent Henry King and his informer L.E. Rogers, and the editors of the Atlanta newspaper. They illegally conspired against and caused the illegal arrest of George Bright.....The Jewish race control the world's marts and markets and the media of communication. They have used their vast strength and power to bring tremendous pressure to bear for a conviction of my innocent client..... Janise Rothschild, the sainted wife of the Temple rabbi, perjured herself."... "Arthur Spingarn, a Jew, is the president of the NAACP.....Your honor, there seems to be a lot of disturbance caused by a certain (Jewish) element of the spectators stomping out of the courtroom. It is a regular parade, they are distracting the jury and disrupting my arguments, and I ask your honor to restore some semblance of order in the courtroom so that I might continue.Almost without exception the witnesses for the prosecution have been appallingly reluctant to give a straightforward answer to even the simplest of my questions. I have been continually ham-strung by the court in my efforts to conduct a thorough and sifting cross-examination. The written law gives me every right to examine these witnesses in every detail necessary to determine their interest or want of interest in this case, their veracity, their biases, their intentions, and their reasons, and to bring to light their demeanor and character. But in my efforts to do so I was continually interrupted by the court, and the continuity of my thought and cross-examination was thereby destroyed..... "The prosecution has amassed a tableful of so-called evidence. I say there is no evidence. Mr. Hill, (Ray Hill, his investigator) hand me the ILLEGAL WARRANT from that pile of irrelevant trash there on the table. You, the jury, are the sole judge of the evidence and of the law. This illegal warrant for SUSPICION OF VAGRANCY and the arrest of my innocent client are proof that there never was any real evidence and that these court proceedings have been a waste of judicial manpower and time".....

Much to the disappointment of the so-called "Jews" and other integrationists, the jury needed only minutes in which to agree on their unanimous first ballot of NOT GUILTY.

by members of the Hussein family for many centuries. The Grand Mufti of Jerusalem was a very respected person all his life until he attempted to thwart the Zionist conspiracy against Palestine. The British had stationed 100,000 troops in Palestine in 1920 behind which they forced into Palestine 650,000 unwelcome and unwanted so-called "Jews" from eastern Europe. The Grand Mufti of Jerusalem voiced the resentment of Arabs of Palestine to this invasion of their homeland. The British arrested him for that and sent him into exile. The Grand Mufti, upon his return, sought refuge in the Mosque of Omar to avoid exile again. The British did not dare cross the threshold of the Mosque of Omar. With the aid of other Moslems they managed to smuggle the Grand Mufti out of Palestine. They smuggled him into Syria which was then under French Control. The English tried to extradite the Grand Mufti from Syria. Finally having no place in the middle East to find refuge the Grand Mufti fled to Italy and then to Germany. The Grand Mufti was fighting for the rights of the Arabs who had lived in Palestine for 1700 years. They rightfully resented eastern European so-called "Jews" being forced upon them against their wishes.

LJ: Gentlemen, we have come to the end of the discussion. Mr. Freedman, it is my opinion what we are doing is not exchanging ideas. I think you are making every effort to make a speech instead of answering questions. We came here to talk about the two sides of Anti-Semitism.

BF: Mr. Scheloney quoted John Carlson and read that cable for the purpose of smearing me here. I would like to know what that has to do with the two sides of Anti-Semitism. If you want to continue this on parliamentary principles then I suggest we stick to the two sides of Anti-Semitism.

LJ: Mr. Scheloney has a book.

BF: In that book of John Carlson that Mel Scheloney just read from, what is there in it that contradicts a single fact I have stated here?

LJ: I do not call myself an authority on Anti-Semitism; to me it is deplorable. However, I have always given people a chance to talk. Thank you Mr. Freedman.

BF: You are quite welcome. It is a privilege to be here with you, and at some future time, if you wish, I will be glad to rejoin you. If you wish to continue this meeting and discuss any question at all, I will be glad to remain. You are not acting fairly by calling this broadcast at end. It was to continue until 5:30 a.m. another full hour and thirty minutes. But I can see the pressure exerted upon you to end it at once. I am sorry for you.

Correction

In our Issue 317 we quoted what was given to us as a quotation from CROSS CURRENTS regarding Eisenhower. Upon checking, we find the statement was interpolated and appeared to be part of a letter from a Lt. Col. Morton which it was not. We want to make this correction.

WILL KOREA POLICY RULE OUR ARMY?

General Lyman L. Lemnitzer

General Lyman L. Lemnitzer Vice-Chief of Staff has been appointed by President Eisenhower to succeed General Maxwell D. Taylor Army Chief of Staff.

What kind of thinking does this man do? Should we judge his future actions by his past? What mysterious force arranges such appointments?

Syngman Rhee, the grand old man President of Korea in early 1947 implored the U.S. for military help to stop the impending communist invasion of Korea.

Lemnitzer was Major General at that time in charge of office of Foreign Military Assistance responsible for delivery of Arms voted by Congress for Korea and other friendly nations. In that capacity Lemnitzer sabotaged the shipment of arms to South Korea for which Congress had appropriated

funds.

We quote from **Williams Intelligence Summary**, Santa Ana, California, April 1955.

"As a Major General in charge of the Office of Foreign Military Assistance under Truman and Acheson in 1947 and 1950, Lemnitzer refused or failed to ship the arms to South Korea for which Congress appropriated specifically earmarked funds. ---- Lemnitzer also shipped to our ally, Iran, largely antiquated or otherwise unserviceable arms and equipment.

"In my booklet **KNOW YOUR ENEMY** (pp 39, 40) I quoted from the Senate hearings establishing the above cited treason. I quote it once again, for it is as timely now as it was then (just after the Communists had attacked South Korea and were on the verge of driving our soldiers into

General Douglas MacArthur

the sea - because Lemnitzer had refused or failed to help build up the South Korean forces).

"Testimony was mentioned in the Los Angeles Examiner of July 11, 1950 (about three weeks after the Communists attacked in Korea):

"Shocking secret testimony that the State Department defied Congress and blocked adequate military aid to Korea remained under triple seal and locked in a Senate safe today, despite congressional and public demands for exposure. The testimony left members of the Senate appropriations committee horrified and angry. A number wanted to take the entire case to the Senate floor. Others held that the testimony was too damaging. . . . They

A JUDGE ANSWERS CORONET

By The Judge

A ballyhoo now on one of the nation-wide radio net works exhorts radio listeners to read an article in the April 1959 issue of CORONET magazine entitled HOW TO FIGHT HATE MERCHANTS.

I had never read any issue of CORONET until I heard that broadcast. I found on purchasing a copy of the issue referred to and referring to its Table of Contents that that page (5) listed the names of the publishing officials and the editorial staff as well as the names of its current contributors. I learned that CORONET was the junior partner of ESQUIRE a pornographic slick magazine in which Richard Rovere, a RED-fronter, recently desecrated Joe McCarthy's grave. Esquire's mailing was recently held up by the Post Office on a question of obscenity. Starting with the publishers Stein and Bamberger, and going down the list to the Art Directors Rosenweig and Goldfine, I found the entire eleven executives of the CORONET - ESQUIRE properties were so-called "Jewish"; immediately under the list of editors were enum-

erated eight vice-presidents from Gingrich to Petschaft, six of which were also so-called "Jews." In looking at the list of contributors, 16 out of the 25 contributors to that issue were likewise Jewish. To summarize: out of the 45 executives and contributors to CORONET, as given on page 5, 33 of the 45 were obviously Zionist. Anyone with the slightest knowledge of global propaganda knows the most ruthless merchants of hate in the world are the ZIONISTS, who for centuries have been the termites of the Christian countries.

CORONET starts its article - "Dynamite destroyed a Jewish Temple in Atlanta." To start with, only a passageway between two buildings was partly damaged - and incidentally, the real story of this bombing was exposed in COMMON SENSE issue 318.

The stooge assigned to tell the Christian public how to fight "hate-merchants" used the pen name of William Peters. In the aggregate nearly one page of his seven-paged article is devoted to reviling Conde McGinley, editor of COMMON SENSE, who

is known to thousands to be a sincere Christian dedicated to the expose of Zionist Hate merchants.

At page 70 of his article Peters says: ". . . There are two basic-and somewhat conflicting ways -to attack hate peddlers. One . . . has resulted in the formation of the QUARANTINE TREATMENT. This involves the use of legal means, where warranted, together with the distribution to key people, such as newspaper editors, of background material about the bigot, his literature or his meeting, with a request that he be denied publicity."

Peters then tells on the same page a deliberate lie concerning COMMON SENSE and the House Un-American Activities Committee, after advocating destroying the free speech section of our Constitution.

Obviously Rule 1 of the ZIONISTS is "Never let your critic get his evidence before the public; if he should, smear him ruthlessly."

Who Are The Hate Merchants?

Every day it is becoming clearer just what the Jews have done, and WILL CONTINUE TO DO, to CATHOLIC churches, shrines, schools, hospitals, seminaries, and even the CATHOLIC FAITHFUL, in the land which they have usurped . . . From the documented, on-the-scene reports which were made by Catholic Bishops and Priests in Palestine. We quote:

"It was September before any priests were again able to enter the church. What they found when they looked inside stunned them. The statues, the pictures, the crucifixes, the altars, the whole interior, had been thoroughly, painstakingly desecrated and destroyed. These priests issued a report, ending with the following stark announcement - 'the Church of the Dormition is now a heap of rubble.'

"Throughout the Holy Land, the remnants of churches, chapels, and shrines give eloquent testimony of the JEWS' VENGEFUL, FEROCIOUS HATRED OF THEIR REJECTED MESSIAS. Among those remnants are the great Church of Saint Peter, at Tiberias; the Church of the Nativity of Saint John the Baptist, at Ain Karim; the Church of the Beatitudes, at Capharnaum; the Church of Mensa Christi, on the shores of the Sea of Galilee; and in Jerusalem, close by the Church of the Dormition, the CENACLE - where, the night before He was betrayed into the hands of THE JEWS, Jesus, at the last supper, gave His Body and Blood to be our sacrifice."

The above excerpts also appeared in the recently-released Don Bell Reports. They are repeated once more, in a desperate effort to make the facts known to every Christian in the United States.

WHAT MORE PROOF DOES ANYONE NEED, TO BE CONVINCED JEWS ARE BEHIND THE SLAUGHTER OF CHRISTIANITY THROUGHOUT THE WORLD! There is one INFALLIBLE criterion by which we may distinguish all that is satanic - the criterion given us by Christ Himself. In a discussion with the JEWS, He said to them: "YOU are of YOUR FATHER, THE DEVIL: the desires of your father you will do. He was a murderer from the beginning

and he stood not in the truth, because the TRUTH IS NOT IN HIM. When he speaketh a lie, he speaketh of his own, for he is a liar and the father thereof." (John 8:44) JEWS HATE CHRIST and all followers of Christ.

Benjamin Freedman exposed their Soncino Edition of the Talmud (official unabridged, published in 1935 and translated into ENGLISH) to illustrate the enormity of the Talmud's iniquity. Zohar (I,25a) CHRISTIANS ARE TO BE DESTROYED AS IDOLATORS; Abhodah Zarah (26b) T. "EVEN THE BEST OF THE GOYIM SHOULD BE KILLED; Sepher Or Israel (177b). IF JEW KILLS CHRISTIAN, COMMITS NO SIN; Abhodah Zarah (78c). CHRISTIAN FEAST DAYS DESPICABLE, VAIN AND EVIL. This is just a small sample of what the Talmud says about Christians.

BEN HECHT bemoaned the fact he was not IN CHARGE OF "EXECUTING CHRIST" - as stated in his book, "A Jew In Love" page 120, when he said: One of the finest things ever done by the mob was the Crucifixion of Christ. Intellectually it was a splendid gesture. But trust the mob to bungle. If I had been in charge of executing Christ, I'd have handled it differently. You see, what I'd have done was had Him shipped to Rome and fed to the lions. THEY NEVER COULD HAVE MADE A SAVIOR OUT OF MINCEMEAT." Kindly note the words "intellectually it was a splendid gesture." These seven words betray the "intellectual" standards by which JEWS GOVERN THEMSELVES; it betrays their murderous thought-processes; it betrays, above all, that they regard murder as a "splendid gesture." Does not their Talmud prove it? Do not tons and tons of documentation prove it? We got BEN HECHT off one TV spot, but he's back again on another TV spot. NBC lists BEN HECHT AS AN ATTRACTION IN ONE-HOUR PROGRAMS, the first of which was shown on TV Sunday, February 8, 1959, titled "THE THIRD COMMANDMENT" . . . the brazen arrogance of "this thing" known as BEN HECHT! Let's get this thing out of our

hair!

Back in November, 1958, Esquire Magazine (Jewish owned) featured BEN HECHT'S "A New God For The Space Age." We quote directly from Ben Hecht's mouthings: "Two factors seem to me responsible for the abrupt religious deflation of our day. I SKIP THE FACTOR OF COMMUNISM. That the Russian Government was able WITHOUT MUCH TO DO to pull TWO HUNDRED MILLION MOODY MUSCOVITES OUT OF THE CHURCHES is as much evidence of the weakness of modern religion as OF THE POWER OF MODERN TYRANTS." End of quote. - The "Two Factors . . . responsible" - are THE POWER OF MODERN TYRANTS AND THEIR VENGEFUL, FEROCIOUS HATRED OF THEIR REJECTED MESSIAS. WHEN Ben Hecht stated: "I skip the factor of communism" - he stated the truth; there is NO SUCH THING AS COMMUNISM! There is but the JUDAH-trap, by which Christian civilization has, is, and will continue to be slaughtered all over the world.

CHRIST, HIMSELF, stood upon the street corners of Jerusalem and called these same JEWS, MURDERERS AND LIARS - AND THE SONS OF MURDERERS AND LIARS - TO THEIR FACES! No wonder they hate their rejected Messias! No wonder they're all-out to slaughter everything Christian! Aren't they already well on their way, here in the United States? Even the non-denominational prayer "Almighty God, we acknowledge our dependence upon Thee, and we beg Thy blessing upon us, our parents, our teachers and our country" - is being fought tooth-and-nail to prevent children in public schools from using it though some public schools have forced upon Christian children the "Hanukkah Festival" songs. Rabbis are fighting for a "fair Sabbath law" - we even have "Brotherhood Week." Even as this is written, the persecution and tortures committed by JEWRY IN ACTION all over the world will result in a MAMMOTH WAVE OF HATRED OF ALL JEWS BY ALL PEOPLE.

Berlin Crisis

by G. Andrew Moriarty

The Berlin situation is most serious and it is to be hoped that those in authority will use wisdom to prevent another war, which, things being as they are, may well lead to a major disaster.

The Soviets, thanks to our military secrets, which they have stolen, and the captive German scientists, which were handed over to them at the end of World War II, have now perfected their preparedness to wage a major offensive. I saw recently two pictures of their nuclear cannon, of which they are reported to have 1200 installed facing Western Europe and the Middle East capable of pin pointing any target to the English Channel and perhaps beyond. They have devoted their energies to military preparedness at the expense of the economic welfare of their people as a whole. It has been stated that the Soviet submarines, which were reported off our coast, some time ago, have placed machines, within our three mile limit to assist directing nuclear missiles to their target.

The Canadian Intelligence Service, a very factual publication, has made an excellent suggestion for handling the Berlin crisis. It reads as follows:

"Let the NATO powers jointly and severally proclaim: On the day that the Kremlin or its East German puppet imposes any block on access to Berlin, we shall institute

a total embargo on all transactions, economic, fiscal and cultural, between our nations and the Soviet Empire. All trade will cease; all contracts be suspended, all monetary balances blocked, all visas cancelled, all interconnecting air and rail transport cut."

This seems to be a wise and effective way of dealing with this very dangerous situation; it is to be hoped that it will be given very serious consideration.

RACE MIXING

Race Mixing is a dumb, stupid, unnatural action, even the animals, birds, and fish know better than to mix.

Race mixing is an outrageous action and WILL result in mongrelization, degradation and destruction of white Christian America and Civilization.

Race mixing is a Subversive device in the Communistic plot to destroy White America and Christianity.

If you preach, teach or advocate race mixing, you are promoting the communist line and the religion of the Devil.

CORONET

—o— (Continued from Page 1) —o—

ANTINE TREATMENT advocated by the so-called "Jews," Peters gives six additional rules (pages 71 and 72) used by Iron Curtain Communists:

(a) "Include in the police training course in your community a brief section on hate literature and its distributors, giving your police the information they need in case the hate merchants come to your town."

(b) "Investigate the possibility of a local ordinance requiring door to door distributors of literature to register with the municipal clerk."

(c) "Support community organizations." (An obvious hint to make donations where they may do the Zionists some good.)

(d) "Save all the evidence of distribution to turn over to the F.B.I., local police, postal authorities, etc."

(e) Secure the aid of local ministers, veterans and Service organizations, newspapers, radio and television (Part of the brain-washing technique used by the House organs of the B'nai B'rith, American Jewish Committee, A.D.A., A.D.L., NAACP, and the various left wing fellow travellers and Communist and Zionist stooges.)

Peter's final instructions are most revealing, and we quote:

(f) "Avoid printing the hate statements, referring to them where possible in general terms; concentrate on the background and record of the author; utilize previous denunciations."

What Peters obviously means but is afraid to say so directly is, and these are not Peter's words:

DON'T TELL THE PUBLIC WHAT YOU ARE ACCUSED OF.

DON'T EVER REFER TO ANY OF THE EVIDENCE OF YOUR GUILT.

SMEAR YOUR CRITIC. ADMIT NOTHING.

DENY ANYTHING UNFAVORABLE.

IF HE WAS SMEARED BEFORE USE THE OLD SMEAR, PLUS ANYTHING ELSE YOU CAN FABRICATE.

There you have set out the strategy used by the Zionists and their stooges, identical to that used by the Communists and their stooges, in meeting indignant Christian criticism of the Conspirators now busily engaged in wrecking the foundations of our country.

The last thing Peters and his Zionist and Communist stooges would ever advocate would be to offer to debate with Conde McGinley or any other informed indignant Christian on the radio or on television, or in places of public assembly. They have ignored repeated challenges for television or public debate because they do not want Christians to be informed of the number of Judases in our Government offices.

Bernard Baruch set the pattern for Zionist strategy when he told Ben Hecht a fervent Zionist and dedicated hater of Jesus Christ (See page 618 of Ben Hecht's CHILD OF THE CENTURY where Baruch's advice to Hecht is set forth in Baruch's own words: "..... I prefer to fight in the tall grass with a long gun. I have always done my best work that way — out of sight. It's what I told President Wilson when he gave me my first mission."

So there you have it - Bernard Baruch the No. 1 so-called "Jew" of the United States. Ben Hecht a professional so-called "Jew" and Christ Hater, and Peters the stooge for the 33 so-called "Jews" who are responsible for the ballyhooed issue of CORONET, which allied with ESQUIRE, is known in the publishing trade as the Fag and the Rag with the PLAN for putting GAG on indignant Christians.

A CHALLENGE

A challenge to CORONET and ESQUIRE, the Zionist operated Magazines, which features Red front members as writers, such as John Steinbeck, Dorothy Parker, Richard Rovere.

The Christian Educational Assn. will give you a whole page in COMMON SENSE to discredit some of the charges we have been making for 13 years against the Zion-

ist-Marxist political groups. Or if you prefer take our charges and discredit them in CORONET or ESQUIRE or both. Don't waste your time using the words, "bigots," "Anti-Semitic," "hate merchants." The public is wise to such Smear. Get down to facts. Discredit us by showing we print lies. That is the direct way and cheapest way to stop COMMON SENSE, for if you can prove we don't print facts we will close up and turn our paper over to you, then you can brain-wash still more people.

Would you like to pick three of your smartest Rabbis or Lawyers to discredit three of our group in debate? In our issue No.222 we listed the Communist front records of 213 Rabbis, how about three of them?

How can we get you Zionist Jews in a corner so you have to defend your record? We have been trying for 13 years.

IS COMMUNISM JEWISH?

Some people scoff at the fact the 'Jews' set up communism in Russia. These people do not want to know the facts and will not interest themselves in learning, and although they are frightened at communism, they fear more the smear of the Jews.

COMMON SENSE has presented more than a thousand proofs and will continue to present proof. Here is one from a Jewish publication just three years after Jews set up communism in Russia in 1917.

For more detailed proof - order booklet **JEWISH ANTI-COMMUNISM** - - - 50¢ from Christian Educational Assn. Union, N.J.

The following are quotes from **THE AMERICAN HEBREW**, Sept. 10, 1920 page 434. Article: - **"JEWS IN WORLD RECONSTRUCTION"** by SVETOZAR TONJOROFF STUDENT OF WORLD MOVEMENTS, ADVOCATE OF AMERICAN UNITY.

The work of reconstruction which Jews are contemplating doing in Palestine is only an infinitesimal, though revealing, phase of the part which the Jewish people are playing in the reconstruction of the world. . . . The Jews of all countries are taking the same active part in the solution of the problem of peace that they took in the solution of the problem of war.

THE BANKING SYSTEM

(In the past) Out of the economic chaos, the discontent of the Jews evolved organized capital with its working instrumentality, the banking system. Gradually, in every country in the world, the government of the barons and the government of the Jewish banker effected an alliance that constituted . . . the dual force that controls the destinies of nations and of individuals everywhere.

SOVIET RUSSIA

The workings of Jewish unrest are to be seen in the annihilation of . . . Russian Czarism.

That achievement, destined to figure in history as the over-shadowing result of the world war, was largely the outcome of Jewish thinking, of Jewish discontent, of Jewish effort to reconstruct.

. . . . The rapid emergence of the Russian revolution from the destructive phase and its entrance into the constructive phase is a conspicuous expression of the constructive genius of Jewish discontent.

What Jewish idealism and Jewish discontent have so powerfully contributed to accomplish in Russia, the same historic qualities of the Jewish mind and heart are tending to promote in other countries.

. . . . In every country the Jewish movement to bring about a happier and more rational state of society is being modified to the requirements of actualities.

Shall America, like the Russia of the Czars . . . put him (the Jew) in the position of an irreconcilable enemy? Or shall America avail itself of Jewish genius?

That is the question for the American people to answer.

(The above is a partial quotation from the article named.)

"Jewish Community Register" of 1917-18 published by "Kehillah (Jewish Community) of New York," 356 Second Ave., New York (p. 1019) Praises Jacob Schiff head of Kuhn Loeb & Co. for financing the Russian Revolution.

"Without exaggeration it may be said that the great Russian Revolution was indeed accomplished by the hands of the Jews." Statement of the Jew, M.Cohen in "The Communist Charkov," April 12, 1919.

LEMNITZER

wanted the record destroyed.'

"As I asked then, I ask still: Why was the testimony damaging for the fathers and mothers of men marked for a useless death in Korea, to know about? Who were the traitors to be protected? We got part of the answer from Newsweek of July 10, 1950:

"U.S. (Senator) Ferguson demanded to know how much of the \$10,230,000 provided in the MAP authorization of July, 1949, and the appropriation of the following October had been spent and how much material had been delivered. Looking as though he'd rather be facing a Russian tank with a can opener, Lemnitzer answered that only a small amount of signal equipment had been sent. How much? Ferguson insisted. Well, not more than several hundred dollars worth, Lemnitzer said. Ferguson insisted and Lemnitzer finally put the sum at \$200. Ferguson was shocked . . . Republican Sen. William F. Knowland of California . . . said he knew the Korean Republic had asked 'time and time again' for planes. He pointed out that our own military mission had recommended giving them some. Wasn't it true, he asked, that not a single fighter had been given to Korea? "Yes", said Lemnitzer."

End of quote.

The draft of American boys has just been extended for 4 years.

Do you want them in an army under the command of a man with record like this?

It is now being revealed in the press that the war material sent by Lemnitzer to fortify Iran against Soviet attack and thus preserve for us the oil of the Middle East, is almost worthless junk.

The communists have now taken over Iran completely. Is this the man to put in full charge of our army? Like Carter De Paul who was exposed on the radio two years ago in connection with the stealing of millions of dollars of taxpayers foreign aid in Laos, was rewarded by our government by being brought back and placed in charge of all Security in connection with foreign aid. Now we reward Lemnitzer.

The communists invaded South Korea and anti-communist forces were pushed into the sea for they had little with which to defend themselves.

Major General Chas. Willoughby, Intelligence Chief of the Far East Command, under General MacArthur in his book on MacArthur, states that MacArthur was begging for reinforcements when Chinese communists were swarming across the 38th Parallel in November 1950. MacArthur ordered the six Yalu River bridges to be destroyed so as to stop the flood of red soldiers. His orders were "immediately Countermanded from Washington". U.S. field Commanders were bitter against Washington as they fought odds of 1 to 10 and our boys were being captured in droves, many with feet frozen off and truck loads of our wounded boys being taken into the Interior or Communist China.

Chiang Kai-shek had 600,000 trained soldiers ready to move in and help but Washington said: No, we will send our own boys 5 thousand miles to freeze and die.

What mysterious force prevented Korea from having the arms our taxpayers paid for?

What mysterious force tied MacArthur's hands preventing him from winning and caused the U.S. the humiliation of losing its first war?

What mysterious force fired MacArthur?

What mysterious force caused our army to move back and leave West Germany, (3 million Germans) 110 miles inside Communist lines, now threatening World War III?

South Korea, which was not in a position to defend itself, had 1,312,836 casualties. The United States had 33,629 dead, 103,284 wounded and 5,133 missing or captured. At least 450 of our boys are still wasting away in communist prison camps. The appeals of mothers and wives

to the United Nations and Washington fall on deaf ears. Why?

Anna Rosenberg, appointed Assistant Secretary of Defense in 1950, had charge of the hiring in 115 departments of Government. She directed the hiring of over a million. When Senator McCarthy demanded to know who promoted Peress, the communist, he was attacked. Who Promoted Lemnitzer?

The Invisible Government is at work Marxism marches on. It is necessary for Congress to confirm Eisenhower's appointment of Lemnitzer.

The people sent men to Washington to represent them. Do the people want Lemnitzer put in charge of our young manhood in the Army? If not they should let their Senators and Congressmen know.

THE INDUCED CRISIS

by Jan. Maravell

Because of an induced crisis, something which our forefathers certainly did not anticipate as they wrote the various Articles which are the core of our Constitution, with its Preambles, the Bill of Rights, and the Amendments, it is imperative that we turn our undivided attention to these very important Documents, and rectify what has at this date become the loophole for the intentional, un-intentional, criminal, and those who have much to gain by and through evasion.

First and foremost let us stop and think as we take a long look at other countries.

The man Krushchev, however cunning, or powerful in his own country, could not possibly bring about what we have to date experienced in the way of destruction and impotence in our Constitutional structure. There must be other factors and a great deal of assistance upon which he must depend to carry out his vicious schemes, and the utter subjugation of entire nations.

It is time to ask ourselves whom he is looking to in this our own United States! Without support from within he could not possibly make progress. The question assumes larger proportions when we soberly consider that all of the buffer States such as Germany, Spain, France; the larger countries; and to our South, perhaps Mexico; and of course Australia too are under fire.

Now, then, who is primarily interested and intent upon isolating us, leaving us open to attack without an ally?

The very first to seize upon this structural weakness in the phraseology of our Constitution were the criminals, the gangsters, and lo and behold, our very own administration! All of them appear to have gained something through this exploitation, but have failed to realize that by this maneuvering they made us the target of their aspirations, and alerted us to the immediate need for a revival and strict legislation to correct all of this.

Let us begin with Article 5, the Bill of Rights.

Here we have an instance of contempt for our judiciary department, seconded only by the impertinence of the Supreme Court which has usurped and invaded the prerogatives of the Congress of the United States to which body we look for decision in Peace and War. Likewise, let us inquire who inspired these men to take such action. Why were they permitted to continue? Among the members of the Supreme Court there must have been one who sparked the idea and knew the weakness of his colleagues and made use of them to the utter detriment of the Country, and disruption of our Social Order now ending in chaos, frustration and bitterness. It has engendered contempt among the illiterate.

Why did Congress fail to perceive what is so evident, and made no effort to correct it? Why did this august body not challenge these men of the Supreme Court as their disastrous mandates brought about all else but peace? Here is the root cause for concern! Who stayed the hand of congress?

EXAMINE 17th AMENDMENT

by
Charles H. Ripley

The people of the United States are taking a fast ride down the toboggan slide of inflation. There can be no leveling off or turning back now. The next and only stop is economic crash at the bottom. We seem to enjoy it. Some call it prosperity. Inflation always masquerades as prosperity during the early and easy stages of that journey to disaster.

Is anyone able to stop this wild ride to economic chaos? Apparently not. This article will try to tell the reason.

Our nation's troubles started on May 31, 1913, when we changed our form of government from a republic to a democracy. There is a difference, little known to the average person. In this we are writing about forms of government, not political parties.

The probable life of a democracy is estimated in numbers of decades, while a republic has a chance of survival over a much longer period of time, one that could be measured by centuries.

In 1913 the 17th Amendment to the U.S. Constitution, providing for direct election of Senators, was adopted. Article I, Section 3 of our Constitution, as originally written, was as follows: "The Senate of the United States shall be composed of two senators from each State, chosen by the legislature thereof, for six years; and each senator shall have one vote." The 17th Amendment changed the underlined words to: "elected by the people thereof."

For the first 125 years of our nation's

history, Senators were chosen by State Legislature. Some people believe the change to the present method was one of progress, earned by the American people because of their increased knowledge. Therefore, a suggestion like this, that we return to the original plan and give the job of selecting our Senators back to the Legislatures will be met by sneering opposition. Some will ask, "Am I not as wise as they?" In the matter of choosing a Senator, the answer is, "No."

Much has been written about the wise provision of "checks and balances" contained in the Constitution as a protection for the rights of the people. It is a wonderful theory, but that protection disappears when the Congress, the President, and the Supreme Court work in collusion and all embrace the same New Deal political philosophy. In this combination, who will protect the rights of the conservatives?

The writers of our Constitution knew that too much power in the hands of one man could lead to tyranny, and that too much unrestrained power given to the people, or to their representatives, could lead to weakness, confusion, and to tyranny too, in a futile attempt to make their inept treasury-raiding plans work.

Many years ago a writer on theories of government wrote, "A system of governmental restraints and counterpoises have been proved, both by philosophy and human experience, to be absolutely indispensable for the protection of the people from the excesses of their government." Our people

would still have a mild, perfect, and fool-proof system of "checks and balances" had they left their Constitution unaltered by the 17th Amendment.

Those who wrote the Constitution divided the important legislative branch into two bodies, differently constituted, and composed by different processes of popular action. The senate, chosen by State Legislature, had only an indirect touch with the folks back home, they were above and beyond the power of reprisal and indifferent to the wrath of the voters. The House of Representatives and the President, being elected by a direct vote of the people, were and are forced to obey and placate the whims and fleeting fancies of the voters when seeking reelection.

Prior to the adoption of the 17th Amendment, a Senator was a Senator of the United States and not a man of mediocrity, a mere agent, glorified representative, for the State that chose him. He was the supreme and final arbitrator in the matter of law making. Acting with his colleagues, he was more powerful than the President. In those days, no President would dare summon a group of Senators and hand them orders in regard to their duties. The special privilege groups of today would call that period the "dark age," but in that age when a Senator took an oath, "to protect and defend the Constitution," he meant just that. He carried no mental reservation or exception because he feared no organized minorities or vote-heavy majorities.

AMERICAN PATRIOT GOES TO HIS REWARD

— OPEN LETTER —

Robt. W. Chandler,
Editor & Publisher
The Bend Bulletin
Bend, Oregon.

In re: Your contemptible editorial, titled, "There are fewer of this kind each month, which is not bad," in issue for Tuesday April 14, 1959 - with reference to the death of Patriot, Robert Edward Edmondson age 87.

Sir:

Your editorial is filled with the same sort of hokum and bunkum and villification that you pretend to decry in your next to last paragraph. There is NO person alive (familiar with Mr. Edmondson's work) who would accept your slanderous insinuation that HE "fought issues merely by villifying those who oppose him". This is an apt description of his opponents' methods. Mr. Edmondson's unique book, I TESTIFY, is nothing else BUT the finest sort (source) of documentation.

Both your headline above and your line, "Edmondson was one of the last of a dying breed," are wishful thinking on your part, and wholly untrue. All over this Land, Edmondson-type Paul Reveres are springing up. They (we) will fight for HIS same ideals till the day is done, and America is safe from her internal enemies. If you were alert and informed (equipped for your job), you would KNOW that MANY genuine

Robert Edward Edmondson

Constitutional Americans of the "Edmondson breed" are carrying aloft the same banner of undiluted Americanism which he so nobly carried: of which this writer is one. I wonder, when YOU are gone, will it be said of you that you (like Mr. Edmondson) sacrificed everything unselfishly for LOVE OF COUNTRY? Your town of Bend should have been proud and honored by the presence of this statesman-like honorable, courageous AMERICAN of unimpeachable integrity. A worthier Constitutional American never lived. If you had had the brains and perspicacity to read and comprehend his type of 1776 Americanism literature, you would now be upholding and

fighting for those same principles, instead of trying posthumously to blacken the fair name of this GRAND OLD PATRIOT, who died "with his boots on" in the Cause which all other genuine, informed American Patriots are carrying on as sacrificially as he did.

But your appalling ignorance is further illustrated by your sneering remarks about Governor Orval Faubus because the Governor rightly signed a bill requiring the labeling of blood in blood banks. No decent White person wants Negro blood in his veins. Why should he? This mixing of blood and races was not done until the nefarious United Nations demanded it, because their Charter now supersedes the Constitution of the U.S.A.; nor until the communistic NAACP became the Boss of our Land and Supreme Court.

As to the Sedition Trial of some 30 innocent people: in recent years, it has become almost an accolade of honor to be "indicted" or otherwise persecuted by our subverted bureaucrats and their catspaws, who serve ALIENism, not AMERICANism. Mr. Edmondson and the other innocent victims were freed - NOT on a "legal technicality" as you intimate - but because the charges fell through and THERE WAS NO EVIDENCE TO CONVICT THEM. I think I can well understand from whence comes your venom and animosity. We who know the score, well understand who HATES Christians and Christian Americanism most.

STATEMENT OF STANLEY YANKUS
BEFORE CONGRESSIONAL COMMITTEE,
FEB. 27, 1959.

Mr. Chairman and members of the Subcommittee. Permit me to express my deep appreciation for the opportunity given me to very briefly call attention to one of the inevitable results which follow the enforcement of the Agricultural Adjustment Act of 1938, as amended.

The following is a brief statement of what I would like to say and I hope that after it is read, I may be permitted to enlarge upon the present situation.

What will happen if the present trend in government continues, in my opinion, based upon my experience, is that the people of the United States of America will no longer be free and independent, nor will this be a "free" nation.

My name is Stanley Yankus. I have lived on my 100 acre farm since April 1948. I raise wheat and barley and feed it all to my chickens. I have never signed an agreement with the A.S.C. I have never accepted any subsidies. In the Fall of 1953, an A.S.C. agent said I could not raise wheat and feed it to my chickens. I thought this was contrary to everything American. I asked the A.S.C. man how I would be able to make a living if I couldn't use my land. In 1954, my wheat fines equalled my entire net income. That particular year 1100 chickens died in 10 days from a bad disease. Eggs were cheap and feed was high due to support prices. My wife and I made only \$1,000 that year.

In the year 1955 I was fined about \$1,034.00. The March issue of Readers Digest magazine has an article entitled "The Strange Crime of Stanley Yankus". What is my crime? A man does have to commit an offense to get fined or punished. I did not sell any wheat so my offense is not selling wheat. Then my offense had to be using land for producing.

Now, Congressmen, I would like to put the shoe on the other foot. You have passed laws permitting the Bureau of Reclamation to put new land into production. In the year 1955 alone, the Bureau of Reclamation added a 136,000 acres of land into production. So who is more guilty of the strange crime of producing crops? The Bureau of Census also states that 6 million bushels of wheat were imported in 1955. I did not add to the surplus of wheat, but you did since you have the power to regulate imports.

During the years 1954 to 1958 inclusive, I was fined \$4,562 plus interest and costs. Because many of the farmers in my situation had been through courts and received adverse decisions, I decided to appeal through the Press to the American people. The Detroit Times was the first large newspaper in the Nation to champion my cause.

The division of power - legislative, executive and judicial - has been a fundamental concept of English and American law.

The A.S.C. has nullified this concept because a bureaucrat in the Department of Agriculture can write a regulation through the Federal Register which has the effect of law. The A.S.C. can and does execute and administer these laws, and the A.S.C. acts as judge and jury in determining a farmers guilt. I am not fighting for the right to grow wheat. I am fighting for the right to own property. If I am forbidden the use of my land, then I don't own it. My rights do not extend much beyond the rights to pay taxes. This is tyranny.

The Fifth Amendment of the Constitution says "no person shall be deprived of life, liberty or property without due process of law." The right to trial by jury is one of the due processes of law which has been denied to me.

My right to liberty should certainly be my right to earn my own living on my own farm.

FEDERAL BUREAUCRATS SEIZE THE TRACTOR OF STANLEY YANKUS, JR. ALSO HIS BANK ACCOUNT AS PART OF THE WELFARE STATE PLAN TO ESTABLISH COLLECTIVE FARMS AS IN THE SOVIET UNION.

Federal law should apply equally to all citizens. Yet in 38 states there are wheat restrictions, and in 12 states there are none. Thus, I am a second-class citizen because I live in a state where restrictions are imposed.

For five years my wheat allotment has been about 10 acres per year. Since I began to seek publicity, the A.S.C. gave me an allotment of 28 acres for 1959. This is ample arbitrarily.

Not only have I fed all the grain I have raised but I have purchased \$12,000 worth of commercial chicken feed each year. This feed contains wheat and so I have been

reducing the surplus of wheat.

I have not harmed any other farmer. I have earned my own living. I have paid my taxes. How can you congressmen justify the laws which have destroyed my means of making a living?

Many people have told me I would lose everything by opposing these wheat laws. What is everything? Money is of no value to a slave. I think freedom is everything.

Federal bureaucrats hounded Mr. Yankus until he sold his farm and is moving his family to Australia. He stated his decision was made primarily for his three children.

US Attitude Towards World Affairs

By Stanley MacDonald

On page 78 of his great new book "Wedemeyer Reports," the General asks the point-blank question: "Does anyone really know today what we are trying to do in the Far East, in Latin America, in the Middle East? Do we have any real strategy in our conflict with the Soviet Union, or any aim beyond containment or sporadic resistance here and there to her direct or indirect aggression?"

We answer this query by saying, "Of course not, and it is not intended that we should." And the reason for this sad state of affairs is that we have allowed a certain alien clique to gain control of both our national and international activities and never look beyond the readily apparent cause of the things that are happening across the world from day to day. If trouble breaks out in one section of the world, we, like a grandiose policeman, immediately rush to that particular spot to quell it. And if it breaks out somewhere else we rush there, never pausing in our helter-skelter dashing to-and-fro to ascertain the actual motivation that is operating behind the scenes to cause the several eruptions in the peace and tranquillity of the nations.

On the other hand, the Soviet Union makes no bones about her devilish aspirations. She aims to bring the entire world under her atheistic domination and institute the communist system among all the nations, and has repeatedly announced to the world her determination to do just that. But we, like gullible children, never seem to learn. We never seem to connect the several scattered disturbances with their

primal cause. As Wedemeyer rightly says, we have absolutely no foreign policy as such, unless, as we said above, it be in traipsing around the world telling this nation or that nation what or what not to do, and throwing our money away like a drunken philanthropist on any and every absurd pretext that might suggest itself to the brazen destructionists that constitute the President's political family.

With the foregoing thought in mind, it should be readily apparent to any impartial observer of international affairs that the United States of America, under its present leadership, is by far the most potent and dangerous promoter of international communism of any nation in the world outside the Soviet Union.

What country was it that forced Chiang Kai-shek, while ruler of China, to accept sufficient communists into his government to take it over and drive him to Formosa? Was it not our State Department which sent General Marshall to do the job? General Marshall while head of the Defense Department did not know where he was at the time of the Pearl Harbor catastrophe.

And as between these two sponsors of that godless, destructive movement, that is to say, as between soulless communism and spendthrift United States, the actual guilt of the United States, because of her unvarnished duplicity and deceit, far exceeds that of the Kremlin in the eyes of eternal justice, since the United States, while posing as a rightist, God-fearing nation in the eyes of the world, is nevertheless actually encouraging the world-wide adoption of the Marxian theory of godless gangsters and hence her greater sin.

EDMONDSON

—o— (Continued from Page 1) —o—

The downfall of America as a Christian Constitutional Republic and as a decent wholesome place in which to rear healthy children, each within his own race, has largely come about through the crude ignorance, prejudice, and inability to THINK on the part of such newspaper men and writers as you. Little brainwashed men who have not the sense nor courage to go behind the scenes and ascertain the TRUTH of WHY wholly blameless, staunch, upright men of the highest character and ethics - like Robt. Edw. Edmondson - should be smeared and even indicted (falsely) by catspaws of Evil. And if you are still so DUMB as to be promoting Fluoridation, the unlawful poisoning of our water supplies for the supposed benefit of a small fraction of our population, i.e. children under ten (who could easily be given F. tablets individually in milk or water if that was deemed advisable), then one of three things; you are UNinformed on both sides of the question, Constitutionally and medically; you haven't brains to understand documented literature on the subject, such as Edmondson's, and such as the documented book, The American Experiment, written by experts Exner and Waldbott; OR you like so many others, have ulterior motives for desiring this monstrosity here, which is so successfully used by the Soviets on their prisoners. More and more intelligent, informed people and cities have, and are, rejecting F. It is a dead duck.

Your obituary-editorial disgraces YOU, not Mr. Edmondson. The small mean spirit you exhibit makes one cringe in pity and distaste - for you. You have succeeded in tarnishing your own name and record. You were not big enough to recognize and honor an illustrious citizen and townsman, either in life or in death. May America never lack for at least a few MEN of his stature is my prayer - lest she become a mere melting-pot for the common man - like you!

I am honored to have been the friend and co-worker of Robert Edward Edmondson; his memory will always be treasured, as will his imperishable works on behalf of Christian Constitutional Americanism. I shall do my best to walk worthily in his footsteps, which the sands of Time cannot soon erase. His great spirit will go marching on, up the stairway of the stars, to where Christ awaits him with a, "Well done thou good and faithful servant. Enter ye into the joy of your Lord!"

Most sincerely yours,

Marilyn R. Allen

OPEN LETTER

The Editor
THE BEND BULLETIN,
Bend, Oregon

Dear Sir:

From different directions throughout the nation, I have received copies of your Editorial dated April 14, 1959, wherein you attempt to reflect on the character and activities of a grand old patriot - Robert Edward Edmondson. Readers who do not know Edmondson will not be interested in what you wrote. The thousands over the nation who know him and the fight he has made to assist those who are battling to save our Republic, will be incensed over your effort to smear the memory of a great American.

The New Deal attempted to destroy patriots who, like Edmondson, were opposed to our entering World War II. The government of that day worked for four years in an attempt to find evidence against them. They failed completely. Finally, an honorable Judge threw the case out of court as a travesty on justice - a disgrace. It now stands as a great blot on the escutcheon of our Republic.

You criticize Edmondson for his stand on fluoridation. I am not an authority on the subject. However, I am impressed with the

evidence coming from the great city of New York where thousands of dollars were spent over a period of years investigating the subject, resulting in repeated decisions to keep the water pure and clear of fluoride.

The United States of America is now drifting to the left and to its doom. In the process, many patriots, like Edmondson, must be smeared and purged as the destruction goes on. If and when recovery comes for the nation, the name of Robert Edward Edmondson should be inscribed high on the roll of those heroes who could not be intimidated as they fought day and night for the preservation of our Republic as it was conceived and organized.

CONFESSION PROOF THAT JEWRY IS
BEHIND U.S. SUPREME COURT DESEG-
REGATION DECISION OF 1954.

By

Robert Edward Edmondson

The following is taken from the 1956 Jewish Year Book Page 631, a horse's mouth confession by Executive Director Dr. John Shawson of the American Jewish Committee, admitting so-called "Jews" influenced the 1954 U.S. Supreme Court's Anti-Segregation Decision and racial mongrelization by the National Association For The Advancement of Colored People:

The Desegregation decision of the Supreme Court was one of the major events of 1956 affecting OUR WORK.

"This historic ruling is a significant high-water mark in the battle against discrimination on RACIAL, religious and ancestral grounds - - - a battle in which The American Jewish Committee has long been among those LEADING the assault.

"It was fitting therefore that WE WERE VERY CLOSELY INVOLVED WITH THE SUPREME COURT DECISION. Not only were we ACTIVE . . . in the filing of an amicus brief, but WE CONTRIBUTED MATERIALLY TO THE SOCIAL THEORY upon which the desegregation decision was BASED.

"The ruling gave great weight to SOCIOLOGICAL AND PSYCHOLOGICAL FACTORS. It was from the mid-century WHITE HOUSE Conference on Children & Youth, headed by Melvin A. Glasser, that MUCH of the social theory WHICH INFLUENCED THE COURT'S DECISION, emerged. The fact-finding studies from which this theory evolved WOULD NOT HAVE BEEN MADE WERE IT NOT FOR THE AMERICAN JEWISH COMMITTEE."

If the foregoing confession from the horse's mouth doesn't convince the South that Jewry is behind desegregation and the NAACP, then nothing will.

CREDIT RACKETEERS

By the Judge

Why does the NAACP keep silent about the 50,000 law suits brought by Jewish shopkeepers in Washington, D.C., each year against their poor Negro victims of extortion?

On the floor of the United States Senate for two days, March 24th and March 25, 1959, Senator William Langer, of North Dakota, at pages 4529 to 4536, and pages 4685 to 4689 of THE CONGRESSIONAL RECORD, denounced what he called "credit racketeers" of Washington, D.C., who are responsible for the filing of nearly 50,000 law suits a year for each of the past two years, ninety (90%) per cent of which are against poor negroes living in the Washington, D.C. metropolitan area, most of the suits being brought by Jewish installment stores in the District of Columbia. One of these clothing dealers Bernard and Bertha Goldberg, trading as Long's Clothiers, of 731 Seventh Street, N.W. Washington, D.C. filed in one year 1320 of those law suits, another, Leon Tashof, trading as New York Jewelry Company, six doors away, filed 1269 law suits, while a third one, the Hollywood Credit Clothing Company, across the street and down on the next block, had its president, Herbert Kapiloff, admit under oath (page 4532 above) that his clothing firm had 45,000 accounts and in one year brought 3882 law suits against creditors.

These credit firms sell merchandise to these poor people at double its real value plus carrying charges, fees and interest, and when the poor purchaser falls behind in one payment, starts law suits which bring to their attorneys almost as much in court costs as the unpaid balance of the bill. These lawyers secure garnishee attachments against the white employers of these unfortunate negroes so that the creditor has his wages tied up, and not having money to support his family, either deserts his family which the City Welfare Department must support, or sometimes turns to robbery or larceny to obtain money to pay the Shylocks. Hundreds of white employers of these poor negroes have been dragged into court in these garnishee actions, and fed up to the teeth with losing time in court, simply fire the delinquent negro debtor who in many cases has to go on relief.

What has the NAACP, so zealous in getting negroes on golflinks, or in white schools, or into white hotels, or in "block-busting" white residential areas, done to help these Washington, D.C. colored people who really need help? Exactly nothing. And why "exactly nothing?" Well, as the Jewish credit merchants are primarily responsible for this mess, and the NAACP is staffed mainly by Jewish lawyers, the NAACP would be committing financial suicide if they did anything that would show Jewish exploitation of colored people while at the same time posing as their great and good friends.

And the A.D.A. and the CIVIL LIBERTIES UNION gliberal lawyers are busy getting white people in hot water, they just can't mess around helping the negroes where they need help; furthermore, like their NAACP cousins, these outfits each have a legal staff almost 100% Jewish, and as they need contributions from these Jewish "credit racketeers" can you imagine them biting the Jewish hand that feeds them?

WHY DOESN'T ATTORNEY GENERAL ROGERS TRANSFER HIS BULLY BOYS FROM LITTLE ROCK UP TO 7th ST. N.W., in the District of Columbia, and throw some of that Shylock scum who infest that street out of the Nation's Capital, when he knows that the NAACP, ADA AND CIVIL LIBERTY GROUPS will never hurt their Shylock cousins?

17TH AMENDMENT

—o— (Continued from Page 1) —o—

His only concern was to do good for his country. With stern integrity he scorned compromise to protect honesty. He stood as a bulwark against treasury raiding. He resisted the passage of foolish laws as nostrums for those ills inherent among men as social animals, ills that no law can cure. During the campaign for the 17th Amendment the slogan was used, "Let the people rule!" Who does the ruling now? Has there been any improvement? It was charged that "big business" bought and bribed members of the Legislatures to get their pet candidates into the Senate. What a shame, they probably had to use money for that purpose. Deep freezers were not invented then and mink and vicuna coats were not in style. Formerly, big business did worm its influence into the Senate, but another "big," this time big labor, wears the tarnished crown of command and bosses both the Senate and the House. We have no "checks and balances" now. They burned down the barn to kill the rats.

It is true that some members of our Legislatures are not mental giants, yet their intelligence must rank a little above that of the average voter, otherwise they would not be in the State Capital. In the selection of a Senator we need nothing more than just that, the judgment of men a little above the average in intelligence. The average has not produced the desired results.

It is certain no Legislature would choose a Senator because of his good looks, his ability to sing and play a guitar, or his nerve to stand before a crowd and yell, "I'll make every man a king." That is what the rank and file of voters have liked in the past. They enjoy having their day dreams excited by one with a tongue more potent than his brain, and who offers crude speculative theories taken from Communism and Socialism, promising wealth without work.

Our Senators are now elected by the preponderance of votes from the big cities which occupy only a small area of a State. The other vast areas are always out-voted, areas with far different interests and cherished ambitions than those of the city voters who are herded to the polls by machine politicians.

The selection of a Senator should be made in the same manner as the enactment of a State law, considered and acted upon by the representatives from all sections of a State. It was the intent of the framers of the Constitution that the House was to represent the people while the Senate was to represent areas, regardless of population. That is the reason why each State, whether large or small, heavily or sparsely populated, has the same number of Senators.

Our grandfathers were responsible for the 17th Amendment. Grandpa did the deed. Grandma did not get the right to vote until 1920. In grandpa's day the words "brain-washing," with a hyphen, were used only in a slaughter house, and not as an easier spelled substitute for the word "propaganda." Grandpa was subjected to plenty of it. The Socialists, and every other egg-head political party of his day considered their "direct election of Senators" plank to be the best vote getter. The Socialists main argument was, "Let's try it. The results could not be any worse than the present system." How wrong they were.

Around 1900, the two major parties considered borrowing this plank. It did attract votes. Stealing planks from the Socialists paid off quite well for the Democrats some thirty years later. But the man who had the most to do with making direct election of Senators a reality was a President named Roosevelt, Theodore, that is, not Franklin D. During Theodore Roosevelt's terms as President, he was in constant conflict with the Senate. Nursing a bitter hate for foes, he determined to destroy the prestige of that body and put them in the same class as the House of Representatives, answerable direct to the people. He campaigned vigorously for this idea, even after he left office. He won,

and the nation lost.

The fiscal welfare of the citizens of any nation depends upon a competent government. By their recent votes, the people have indicated that they like things as they are. They are uninformed. They know nothing of the weakness of our present form of government.

It may be possible to organize a movement to repeal the 17th Amendment. The need is apparent, the safety of the country demands it. Whether successful or not, it would at least arouse the people to demand better candidates for high offices. We should dedicate ourselves to see that sane and good government shall not remain forever in the retrospect of memory. This article, sent to your friends, can serve as a preliminary survey of facts. PROMINENT MEN IN HISTORY

JUDAS ISCARIOT - for 30 pieces of silver betrayed Christ, and delivered him to the so-called "Jews" who crucified him. When he had reflected on what he had done, he hanged himself.

BENEDICT ARNOLD received 6315 Pounds (British currency) for his act of betrayal of American Army Secrets to Major Andre. To escape his just punishment, he fled to England, where he received NEGLECT and SCORN from the British Government. Gradually sinking into melancholia and suffering from a nervous disease he died in London, unnoticed.

THE MEMBERS OF THE SUPREME COURT have concurred with the so-called "JEWS" and COMMUNISTS to emasculate THE DESTROYERS of our Civilization from PROSECUTION IN OUR COURTS, in their activities to destroy this Nation, and turn it over to THE ZIONISTS.

WHAT WILL THEIR REWARD BE FOR THIS DASTARDLY ACT? IS THERE NO ONE LEFT TO DEFEND THIS NATION?

BOMBS DROPPED BY TRUMAN ORDER.

Atomic From the nations leading Technical and Scientific Journal, we Sickness note an article describing the havoc which our unnecessary Atomic Bombing of Nagasaki and Hiroshima continues to exact on the survivors, and their descendants. The article reads:

"The deaths this year from "Atomic Sickness" are nearly double those of last year, which themselves were also nearly double those of the year before. Among the newly born more than one in seven is deformed or still born. Those who survived these bombings are a so-called 'Untouchable group' as other Japanese fear to marry them, because of the ill effects of radiation to which they were exposed, when we dropped the 'Murderous bombs'."

By
Major General George Van Horn Moseley
U.S.A. Ret'd.

"YOUR CONSTITUTION IS ALL SAIL AND NO ANCHOR. AS I SAID BEFORE WHEN A SOCIETY HAS ENTERED ON THIS DOWNWARD PROCESS, EITHER CIVILIZATION OR LIBERTY MUST PERISH. EITHER SOME CAESAR OR NAPOLEON WILL SEIZE THE REINS OF GOVERNMENT WITH A STRONG HAND, OR YOUR REPUBLIC WILL BE AS FEARFULLY PLUNDERED AND LAID WASTE BY BARBARIANS IN THE TWENTIETH CENTURY, AS THE ROMAN EMPIRE WAS IN THE FIFTH: WITH THIS DIFFERENCE, THAT THE HUNS AND VANDALS WHO RAVISHED THE ROMAN EMPIRE CAME FROM WITHOUT AND THAT YOUR HUNS AND VANDALS WILL HAVE BEEN ENGENDERED WITHIN YOUR OWN COUNTRY AND BY YOUR OWN INSTITUTIONS."

If the White House should happen to read the above quotation, the comment would probably be that it was written by some "crackpot." The fact is, it was written almost 100 years ago by Lord Macauley. It stands as one of the most famous prophecies in history. It could not be more accurate had it been written yesterday by any honest American in close touch with our government as it drifts to the left. Lord Macauley pointed out just what happens to a nation when suffrage is extended too far. In times of stress and disaster, that voting majority which is the government, will destroy liberty or civilization, or both. The most vicious enemy of freedom and liberty is equality. We are

COURAGEOUS PATRIOT

confronted with just that situation today. Already the mob has tasted victory and it will continue to work for our destruction. A leader possessed with the character and the will to save us could not possibly be elected under our system of conventions. He would be promptly killed off. "Clear it with Sidney" is a good example of just how Presidents may be elected in our Republic as it now stands. "National Chairman Paul Butler has already made it clear that he will leave no stone unturned — or unthrown — in his efforts to destroy the Vice President." Delegates will be bought and paid for in smoke-filled rooms. A labor committee may again order a candidate to

withdraw his name, or be politically killed off if he refuses to do so. Again, a promise may be made for an appointment on the Supreme Court in exchange for the votes of a state delegation.

James Madison stated in the Federalist, under the title, "Democracy, the Bait of Theoretic Politicians Who Err":

"Democracies have ever been spectacles of turbulence and contention; have ever been found incompatible with personal security or the right of property, and have in general been as short in their lives as they have been violent in their deaths...."

The attitude of present-day labor is well illustrated by a picture of a labor leader addressing a convention of labor delegates, while with raised fists he cries out that we are stronger than the government and they cannot do a thing to us. Not very long ago a labor leader, speaking in a Southern State, talked about standing those union members up against the wall and shooting them for treason, who support Congressmen and Senators who did not knuckle down to organized labor leaders.

It has been pointed out by honest authorities, well versed in labor legislation, that there is ample authority in the present law to correct labor abuses if the national government only had the character and the will to do so. But the power of labor is so great today that it overawes and practically controls those Federal individuals and agencies that were brought into being to execute the law.

Our Constitution has been well described as the most perfect document of its kind ever conceived by the mind of man. It remained outstanding throughout the world

NAACP - TROUBLEMAKERS

Chet Huntley, reporting for the news department of the National Broadcasting Company made a statement on television to the effect that the NAACP should dissolve. Following this, Thomas Waring, Editor of the Charleston, South Carolina NEWS AND COURIER, appeared on the program on Sunday, February 15, 1959, and made the following statements.

Mr. Huntley's proposal that the NAACP withdraw from the south would meet with hearty approval, I believe, among southerners, but not for the reasons Mr. Huntley has expressed. As I understand it, Mr. Huntley believes that mingling of the races could be accomplished with more speed and harmony if the NAACP removed itself.

Mr. Huntley has presented legal and other reasons why mixing the races is right. I would like to offer a different viewpoint. I am a spokesman for no organization or group of people. I am a newspaper editor in a position that offers opportunities to observe and report on the region where I live. I believe as a fact overwhelmingly the majority of southerners are unalterably opposed to mixing races in public schools. They are opposed to it now or later.

They hold this view not on account of hatred or bigotry as you may have been told; they hold it because they sincerely believe on the basis of first-hand experience that separate schools are best for both races. In presenting this as the view of the majority of southerners, I refer to white southerners because they are about 75% of

the population, but proportion varies greatly.

In my home community, for instance, the population is about fifty-fifty; in some neighborhoods the negroes outnumber whites 10 to 1. In many school districts, integration would mean sending white children to negro schools.

While I do not pose as a spokesman for the colored people, nor pretend to read minds, I believe, that most of them are happy and satisfied. I do not believe the NAACP by any means represents a unanimous feeling among the southern negroes.

If some southerners are willing to accept token integration rather than shut down their schools, it does not mean that they approve or accept it permanently. Even token integration brings tension and constant threat of disorder as well as fear of other evils. If integration is wrong, as we believe it is, we do not concede that a little bit of it is right. The strength of resistance testifies to the depth of this belief.

The choice between separate schools and no schools is an agonizing one for people who have spent years developing an educational system. Squads of police ring the school at Arlington to enforce admission of four colored children. Not even parents were allowed near the schoolhouse. An Associated Press reporter said the scene presented a picture of Alcatraz. "Southern Style" The trappings in the policed state were maintained within the sight of the U.S. Capitol.

It is not alone the entrance of a few colored at Arlington and elsewhere that created all this furor. White southerners are more accustomed to negroes than people in other regions. It is the seizure of rights and powers of local south governments that makes southern hearts turn cold.

The Supreme Court has rewritten the Constitution it swore to uphold. Chief Justice Holmes, Justice Brandies and other liberals accepted the Law of the Land to mean that the states had a right to operate separate but equal schools. Whether the south closes its public schools under threat of mixing or struggles in some regions with the perils of integration, public education will be damaged.

A white pupil's standards of education would decline. This has been the experience in Washington, D.C. and other places that have undergone mass integration. This statement is well documented, and I haven't time to explore it further. For colored pupils, the relaxed and familiar conditions of their own schools would be lost. Discipline breaks down. We have no "Blackboard Jungles" in the south, and we do not want them. While not all southern schools white or negroes have achieved the highest standards, they have vastly improved in recent years. Southerners have spent billions of dollars on them. They had a contract with Federal Government that guaranteed separation of the races. They would not have taxed themselves for mixed schools and nobody knows how long they would continue

Six Million Victims Who Are They?

By our Asian correspondent

The utterly absurd figure of the "six million Jewish victims" of Nazi terrorism is solidly imbedded in the minds of the American reading public. This figure jumped up to SEVEN million, (see NEWSWEEK, June 16, 1958), the additional million being, apparently, assassinated during the post-war period by the savage American Jew-Baiters.

All the attempts to prove that the actual number of so-called "Jews" who perished during the last war in Europe was LESS THAN ONE TENTH of the officially-quoted figure are always met with the accusation of "dirty Anti-Semitism", - or something worse...

Although the American Jewish Congress of 1957 forged two figures of Jewish population (in U.S. and S.U.), it still could not bring down the total number or so-called "Jews" to 10.7 million - if really 6 million were killed in Europe - but stated that 11.8 million Jews are living all over the world. This, however, failed to stop the shameless and impertinent "Six Million Victims" propaganda of the American Jewish-controlled press.

Recently some interesting and impartial disclosures came to light which, as we believe, could explain WHOSE blood was and is exploited in their selfish interests by the powerful Jewish propaganda machine.

They are such:

1. On Sept. 13, 1958 Reuter News Agency of Germany (Jewish owned) reported that in the famous concentration camp of Buchenwald where, allegedly, MILLIONS of Jews perished, a memorial was dedicated to the 56,000 people of ALL nationalities who died there during the last war;
2. NEWSWEEK, (Oct. 27, 1958, said, that a certain Sorge Schubert, who was in charge of another camp of Sachsenhausen, was accused of murdering 198 Jews and 10,800 Russians; and, finally,
3. TIME, (March 23, 1959) stated that: "Eric Koch, (Gauleiter of Ukraine)..... stood accused of responsibility or complicity in gas-chamber and concentration camp deaths of 4 million Russians, and 160,000 Jews and 72,000 Poles. . . ."

Those cold figures speak for themselves and do not need, as we think, any commentaries from our part... except that this was war, and Germany was fighting for its survival.

Road to Oblivion?

The Force of Darkness

By Russell Maguire

Republished from American Mercury

Documents are available to PROVE there is a Conspiracy for enslaving the world. Informed people no longer deny the existence of it. Skeptics of yesterday are fast awakening to this fact, yet most of them are totally blind as to the origin, cause, and true meaning of the Conspiracy. Such blindness not only makes them incapable of defending themselves and fighting the diabolical plot effectively, but it causes them unknowingly to cooperate with the plot itself.

The only light which can guide man toward peace and happiness is TRUTH. Without TRUTH man falls into darkness and confusion. Darkness brings about disorder, chaos, strife, destruction, and unhappiness. For the past two centuries Truth has been deliberately distorted and perverted. Our world has been flooded with lies, deception and false slogans. Cheap, phony propaganda, powerfully controlled by the Enemy has worked to destroy Christianity and our social order.

The great Conspiracy aims at establishing in Jerusalem a one world supergovernment to rule over a confused and DISINTEGRATED humanity. An enormous new building for that purpose has just been completed. National spirit, religious spirit, family life, private property and personal initiative are to be overthrown.

The Rothschilds promoted the French Revolution. Their properties were not burned. It permitted them to establish the GOLD INTERNATIONALE, and to push countries into subsequent promoted wars.

Their World War I saw no victor save Communism. And during that war Russia was invaded and a revolution promoted. Since 1917, Red Russia has been the land base for the conspirators. Later, evil men in the United States financed and industrialized it.

World War II saw no victor save communism, which was treasonably extended over half of Europe and nearly all of Asia. Documentary proof that the International Zionists, during both World Wars I and II, used the diplomatic pouches and also the British and United States private cables and secret codes.

World War III, the last round, has been tentatively set for 1959-1961.

Conquering and enslaving the world through a universal super government never was an aim or a wish of the Americans, the Irish, the English, the French, the Scots, the Germans, the Poles, the Italians, the Brazilians, or the Dutch.

Such a plan or aim can be found only in Zionist literature. THEY have openly boasted about it. And when one looks into the racial composition of the GOLD INTERNATIONALE, the Red Russian Internation-

ale, all world monopolies including the all-important MONEY AND CREDIT MONOPOLY, as well as all the subversive organizations, and the leadership of all anti-social revolutions and the various Bolshevik Governments, the predominance of International Zionists is constant. It couldn't just happen. It corroborates fully THEIR writings and boasts.

If our world is to be saved from this dreadful Conspiracy YOU will have to contribute to its salvation. Innocent Jewish people and hundreds of millions of Christians can be saved only if the radical leaders of the Conspiracy are exposed and thereby thwarted.

Taken in its entirety, the WORLD REVOLUTION, now in its LAST STAGE, is a battle of Matter against SPIRIT, of Revolt against NATURAL LAW. National Spirit is but the extension of family spirit and decent home life. Religious Spirit, as well as the right to choose, to own property, and to take initiative, are inherent in man's nature. They are all part of the Natural law. They are expressions of the Will of God. No one could ever vanquish the Natural Law except its Author—Jesus Christ. He resurrected Himself—and matter could never prevail over Spirit.

The Conspiracy will work tremendous havoc. It will spread destruction, multiply ruins, greatly expand cemeteries, bring about starvation and transform the Garden of Earth into a desert. Those of us WHO BELIEVE, have the PROMISE THAT TRUTH WILL TRIUMPH over evil. Spirit will vanquish Matter. Natural Law will prevail over The Forces of Darkness. THE WILL OF GOD IS AN INFLEXIBLE LAW. No group of conspirators can prevail over it.

ADL Sponsors Polls in South to Determine Effect of Hate Literature; Work There Quintupled

DENVER, Colo. (P-O) — Programs of the Anti-Defamation League in the North are being curtailed in order to concentrate emphasis on needs to combat anti-Semitism in the South, an ADL official told the Intermountain Jewish News here.

OSCAR COHEN, national program director for the ADL, told the local paper that his organization is sponsoring public-opinion polls to determine the effect of

the current hate-literature barrage in the South.

Cohen insisted that statements by national Jewish organizations on the integration problem have had little effect on the burgeoning hate picture. He said Southern Jews are attempting to evade the issue, and that bigots take the position that whoever is not with them in their fight against the Negro is against them.

THE ADL LEADER said that

his organization works with educational, civic and church organizations in the south to build resistance against anti-Semitic hate-mongering. Terming these groups "gate-keepers of power," he said they realize that they have enough troubles already without allowing anti-Semitism to poison democratic life.

"All in all," Cohen said, "ADL staff activities in the South have been stepped up 500 per cent."

THE ANTI DEFAMATION LEAGUE HAS FOR MANY YEARS BEEN THE BRAINS AND DIRECTING FORCE BEHIND THE INTEGRATION MOVEMENT AS WELL AS COMMUNISM. LETS ALSO INCREASE OUR EFFORTS 500%.

Food For Thought

Adam Clayton Powell, Negro agitator and powerful politician, belongs to 77 communist-front organizations.

Adam Clayton Powell, U.S. Congressman from New York, appearing on the Mike Wallace's television program Channel 13 at 11 P.M. Friday, March 20, 1959 made several significant statements. The reader should keep in mind that this program is paid for by the Fund for the Republic which has spent over seven of the fifteen million given them by the Ford Foundation to finance writers who write books to undermine those who oppose communism and to finance other means to discredit anti-Marxists.

Powell stated that in New York City 64% of the school population are Negroes and Puerto Ricans; 50% of the city population is Negro and Puerto Rican; that in the U.S. 28 million whites have Negro blood and 70% of the Negroes have white blood. When asked by Mike Wallace what he thought was the best way to solve the race problem, Powell quoted an educator at Harvard University as stating that intermarriage would solve the race problem.

Another straw which shows the way the wind is blowing in New York City: during March, an article in the NEW YORK JOURNAL AMERICAN by a top authority in the Welfare Department revealed that there are 58,000 illegitimate children on relief in New York City.

NOT MANY YEARS

as long as the great majority of the voters were of the class and character of those men and women who conceived and approved it. Initially, the citizens who had the privilege of suffrage had to have certain definite qualifications as to character and in addition, they had to be property owners. No citizen can vote in a meeting of the U.S. Steel Corporation who does not own stock in the company. Thus, our danger today increases in perfect step as we, by immigration and breeding, lower the character of the individual voter. The millions who criticize our government as it stands today, should bear in mind that it is the government we elected. It is the results of our votes. As an example, if you don't like the Chief Justice of the Supreme Court, just bear in mind that he was selected by a President you twice elected. He was confirmed by Senators lawfully elected.

The declining value of our dollar is in perfect step with our drift nationally to the left. Our national debt, now over Three Hundred Billion, is headed for a debt of Five Hundred Billion. Our stock market is largely sustained by a subsidy that comes to industry from foreign aid appropriations. Our great industry is preparation for war. Militarism is an economic necessity.

"WHEN A NATION EMBARKS ON A PATH OF MILITARY SPENDING AS A MEANS OF SUPPORTING ITS ECONOMIC LIFE, THEN POWERFUL EXTERNAL ENEMIES BECOME AN ECONOMIC NECESSITY. WAR SCARES ARE AN INTEGRAL PART OF THE TECHNIQUE OF PROMOTION. WITH THESE WEAPONS STATESMEN CAN EXTRACT FROM CITIZENS CONSENT FOR MILITARY OUTLAYS WHEN IT WOULD BE IMPOSSIBLE TO DO SO FOR PEACE TIME ENTERPRISES. AND THE MOST POWERFUL AND VOCAL ENEMIES OF PUBLIC SPENDING — THE CONSERVATIVES — CAN BE DRUGGED WITH FEARS OF AGGRESSION."

... require national defense we must have, but it should be financed by economics throughout the government.

The increasing crime wave throughout the nation is just another indication showing plainly where we are going. The crime record grows more serious every hour, and it will continue to do so. Terrible unspeakable crimes that formerly would have shocked the nation, now occur so often that our people have become immune to them. Even our policemen are indicted for robbery committed while on duty. Our movies and TV operate as schools of instruction as the youth of the nation spends hours absorbing the details showing just how crimes are committed. The Christian church throughout the nation should be a powerful influence to save us; but — sad as it may seem — millions of our so-called Christians have deserted both Christ and Uncle Sam. The delegates at the Constitutional Convention feared Democracy far more than they feared Monarchy. At the close of the Convention, Franklin was asked, "What kind of a government have we?" He replied, "A Republic, if we can keep it." For over 100 years we did keep it, but about 25 years ago we definitely abandoned our course and each day now witnesses the increase of our disintegration. When we were changing our course, it is well to remember the words of Harry Hopkins, then President Roosevelt's closest adviser, who said, "The American people are too damn dumb to understand." But Harry overlooked an outstanding character in Congress, Senator Wheeler, who had not lost his way. In one of his last speeches, he said, "The President of the United States is leading this nation to hell." Today, patriots are being smeared and destroyed. Generally the press refers to them as Fascists. The unabridged dictionary describes Fascists correctly when it states that they were Italian patriots who turned out to save their nation from the oncoming Bolsheviks. Thousands of American patriots are still fighting to save our Republic from the enemies that surround us, both at home and abroad, while penetrating all echelons of our national government. The Administration does not seem to have the character or the will to carry out its promises that all such enemies would be cleaned out from coast to coast.

Time was when our system of jurisprudence was governed by the highest

standards of ethics. That is not so today. Too often justice is no longer in the courts, but for sale in the market place. The decline has been in step with the moral breakdown throughout the nation.

Republics throughout all history have had their birth, their years of vigorous growth, their hey-day of world success, which remained only so long as the race that gave the nation its basic strength, remained pure. With the introduction and interbreeding of lower types, decline came, and finally, national death. As disease germs will finally overpower the strength of the bloodstream of the individual, just so will the flow of manpower in the whole body politic, be debased and ruined by introducing living elements of a low order. Take a good look at the endeared scenes in the days just ahead. You may be seeing them for the last time as features of our Republic. The cycle of our history that began in Washington's time is completing its orbit. Our Republican era is nearing its end. Historians of the future will marvel most of all at the non-resistance of those who had the most to lose. Not a civil war was needed for the seizure; not a shot was fired. The peasants of Russia offered considerably more resistance even though they had less to lose. The greatest prize in all the annals of mankind — the United States — is falling a victim to these same conditions that have destroyed every Republic in history. It never was good politics to heed the warnings so clearly written on the wall.

"No state is destroyed except through those avertible conditions that mankind dreads to contemplate. Yet nations prefer to evade and perish rather than to master the single lessons taught by the washing-away of those that have gone down before them. In their indifference and in the valor of their ignorance, they depart, together with their monuments and constitutions, their vanities and gods."..... Homer Lea

U.S. TAXPAYERS DOLLARS TO REDS

Communist Poland is to receive another \$100 million dollars of our taxpayers' money.

While Dean Acheson, pal and Harvard Student of Felix Frankfurter, was in the State Department, he made sure that Poland received millions. Later it developed that Acheson, who said "I won't turn my back on Alger Hiss", was a member of the law firm which received large fees as U.S. representative of Communist Poland. Dean Acheson is out of the State Department and

to support schools that they don't control. In any event, public education is bound to suffer.

Local self-government through division of state and federal powers is the keystone of the Republic. It is being torn apart for the sake of a sociological experiment. If a police state is substituted for the Republic, no race will gain. Once before in Prohibition, the United States experimented with sociology. Prohibition was a failure; it brought on bootlegging and a crime wave. Eventually the people came to their senses. They repealed Prohibition. At least it had the lawful authority of Constitution amendment. This time the experiment is with the lives of children on the basis of court decrees.

Southerners are concerned for the welfare of both races. They realize the need to educate the colored people as well as white. They need colored citizens for manpower in the burdening new industries. They want to build the earning power of the Negro workers so they can carry more of their share of the economy.

In his inaugural address, South Carolina's young governor, Ernest F. Harlins, referred to these problems. He said, and I would like to quote. I shall not dwell on the subject of segregation as it effects race relations. We have all heard too much on this subject, and there is too much to be done in the days ahead for us to waste our energies and arouse our tempers over a subject upon which we in South Carolina are in essential agreement. We are fortunate in having a well-nigh boundless store of good will and understanding among all races and beliefs in South Carolina. In our schools peace patrols the school's corridors unlike New York, we do not need armed guards.

The negroes of our state feel that schools are intended for education. They feel that their governor and general assembly are doing everything possible to provide them the best educational program and the best opportunity to succeed on an individual basis. Let alone, we shall continue to do this. As a practical matter, this can only be done in a segregated pattern and for those who would by integration destroy the education, culture opportunity and friendship of both races, I simply state that our position of resistance remains unchanged.' (end quote)

Southern people are not as you may have been told, captives of blind leaders who will not or cannot read the signs of progress. The people demand that their public schools be separate. We sometimes hear about southern moderates. A moderate, I believe, is an integrationist who isn't in too big a hurry. Fast or slow, most southerners are convinced that mingling of the schools would be disastrous.

What is the aim of Integration? It's not improvement for white pupils. Educational standards in mixed schools would have to be reduced to the lowest common denominator. It will not improve education for negro students. An atmosphere of tension would not promote learning. Discipline would have to suffer when any classroom incident is likely to explode into a racial incident. It would not promote good relations between the races. Both North and South integration or attempts at it have created racial trouble. It will not create respect abroad for the United States. Internal squabbles involving troops and police and constant arguments over rights and freedom are signs of unstable conditions. If the aim of integration is to sustain legal and sociological theories without regard to the practical effect on human beings, it is not defensible. If the aim is to humiliate white southerners, it is beneath contempt. If the aim is to raise the status of the Negro, it won't work.

The Negro needs many things more than he needs association with white people on an involuntary basis. While national diplomacy courts favor in foreign countries, on the domestic front, the American government is not seeking to gain friends and influence people in southern states. I shall not attempt to explore the reasons for these policies. They are in large measure political.

The NAACP has been able to exploit these political forces. It's achieved a balance of power far out of proportion to its actual worth. Millions of white southerners have

become an unorganized and an oppressed minority. The NAACP creates division and animosity. Some of its leaders have official records of contacts with subversive organizations. The names of these people have been published in reports of Congressional Committees. With its political allies, the NAACP has set up a virtual censorship on race. One minor bit of evidence is the removal of dialect from magazines, books, and newspapers. Though Negro dialect is forbidden, a California cartoonist who lampooned the southern speech of Gov. Faubus was singled out recently for some kind of freedom award.

Negro crime in cities is appalling, but the facts are being deliberately disguised in the paper curtain press.

Superior force may overwhelm the south as it has done before, but the troops and police cannot forever suppress millions of resourceful people. I do not believe the rest of the country wants some of the states to become concentration camps for the sake of mixing white and colored children against their parents will.

FOUNDER AND EDITOR

CHRISTIANS DUPED BY UNHOLDEST HOAX IN ALL HISTORY!

"Big lie" technique pushing U.S.A. to the brink of World War III.

By BENJAMIN H. FREEDMAN

"Am I therefor become your enemy, because I tell you the truth?" Paul asks his audience of doubting Galatians, as he immortalizes his celebrated question in his canonized *The Epistle of Paul the Apostle to the Galatians*, in 4:16 of that classic spiritual treasure found in the *New Testament*. It is then that Paul implores his new followers to have the faith that truth is knowledge, that knowledge is a collection of facts, and that wisdom is the use of knowledge. Prompted by Paul's inspired faith in the Divine power of truth, the facts here assembled are submitted to U.S.A. Christians hoping this knowledge added to their present wisdom will insure victory for the U.S.A. in the nameless war now silently raging against an unseen enemy, the prologue of World War III, in which the U.S.A. will again sacrifice the most, as in the last three wars.

One more wrong step in the wrong direction by U.S.A. foreign policy at this time will seal the doom of the U.S.A. forevermore. One more wrong step in the wrong direction by U.S.A. foreign policy at this time will prove a step in the wrong direction that can never be retraced, come hell or high-water. The blood of this and countless unborn generations will not be able to erase from the black pages of U.S.A. history posterity's legitimate and justified verdict of U.S.A. guilt for all lives lost and destruction wrought in World War III as the sequel of the wrong step in the wrong direction by U.S.A. foreign policy. U.S.A. foreign policy will always fail if it continues faltering and fumbling.

The immensity of the death toll and the destruction of property implicit in World War III stagger the imagination at the mere thought of that catastrophic cataclysm. The human imagination is incapable of picturing the terrific loss of lives and destruction of property implicit for the U.S.A. in World War III. The U.S.A. cannot in good conscience ignore other nations elsewhere throughout the world also exposed to this very same threat. It paralyzes the power of the imagination to think of wars fought with hydrogen-bomb ballistic missiles.

In common with all mankind in this respect, the U.S.A. stands in this dark hour at the cross-roads of survival or self-destruction. Only by the grace of God the U.S.A. is most happily in a position where it can still make a choice between survival and self-destruction. The benefits of that bounteous blessing cannot be enjoyed unless the U.S.A. takes the right step in the right direction without delay. The U.S.A. otherwise may soon find itself in the position where it cannot any longer make that choice. Destiny appears to be challenging the U.S.A. to gain anew the world's confidence in international affairs, if possible.

The prevention of World War III must be regarded by everybody everywhere in the world as the most critical problem confronting them. Every sensible human being in the world must equate the prevention of World War III with self-preservation in the strictest sense of that word. In this age of intercontinental ballistic missiles with hydrogen-bombs as war-heads, the prevention of World War III is mankind's solitary security for self-preservation, "the first law of nature", with the possibility of a gory and gruesome World War III in prospect.

The U.S.A. will contribute the indispensable ingredient for the prevention of World War III only when the U.S.A. puts an end to the "big lie" technique of the unholyest hoax in all the recorded history of mankind, the incubator for hatching the egg of World War III while the U.S.A. is sound asleep or still so very busy making more money and having more fun. Because today's crisis is nearing its climax, time is now more of the essence than in any crisis at any time in U.S.A. history. The fuse on the time-bomb of World War III has been ignited. It is burning much too fast for U.S.A. complacency. The time is growing very short in which to quench the burning fuse of that bomb before it explodes into World War III. The unprovoked, unforeseen and the sudden outbreak of World War III will attest the inevitability of the unpredictable. Pearl Harbor attested the inevitability of the unpredictable in 1941. Will a wrong step in the wrong direction by U.S.A. foreign policy in 1959 lead to another Pearl Harbor? *An ounce of prevention is better than a pound of cure!*

The "big lie" technique of the unholyest hoax in all the recorded history of mankind brainwashed U.S.A. Christians that so-called "Jews" throughout the world today are the historic descendants of the so-called "chosen people" of the Holy Land in *Old Testament* history. The consensus of leading authorities on the subject stresses the fact that to their best knowledge so-called "Jews" throughout the world today are not the historic descendants of the so-called "Jews" of the Holy Land in *Old Testament* history. They furthermore feel that the threat of World War III hanging over the U.S.A. is the result of the "big lie" technique of the unholyest hoax in all the recorded history of mankind, a deception responsible for agitation far and wide the world little suspects.

The unqualified consensus of those most competent and in the best positions to judge the probability or possibility of the outbreak of World War III base their conclusions upon increasing tensions throughout the world as a result of U.S.A. foreign policy in non-Christian areas of Africa, Asia, the Middle

East and in Europe since 1945. Since 1945 the foreign policy of the U.S.A. in non-Christian countries was under the pressure of the "big-lie" technique of the unholyest hoax in all the recorded history of mankind. The foreign policy of the U.S.A. did not take into consideration that the non-Christian nations have approximately 80% of the world's total population, or four out of every five persons on the face of the earth. Since 1945 U.S.A. foreign policy has never reflected the existing fact that the U.S.A. has 6% of the world's total population against 80% by non-Christian nations in Africa, Asia and Europe.

The U.S.A. Christians continue being brainwashed by U.S.A. media of mass-communications that so-called "Jews" throughout the world today are the actual historic descendants of the so-called "Jews" of the Holy Land in *Old Testament* history. The U.S.A. Christians have been brainwashed by so-called "Jews" of historic Khazar ancestry, and by their servile Christian stooges, as they have been brainwashed by them for many years with the unholyest hoax in all the recorded history of mankind, betraying the confidence of Christians.

U.S.A. media of mass-communications are owned and otherwise directly or indirectly under the subsidized control of so-called "Jews" of historic Khazar ancestry, with very few exceptions. U.S.A. media of mass-communications make up the minds of the public for them on all important questions without public realization of that fact. In the U.S.A. the media of mass-communications include newspapers, television, radio, magazines, motion pictures, books, plays, and many other equally effective known media for influencing public opinion.

U.S.A. Christians little suspect they are being brainwashed twenty-four hours of every day, three-hundred and sixty-five days of every year, by the "big lie" technique of the unholyest hoax in all the recorded history of mankind, over television and radio, by newspapers and magazines, by motion pictures and plays, by books, by political leaders in office and seeking office, by religious leaders in their pulpits and outside their churches, by leaders in the field of

education inside and outside their curricular activities, and by all leaders in business, professions and finance whose economic security demands that they curry the favor of so-called "Jews" of historic Khazar ancestry. Unsuspecting Christians are subjected to this barrage of brainwashing from all sides at all hours of the day and night from sources they have little reason to suspect.

Incontestable facts supply the unchallengeable proof of the historic accuracy that so-called "Jews" throughout the world today of eastern European origin are unquestionably the historic descendants of the Khazars, a pagan Turco-Finn ancient Mongoloid nation deep in the heart of Asia according to history, who battled their way in bloody wars about the 1st B.C. century into eastern Europe where they set up their Khazar kingdom. For some mysterious reason the history of the Khazar kingdom is conspicuous by its absence from U.S.A. text-books on history, and from history courses in the schools and colleges.

By the 10th A.D. century as the map from the *Jewish Encyclopedia* reproduced here graphically reveals when examined closely, Khazar aggression had already carved out for the Khazars in their ten centuries of warfare for territory in eastern Europe, an opulent Khazar kingdom in excess of 800,000 square miles. The uncensored histories of Europe will also show that the Khazar kingdom of so-called "Jews" had become the largest kingdom in all Europe, as the map from the *Jewish Encyclopedia* reproduced here will clearly reveal when carefully studied. The histories of the countries which have completely disappeared permanently from the map of Europe tell that the Khazar kingdom of so-called "Jews" in the 10th A.D. century was conceded the mightiest military power in all Europe until invaded, conquered and liquidated by the Russian empire.

The pagan Khazar kingdom became a nation of so-called "Jews" about the year 720 A.D. In that year King Bulan was the first of the Khazars to become a so-called "Jew" by conversion. King Bulan's new religion was then made the state religion of the Khazar kingdom. Thereafter none but a so-called "Jew" could ascend the throne of the Khazar kingdom of so-called "Jews." Like many other rulers of pagan nations in which phallic worship was professed and practised in Europe, King Bulan ceased his long opposition to monotheism as the state religion for the Khazar kingdom. King Bulan also forbade phallic worship, a filthy form of sex degeneracy long practised as religious worship.

The historic existence of the Khazar kingdom of so-called "Jews", their rise and their fall, the permanent disappearance of the Khazar kingdom as a nation from the map of Europe, and how King Bulan and the Khazar nation in 720 A.D. became so-called "Jews" by conversion, were concealed from U.S.A. Christians by censorship imposed by so-called "Jews" of historic Khazar ancestry upon all U.S.A. media of mass-communications directed by them. Then in 1945 this author gave nation-wide publicity to his many years intensive research into the "facts of life" concerning Khazars. The disclosures were sensational and very effective but apparently angered so-called "Jews" of historic Khazar ancestry in the U.S.A. who have continued to vent their spleen upon this author since then solely for that reason. Since 1946 they have conducted a vicious smear campaign against this author seeking thus to further conceal these facts from U.S.A. Christians for obvious reasons. *What have they to fear from the truth?*

In an original 1903 edition of the *Jewish Encyclopedia* in New York's Public Library, and in the Library of Congress, Volume IV, pages 1 to 5 inclusive appears a most comprehensive history of the Khazars, and the interesting map of the Khazar kingdom in the 10th A.D. century reproduced here. Also in the New York Public Library are 327 books by the world's greatest historians and other sources of reference, in addition to the *Jewish Encyclopedia*, dealing with Khazar history, and written between the 3rd A.D. and the 20th A.D. centuries by contemporaries of the Khazars and by modern historians on that subject. These 327 sources of reference on the Khazars are written in the sixteen ancient and modern native languages of the writers, requiring simultaneous translators for those consulting these 327 sources of reference, and unable to read the sixteen ancient and modern foreign languages in which these 327 references were written. In the Library of Congress, and in leading private libraries in the U.S.A. and foreign countries, it is possible to consult innumerable other authentic sources of reference revealing the history of the Khazar kingdom of so-called "Jews" prior to their disappearance as a nation.

For reasons too obvious to mention here, very few of these sources of reference were translated into English or published in the U.S.A. Since the nation-wide publicity given to the history of the Khazars by the author of this article, only one book on the subject of the Khazars appeared in English. That book is the first other comprehensive collection of facts about the Khazars in English. In 1954 Princeton University Press published in the U.S.A. their *The History of the Jewish Khazars* by Professor D. M. Dunlap, lecturer on Islamic history at England's Cambridge University in the celebrated series *Princeton Oriental Studies*. In it will be found the many facts also to be found in the *Jewish Encyclopedia* and the other 327 sources of reference on the Khazars in the New York Public Library, and many historic facts about the Khazars collected from original oriental sources by Professor Dunlap and never revealed to U.S.A. Christians until Professor Dunlap wrote about them.

The facts about Khazars disclosed in the 327 sources of reference in the New York Public Library, and sources of reference in other leading public and private libraries, are abridged in the *Jewish Encyclopedia* in New York's Public Library, in Volume IV pages 1 to 5 inclusive of the 1903 edition, and the space limitations here will only permit this very short quotation from it:

"Khazars: A people of Turkish origin whose life and history are interwoven with the very beginnings of the history of the Jews of Russia . . . driven on by the nomadic tribes of the steppes and by their own desire for plunder and revenge . . . the Kingdom of the Khazars was firmly established in most of South Russia long before the foundation of the Russian monarchy by the Varangians (855) . . . at this time the kingdom of the Khazars stood at the height of its power and was constantly at war . . . at the end of the eighth century . . . the king of the Khazars and his grandees, together with a large number of his heathen people, embraced the Jewish religion . . . the Jewish population in the entire domain of the Khazars, in the period between the seventh and tenth centuries, must have been considerable . . . about the ninth century, it appears as if all Khazars were Jews and that they had been converted to Judaism only a short time before."

Professor H. Graetz, the notable historian, and a so-called "Jew" of historic Khazar ancestry, is the author of the classic *The History of the Jews*, now recognized as the greatest historic work on that subject ever written, and published in 1894 by the Jewish Publishing Society in Philadelphia. Professor Graetz wrote at great length about the Khazars in his *The History of the Jews*. Professor Graetz is regarded as the world's foremost authority on the history of the Khazars, back to their 1st B.C. century entrance into Europe.

In his *The History of the Jews*, Professor Graetz throws great light on how, why and when the Khazar nation became so-called "Jews," and how, why

and when the Khazar kingdom disappeared from the map of Europe between the 10th A.D. and the 18th A.D. centuries, when the Khazar kingdom was liquidated and annexed with all of its population to the rapidly-expanding Russian empire. Those so-called "Jews" of historic Khazar ancestry who could afford to flee suddenly then appeared for the first time in western European countries.

Before the great emigration to western Europe by so-called "Jews" of historic Khazar ancestry, from the Khazar kingdom in eastern Europe, driven by the invading Russians from the north, western Europeans were completely ignorant of the conversion of the Khazars into so-called "Jews." These facts are truly and fully told in *The History of the Jews* by Professor Graetz, from which a brief quotation is possible here owing to the very limited space allowance:

"It is possible that the circumstances under which the Khazars embraced Judaism have been embellished by legend, but the fact itself is too definitely proved on all sides to allow any doubt as to its reality . . . invited Jewish sages to settle . . . rewarded them royally . . . founded synagogues and schools . . . caused instruction to be given . . . in the Bible and the Talmud . . . introduced a divine service modelled on that of the ancient communities . . . according to a fundamental law of the state only Jewish rulers were permitted to ascend the throne . . . for some time the Jews of other countries had no knowledge of the conversion of this powerful kingdom to Judaism, and when at last a vague rumor to this effect reached them, they were of the opinion Khazaria was peopled by the remnant of the former ten tribes."

It may be advisable at this point in this article to explain to the readers who may not be fully informed on this subject, the nature and the extent of the implications, the inferences and the innuendoes implicit and explicit in the term "so-called 'Jews'" used so frequently in this article and which may now here come to the attention of many readers for the first time. Explaining the term "so-called 'Jews'" will bring into focus all the facts which bear witness the "big-lie" technique of the unholy hoax in all the recorded history of mankind is pushing the U.S.A. dangerously fast to the brink of World War III.

The term "so-called 'Jews'" is recognized by the most enlightened theologians and historians as the correct term to historically describe so-called "Jews" throughout the world today. They will also bear witness that the historic Khazar ancestors of so-called "Jews" did not describe themselves as so-called "Jews" prior to the 18th A.D. century. They will also bear witness that the historic Khazar ancestors of so-called "Jews" were not described as so-called "Jews" by anyone anywhere prior to the 18th A.D. century. In the 18th A.D. century so-called "Jews" of historic Khazar ancestry highjacked the word *Jew* so they could palm themselves off on the Christian world as the kin of Jesus Christ!

The English word *Jew* appeared for the first time in the 18th A.D. century as an English equivalent for *Iudaeus* in Latin and *Ioudaios* in Greek. The Latin *Iudaeus* and the Greek *Ioudaios* in English mean a *Judean*, but a *Judean* in its geographic sense, from *Judea* in its geographic sense, the homeland of Jesus Christ during His lifetime in the Middle East province of that name in the far-flung Roman empire of that era. The Latin *Iudaeus* and the Greek *Ioudaios* denote a *Judean* solely as a nationality in its geographic sense, not a *Judean* in any religious or racial sense whatsoever associated in error with a *Judean*.

The English word *Jew* appeared in the 18th A.D. century for the first time in a translation of the *Old and New Testament* into English. An Englishman by the name of Wiclif made the first translation of the *Old and New Testament* into English in 1380 A.D. In Wiclif's historic translation the word *iew* appeared wherever *Jew* now appears in translations of the *Old and New Testament* into English after the 18th A.D. century. Wiclif used the 14th century contracted and corrupted short English equivalent of Latin *Iudaeus* and Greek *Ioudaios* wherever *Iudaeus* appeared in their official Vulgate Latin translation of the *Old and New Testament*, and wherever *Ioudaios* appeared in the original Greek *Septuagint*. Wiclif had made his famous first translation in English from them.

It is absurd to expect a person taught to speak only English to be able to pronounce Latin *Iudaeus* and Greek *Ioudaios* in phonetic English attempting to follow the Latin spelling of *Iudaeus* and the Greek spelling of *Ioudaios*. In Wiclif's 1380 A.D. translation of the *Old and New Testament* into English the need arose for a contracted and corrupted short English equivalent for Latin *Iudaeus* and Greek *Ioudaios* which could be pronounced in phonetic English by a person taught to speak only English. Wiclif selected *iew* for that purpose. In this same way the English coined countless contracted and corrupted short English equivalents for long foreign words hopeless to pronounce in phonetic English by those taught to speak only English following the foreign spelling.

The earliest contracted and corrupted short English equivalent for *Iudaeus* in Latin and for *Ioudaios* in Greek was made in the 13th A.D. century. It took for that purpose the phonetic short first syllables of Latin *Iudaeus* and of Greek *Ioudaios*, the *Iu* of *Iudaeus* and the *Iou* of *Ioudaios*. The *Iu* of *Iudaeus* and the *Iou* of *Ioudaios* are pronounced in Latin and Greek almost exactly like the English *hew*. English phonetic pronunciation of *hew* sounds the same as the phonetic pronunciation of every contracted and corrupted short English equivalent for Latin *Iudaeus* and Greek *Ioudaios* coined in the following 500 years, each of which meant a *Judean* solely in its geographic sense from the

come to light supporting the legend Jesus Christ was viewed in His lifetime as their "leader", as their "ruler", or as their "king" by Holy Land Judeans.

The far-flung Russian empire of the 20th A.D. century, a nation of approximately 9,500,000 square miles in Europe and Asia, a nation more than three times the size of the U.S.A. today, was founded as a small colony in the 9th A.D. century and grew to its present size in only a thousand years. In 820 A.D. a small number of adventuresome Varangians, possessed of a genius for organizing, and under the leadership of the celebrated Rurik, sailed across the Baltic Sea from their ancient homeland on the Scandinavian peninsula to remain forever as settlers on the mainland in northern Russia among Slavic roving nomads whom they organized into the diminutive Principality of Rus, the nucleus of the future great Russian empire, now succeeded by the U.S.S.R.

From the time of its foundation in 820 A.D. the tiny Principality of Rus continually engaged in wars with their many powerful neighbors on all sides for more territory in spite of the small population and the limited resources of the Principality of Rus with which to wage wars. In their endless wars for more territory the Principality of Rus came into headlong collision with its largest neighbor to the south, the opulent but decadent 800,000 square mile Khazar kingdom, the largest and most powerful nation in Europe until the 10th A.D. century. The Principality of Rus vanquished the Khazar kingdom in the endless wars fought without pity against the Khazar kingdom for more land.

The Principality of Rus conducted wars against the Khazar kingdom for more territory for several centuries without any interruption. In less than three centuries the Principality of Rus liquidated the Khazar kingdom and annexed the entire 800,000 square miles of the Khazar kingdom. The Khazar kingdom thereupon disappeared as an independent, autonomous and sovereign body politic in Europe after existing as such for a thousand years. The last trace of the Khazar kingdom vanished from the map of Europe in the 13th A.D. century. The large population of so-called "Jews" of historic Khazar ancestry continued to play an important role in European affairs as the Yiddish population of the world inside and outside the region of their original homeland. They refer to each other as "Litvaks", "Galizianers", "Polaks", "Hungarians", and the geographic regions of their ancestral origin, never by the term Jew.

The map from the *Jewish Encyclopedia* reproduced here will reveal upon close examination that the Principality of Rus was the largest of the pagan nations in the 10th A.D. century then surrounding the Khazar kingdom. The Khazar kingdom was surrounded on three sides by pagan nations and on the fourth side by a Greek Catholic nation in the 10th A.D. century. It did not take long after Vladimir III became a Christian in 986 A.D. for the Khazar kingdom to find itself surrounded on all four sides by Christian nations. Vladimir III and his Christian successors continued their conquests of nations encircling the Khazar kingdom and converted all these pagan populations to Christianity.

The root of all troubles between so-called "Jews" and Christians in Russia since the conversion of Vladimir III in 986 A.D. is not difficult to understand. So-called "Jews" of historic Khazar ancestry inside and outside Russia have never forgiven nor forgotten, firstly, the liquidation of the Khazar kingdom as a great independent, autonomous and sovereign body politic in Europe, and secondly, Vladimir III's rejection in 986 A.D. of the overtures to become a so-called "Jew" when petitioned to do so on many historic occasions by the many deputations of so-called "Jews" of historic Khazar ancestry at the time Vladimir III was considering conversion to the Christian faith. So-called "Jews" of historic Khazar ancestry throughout the world cannot lose sight of the difference in their status in world affairs today if only these two events in world history had ended for them in the opposite way they did end for them.

In view of world events in the last ten centuries there is no doubt this would have considerably altered the pattern which the course of world history followed after the 10th A.D. century. The Henry Morgenthau, Sr. report to President Woodrow Wilson in 1919 discloses that so-called "Jews" of historic Khazar ancestry in eastern Europe were at that time still continuing efforts to resurrect a Khazar sovereign state in Poland as their legitimate homeland.

In the centuries which followed the complete liquidation of the Khazar kingdom, the Russian empire fought frequent wars with rising dynamic young nations in eastern Europe seeking Russian territory for further expansion. In several of these wars Russia was defeated. The Russian empire was compelled to surrender to the victors large areas of the territory of the former Khazar kingdom together with their populations of so-called "Jews" of historic Khazar ancestry. By this historic process Lithuania, Galicia, Poland, Hungary and other eastern European nations acquired territory of the former Khazar kingdom with their large populations of so-called "Jews" of historic Khazar ancestry. The wars continued between these nations in eastern Europe. These conquests of former Khazar kingdom territory were shortlived as a rule.

The shifting borders of nations in eastern Europe as a result of these wars explains the presence of very large numbers of so-called "Jews" of historic Khazar ancestry after the 14th A.D. century in the nations throughout Europe. With few exceptions so-called "Jews" among western European nations trace their ancestry to so-called "Jews" of historic Khazar ancestry who were forced to flee to western Europe to seek security and a new homeland when the Khazar kingdom was being liquidated by the ruthless Principality of Rus.

The "big lie" technique of the unholyest hoax in all the recorded history of mankind brainwashed U.S.A. Christians into believing that so-called "Jews" throughout the world today are descendants of the "lost ten tribes" of Old Testament history and according to legend "scattered to the four corners of the earth." The so-called "Jews" of historic Khazar ancestry make up 92% of the total population of so-called "Jews" throughout the world today. The Asiatic Khazars who founded the Khazar kingdom in eastern Europe became so-called "Jews" by conversion in 720 A.D. Their ancestors never set a foot in Holy Land in Old Testament history. That historic fact is incontestible!

The world's most celebrated and distinguished anthropologists, archaeologists, theologians, historians, scientists, and scholars in every field of research related to this subject are the recognized authorities whose facts and figures indicate beyond the question of any doubt that a minimum of 92% of all so-called "Jews" in the world today are descendants of so-called "Jews" of historic Khazar ancestry. They likewise offer facts and figures indicating the remaining 8% are descendants of ancient native pagan populations in Africa, in Asia, and in the Mediterranean basin who were converted to the worship of Jehovah as long as seventeen centuries before the pagan Khazars were converted in 720 A.D. from worship of the phalrus to worship of Jehovah.

It is an incontestible historic fact that neither their 92% nor their 8% are descendants of the so-called "Jews" of the Holy Land in Old Testament history "scattered to the four corners of the earth" as the "big lie" technique of the unholyest hoax in all the recorded history of mankind brainwashes U.S.A. Christians to believe because the Christian clergy fear to speak out.

Excluded from the 8% Chinese so-called "Jews" in China, the African so-called "Jews" in Africa, the Indian so-called "Jews" in India, and the Oriental so-called "Jews" in the Mediterranean basin is the small fraction of the so-called "Jews" of historic Khazar ancestry among this 8% who during the course of time emigrated to these regions because these regions offered more lucrative opportunities than their homeland offered them. This small fraction of so-called "Jews" of historic Khazar ancestry among this 8% spared no pains in their new homeland to convert the 8% to their religious ritual rooted in the Talmud, the *Corpus Juris Ecclesiastici* of so-called "Jews" throughout the world, the dogma and doctrine of the philosophy professed and practised as their religious belief by so-called "Jews", in recent times renamed "Judaism."

On February 22, 1948 the New York Times published figures taken from the secret census made by them in every country in the world showing the number of so-called "Jews" in the world in 1947, two full years after the end of World War II. The New York Times published these figures from their secret census under the by-line of their noted expert in this field of investigation, Commander Hanson W. Baldwin, a graduate of Annapolis Naval Academy. Commander Baldwin stated under the headline "Armies for Palestine. Need for International Force of 70,000 Believed Indicated as U.N. Faces Decision" the following direct quotation "There are 650,000 to 700,000 Jews in Palestine . . . Another 500,000 Jews inhabit other Arab countries in the Middle East . . . In these countries the Jews are tied by bonds of religion to the rest of the fifteen to eighteen million Jews of the world . . ." The end of quotation.

SIX MILLION JEW HOAX

On February 22, 1948 the New York Times published figures taken from their 1947 secret census indicating a minimum of 16,150,000 and a maximum of 19,200,000 so-called "Jews" in the world in 1947. Through the courtesy of Mr. Arthur Hays Sulzberger, publisher of the New York Times, this author conferred on February 23, 1948 with Commander Baldwin in his office where this author examined documents fully supporting the figures published by the New York Times on February 22, 1948. This author was allowed to examine the file containing the results of the searching investigations conducted by the New York Times through its own offices throughout the world and with the collaboration of governments and religious bodies in these foreign countries.

The American Jewish Committee Year Book of 1949-1950 and the Jewish Statistical Bureau of the Synagogue Council of America supplied the 1951 World Almanac with figures indicating only 11,303,350 so-called "Jews" in the world in 1949 against their figure of 16,643,120 in 1939. They then said the approximate 6,000,000 discrepancy resulted from 6,000,000 so-called "Jews" allegedly put to death in furnaces and gas chambers by the Germans solely because these 6,000,000 men, women and children were so-called "Jews." The New York Times secret census of 1947 indicates there were more so-called "Jews" in the world in 1947 than before the advent of Adolph Hitler to power in Germany. This discrepancy should be reconciled to conform with the facts in fairness to the German nation still judged guilty of that delusion.

The leading religious organizations of so-called "Jews" successfully conducted a campaign to prohibit U.S.A. census-takers from asking the church affiliation of persons questioned in the census to be taken in 1960. That question will not be asked in the 1960 census as a result of opposition to it by so-called "Jews" who claimed that question in the 1960 census is a violation of a "separation of church and state" Constitutional guarantee. Religious leaders avered "it angered God to number the people" although a census was taken ten times in Old Testament history. The Christian 94% of the U.S.A. population offer no opposition in a census to questions about church affiliation.

The leading organizations of so-called "Jews" proudly proclaim two-thirds of so-called "Jews" in the world today are now in the U.S.A. Two-thirds of the New York Times 1947 minimum is 10,766,666. Two-thirds of New York Times 1947 maximum is 12,800,000. These figures are at considerable variance with the figure of 5,185,000 so-called "Jews" in the U.S.A. in 1949 issued by the American Jewish Committee Year Book of 1949-1950 and the Jewish Statistical Bureau of the Synagogue Council of America. The difference in these figures approximates the 6,000,000 so-called "Jews" allegedly put to death in furnaces and in gas chambers between 1939 and 1945 by the German nation.

The "big lie" technique of the unholyest hoax in all the recorded history of mankind brainwashed U.S.A. Christians to support Zionist aggression against Palestine as their "Christian duty" to avenge the 6,000,000 men, women and children allegedly put to death in furnaces and gas chambers by the Germans. The U.S.A. media of mass-communications brainwashed Christians that it was their "Christian duty" to aid and abet "repatriation" of these so-called "Jews" to their ancient "homeland" in Palestine where they would be safe and secure against similar treatment by Christians in Christian countries in Europe and elsewhere if "repatriated" to their "homeland" among Moslems.

In view of the foregoing facts the Arab nations do not appear unreasonable in asking that Palestine be returned to its 1,000,000 rightful Arab owners driven into exile by Zionist aggression. The 80,000,000 Arabs are determined that Palestine be restored to its status before the Zionist aggression. This Arab determination is supported by 400,000,000 other Moslems. Until and unless Palestine is restored to the Palestinians in possession of Palestine before the liquidation of Palestine by Zionist aggressors the peace of the world will remain in danger. The security of the U.S.A. will remain in danger until peace with justice returns to the Middle East. The present and future status of Palestine will prove the product of U.S.A. ignorance and indifference. It may also prove the price the U.S.A. may pay for hatching out World War III.

AMERICAS PRESENT PREDICAMENT

By Stanley MacDonald

It may seem strange to the people of America that a relatively small group of evil-minded men should be able to subvert a nation of so-called intelligent people and thus effectuate their virtual enslavement through their machinations from within, but nevertheless it is a well-known fact that from time to time across the years it has been done in various parts of the world, and, human nature being what it is, it would almost seem as though that very thing were being systematically accomplished right here in our own supposedly free and sophisticated United States.

MacDonald

One of the reasons for this lamentable state of affairs is, of course, that the great rank and file of humanity doesn't really stop to think. And, besides, we are so far removed from the days of the great American Revolution and the suffering and anguish of the six long arduous years of that heroic struggle, that we are inclined to take our precious freedom more or less for granted, and to accept the privileges we now enjoy as a result of that harrowing conflict - - at least what is left of them - - as though they were the natural concomitant of ordinary human experience - - just as though we had always had them and as though they would always remain.

But the fact is that we did not always have that freedom, nor, indeed, did it always exist; for up until the adoption of the American Constitution in 1789, government of, for, and by the people, in the form of a true republic and based upon a written documentation, was practically unknown to the world. And so jealous were colonies of the rights they had so recently won from the cruel and unreasoning avarice of England's tyrannical George the Third, they naturally saw to it that the Constitution they were about to adopt as the foundation of their future national existence, while clearly outlining the powers and duties of their proposed new government, at the same time clearly defined the limits of that authority and declared and guaranteed those rights.

And if to make assurance doubly sure, the first ten amendments to the Constitution, which were adopted and went into effect during the first term of Washington's administration and known as the Bill of Rights, were particularly designed to further declare and strengthen and expressly guarantee the rights reserved and retained by the States or by the people.

In other words, the Government of the United States, as originally set up and constituted, was strictly a limited government, whose several powers and duties were clearly detailed and defined. It provided for three separate but co-equal departments, namely, the legislative, the executive, and the judicial; that is to say, the legislative to make the laws, the executive to enforce

them, and the judicial to interpret them; each department being entirely independent of the other two, and with their several separate powers and duties clearly and specifically outlined. In fact nothing in that great document was left to the action of chance. It was a studied and precisely written guarantee of the people's rights and liberties, and a God-given guide to success.

Such was the state of affairs in the early days of the American Republic. And the nation grew and prospered as no other nation in the world has grown and prospered in the last six thousand years; that is, until we began to tamper with the immortal compilation that was designed to insure our freedom and guide us on our way. It was then that the trouble began.

And it was in 1913, during President Wilson's administration, that a number of these so-called reforms, or amendments, were put into effect. But whether they were really reforms or not, in the sense of being improvements to the then existing regulations, of course remains to be seen.

One of the first of these unhappy innovations was the change in the manner of the selection of our United States Senators. Originally, under Section 3 of Article 1 of the Constitution, the Senators of the United States were chosen, or elected, by the Legislatures of the several States, instead of by the direct vote of the people as they are at the present time. The reason for this original arrangement, it seems, was that the Senate was intended to comprise a somewhat more able and trustworthy body of men than the more numerous branch of the Congress, and it was thought that the legislatures of the several States would be able to select men of a higher mental caliber, of greater ability, broader learning and intelligence, and of a wider and more varied worldly experience than would be possible if the selection were left to the emotional tendencies of the people at large, - all of which would enable the Senate to act as a sort of check or balance to the more hasty

and unreasoning deliberation of the House.

But all this changed when the regulation under Section 1 of Article 17 of Amendments became the law of the land, which among other things, provided that the two Senators from each State should be elected by the people thereof instead of by the Legislatures as before, and which, in effect, simply converted the Senate into another, though smaller, House of Representatives; the only difference between the two branches of the Congress under this new arrangement being that the members of this smaller House are elected for a slightly longer term, are eligible for a slightly higher wage, and are designated by a higher sounding name. Otherwise, to all intent and purpose, they are the same.

And as the party system grew up in America, it became the practice of the different parties to hold their respective Conventions for the purpose of choosing or designating their several candidates - County Conventions for the purpose of nominating candidates for County offices, and State Conventions for the purpose of nominating those of the State. Very often, of course, the names of a number of party members would be placed in nomination for a given office, much the same as in our national conventions of today, but only one candidate would finally be named by either of the parties for any given office, thus avoiding the necessity and eliminating the expense of what we now know as our Primary Elections. In other words, the weeding out of the would-be candidates was done in the party conventions, and not left to bewilder the voters in the Primary, who, in many cases, have little or no chance of investigating the worthiness or unworthiness of the several candidates who might offer themselves for public office.

And as will readily be seen, it was quite impossible under the convention system for any Tom, Dick, or Harry whom nobody knew anything about but who wanted an easy job and happened to have a few dollars in his pocket to cover the filing fee, to become a candidate for any office he might seem to fancy; because, under that system, each such candidate was required to pass the searching scrutiny of the party organization, and that scrutiny, you may be sure, was not easy to pass, to say nothing of such aspiring candidate actually obtaining the nomination.

All this of course, left the way wide open for our newly admitted citizens from the Marxian dives of Europe to begin their infiltration and lay the political groundwork for their corrupting strategies of later years; for under the changes above referred to every political office in the land, outside of those of the President and Vice-President, was thrown wide open to their grasp. And since it is quite difficult, if not impossible, for the man who abides the Christian principles of fair play and the Marquis of Queensberry regulations to compete with the man who strikes below the belt, just so more and more well-meaning Americans were displaced in office and more and more pro-red sboges of foreign nations got hold

SUE THEM FOR LIBEL

"Before I left the party, Senator, the Communist Party — and this is something that everyone should know — agreed that after that period of 1945, with the cold war beginning, all concealed Communists should sue anyone who accused them of being Communists, sue them for libel."

As Alexander Trachtenberg, who made the report said: "This is not necessarily for the purpose of winning the libel suit, it is to bleed white anyone who dares to accuse anyone of being a communist, so that they will be shut up." And, as a matter of fact, that became the policy.

(quoted from testimony of Mr. Louis Francis Budenz, page 506, State Department Employee Loyalty Investigation, Subcommittee of the Committee on Foreign Relations, U.S. Senate, Eighty First Congress).

Stars And Stripes FOREVER

By Franklin Hichborn

Twenty years ago, a costly drive was made to scrap our National Anthem and substitute "God Bless America." Phonograph records appeared throughout the country with "The Star-Spangled Banner" on one side, and the "new anthem" on the other. The scheme was actually promoted in our schools. School children brought home fancy little banners containing the "new anthem." Such banners were displayed in restaurants, grocery stores, barber shops, etc. The "new anthem" was made the theme song of numerous fraternal societies and both 1940 National Conventions. At Candidate Willkie's notification exercises, both "anthems" were sung. Eventually, sound American common sense plus patriotism rejected the "new anthem."

An allied move was a nationwide propaganda drive to install in American minds that the flag of the United Nations holds higher place than the Stars and Stripes under which our independence was won and maintained. At tremendous cost, cloth was distributed to women throughout the country with instructions how to make United Nations' flags, just as Betsy Ross had fashioned the first Stars and Stripes. This attempt to make all American women United Nations' Betsy Rosses was received at first with amazement, which quickly turned to ridicule. Some women did make such flags, but not many. On the day scheduled for the new "Betsy Ross" productions to fly from every schoolhouse and public building, not one fluttered in my home town, Santa Clara. The same was largely true throughout the nation. But the Stars and Stripes appeared everywhere. Not even on the Fourth of July nor Decoration Day had Old Glory been universally displayed.

Allied with these two fizzed-out attempts to change America to minority liking, was the move to remove the crosses from the graves of our soldiers dead. There are reports that this was done in some places. But this, too, in the face of public opinion, fizzed out.

If our drafted sons must, because of foreign entanglements, against which George Washington warned us, participate in foreign wars, let them fight and die under America's only flag, the Stars and Stripes, and leave undisturbed above their graves the symbol of their faith -- The Cross.

WHAT A CONTRAST!

IN THE SOUTH, Tallahassee, Florida, four white boys, drunk, rape a negro girl. The Eastern newspapers feature the case with big headlines and pictures. Hotel lobbies in Tallahassee are crowded with reporters, photographers and TV cameras from all over the United States. The Anti-Defamation League and N.A.A.C.P. and A.D.A. are belching fire demanding the death penalty.

IN THE NORTH, Newark, N.J. eleven negroes in two cars grab a 16 year old girl off the street, take her to a parking lot where all eleven raped and beat her. The accompanying reproduction of the same article in Newark paper fails to even mention they are negroes.

The Monday before this occurrence, three negroes forced a 20 year old secretary into their car in Newark, drove seven miles to Kenilworth, raped her, chewed off one breast, chewed a shoulder and stomach and ruptured her. She is still in a mental institution.

NEWARK EVENING NEWS, SATURDAY, NOVEMBER 8, 1958

8 Held in Girl Attack

Three Others Sought in Assault on 16-Year-Old

Eight young men under arrest at Newark police headquarters today are charged with the rape of a 16-year-old girl early Sunday morning.

Inspector Edward J. Scanlon said all eight have confessed and that three other men are being sought for participating in the rape. The eight have been identified by the girl, Scanlon said.

His disclosure marked the second time this week that police have announced solutions to rape cases. Tuesday night, police said three men had confessed to the abduction and rape early Monday of a 20-year-old Newark secretary.

Called Most Brutal

The repeated rape of the 16-year-old girl was confirmed by an examination by Dr. Marcus Greifinger, who said the case was one of the most brutal in his experience. The girl also was struck by the men, police said, and one of them threatened her with a knife.

Such as this occurs every week in New Jersey and New York. The A.D.L. and N.A.A.C.P. have exerted such political pressure on newspapers and police departments that every effort is made to conceal the race of attackers.

THE PATRIOT

Since our Press is so completely censored by Jewish economic power to prevent us from realizing what they are doing to us, then it behooves us to read the private Pharisaic Press to learn what they are whispering behind our backs. The following are all direct quotes, often abbreviated:

Judaism rejected the founder of Christianity and even turned against Christianity itself. The California Jewish Voice, July 12, 1957.

Martin Luther, the founder of Protestantism, to his very last breath, demanded apostasy of all Jews, or their extermination. CJV, Sept. 6, 1957.

Officials of the Minnesota Centennial Commission are reconsidering retention of the cross in a proposed Centennial emblem, after a formal protest from the Minnesota Jewish Council. CJV, May 3, 1957.

Plans to post a generalized version of the Ten Commandments in schools of New Hyde Park, Long Island, were protested this week by the American Jewish Congress and the N.Y. Board of Rabbis. NJP, Feb. 8, 1957.

Washington, D.C. Rabbi attacks "Lord's Prayer" in schools. Lauds N.Y. Ban on Decalogue. NJPO, July 5, 1957.

The New Jersey Region of the American Congress, supported by the Rabbinical Council of N.J., urged the State Legislature to defeat a bill which would permit the saying of grace in the public schools. American Examiner, Sept. 26, 1957. (Kosher?)

The American Jewish Congress voiced its opposition this week to the inclusion of any question concerning religious affiliation or belief in the next U.S. census in 1960. CJV, June 28, 1957. (They do not want us to know the REAL whereabouts of the alleged "six million victims of the Nazis"?)

10 YEARS AGO. In an attempt to stop an alarming growth of marriages between Jewish DPs and German frauleins, a conference of Orthodox rabbis in Munich adopted a resolution by which EXTRA food rations were to be cut from DPs who went through with such marriages. NJPO, May 31, 1957. (EXTRA rations for Jews?! Religious tolerance?)

Israeli Women Beat Up Christian Wives of Jews. NJPO, Nov. 8, 1957 (Brotherhood? and Tolerance?)

The day may yet come when one State Department diplomat turns to another and says in Hebrew: "It's hard to be a non-Jew." CJV, May 10, 1957.

Out of this tension and unadjustedness, the dynamic of Jewish existence is engendered, for it is this tension that, humanly speaking, endows the Jew with the ferment of spiritual creativity and the power to fulfill his historical vocation of "giving the world no rest so long as the world has not God". NJPO, Mar. 29, 1957. (A prominent Jew once confided to one of us: "The Jewish people will be their OWN Messiah and will CREATE God." The Protocols of the Learned Elders of Zion declares that the Jews will give the goyim no peace until they accept the Jewish Sovereign Lord of all the World, the King-Despot of the blood of Zion.)

The Voice will never rest so long as there is any phony in power to stop the march of prophecy. CJV, July 19, 1957. (The prophecy?: "Thou shalt lend unto many nations, but thou shalt not borrow, and thou shalt reign over many nations, but they shall not reign over thee." Deut. 15:6).

PREDICAMENT

— (Continued from Page 1) —

of the political plums. Then, when Franklin Delano finally came to the throne in 1933 and by-passed the immigration laws, America really became the melting-pot of the world and the race to the left began.

The next piece of vicious legislation to be put through in the United States was that which went into effect under the Sixteenth Amendment to the Constitution providing for the Income Tax. Although this amendment as originally passed set no limit with respect to the ultimate of such a tax, yet it was generally understood that the amount of the tax would be relatively insignificant, and therefore no serious objection to the amendment, as commonly understood, was raised at the time of its proposal. Accordingly, when the law creating the tax was finally passed by the Congress, the maximum take on income of over \$3,000 for single persons, and on incomes of over \$4,000 for married persons, was fixed at one percent.

Of course no patriotic and well-meaning American would object to such a tax, since the actual purchasing power of \$3,000 in those days, before our creeping inflation began, was equal to considerable more than double that amount today, and one percent, under such circumstances, would be a very trifling tax to pay. But the trouble with this new arrangement was the failure of the amendment to set a limit to the amount of the tax that might ultimately be imposed under this rather innocent looking enactment, and, accordingly, the tax on incomes, both individual and corporate, has been gradually increased by our army of left-wing spenders to almost total confiscation in many instances as Government's tax enthusiasts have uncovered new and undreamed-of ways and pretexts for getting rid of the people's money, all in the interest of breaking the Nation's economy and in direct violation of the Constitution and the inherent rights of the people.

But, you ask, where otherwise would the Government get the money to pay its normal operating expenses? To pay this we reply that Section 8 of Article 1 of the Constitution provides ample ways to meet the Government's legitimate expenses aside from the Income Tax. And we say, further, that the moneys raised by the Government under this provision of the Constitution were sufficient to cover all its legitimate requirements for the first 125 years of its existence and, except for a small temporary enactment, carry it through our long and devastating fratricidal conflict, besides several minor wars, and would suffice for its every legitimate need today, but for the fact that the Government, through the action of its special destructionists, has deliberately thrown away the major part of its available revenue under this provision of the Constitution, through its policy of free and unrestricted trade with foreign nations, thereby not only losing its legitimate income from those sources, but at the same time putting many of its own enterprises out of business because of their inability to absorb the tremendous cost-differential due to the great disparity that exists between the wages paid in foreign nations and those that are paid in our own.

But perhaps the greatest of the evils that have befallen the American nation since the beginning for our national existence, was the passage of the Federal Reserve Act in 1913, also during President Wilson's Administration. And just how a man of Mr. Wilson's greater learning and ability, and his apparent high regard for the welfare of the American people, could have fallen for this gigantic steal, is one of the things the writer has never been able to figure out, unless, as has been suggested, it was the terrible price he was required to pay for the sinister influence that placed his name in nomination in the following national convention and assured his victory in the 1912 campaign — just one more example of the

depth to which a man's vaulting ambition will sometimes lead him.

In this connection we again call attention to Section 8 of Article 1 of the Constitution, wherein it is plainly stated that "Congress shall have power to coin money, regulate the value thereof, and of foreign coin, and fix the standard of weights and measures." This, in a sense, is a mandatory requirement. In other words, it is a duty that the Constitution lays upon the Congress, and upon Congress alone — a duty that cannot be shirked or evaded, that cannot be assigned or delegated, and that Congress, under the plain wording of the Constitution, must in very truth, perform. Nevertheless, under the terms of the Federal Reserve Act of 1913, as we have just recounted, this sacred duty of the Congress was wantonly delegated to a private corporation, one of the early advocates of which is reputed to have said, "Give me control of the money of a nation and I will care not who makes its laws." And so, since that fateful year back in Wilson's Administration, the American nation has been held in the clutches of the vilest money hierarchy the world has ever known, putting the United States Government in debt to the tune of nearly 300 billion dollars on its borrowed capital alone, and at a cost of approximately eight and a half billion dollars a year in interest at the present time.

One other thing that the Government is at present doing, in gross violation of the Constitution, is engaging in divers kinds of commercial activity in direct competition with private enterprise — the real backbone of American prosperity and success. The fact is that no provision of the Constitution gives the Government the faintest glimmer of a right to do this; but nevertheless scores and even hundreds of such illegal institutions have been set up in recent years at the expense of the Government, with practically all of them operating at a loss, -- all of which, in the opinion of this writer, is just another means of gradually putting our private enterprise out of business in the interest of the Communist State, -- the Government, in this particular instance, being to all intent and purposes a traitor to the American people and a block to its own existence -- the means of its own destruction.

Finally, we would like to say a word or two about the United Nations -- that cancerous implantation in glass in the City of New York. And without mincing our expressions in any degree, we will volunteer the assertion that perhaps no more venal and insidious act was ever perpetrated in the 170 year history of the United States than the bringing of that infamous organization -- that spawning-ground of Communism -- to the shores of North America. It was promoted by Marxists, paid for by the USA, and purposely designed to commit the final act of our national liquidation. Through it we bring the enemy directly to our shores to peddle his poisonous nostrums and work our spoliation, and we virtually pay him while he is doing it. All in all, we sincerely trust that one of these fine days, before it is too late, the American people will come to their senses -- will rise in their righteous indignation and throw the said United Nations out of the United States.

Of course there are many other things that are wrong with America today. We cannot mention them all, but we would like to call attention to the giving of all the gratuitous hand-outs to the so-called backward nations, which, up to the present time, have run into many billions; all such gifts being in direct violation of our fundamental law, for nowhere in the whole extent of the Constitution is there the faintest hint that the President or the Congress has the authority to play the part of a grandiose Santa Claus to the entire world or become its paternal guardian.

On the whole, and taking everything into consideration, it is quite apparent that if the United States had minded its own business

and manifested just one half the interest in its own affairs that it has in the affairs of other nations, we would not now be involved in the ugly situation that we are today. And if the billions of dollars we have wantonly and unlawfully scattered across the world in recent years, to no really beneficial purpose to ourselves or to the nations we thus presumed to help or foster, had been expended in the interest of America and Americans here at home, our inherent strength and stability would be such that not all the nations in the world combined would dare attack us. In other words, had we but obeyed the homely but sage advice of the beloved father of our country to beware of foreign entanglements, we would not now be involved in ruinous debt and facing an insurmountable foe we fought a costly war to sustain; but, instead, our dollar would be worth a hundred cents, our national defense would be adequate to all our needs, our supply of gold would be sufficient to sustain our currency in any crisis, and a swarm of alien revolutionists would not now be roaming at will across the country in defiance of our laws; our nation would be looked up to by other nations, our counsel in the world would be in favor, our flag would be respected, no nation would intrude upon our rights, and no nation in the world would dare molest our citizens rightfully abroad in foreign lands. Marxist intellectuals have swarmed in, promoting new laws to socialize and communize us.

— o —

IT'S UP TO YOU

Our ability to promote this patriotic program depends on cooperation by our friends. Those who are actively directing this movement have severed themselves from business years ago, hence they cannot make money to put into the crusade. We have no regrets -- someone must devote full time to exposing the plotters. Fate put us in this spot and we have dedicated ourselves to the task as long as God gives us strength.

We are not interested in being martyrs. Our objective is to reach sufficient people with facts their newspapers dare not print so as to create intelligent sentiment and turn the Marxist trend which is sweeping us to a precipice.

Our operation is gauged by the funds we receive. We cannot be subsidized by advertising like dozens of propaganda publications such as LOOK and LIFE. But for that advertising they would close down.

We do not have the heart to write you a begging letter each week threatening to stop the presses and fold-up. We do not spend money and valuable time making a big splash to raise hysteria among our friends. We go ahead steady month after month carrying out an effective campaign opening the eyes of more people. No anti-Communist publication reaches half the people reached by COMMON SENSE. The amount of samples we send out, the amount of research we do, the help we give to active patriots depends on the funds we have to work with.

The Christian Educational Association is managed by persons with business background. We make every dollar work. We do not think of ourselves first, the fight last. We are so grateful to the loyal friends who have made it possible for us to reach the many thousands we have, but this must only be a start. We will continue to do our work and hope good Americans will understand the importance of our work and send us every dollar they can spare, and as often as they can, without bringing a hardship to them. This is a fight -- it won't be brushed off. It won't end until patriots thoroughly discredit and thoroughly defeat the anti-Christian intellectual eggheads who are the germs of the world conspiracy. It hurts us when we cannot complete important projects for want of funds.

Stand with us -- we are giving all we have.

THE BLACK (RED) SHEEP OF THE JEWISH FLOCK

by our Asian correspondent.

Since the total collapse of the so-called "Cosmopolitan- Jewish — TIME'S expression, not ours — brand of communism in the Soviet Union, International Jewry strives to prove by all possible means that only a few "black sheep" of their flock were associated with communism. We are now positively assured, that the Jewish masses, and their elite especially, are not only innocent of this crime, but were always in opposition to communism. They would have us forget they are responsible for communism in the world.

Unfortunately enough even the men of such caliber as Mr. E. Hoover are caught by the fast-rotating wheels of the Jewish propaganda machine — now rotating in reverse, so-to-speak—and are ready to support their blatant lies.

Hundreds and hundreds of pages could be filled with documents and testimonies which could prove the closest, most intimate connections which existed formerly between International Jewry and the Soviet Communism. In fact it is absolutely certain that communism itself would perish long ago if it would not have the most powerful Jewish support all over the world. In this short article we can mention only a few fundamental facts, but, we believe, they will provide more than sufficient evidence of the Jewish guilt.

To begin with, let us establish WHEN and WHY the Cosmopolitan-Jewish clique which ruled over the Soviet Union through the MVD forces came to its end. The last victorious war gave a tremendous impulse to the resurrection of what Mr. Deutscher calls the "Great Russian Chauvinism," or, in plain language, of Russian nationalism. In 1948-49 the "Cosmopolitans" managed to suppress in part this dangerous movement, and during the famous "Leningrad Trials" liquidated many a "Chauvinist". Mr. Khokhlov in his interview with the U.S. News and World Report people, published by that magazine on January 21, 1955, p. 46 & 47, gives the full details of that story. In July of 1953 the traditionally nationalistic Army destroyed the citadel of the "Cosmopolitans" — the MVD apparatus—and killed their leader **Benia**, a Georgian half-Jew, who was a cousin of **Lazar Kaganovitch** and his sister **Rosa**, **Stalin's** mistress. In the summer of 1957 the "Cosmopolitans" made an attempt to restore their position, but failed and were banished to the remote places of the Soviet Union. Apparently with their eclipse disappeared the last hope of International Jewry to control the affairs of the USSR and to have its support for Israel. Mr. Ben Gurion expressed succinctly this terrible disappointment when speaking before the Zionist General Council he said, and we quote: "While in the early stages of statehood Israel enjoyed the moral support of Russia and the material help of Czechoslovakia, to our GREAT SHOCK and regret both countries have without justification turned into Israel's biggest enemies." (UP, July 18, 57).

It must be noted that the support of

Israel by the Soviet Union coincides with the victory of the "Cosmopolitans" over the "Chauvinists" which happened in 1948 - 1949, — a most irrefutable proof of the connection which then existed between the Soviet leaders and International Jewry.

We believe Mr. Hoover would not be so easily duped by American Jewry if he would have a chance to read the book "The Last Days of the Romanovs" written not by a Russian "Blackguardist" but by a Briton, **Robert Wilton**, correspondent of the TIMES. Mr. Hoover would then understand better the source and origin of the October Revolution in Russia. But the Jews took good care to destroy most of the copies of this remarkable book, and it is doubtful Mr. Hoover even knows about its existence. But everybody in the States can get the book of Mr. E. Stevens, "This Is Russia" which got the Pulitzer Prize, and, ipso facto, is absolved from any "Anti-Semitic" tint. On page 172 of this book, (Eton's edition), it is stated, and we quote: "Before the war there was little or no 'Jewish Problem' in the Soviet Union. The Communist Party actively combated anti-Semitism and admitted Jews to the positions of TRUST and AUTHORITY". And - "The Jews as a GROUP were grateful for the equality accorded them, and were among the STANDEST SUPPORTERS OF THE SOVIET REGIME."

Mr. Stevens lived in the Soviet Union long enough. He knows it quite well. He is not an "Anti-Semite." But he openly declares, that not only the individuals of Jewish origin support the Soviet regime, but the whole Jewish group. Mr. Stevens omitted only to tell his readers that the punishment meted on those who dared to show the slightest disrespect toward the Jewish Masters was FIVE YEARS of forced labor, and the "positions of trust and authority" were mostly in the MVD ranks,—see the same Khokhlov's interview. In chapter XX of his book Mr. Stevens explains how the Jews lost ground in the Soviet Union during and after the 2nd World War.

How the Jews behaved themselves in the Satellites and their relations there to communism can be found in the article of **Claire Sterling**, "Anti-Semitism In The Satellites" published by THE REPORTER on April 14, 1953. We strongly recommend this article to those who until now do not grasp fully the real meaning of the anti-communist uprising in Hungary in October - November of 1956. The REPORTER is edited by a Jew of Italian origin, **Max Ascoli**. His wife **Marion**, who allegedly supports this magazine financially, was **Mrs. Stern**. **Stern** himself, a rich Jewish banker, was a member of the communist spy ring which had many Jewish

Ralph Bunche COMMUNIST OR AGITATOR? NAACP PLOT

Ralph Bunche

New York City politicians, Jewish organizations, and reds in general became excited when **Ralph Bunche**, one of top men in the U.N. and NAACP, reported that he and his son were refused membership in the fashionable **West Side Tennis Club**, **Forest Hills, L.I.**, by its **President, Wilfred Burglund**, who stated they did not accept Jews and Negroes as members. Immediately Jewish and NAACP pressure was brought on the city of New York (which is run by so-called "Jews"), and every available agency bore down on the directors to demand, the resignation of Mr. Burglund who had been a member of the Board for 30 years.

The Board of Governors, which plays host to the National Tennis Championship each year, was reminded that their policy had been to admit no Jews or Negroes, but they succumbed to the Jewish, Negro political pressure. After Mr. Burglund's resignation, and the Board had stated they would give "prompt and courteous attention" to application by Bunche and his son, the NAACP plot was disclosed. Bunche said, "I am too old for tennis." Bunche stated with reference to his 15 year old son, "I'll take it up with him when he comes home from school in six weeks". But the N.Y. Journal American, July 17th., quotes **K. Kaplan** as reporting to the NAACP Convention now in session in New York, that Bunche's son has just taken a \$500 life membership in NAACP. This Kaplan (so-called "Jew") is life membership Chairman and **Arthur Spingarn** another so-called "Jew" is Presi-

GOD BLESS THIS FEARLESS MAN - BRILLIANT LEADER AND AMERICAN PATRIOT

The Late Manning Johnson

Manning Johnson, former communist who testified before the House Un-American Activities Committee and other Congressional committees, author of the book **COLOR, COMMUNISM AND COMMON SENSE** (price \$1.00), suffered minor injuries in an accident near Lakeville, Calif. about July 3rd while riding with another man. He was taken to a hospital in Los Angeles where he died two days later under mysterious circumstances. An autopsy was performed without his wife's permission. He was consultant to the House Un-American Activities Committee since 1940 when he left the Communist Party. He was the main accuser of Ralph Bunche as being a communist while both were in the Party. In view of Johnson's record as a top negro anti-communist and accuser of the NAACP, a doubt arises as to the real cause of his death. It is strange no account of this appeared in the daily press. Would the papers react the same if this had been Ralph Bunche?

Common Sense published an expose of the NAACP by Manning Johnson last Jan. Issue No. 314. A limited supply is still available. Sample copy for the asking.

Those who would like a more complete description of Bunche's red record may have for 25¢ — ask for brochure on Bunche.

TAXPAYERS HIJACKED BY FOREIGN AID

The following letter was sent to the **NASHVILLE BANNER** by James Pike, Murfreesboro, Tenn.

I have read a lot about the race riots in England but I haven't read anywhere what is causing 1,000 Negroes a week to go to England to live. I know and I hope you will print it so the people of Tennessee and the nation will know.

When a Negro goes to England from any of England's possessions, he gets 6 pounds a week for one year tax free. Even though he gets a job the day after he gets to England, he still gets the 6 pounds for one year, tax free. "6 pounds has the buying power of about \$25 a week." Lots of them save enough to go back where they came from and come right back and they get the 6 pounds a week for another year. There is no end to it.

When they marry an Englishwoman, they have priority over an Englishman, in getting a house or a place to live.

The U.S. Government has let England have over fourteen billion dollars since World War II. Without this money, England would be unable to pay for this migration. So the U.S.A. is actually paying the upkeep of these Negro immigrants.

I object to my taxes being spent this way.

RALPH BUNCHE

—o— (Continued from Page 1) —o—

dent of the NAACP.

There you have it. Bunche was only one week older than when he applied for membership and his son was away in school in Connecticut. The NAACP carefully set this up to spread more confusion and ill will just as stated in the **Protocols** which the Jews say are a forgery. This is similar to the deal at Alabama University and Little Rock and the fake bombing of the synagogue in Atlanta. Mr. Burglund would have been on safer grounds if he had refused Bunche on the grounds that he was a red who is strongly suspected of being a communist.

Two former Negro communists under oath before a Government Committee, labeled Bunche as a communist. These two were Manning Johnson and Leonard Patterson.

Manning Johnson, who testified against Ralph Bunche in a loyalty hearing in 1954, swore, according to the **Alsop Brothers**, (Herald Tribune, July 2, '54) "that another communist, James Ford, said in New York that Bunche was a 'comrade' who would be 'useful' Ford introduced Bunche to him with the phrase, 'Comrade Bunche, meet Comrade Johnson . . . Johnson asserted . . . the same James Ford again described Bunche as an 'undercover' member of the party . . ." James Ford was the leading Negro member of the Central Committee for the Communist Party of the U.S. and had been candidate for President on the communist ticket.

Bunche in his denial reminds us of Anna Rosenberg when Ralph De Sola, a former communist, looked her straight in the eye and told her she had attended several meetings with him. This was before the Armed Service Committee while both were under oath. So-called "Jews" all over the U.S. brought such pressure on Washington, Anna was confirmed as Assistant Secretary of Defense in spite of her red record. After she had supervised the hiring of over a million persons. Senator McCarthy was destroyed because he insisted on exposing the communists in the Defense Department and other departments where she placed these employees.

Another similar case: Whitaker Chambers and Alger Hiss were brought face to face under oath by a Congressional Committee. While communist spies they had roomed and worked together for years.

Alger Hiss refused to admit he knew Chambers, a former communist, who identified Hiss. Hiss asked Chambers to open his mouth so he could see his teeth, then again said he never met Chambers.

Dean Acheson, then Secretary of State, said, "I won't turn my back on Alger Hiss." Dean Acheson has not yet been nailed as a communist, although he has represented communist countries in bilking the U.S. of large sums.

When Bunche joined the U.N. he gave Alger Hiss as reference. Bunche sponsored Jack S. Harris for a responsible job with the U.N. Harris had been refused the job with the State Department on the grounds he was a communist. Harris was fired from the U.N. because he took the 5th Amendment.

The N.Y. Jews maneuvered Bunche into the position vacated by Count Bernadotte when he was murdered by the Zionist Jews in Palestine. The red record of Bunche would require three full issues of **Common Sense**.

Bunche's communist front citations are as follows:

WE CALL A SPADE A SPADE;
MOST PEOPLE THINK IT
WHY NOT SAY IT?
WE WILL NEVER SAVE OUR
COUNTRY UNLESS WE DO.

Who Dares Dispute These Facts

Are we in a mess! Anyone who has given any time to understand the important things in life realize practically all countries are living in fear, confusion and distrust. The United States, which has been regarded as safe and powerful, is now debating whether it should soon sign a complete surrender to communism or prepare to fight a hydrogen war which we are told will end all civilization. How did this come about?

The New York News June 20, 1959 quotes Congressman Hollifield as stating the Soviets with 500 submarines could reach six out of every 10 people in the U.S. with atomic missiles fired from the Atlantic, Gulf and Pacific coast.

After Germany's surrender the Jewish directed U.S. turned Germany's submarine pens with their trained men over to the Soviet Union.

The spies who stole our atomic secrets for Communist Russia were Jews.

A good percentage of our people are not aware of this situation and will not be aware or understand when the crisis arrives. They say it cannot happen here. The important matters for them are a later model TV, trading in last year's car, shorter hours, more pay and brotherhood.

Newspapers, magazines and TV give us slanted news dished out by pressure groups who are interested in brainwashing us for their own objectives. From the TV we hear that 2 1/2 million in West Berlin are 110 miles behind the communist lines, completely surrounded by Soviet troops, and unless we withdraw our troops and allow the Godless gangsters to take these German people completely into communism, there is going to be a hydrogen war.

There is too much for any mind to grasp. Who put us into this position? Certainly it is well for us to be concerned about these 2 1/2 million Germans, but when did this

change come about in the minds of the egg-heads who have been running our government since 1932? Only a few years back, we were handing over to bloody Stalin millions of Polish, Hungarian, Czechoslovakian, East Germans and Manchuria people. Our State Department pushed China into communism. We hear much talk now about the frightening position we are in. No publication mentions how we got into this mess. Germany was the only country that had the "know how" and ability to keep peace in Europe. When a group of patriots in the America First Movement were holding meetings working to keep us out of this foreign war, swarms of Marxist Jews who had placed Roosevelt in Washington were breaking up these meetings and screaming for war. Germany had to be crushed. Millions were spent to make us believe black was white. This was war for the four freedoms. We were taxed and the debt placed on the taxpayers who are now paying 8 1/2 billion dollars in interest alone. It is mainly the same group that was screaming for war that is now collecting this interest.

Millions died; All of our veteran hospitals are full; Germany is crushed; the British Empire has disintegrated and we are still supporting England and France and continue to pour billions of dollars down every rat hole we can find in foreign countries. We won the war or did we?

We gave the Soviet Union 11 billion Lend Lease and virtually turned over Europe to communism. Millions of innocent people asleep in their beds awoke to find that they had been turned over to communism by our Jewish-controlled government. Now we are presented with the choice of turning 2 1/2 million more over to communism or being disintegrated by hydrogen bombs. The same gang who put us in this mess tells us the only way we can escape is to accept slavery under world government (communism).

To console our gullible people, we are told we have 50 allies. The fact is the U.S. has 17 divisions in Europe; the Soviets 175 divisions. Our people can be expected to continue gullible for they have been deceived by this same group time after time since 1932. Is it reasonable to expect any of those countries in Europe to defend us in a hydrogen war? They won't commit suicide. England is only 30 minutes away from the Soviet Union. France has withdrawn her Navy from NATO forces and practically all her armed forces are in Algeria. Our taxpayers have been paying for their defense.

Are the West Germans ready to commit suicide after just rebuilding from the rubble caused by our bombers? Dresden, a non-military city, was visited by as many as 2100 bombers a day. The American Jewish Congress' book UNITY IN DISPERSION boast they pin-pointed our bombings. Can we ask Germany, which we have disarmed, to fight a terrible power that we have built up when the Germans know they were in the process of wiping out communism and would have done so had we stayed out of the war.

Isn't it time we stop and learn who got us into this frightening position? These same master minds are still in charge of our national affairs.

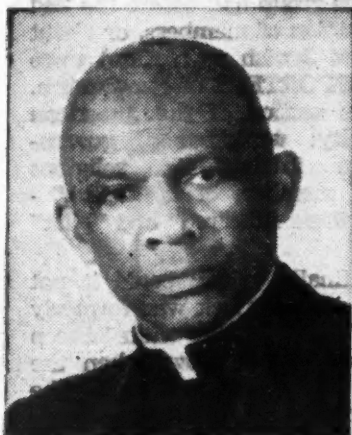

Hate and confusion have been increasing in the U.S. in proportion to the mass of immigration by European so-called "Jews" during the last 25 years.

Jewish publications try to convince gullible America there are only 5 1/2 million Jews in the U.S., while informed people place the number around 13 million and they are pressuring Congress to open wide the immigration gates. Their pressure is changing our laws and customs, stirring up more hatred than since the Civil War. We are being Judaized, communized.

GEN. GEORGE STRATEMEYER'S 14 COMMANDMENTS FOR AMERICA TODAY

General George Stratemeyer

1. Don't surrender one more inch of ground to Chinese Communists.
2. Don't let one American ground soldier die in preventing Red China from taking any of Chiang Kai-shek's territory.
3. Equip, feed and arm President Syngman Rhee's forces and Generalissimo Chiang's forces and encourage turning them loose.
4. Organize an American Foreign Legion of all people in the Far East, who want to fight communism, just as the Soviet does in China and Germany to fight the West.
5. Stop all appeasement of Communism.
6. Let Great Britain give Communist China Hong Kong if they are so anxious to give other people's real estate away.
7. Lets get our prisoners out of Red China dungeons, even if we have to fight for them.
8. The same people who sold China and European Soviet satellites down the river should not be advising the present American administration.
9. Let's get rid of fear — repeat fear — and practice "in God We Trust" with fight in it.
10. "In God We Trust," should be our cry from the housetops by all veterans, American Legion members, Veterans of Foreign Wars, etc and all Americans with guns.
11. I agree with General Chennault that Communist China is a paper tiger of bluff and bluff. Let us stop bluffing and call Red China's bluff.
12. Withdraw recognition of the Soviet Union and all her satellites and kick them out of the U.S.A.
13. We should reserve our real power for the real enemy, the Soviet, and not fritter it away on Korean-type actions.
14. Every American citizen should vote in local, congressional and presidential elections.

THE BLACK (RED) SHEEP

members such as: Abel, Alam, Sobel, etc. To tell consequently that this magazine is "Anti-Semitic" would be somewhat difficult.

We quote a few lines from this revealing article: "Jews filled the regime's most exposed positions in the Bezpieka, or secret police - a factor that helped to revive the classic Polish anti-Semitism; Three Jews still DOMINATE the Polish Communist apparatus - Jacob Berman Hilary Minc and Roman Zambrowski." In Czechoslovakia, as Miss Sterling says, eight of eleven who were hanged in the Slansky case were Jewish. "The Hungarian Government is entirely run by men of Jewish descent. Gabor Peters, (Jew), heads the AVH or secret police. SEVENTY PERCENT of Peter's staff is - or was - Jewish." Miss Sterling explains, that this most conspicuous role played by the Jews in the communistic regimes of the Satellites helped to revive the most violent anti-Jewish sentiments, — the same by the way, took place in the Soviet Union, as can be seen from the book of Margolin, a Jew himself, "Voyage to Ze-Ka Land."

The question arises: why are the Jews so much hated in the communist-dominated countries? Is it because "a few Jews" got somehow mixed up with the communistic regimes? Most certainly NOT! They are hated because, as Mr. Stevens said, they supported communism as a GROUP, and this group produced the most active, ruthless and bloodthirsty members of the Communist Party, known and hated by everybody, including the non-Jewish communists themselves.

Assuming that Mr. Hoover, while busily fighting the American subversive elements, somehow overlooked WHO formed the backbone of the foreign communist parties, but most assuredly, he could not miss the activities of the "Fur & Leather International of N.Y." - the most violently communistic Labor Union of the United States; by a strange coincidence this outfit is about 100% Jewish. Its members, Gold and Potash, were the founding fathers of the ACP. In the former days this Union contributed \$17,000 per week to the Communist Party coffers.—a very tidy sum, indeed!

Mr. Hoover, no doubt, still remembers the terrific reaction of World Jewry to the Rosenbergs' case, and knows the fact, that this Jewish couple adhered to the religion of Judaism until the last breath and were buried with full Jewish rites. Quite a few rabbis such, for instance, as Cohn, Kozlov, Cronbach - who officiated at the funeral rites - and many others were on the side of those communist agents and gave them their moral support. The Rosenbergs' trial was a most obvious demonstration of the fact, that the Jews "en mass" supported communism at that time, and only a few "white sheep" in their midst were against it.

Only recently TIME stated (June 30, '58) that the House Un-American Activities Committee "flushed a covey of birds" — all of the same Jewish feather — Messrs. Dubin, Papp, Proctor and Lazar, who were engaged in communist activities among the American intellectuals. On March 30, 1957 the Senate Internal Security Subcommittee reported that Harry Dexter White and his Jewish "lieutenants" Coe, Adler and Friedman "brought the economic destruction of Nationalist China by holding back the gold shipments and THUS PAVED THE WAY TO COMMUNIST INVASION." This case of a group of Jews working for the American Government Mr. Hoover most certainly could not forget; he himself took a very active part in revealing the sinister machinations of the Morgenthau's protege, White, alias Weiss, a Jew of Russian origin.

Not without interest — and it should be remembered here — is the candid declaration of Mr. Baruch that all Soviet Governments since the days of Lenin looked for Mr. Baruch's advice, which clearly shows

that Mr. Baruch, the permanent adviser to the American Presidents, was far from being unfriendly with the Soviet communist regime, because it is self-evident that nobody would ask a foe for advice.

Mr. Ben Gurion himself, this embodiment of the Jewish virtues and a living symbol of Judaism was, shall we say, very friendly with Stalin, and on the occasion of Stalin's 70th birthday sent him such a foul-smelling cable of congratulation, that even the pro-Jewish TIME (Sept. 30, 1957) said that this cable "remains one of the least attractive pages in Israel's diplomacy." We may add, in parenthesis, that this diplomacy, in general, has very few pages which could be called "attractive." It is worth noting that the Israeli farm system, the "kibbutz", of which Mr. Ben Gurion is so proud, is entirely "communistic" and modeled after the Soviet "kolkhoz." Who would dare to call Messrs. Baruch and Ben Gurion the "black sheep" of the Jewish people?

The attitude of many Jewish political writers to Red China is also quite significant; they do not advocate a fight with Chinese communism. Far from it; they insist that Red China shall be recognized by the U.S. and admitted to the U.N. with a hope that, eventually, she may be turned away from the Soviet Union and may join the "Cosmopolitan" (Jewish) brand of communism, the seeds of which were planted in China by Mr. Borodin, ne Moses Grusenbergs. To name only a few of those Jews who advocate this idea: Seligman, Gruson, Pfeffer, Dallin, Levitas, Warburg, Kestenbaum, Stein, etc. Can, honestly speaking, those "sheep" be called "white?" Are they not rather of a deep pink shade?

Mr. Theodore Streibert left no room for any doubt about the Jewish attitude toward communism when, being at that time the director of Voice of America (VOA), he openly declared: "America is NOT fighting the INTERNATIONAL (Cosmopolitan) communism; WE (who?) are fighting the Russian Imperialism." Compare this revealing declaration of a man who spoke allegedly, on behalf of America, with that of Ben Gurion, the speaker for Israel: BOTH don't say that they fight communism as such; but BOTH name RUSSIA as the true enemy. We have seen the unbiased testimony of Mr. Stevens who tells that the Soviet Jews as a GROUP (this group had before the 2nd WW at least 4 million of members, or about 25% of the World Jewish population) were the STANCH SUPPORTERS of communism. We took a cross section of the American Jewish community: workingmen, government employees intellectuals, religious leaders, bankers, members of the "elite," — and found all of them full "red" and "pink" sheep.

The question finally arises: could it not happen that the whole "flock was formerly "red" and "pink" with a few "white" sheep imbedded here and there? Now, when the "Cosmopolitans" lost their ground in the Soviet Union, those scarce "white" sheep are skilfully used as a proof that the whole flock was always "white," — but only very naive persons can be caught by such a primitive trick.

The indisputable fact remains Judaism and Soviet Communism were closely connected before and during the 2nd WW, and those ties were NOT cut by the Jews themselves, but by the "Great Russian Chauvinist" who during the post-war period either destroyed or exiled many Jewish and pro-Jewish communists both in the Soviet Union and in the Satellites.

This simple TRUTH shall be understood and remembered by EVERYBODY, because it is the KEY to the most political problems of our turbulent times.

FIVE CENTS

Just a minute,

Mr. Congressman, before YOU vote our money and our jobs away

Within the next few weeks Congress must decide whether to continue the foreign aid program. The White House and the bureaucrats on the payroll of the State Department want it continued indefinitely.

They say it is good for us: they say that it prevents war, that it helps business and that it stops the spread of communism.

We say that it is bad for us: it cannot prevent war, it hurts business and it has completely failed to stop the spread of communism.

Mr. Congressman, YOU must side either with the bureaucrats or with the people back home who do all the work, who pay all the taxes and who cast the votes.

It may help if we give you just ONE specific example to show the fallacy, the failure and the injustice of the program...

1. The government in Washington, through its confiscatory income tax, seizes about one-third of the earnings of the American people.

2. The government in Washington uses this money to acquire most of the American cotton crop.

3. The government in Washington then sells this cotton to foreigners at several cents per pound less than American manufacturers can buy it back from their own government.

4. The government in Washington then permits foreign mills, paying but a fraction of American wages, to sell their products here at prices below the American cost of production. This unfair competition causes American mills to run short time or to close down.

Mr. Congressman, how does it help American factory employees to be put out of work?

How do these idled factories help American investors?

How does this transfer of jobs and payrolls to foreign lands help the storekeepers of America?

Then on top of all this, you have given the State Department bureaucrats the power to use our tax money to build new factories in "under-developed" lands to compete with us even further.

Read for yourself in the words of Nathaniel Rafler, a bureaucrat on the payroll of the State Department's International Cooperation Administration, how this bit of double-cross works:

"Confirming my comments of this morning, I wish to reiterate the International Cooperation Administration is prepared to render many forms of assistance to any one or more of your members who may be interested in establishing textile plants in Indonesia.

"International Cooperation Administration would be prepared to make loans from its New Development Fund. We would also be prepared to insure such investments against the political risks of expropriation, incon-

vertibility of currency, and war damage.

"Furthermore, we would furnish technical assistance by financing on-the-job training in Indonesia, or training here in America for Indonesians, in technical and managerial skill.

"We also might be able to finance the installation of public facilities such as power, transportation, etc., if not otherwise available."

For Heaven's sake, Mr. Congressman, did we send YOU to Washington to vote our jobs and our money away in this absurd attempt to reform and uplift the human race all over the world?

How can it stop other countries from going communist if Congress continues to vote America into bankruptcy, self-destruction and bureaucratic enslavement?

Since the end of the war, 72 billion tax dollars have been given away in all parts of the globe by an army of bureaucrats now numbering over 12,000.

From foreign-owned factories built with our gift dollars now comes a flood of manufactured articles that displace our goods, not only abroad, but here at home. For the first time since 1865 England sells us more than she buys from us. Day by day this displacement of our goods threatens American jobs and payrolls with contraction or extinction in the following industries, besides textiles:

Iron and steel mill products, Copper, Lumber and lumber manufacturers, Pulp and paper products, Fertilizer, Machinery and equipment, Cement and

U.S. TAXPAYERS "GOATS"

By Franklin Hichborn

The enormous cost to American taxpayers of aliens in our jails, mental hospitals, and on relief, has been brought to the attention of the public by the decision of Judge Henry Silverman of New York (see California vs. Samuel Renel) that the guarantees that such aliens shall not become public charges constitute a moral, not a legal, obligation and as such are not collectible. The form of the guarantee was drawn by our Federal State Department. California contended that it constituted a legal binding contract. The decision frees sponsors of nearly 6,000,000 "refugees" from their obligation to meet the cost of care of "refugees" who may become public charges.

So much is at stake (report has it, \$750,000 a year in California for care of refugees in mental hospitals alone) that appeal will probably be taken from Judge Silverman's far-reaching decision. With unprecedented taxes on all political levels failing to meet public requirements, resulting in Federal debt limit being increased and states, counties, cities and districts forced to issue interest-bearing bonds, voters have become increasingly sensitive to avoidable expenditures.

Increasing unemployment has also brought the "refugee" situation squarely before the public. The well-financed move to compel the present Congress further to "liberalize" the McCarran-Walter Code is also causing concern. If the minority succeeds, as it did last year, in bringing in more "refugees" under its "liberalization" scheme, every refugee given a job will displace an American worker. Those not given jobs will eventually land in jail, mental hospital or on relief roll at added cost to American taxpayers.

This, as Columnist E. F. Tompkins well put it in a fact-packed article published from coast to coast, would play important part to "alienize America instead of Americanizing aliens."

PROFESSOR OPPOSES COMMUNISM - RACEMIXING DISMISSED FOR PATRIOTISM

Dr. Earle LeBaron

Dr. Earle LeBaron, assistant professor of history, political science, and philosophy at East Carolina College, Greenville, N.C., declared today that he was dismissed from the faculty by President John Messick for "opposing communism and race mixing."

Dr. LeBaron further declared: "Ohio State University, New York University, Dickinson College and other American educational institutions dismissed faculty members for being communists or fellow-travelers. It remains the unique distinction of East Carolina College to dismiss a faculty member for opposing communism and race-mixing, and for defending free enterprise and the American and Southern way of life. This is astonishingly strange in a Southern state educational institution."

The college professor then displayed two letters from President John Messick of East Carolina College. The first, dated January 16, 1958, read: "Dear Dr. LeBaron: We are very happy that we were able to secure you for a teaching position here this year, and inasmuch as your work has been highly satisfactory, we should like to have you return next year. Please give me your answer by February 15. Sincerely yours, (signed) J. D. Messick, President."

"That was before I started my television program on Station WNCT called 'History Behind the News,'" Dr. LeBaron stated. "On this program I traced the history of the top news event of the week. This often dealt with communist aggression and conspiracy here and abroad. The chief news topic of the week also often concerned race-mixing in our schools or the Supreme Court decisions on integration. I openly opposed communism and race-mixing on my television program and in the classroom. After being suppressed on television and censured by the President and the Dean for my position on these questions, I received the following letter from President Messick on March 18, 1959: 'Dear Dr. LeBaron: It seems advisable to terminate your contract with East Carolina College at the close of the college year, May 25, 1959.' This was also signed by President Messick. No reason for his action was given."

Dr. LeBaron further stated: "After President Messick learned that I intended to make my dismissal public and to make a speaking tour of the state warning the taxpayers about radicalism and race-mixing propaganda in our state educational institutions, Dr. Messick sent for me and offered to withdraw his letter of dismissal. He said that he would withdraw the letter of dismissal and allow me to resign, then help me obtain another teaching position elsewhere. Dean Jenkins previously made the same offer. I replied to both: 'I have done

nothing for which I should resign or for which I should be dismissed. If opposing communism, standing for the American way of life, and fighting race-mixing in our institutions constitutes grounds for dismissal, then I am proud to be fired from East Carolina College; I wear it as a badge of honor.'

"Dr. Messick then read a letter from my department head, Dr. Paul Murray, in which the latter stated that because of friction between myself and other members of the social studies department on the question of communism and race-mixing, he (Dr. Murray) felt certain that the social studies department would not function harmoniously or effectively with me a member. Now I have here before me another letter from this same Dr. Murray to Dean Jenkins concerning my clash with this other member of the department and as you can see, Dr. Murray reaches a very different conclusion. He must have heard his master's voice and written the other letter. But of course the 'smear your opponent when you can't refute his FACTS' is an old method with communists, radicals, and race-mixers," Dr. LeBaron ended up with.

A committee appointed by the Defenders of States' Rights and headed by Colonel Henry E. Royall, U.S.A., (ret.) sent a strong protest to the Board of Trustees of East Carolina College, and demanded an investigation of the dismissal of Dr. LeBaron without cause. The letter of Colonel Royall stated in part: "Since the only known criticism of Dr. LeBaron was for his public forthright stand against communism and race-mixing, one can only infer that he was fired for that reason and none other."

The committee letter of protest went on to state: "His (Dr. LeBaron's) stand is public and forthright, which makes him a conspicuous target. Unless people of like mind are willing to expose themselves to the Un-American fires, all the big and little guns will be concentrated on individuals like Dr. LeBaron who will be destroyed one by one."

The Committee report also criticized the American Association of University Professors for its failure to defend Dr. LeBaron. "In a case like that of Dr. LeBaron, where is the American Association of University Professors, (AAUP) that outspoken self-styled guardian of academic freedom? This professional organization of college and university teachers and research scholars unanimously adopted resolutions censuring Fisk University, a coeducational Negro institution at Nashville, Tennessee, and New York University for violating 'academic freedom and the rights of due process' in dismissing two professors charged with being members of the Communist Party and numerous communist-front organizations. Both men were tried before Federal courts, and one served a prison term for contempt of Congress. If for taking a forthright stand for our priceless heritage a lone individual like Dr. LeBaron is allowed to be oppressed with impunity while mortal enemies to our way of life are tolerated with complacency, then those responsible cannot escape blame for that development into tyrannical usage which the London Times said in 1845: 'Generations of wise and good men many hereafter perceive and lament and resist in vain.' " This report was signed by Colonel Henry E. Royall, U.S.A., (Ret) as Chairman of the Defenders of States' Rights Committee to investigate the dismissal of Dr. Earle LeBaron without cause.

Dr. LeBaron is making a speaking tour of North Carolina and Virginia, talking before civic clubs, states' rights and other

patriotic organizations. The subject of his lecture is "Communist and Race-Mixing Propaganda In Our State Educational Institutions." "I am not doing this for profit," Dr. LeBaron declared. "I ask only my travel and entertainment expenses. To me this is a patriotic service to alert the people of North Carolina and other Southern states to the dangers of communist and race-mixing influences in our educational institutions."

STILL TIME

"Still, if you will not fight for the right when you can easily win without bloodshed; if you will not fight when your victory will be sure and not too costly; you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival.

"There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves."

UNITED STATES DAY OCTOBER 23rd

UNITED STATES DAY STANDS FOR ALL THAT IS GOOD IN OUR NATION'S HISTORY AND CAN BE OPPOSED BY NONE EXCEPT THE ENEMIES OF OUR AMERICAN WAY OF LIFE.

It is an opportune time to reawaken our people to the fundamental principles underlying our nation's greatness and to the influences that are working as termites to undermine the very foundations of our inherent, God-given rights.

It is not an accident that we have the highest standard of living of any nation in the history of the world and that we have been the envy of the people of all the other nations of the world. Why? Study our history, the kind of people who established this republic, and the form of government they established — a republic in which the power resided in the people and states rather than in a powerful central government.

Our Constitutional form of government and our Christian ideals are being deliberately undermined and alien ideologies pressed upon the American people. A great many of the principles of Socialism and Communism have already been adopted in this country, by Acts of Congress, by the Supreme Court, and the Executive branch of government; and many more are being promoted by leading personalities. There is a strong possibility that many more will become law unless checked. Do we want this? Study the history of every nation, past and present, that has adopted socialism, communism, or any other form of statism, and see the tragic end! Who among our leaders today are favoring socialistic laws or are soft toward communism and other forms of subversion? Will Americans continue to follow such leadership?

The Federal Government now controls over 40% of the land of the United States and is engaged in over 700 enterprises in competition with Free Enterprise. The number is constantly increasing. Do the American people know the extent to which the Federal Government now interferes with their personal, social, domestic, and economic life? UNITED STATES DAY programs throughout the nation could help to inform them and perhaps cause a return to the form of government established by our constitution.

By Executive agreements and treaties with other nations, many of the rights and privileges of the American citizen have been surrendered contrary to the intent of the Founding Fathers. Under present practices and judicial interpretations our most basic rights could be given away with the approval of the President and only two of the ninety-eight Senators. A horrible thought? Yes, but it could happen!

If the American people knew this, perhaps they would demand an Amendment requiring at least a two-thirds vote of the entire membership of the Senate before any treaty or Executive agreement could become law.

In the opinion of many of the best legal experts of the nation, a great many of the recent decisions of the Supreme Court have been contrary to the intent of the Constitution and have favored Statism and even communism. Do the American people really know about this?

GIVE AMERICANS THE TRUTH AND THE TRUTH SHALL KEEP OUR COUNTRY FREE!

Listed below are some of the important issues which should be supported by patriotic citizens' groups.

1. The McCarran-Walter Immigration Act—insist that it be strengthened rather than

weakened as our enemies are now trying to do. One of the United States' greatest dangers is the opening of this flood gate to undesirable and subversive persons who want to enter our country. This immigration law is our first line of defense.

2. Legislation in our states to make it easier for patriotic, independent candidates or parties to get on County, State and Federal ballots.

3. Measures to stop the Federal government from taking over more and more of the rights of individuals and powers of local governments. Americans scattered throughout cities, towns and rural areas of our nation have little control over power-hungry bureaucrats centered in Washington, D.C. Though not elected by the people, they are promulgating without authority a great many more rules and regulations affecting the lives of the citizens than all the laws passed by elected representatives.

4. A Constitutional amendment to take the federal government out of corporate activities. The Federal bureaucracy is now in over 700 different businesses in competition with private enterprise. This is unfair competition which is completely out of keeping with our Constitution. Businesses run by the Federal government do not pay taxes and they operate at losses, equal to approximately one-half of our annual budget or the equivalent of all personal income taxes.

5. A movement to greatly reduce the Federal income tax or eliminate it altogether. This could easily be done if the Federal government were taken out of business enterprises. No other one thing could give a greater boost to the welfare of our people and the economic stability of our country.

6. An Amendment to limit the making of laws by Presidential agreements or treaties without approval of at least a two-thirds majority of the entire membership of the Senate.

7. Legislation to protect our Nation from Supreme Court decisions which destroy the Constitutional rights of the States, and which sets Communist conspirators free to work for our destruction, and takes away from our citizens the right to protect themselves against such enemies.

8. Elimination of "Foreign Aid" to Communist, Socialist and Neutral Nations. Some of these are solidly in the Kremlin's camp and none are really on our side. To continue this useless support on borrowed money will bankrupt our nation. Foreign Aid should be restricted to those nations that will take a firm stand against the international communist gangsters.

9. Measures to stop the State Department and other Administration officials and even Congress itself from surrendering the rights of the United States citizens and our national sovereignty to the alien-controlled United Nations or any other form of World Government.

10. The adoption of measures to give encouragement to the freedom-loving, enslaved peoples behind the Iron Curtain. These peoples would be greatly encouraged and helped if our Nation would break off diplomatic relations with their slave masters and discontinue any moral or financial support to them.

awakened if we are to preserve our freedoms.

Republished from Cincinnati Inquirer.
It's the brats that drive you nuts! . . . Would be bad enough just to have the old folks as your permanent guest . . . But when they turn loose a dozen or more of their ill-trained progeny who proceed to make a shambles of the old homestead, you finally arrive at the conclusion that too much is enough!

But you're stuck with them . . . You invited the United Nations to settle down in your formerly quiet domicile . . . Never dreaming that in 13 short years you would have a bunch of brats trampling your flower beds, breaking up the furniture, writing on the walls and tearing the joint to pieces!

And there you are . . . These kids with funny foreign names are getting in our hair to such an extent that we just can't call our souls our own. . . And such names! . . . UNESCO, UNICEF, WHO, ILO, to name but a few . . . Peeking into our garbage cans . . . Framing up "conventions" for us to sign . . . Throwing our money down the drain . . . Doodling socialistic icons on the walls . . . Teaching our own kids foreign games and vices . . . Tearing up our history books . . . Pitting race against race . . . And raising hell in general . . . Requiring us to spend millions for their upkeep!

These are our guests . . . The whole passel of them . . . Each brazenly wearing a button inscribed, "World Government or Bust!" . . . Each intent on doing his assigned part to accomplish that purpose . . . And if you ask me, well on the way to their goal!

Well on the way to their goal because our political, civic and religious leaders will not take a stand opposing them . . . Who among them, from the President down, has been outspoken in denouncing their purposes of merging our national government into some form of world government of which the United Nations is the precursor? . . . The President already is on record as believing that national sovereignty is outmoded . . . To which blasphemy the Vice President and members of the Cabinet give acclaim by silence . . . The Supreme Court tears up the Bill of Rights . . . And Congress helps the brats to deface the old homestead of liberty . . . And plasters it three-deep with mortgages!

Is there no leader among us with the courage to evict the brats?

"WHOLE WORLD FIRST"

NATIONAL ECONOMIC COUNCIL

Letter No. 452

The social-communist machine in the world has a definite, precise plan, and knows how to go after it. This machine is out for world government under communism. It is for Soviet-Russia first.

So far, the American government has no plan for fighting this. It is not for America first, as all other countries are for themselves first. It backs a vague scheme of "the whole world first," which is exemplified by its infatuation with the United Nations and subsidiary groups like UNESCO.

By following this negative plan, designed by communist one-world influence that has infiltrated America, our country has suffered an almost uninterrupted series of failures and defeats. These began with United States recognition of Soviet Russia, the latest examples are typified by what is now happening in Tibet and Iraq.

The American people are being brainwashed day and night, 365 days a year by the Radio-TV dictatorship of Network Broadcasting. This dictatorship gained 100 % monopoly control of the public mind when Congress in the Communication Act of 1934 licensed network owners to, among other things, exercise full self-censorship over programs and people on the air, while being forced to deny such rights to the Federal Communication Commission, under the 1st Amendment.

The 3 TV networks and the 4 Radio networks are in the hands of non-Christians, who are the strongest political, most closely organized group on earth. Network TV & Radio are the only two media in the world which give instantaneous dissemination of both picture and spoken word to the entire nation. No other medium such as the press or movies can come knee-high to them as an influential force. A public speaker can reach more people in one TV appearance than he could reach in a lifetime of personal appearances. Pay close attention to this next paragraph.

By granting these private networks censorship monopoly, and permitting "one church group" to own all 7 of them, the U.S. Government has declared THEM to be sole arbiters, selectors, buyers, sellers, and dictators of every program to be fed into American living rooms. Networks have priority seven hours daily, over the broadcast time of every affiliated station in their respective chains across the country. This includes the lush evening hours between 7 or 7:30 and 11:00 P.M., when home audiences are largest in numbers. Here are the results: —

Today, these so-called "Jews" hold absolute sway over every form of entertainment as they wish to provide it; political thought as they wish to slant it; religion as they wish to interpret it; child influence as they wish to educate it; economic growth as they

wish to cultivate it; news analysis as they wish to censor it; public moral behavior as they wish to steer it; race relations problem as they wish to subvert it; music as only they wish to furnish it; manufactured product as they wish to sell it or not sell it, and above all else, complete and unhindered selection of the people chosen to spread these ideas before the public. They have full knowledge before-hand of just where every individual stands on every issue, **It is unbelievable!**

How dare they assume such despotic power?

It is power which far outweighs the Congress that permitted it to come into being. Daily pounding away for their plans can and does, coerce and sway the decisions of Congress itself, forcing Congress to accept it as public opinion. When opposed, the very men in Congress who represent the people, tremble and cringe in fear of this Jewish tornado which will spell defeat in the next elections. It has already done so. This constitutes the greatest danger to the American people.

No reasonable person objects to representatives of any religious group starting a business, a factory or store — even a single radio or TV station, for it does not exclude anyone else from doing likewise. This is not true of network broadcasting, with limited frequencies provided by nature which rightfully belong to the people. There are only 3 TV and 4 Radio networks to supply the country's needs. Were these so-called owners of the air the most honorable and upright men of all times, which they surely are not; were they the most fair-minded and tolerant of men, and quite the contrary is the case, this is a situation that is intolerable. Their greed and grasping since the beginning of history prove them unworthy of such an invaluable trust.

Jews, by their own census figures, make up only 3% of the population of the United States. Yet over the air, they are forcing the other 97% to see and hear

only what they want them to see and hear. That 97% is mostly Christian. (Observation: Isn't it strange that in Soviet Russia, only 3% of their 180 million are working members of the Communist party?)

But let us look at the grave crisis of the program which fills the daily schedules of these networks. Were this most powerful of all media concentrated on public welfare, it could become the greatest earthly force for heightening man's mental, moral and spiritual uplift. It could be the greatest force for the support of all Christian teaching, which has no equal in man's progress. Conversely, when aimed at the destruction of these high principles, as it now is under Jewish control, then it becomes the greatest force for the destruction and downfall of our people, our Christian Faith and our Nation, since it controls the minds and the deportment of our youth.

For over 3 years now, the airwaves have been glutted with so-called "Westerns" in which people are shot down in cold blood, and "Whodunits," which is the slang word to describe the mystery murder. Between 7:00 - 11:00 PM, it will be seen that there are 60 of these types of show on the 3 TV networks each week. This is the entire evening schedule of the networks. While a few of the programs are filmed or produced by Christians, practically all are distributed and sold by Jews, to Jews, and put on the air entirely by Jewish Networks. Bear in mind as you read them, that those marked with the Star of David (☆) represent 3% of our people, while those marked with the Cross of Jesus Christ (†) represent over 94% of the remaining 97% of our people. You will also learn that it is virtually impossible for a Christian to launch or sell a network program. Even sponsors and Advertising Agencies have been flatly refused. If it does not completely meet their terms or their policy, no power on earth will get it before the public. — Please turn to pages 2 & 3 and study this list carefully.

Box Score

It is interesting to look at the Box Score of the complete evening schedule from 7:00-11:00 PM. The column marked (☆) is the nightly total of shows purchased by the Networks from JEWS. The column marked (+) is the nightly total of shows purchased from CHRISTIANS.

	ABC ☆ - +	CBS ☆ - +	NBC ☆ - +
Sunday	7 - 0	7 - 0	5 - 1
Monday	8 - 0	5 - 2	8 - 0
Tuesday	7 - 1	7 - 0	8 - 0
Wednesday	6 - 1	7 - 0	6 - 1
Thursday	7 - 1	4 - 2	8 - 0
Friday	5 - 1	7 - 0	6 - 0
Saturday	6 - 1	6 - 1	6 - 0
Total for week	46 - 5	43 - 5	47 - 2

On the ABC network, the percent of shows bought from Jews is 91 %; bought from CHRISTIANS 9 %. On the CBS network, the percent bought from JEWS is 87 % from

CHRISTIANS 13 %. On the NBC network, 94 % bought from JEWS; 6 % bought from CHRISTIANS.

On the evening shows only, ABC network has 21 MURDER SHOWS; CBS has 15 and NBC has 25.

Not a pretty picture, is it? But it is absolutely TRUE and taken from the TRADE Publications which advertise these programs for distribution and sale. Thus our 3 % group who "own the air" spend 90 % of their money with the 3 % group also. Do you still hope as a Christian to get your show on the air? Forget it! Save your time, your effort and your money, for you have not the ghost of a chance.

Announced profits from TV programs exceed \$200 million dollars annually. This does not include high wide and handsome spending or jobs for an army of people, nor does it account for a few million which might be passed under the table to get shows on the air.

Now lets get back to the MURDERS. Since we have used these 60 "death by violence" programs as an example, let us investigate a little further.

HOW MANY MURDERS?

Assume that no more than 3 people are seen being killed in any one program. This is generous, since "extras" fall in droves when the show reaches tense dramatic climax, which in the trade is called "the kill." Some programs give a lead-in film showing the "kill" scene as a teaser at the opening, then repeat it in the show. What does this mean? 60 programs times 3 murders per show equals 180 murders per week over one station. Presented on 225 stations of the networks, this means there are 40,500 presentations of these pictures of murder across the nation every week. And in 52 weeks of telecasting, there are 52 times 40,500 or 2,106,000 presentations of murder and other crimes for our youths to enjoy. This is network broadcasting, and does not include the hundreds of syndicated films sold to and broadcast by local stations, individually, of Western and Whodunits. Local telecasting would double the above figures, and radio versions would double them again. To continue with Network broadcasting!

HOW MANY VIEWERS?

A popular TV network show will easily play to an audience of 25 million viewers. These "death by violence" shows are boasted by networks to rate among the very top in audience draw. But take 25 million as the figure and assume they all draw about the same. The population of the USA is 177 million. We find that the 60 murder shows draw a total audience every week of 1 billion, 500 million. It is understood that many see a number of programs; others none. In 52 weeks that amounts to a staggering total of home viewers who see all these pictures of men killing in cold blood with a 6-gun, knives, planned acts of murder, to say nothing of accompanying smut-lewdness, dope addiction and sex. Not a very comforting picture is it? This figures 78 billion viewers to more than two million murder pictures shown annually to teen-agers! !

The above figures are the best example of what self-censorship means in network broadcasting. Isn't this a severe indictment of the present owners who control the air? Don't let anyone tell you that to prohibit such filth by law is violation of freedom of the press. You can't do it in the U. S. mails.

Let no person deny that the Zionist Jews are more secretly and openly engaged in world politics than any other "Church" on earth. This includes all the disciples of Judaism and Zionism. No group in world history has poured so many untold millions into the furtherance of their conspiratorial designs. Their printed publications such as the budgets of the American Jewish Committee prove this fact. Let no Jew deny that the top executives of the networks do not participate in this same "Jew Church" movement. Leonard Goldenson, Chairman of the ABC network and also Robert M. Weitman, Vice President of TV Programs of the CBS network are both Past Presidents of Cinema Lodge of B'nai B'rith. This takes in the Anti-Defamation League of B'nai B'rith, the Jewish F. B. I. It is anti-defamation as pertains to Jewish espionage, but defamation of character for all who oppose Jewry.

The day has long passed when a program can be sold direct to the sponsor who is putting up the money, or to his Advertising Agency. Even sponsors have been flatly refused when they wanted to present their own particular programs. "If you want the time slot, you take our show. This is the price, and if you don't like it, we'll sell it to somebody else." Just like that!

The Firestone Tire & Rubber Company presented for 20 years over NBC radio, and for 5 years over NBC-TV network, a series of magnificent concerts which began with such fine artists as Richard Crooks and Lawrence Tibbett, along with a small symphony orchestra. They were thrown off the air, by the then president of NBC, for having a show which could not attract enough listeners, as it was too highbrow. It was a dignified program. But the ultimatum was handed down - "Change or get out!" Firestone got out. They shifted to ABC, but now have tossed in the sponge. It will not be heard this year. Network's excuse was that sponsors following Firestone were screaming that the program handed on to them a mere fraction of the audience which preceded Firestone's program. There you have it! To hell with quality, if murder produces more audience than music, then let's have murder. But how about the public? You are getting the killings; you also get Juvenile Delinquency.

A more recent example of filth on the ABC network, Leonard Goldenson, Chairman, is a program which had to be thrown off the air because of indignant protest. It was done by a character whose philosophies of sexual libertinism surpasses anything in modern history. This vermin is one Ben Hecht by name. This is the same Ben Hecht who writes on page 120 of his book, "A Jew in Love" as follows: "One of the finest things ever done by the mob was the Crucifixion of Christ. Intellectually, it was a splendid gesture. But trust the mob to bungled. If I'd

been there, if I'd have had charge of executing Christ, I'd have handled it differently. You see, what I would have done was had Him shipped to Rome and fed to the lions. They could never have made a Savior out of mincemeat." ABC tried for months to get this rat a sponsor. So off he went. But he is not through. NTA - the TV syndicated film network is doing a series for local sale to individual stations.

The air is full of everything that is the direct opposite of Christian teaching because it is broadcast by anti-Christians. Today they are so money drunk that they have the effrontery to fling it in our Christian faces and make us like it. Sandwiched in between their "kosher" filth and murder, is propaganda for every public or conspiratorial issue they stand for. This is taken from the printed record of their political objectives, printed by themselves.

Thus we get dramatic scripts about mental derangements and sickness, with the psychiatric findings by "ham" actors, posing as learned Judges and Doctors, who voice wild distortions of truth to fit the Jewish financed program of mass medication and MENTAL HEALTH. Continuous yappings for the sole rights of racial minorities supply a steady stream of untruthful political propaganda. What is behind the TV propaganda to hate Germans and love Jews?

These constant wailings about persecution, all part of their program of RACE, CREED AND COLOR. Speaking of color, these so-called Jews have slandered and blackened over the air the character of our finest Southerners, distinguished men and refined women. It is to the everlasting shame of every Christian clergymen, teacher and parent, that our children are not allowed by law to bow their heads together and start the school day reciting The Lord's Prayer. WHY? Because 3% of our people dictate otherwise, and that 3% is anti-Christian. This was largely put across by reaching the masses on TV.

Get rid of "one church control" of TV and we shall again live to see the day when Christ will be allowed to re-enter our public schools and be with our children. Today, it is a matter of an irate citizenry making it so hot for the men who represent us in Congress, that they will fear us, the 90% majority more than they now fear the smear of anti-Semitism of a 3% minority. No person with an ounce of self-respect will live under the threat of smear by this perfidious group. Don't buy any Jewish product, or any other product advertised by these evil programs on radio and TV. Make this the most rigid program of your life, and follow it to the limits of your capacity. Buy Christian!!

No evil in the world endangers our existence and that of our children more... even the deadly menace of communism. Ask yourself this question, - "Are they not one and the same, or is there any difference?"

What do you think would happen if any other "one religious group" set out to acquire a 100% control of all 7 Radio-TV networks? And who would yell the loudest against these haters of racial minorities? This problem of network broadcasting is primarily one of freedom of religion and the press, with adequate means of censorship. No licensed broadcaster should be allowed to control a network, or at least it's policies. Network priority on affiliated station time should be greatly reduced. One half of the week's evening network hours should be given over to cultural or educational features by each network. Remove "one church" control and remove self-censorship, and all the evils will automatically right themselves. A word of warning to leaders of Christian denomination. Many of you will reflect that networks have generally supported your requests; even granted you time for a show, or a series of shows. Of course they have. They are not so stupid as to offend a Protestant Bishop or a Catho-

lic Cardinal. Your little ½ hour tucked away in a remote spot enables them to say: "See how fair we are?" You must have a voice in every ½ hour all week long to see that it is decent, honest programming. It is to you and to such patriotic organizations as D.A.R. and American Legion, that people turn for spiritual and patriotic guidance. An annually rotating Board of Broadcast Governors is badly needed to correct these evils.

Congress could not allow censorship by a Government Agency without violation of the 1st Amendment of the Constitution, - namely freedom of speech and the press. But by granting it to networks, it has forced the people to accept 100% censorship. The same applies to free exercise of religion under that same Amendment. How can Christian precepts be truthfully and safely practiced under Jewish control? Our country is helpless to stay out of war when TV and Radio screams for it as in World War II.

WHAT TO DO ABOUT IT!

1. — Demand that a Holding Company Act be enacted for Networks to smash this monopoly.
2. — Demand that Congress set up this Board of Broadcast Governors.
3. — Pass a law that no licensed broadcaster can operate a Network, nor sit as a member of this Board of Governors.
4. — Refuse, dear public, to purchase any product advertised on TV-Radio until this whole situation is changed. There's the answer in two words — "DON'T BUY!"

Thus will end constant yappings of the minorities, thus will cease incitements of our people against each other. Civil rights, which are in truth UNCIVIL WRONGS, will leave the front pages to make room for good clean TV and Radio. Beauties of nature and of man's creation on TV will supplant the false fronts of a one street pig-sty, now the background of the killer who struts forth to trigger down his man.

Last year, it was recently published, the Columbia Broadcasting System had net earnings of \$24,400,000. The personal cut of 10% which went to Chairman of CBS Wm. S. Paley (born Palinsky) amounts to the sum of \$2,440,000. Very interesting! Let us compare this with the total annual salaries of the (then) 96 U.S. Senators who gave this monopolistic power to Mr. Paley, along with two other Zionists.

William S. Paley, personal profit \$2,440,000
96 U.S. Senators \$22,500 each	
annual salary \$2,155,000
Balance in Mr. Paley's favor . . .	\$285,000

It is hardly conceivable that one as "money drunk" as Mr. Paley would fear anyone so insignificant as a mere Senator, or a Congressman who gets even less.

Thus are used the small, limited band of the few broadcast frequencies provided by nature in both radio and TV. Thus do these select few - the 3% group - ride roughshod over the American people. Isn't it time to erect the roadblock? An honest clergy, every patriotic organization, every mother in America, every decent citizen owes it to self and children in the family to deluge Congress and the President with indignant fan-mail.

RED BUTCHER INVADES U.S. NOW HEAR THIS, COMRADES!

**THIRTEEN
DAYS
OF
BRAINWASHING**

**COMMUNISM
MARCHES ON!**

Expert Brainwasher Invades Your Home Via Radio & Television.

Congratulations to Khrushchev and other scheming communists!

You know what you are after and you don't let anything stand in your way. You will lie, turn inside out, retreat or slaughter millions in your progressive bloody march enslaving the world. You are practical. You prefer to take countries over talking peace, but use wholesale murder if necessary.

History will record the 13 days Khrushchev and his 100 communist specialists spent in the U. S. as the greatest victory of slavery versus freedom. If the Bolsheviks had sacrificed 100,000 soldiers in a victorious march into a country, communism could not have strengthened World Communism, as during the 13 days our taxpayers paid for Khrushchev's protection, entertainment and brain washing, done through T.V. into our homes.

So credit to the butcher of the Ukraine and Hungary for the way you forced our wishy-washy politicians to invite you and then eat out of your bloody hands.

Our State department was careful to see that no one offended you. We remember it was our State Department that forced China to accept communism. It was not Stalin who went to China and forced Chiang Kai-shek to take communists into his government and force Chiang out; it was Gen. George Marshall, sent by the State Department, spending 13 months beating down the anti-communist Chinese and setting up communism, using the threat of starvation. It was the same Gen. Marshall, who later, as Secretary of Defense, on Nov. 29, 1950 was the only non-Jew at a \$500 plate dinner given by Jews in New York, appointed Anna Rosenberg as Assistant Secretary of Defense in charge of all manpower where she supervised the hiring of a million people in 115 government agencies. She packed the Defense Department with reds, and Senator McCarthy was crucified for trying to get them out. Who promoted the communist, Peress?

We congratulate you Bolsheviks for having so many comrades in key positions here.

Your 13 day sales campaign has strengthened them much. Your 13 day Crusade also strengthened your spies and plotters in the 82 countries you are out to take over.

That was a nice reception Khrushchev as you alighted from your plane at Los Angeles — the Dave Shines Sr. & Jr. were so happy to see you, it was difficult for anyone else to get near you. It reminded us of the big fuss Dave made to get out of the Army and work side by side with Sen. Joe McCarthy. The pictures of your reception in San Francisco looked like old home week with Harry Bridges smiling as you received the huge bouquet of flowers from his wife. When you took the white hat from the head of one of Bridges' stevedores and wore it all day, we could see brotherly love in the eyes of Bridges. When you asked a member of Bridges' Union if you could call him "comrade," we got the idea you were among communists, then we remembered that Bridges while under oath by the Un-American Activities Committee had said he was not a red, we figured we were jumping at conclusions, for a communist would not lie.

It was thoughtful and loyal of you K to run up to Hyde Park and place the wreath on F.D.R.'s grave. Eleanor was happy and she says you remarked you felt it a duty. It sure was, for you Bolsheviks owe the Roosevelt Clan much; they have been pulling for you all along and as you know F.D.R. did more to strengthen communism than any man who ever lived. He saved the Soviet Union in 1933 when it was bankrupt by recognizing it. Maxim Litvinoff (Finkelstein) promised F.D.R., no communist propaganda would be carried on in the U.S. Later he laughed when asked about the tons coming into the U.S.

It was F.D.R. as a front for the Jews, who let you have 11 Billion in Lend Lease supplies. The Germans would have wiped you out at Stalingrad but for those vital supplies, trucks, planes, tanks etc. But you chiselers have not paid a dollar on this after 16 years and now come here to scare us into giving you more credit.

Don't forget Morgenthau, He sent you our

money plates to print millions of dollars of our money to pay your soldiers when they swarmed into Germany to loot and rape. With the plates, you know, went 4 plane loads of our secret paper and 3 loads of ink to print the money. This was while the communist Jew Harry Dexter White was the important man under Morgenthau, and F.D.R. was on the throne. You owe Roosevelt a big debt for giving you millions as slaves in Manchuria, East Germany, Poland, Estonia, Latvia, Lithuania, Czechoslovakia, Hungary. Then too, if F.D.R. had not succumbed to Churchill and framed us with Pearl Harbor where 3,300 of our boys were killed and our fleet sunk, we could not have gone to open war with Germany and prevented them from finishing you Godless gangsters off.

A wreath is hardly enough recognition; there should be a statue of F.D.R. between Lenin and Stalin in Red Square.

You should be grateful to Ike, too, for he forced millions of Russians escaping from communism back to be slaughtered. The millions under your slavery in seventeen countries, as they see you tame Ike and water down our patriotism, lose their last hope for freedom. When Ike campaigned for the presidency he told our people he would "liberate" the captive people. But then there were many Ukrainian, Polish, Hungarian, German and Slavish votes at stake.

Khrushchev: Don't forget your debt to Ike for ordering our troops to retreat back from Berlin, so West Berlin is now 110 miles behind your communist lines and presents a lighted fuse for World War III. You stand A-1 at the White House, for Ike denied a United States Senator, Joe McCarthy, an invitation, but rolled out the RED CARPET for you. You were at your best on your last day here when the State Department arranged for you to go on TV twice and have access to all networks leading into almost every home in the United States.

It was nice the way you talked about your visit with Ike's grandchildren. Your

THE CELESTIAL CLUB

GHOSTS DISCUSS TODAY'S PROBLEMS.

—By Theseus

A rose-tinted twilight — the brief interlude that softens the sunshine monotony of eternity — filtered through the diamond-paned windows of the great library of the Celestial Club. The ageless oak panels, interspersed with uniform rows of leather-bound books, reflected the twilight glow with pastel luminosity. Here and there intellectual Shades of History, sunk deeply in easy chairs, nodded in contented slumber. Others talked quietly in the alcoves that hooded the great windows, while still others eagerly read the bulletins just received from Earth.

The Shade of Disraeli turned from the windows where it listlessly had been watching pink and purple clouds sketching patterns in the eternal sky.

"Did the bulletins from the Anti-Defamation League of the B'nai B'rith come in?" he inquired, addressing no one in particular.

A Shade at a nearby table nodded affirmatively. "Yes," he replied. "I have just been reading them."

Disraeli, somewhat wearily, sank into a leather chair next to the speaker.

"What now?" he asked.

"Well, about the same old thing," replied the Shade. "The A.D.L. is still ranting about anti-Semitism. It seems that the question of race and color has become an obsession with them."

A second Shade across the table peered sharply over the ancient rims of his spectacles at the former Prime Minister of England.

"You were a Jew, Disraeli," he said. "What is your opinion of the race problem that is so sorely disturbing the Earth people — particularly the Jews?"

"I have often expressed myself on this question," Disraeli replied. "No man will treat with indifference the principle of race. It is the key of history, and why history is so often confused is that it has been written by men who were ignorant of this principle and all the knowledge it involves." (1)

(Refer to reference at end of article.)

"You believe then, that there is material differences in the races of men; that these differences are of consequence?"

Before Disraeli might answer, the Shade of John Ruskin, reclining in an arm chair nearby, broke in: "Race is precisely of as much consequence in man," he said. "as it is in any other animal." (2)

Sir Francis Galton, who had quietly joined the group at the table, nodded approvingly in the direction of the great sociologist and art critic.

"John is right," he declared emphatically. "The instincts and faculties of different men and races differ in a variety of ways almost as profoundly as those of animals in different cages of the zoological gardens." (3)

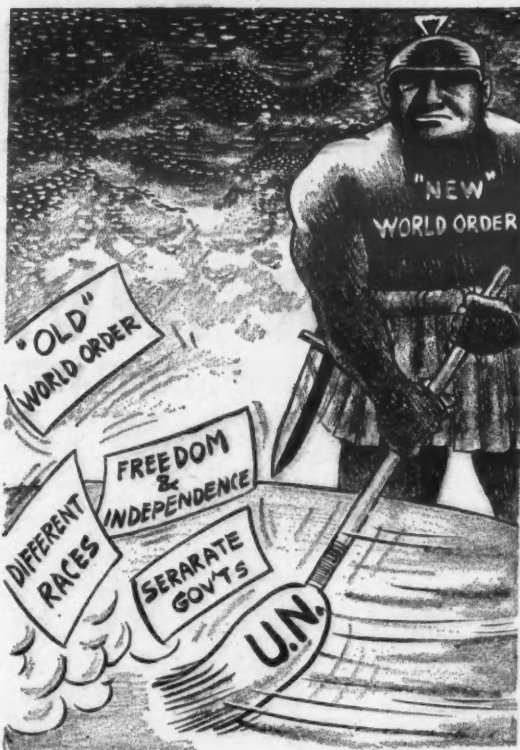

Shades, attracted by the discussion, drew their chairs closer to the tables, or stood in groups around the speakers.

"But," interjected the first Shade. "what about these rabble rousers the A.D.L. is always lambasting? This bulletin declares that anti-Semitic bigots are vigorously opposing mixing Negroes with Whites in schools; that they oppose the marriage of whites and blacks; that they are against world government, and that they are accusing the Jews of conspiring to rule the world."

Napoleon Bonaparte, who had just seated himself at the table, glanced sharply at Disraeli. "The Jews were a cowardly and cruel people," he said in a tone of finality. (4)

"It is much easier to be critical than correct," the former Prime Minister replied with a sarcastic smile. "Ignorance never settles a question." (5)

Charles Lamb, anticipating Bonaparte's

stinging retort, spoke quickly. "I have, in the abstract," he said, "no disrespect for Jews. They are a piece of stubborn antiquity, compared with which Stonehenge is in its nonage. They date beyond the pyramids. But I should not care to be in habits of familiar intercourse with any of that nation." (6)

Thomas Jefferson, who had been listening quietly while appearing to be engrossed in a copy of his writings, glanced at Napoleon. "Their system was deism," he said. "That is, belief of only one God. But their ideas of Him and of His attributes were degrading and injurious." (7)

Disraeli, obviously irritated by the frankness of the speakers, arose from his chair and with his hands locked behind him, addressed the assembled Shades as though he were again before the benches in the House of Commons. "They are an ancient people," he declared proudly, if defiantly. "A famous people, an enduring people, and a people who in the end have generally attained their objects. I hope parliament may endure forever, and sometimes I think it will; but I cannot help remembering the Jews have outlived Assyrian Kings, Egyptian Pharaohs, Roman Caesars, and Arabian Caliphs." (8)

Ralph Waldo Emerson broke the silence that followed Disraeli's outbursts, and although he spoke softly, as though to himself, his voice seemed to carry to the distant corners of the great library. "The ruler of the rulers of the earth," he said. (9)

"And," added William Warburton, once Bishop of Gloucester, "a people long since abandoned of God." (10)

The Shade of Louis D. Brandeis had elbowed its way to Disraeli's side early in the discussion and had followed the debate with scowling intensity. Disraeli had resumed his seat. The former United States Justice placed his hand on the Prime Minister's shoulder as though to silence him. "Jews are a distinct nationality," he declared, directing himself to Emerson and Bishop Warburton. "A distinct nationality of which every Jew, whatever his country, his station or his shade of belief, is necessarily a member." (11)

"And," interposed Disraeli, "there is a great difference between nationality and race. Nationality is the miracle of political independence. Race is the principle of physical analogy." (12)

Thomas Fuller broke the tension by laughing. "A fox should not be of the jury at a goose's trial," he jibed, and most of

those around the table joined in his laughter. (13)

"Seriously," said the First Shade, when the merriment had subsided, "it may be a question of sheer prejudice. Is it possible that we are all more guided by prejudice than wisdom?"

No one spoke for several seconds, each Shade apparently weighing the question carefully. The twilight crept across the room sending shimmering sparks from the highly polished metal of the great chandeliers, ricocheting with gentle pastel strokes across the earnest faces of the Shades gathered about the great table.

"Well," declared William Hazlitt, "speaking for myself—without the aid of prejudice and custom, I should not be able to find my way across the room. No wise man can have a contempt for the prejudices of others; and he should even stand in a certain awe of his own, as if they were aged parents and monitors. They may in the end prove wiser than he." (14)

The first Shade turned to Abraham Lincoln, who, though listening with interest to the discussion, sat near the great windows gazing into the eternal space.

"You freed the negroes, Abe. Do you approve of the action of your Supreme Court in integrating the negroes and the whites?"

The Great Emancipator turned slowly from the deepening twilight and faced the company. He sighed a little, stretched his long legs and stroked his beard.

"What I most desire," he replied, "would be the segregation of the white and black races." (15)

Disraeli glanced up quickly at Brandeis, and a murmur of surprise ran around the table.

"But," remonstrated the second Shade, "You freed them! Did you not make them politically and socially our equals?" —

The Civil War President shook his head slowly and an expression of melancholy deepened the wrinkles of his face.

"Free them, and make them politically and socially our equals?"

He seemed to be echoing a question propounded many years before.

"My own feelings will not admit of this," he said slowly. "And if mine would, we well know that those of the great mass of whites will not . . . I protest against the counterfeit logic which concludes that, because I do not want a black woman for a slave I must necessarily want her for a wife. I need not have her for either. I can just leave her alone. In some respects she certainly is not my equal; but in her natural right to eat the bread she earns with her own hands without asking leave of any one else, she is my equal, and the equal of all others." (16)

The Shades fell silent for several seconds. The statement of the Great Emancipator came to most of them as a startling revelation. Many of the American Shades were pondering the consternation Lincoln's words might have on the current members of the Supreme Court of the United States. Thomas Jefferson chuckled a little.

"I said practically the same thing in my 'Autobiography,'" he said. "Here, let me read it to you. 'Nothing is more certainly written in the book of fate, than that these people are to be free; nor is it less certain that the two races, equally free, cannot live in the same government. Nature, habit, opinion have drawn indelible lines of distinction between them . . .'"

Stephen A. Douglas, glancing in Lincoln's direction with something of triumph in his eyes and a grimace about his lips, interrupted Jefferson's reading. "Why I told Abe that a long time ago," he said. "We were having a debate in Ottawa, Illinois,

August 21, 1858. Remember Abe? I said: I am opposed to negro citizenship in any and every form. I believe that the government of the United States was made by white men for the benefit of white men and their posterity forever."

"If my memory serves me correctly," observed Shade Number Two, "Mr. Lincoln agreed with you. Isn't that true, Abe?"

Lincoln nodded his head affirmatively. "I had no purpose to introduce political and social equality between the white and black races," he declared, directing himself more particularly to Douglas than the others. "There is a physical difference between the two, which, in my judgment, will probably forever forbid their living together upon the footing of perfect equality; and inasmuch as it becomes a necessity that there must be a difference, I am in favor of the race to which I belong having the superior position." (17)

Benjamin Franklin, who had been glancing through the A.D.L. bulletins, laid them aside. "Some of you may remember," he said quietly, peering at the company over the rims of his spectacles, "that I observed back in 1753 that it was a mistake to plant the sons of Africa in America. In those days we had so fair an opportunity, by excluding all blacks and tawnys, of increasing the lovely white and red. But perhaps I am partial to the complexion of my country, for such kind of partiality is natural to mankind." (18)

"That's all very well and good," said Shade Number Two. "But what about your Declaration of Independence and its flat statement that all men are created equal?"

Jefferson inclined his head in the direction of the Great Emancipator, as though yielding the response to a better authority. Lincoln roused himself as from a reverie.

"I think the authors of the Declaration of Independence intended to include ALL men," he said. "But they did not intend to declare all men equal in all respects." (19)

"How think you, will the problem be solved?" inquired a Shade garbed in the toga of the Senate of ancient Rome and who had but lately been admitted to the distinguished company of the Celestial Club.

No one answered and the company fell silent. Only the steady tick-tock of the Eternal clock at the far end of the great library broke the stillness. The twilight was receding across the polished floor and deep shadows announced the coming of celestial night. Shade Number One leaned back in his arm chair and yawned. "Well," he said, "it's a good thing most of you fellows are not living on Earth today. The A.D.L. would sure have you listed in its bulletins."

WAKE UP, AMERICANS!

By Otto Garr Tague

When Uncle Sam shaved off his chin whiskers and put on the bushy, white beard in order to play Santa Claus to the world, using your and my money to buy the gifts he was to dispense, he may have been a little weak on modern geography . . . He probably did not know that there would be 112 foreign chimneys down which he would have to crawl to contact those people whose hearts were to be made merry by your generosity . . . Many of whom never had heard of Santa Claus.

BRICKS FOR THE NEIGHBOR'S HOUSE

And I'll bet that you never dreamed that there could be 112 nations or political groups that Uncle had to make happy . . . But unless you want to write the Library of Congress, Washington, D. C., for such a list, you'll have to take my word for it . . . 112 nations that from 1940 through 1956 received gifts which American taxpayers financed to the extent of \$130,350,032,000 or approximately one-half of the assessed value of all the property in the United States!

A list that begins with Afghanistan and ends with Yugoslavia . . . With "aid to international organizations" and "unspecified areas" in Europe, Asia, the Near East, Africa North and Central America and "other," unspecified areas which totals \$17,171,511,000 . . . And I nearly forgot to tell you that "Santa Claus" distributed \$1,794,160,000 among seven Communist countries . . . Topped by \$734 million to Tito . . . With the Soviet Union a close second with \$465 million . . . Plus a lot of gifts to socialist nations such as India, Israel, Indonesia.

Since 1940 a total of more than \$130 billion given in most part to nations that would not turn their hand over to help the United States in the event of war with the Soviets! . . . Can you, for instance, imagine Albania, already a Communist nation, helping us to lick the Soviets when one hydrogen bomb would just about destroy the entire nation? . . . Yet it received \$20,444,000 from "Santa Claus!"

Of course that \$130 billion has gone down the drain . . . No use crying over spilled milk . . . But when you figure what even half of that \$130 billion would have accomplished if retained at home, don't you wish that Uncle Sam would doff the white whiskers, grow his chin whiskers and let the real Santa Claus resume the job of bringing toys and knickknacks to the children? He could save you a lot of money!

HELP US SECURE

A MILLION READERS

TROUBLEMAKERS

by Mrs. M. Conan

There is grave danger, one that is almost unnoticed, and that is an organization called **National Association for the Advancement of Colored People**. This drive to stir up trouble between whites and blacks began in 1920, so we read. The Communist Party quick to take advantage of all efforts to promote a movement, no matter what objective of the movement, had penetrated the NAACP to an alarming extent by 1925.

Negroes are made to think they are oppressed and mistreated by the whites. They are taught that communism is the only way out, and should there be a revolution they must fight on the Party's side. Under its communist management, the NAACP demands abolition of all laws which result in segregation of Negroes, and abolition of laws forbidding intermarriage. In other words the NAACP demands complete social and racial equality.

It is said the NAACP may not be considered as subversive, but since its objectives clearly follow the Communist line, and we must realize that the purpose of communism is to destroy America, it is plain that such an organization does not work for our good, and is contrary to our Constitution through giving aid and comfort to the enemy. Therefore, one may be pardoned for asking is such an organization legal?

Under segregation the Negro has made more progress in America than he has in any other country, and we are proud of his achievements. Under segregation there has been a competitive spirit, a friendly rivalry between the white and black races. But now that the incentive has been removed will the negro continue to progress?

Let us recall the wonderful success of Booker T. Washington and George Washington Carver. These two men won the respect of all nations and were honored, with no attention paid to their color. They were humble and meek, not belligerent, thus portraying the truth contained in the Bible, "For whosoever exalteth himself shall be abased and he that humbleth himself shall be exalted." Luke 14:11.

Naturally, we are for the advancement of all races but we fear the Negroes who follow the precepts of the NAACP are going to find themselves advancing in the wrong direction. It should be the duty of all patriotic Americans to work to enlighten the Negroes as to the true nature of communism, which was founded on lies and deceit and may be called the big lie itself.

kind smile reminded me of Santa Claus, such a harmless old codger. I wonder if Ike was thinking of the millions of children who died and are still dying at your direction?

On that last day before the National Press Club you were wide awake in arranging for the questions. Questions for the speakers are always given to the Chairman of the National Press Club, but you insisted they be given to Andrei Gromyko, who naturally gave you only those you wanted to answer. But we remember how fair and agreeable Gromyko has always been at the U.N. Khrushchev, you don't overlook any bets. At your appearance before the National Press Club, you threatened to walk out when you were asked about Hungary.

You did an efficient job in the Ukraine when you invited all the leaders to gather for peace discussions; then had the communist army surround the building and killed all. When you buried the 9,439 Ukrainians and planted trees over their graves, you should have been more careful! The Germans, you know, found them after they drove your gang out. Under your order six million Ukrainians were slaughtered. You took their farms, metallurgical and coal mines of the Donbass, after killing the men, women and children.

You remember you did not go to school until you were 27 and you were the protege of Lazar Kaganovich, the powerful Jew born in the Ukraine.

Kaganovich was Secretary General of the Communist Party in the Ukraine and you were under him. When the anti-Jewish feeling became too strong, Kaganovich put you in his place, but as the slaughter swept the bread basket of Soviet and resistance threatened, Kaganovich came back in 1947 and took over again as the Party's First Secretary.

At the end of nine months you took over again, as First Secretary in charge of slaughter. Khrushchev, the devil will give you much credit for the slaughter you directed in Hungary and the 47 thousand boys between 12 and 20 you sent to Siberia. Lenin said, "For every communist we have ten others willing and ready to do their work," which reminds us that you have had helpers in maneuvering for two years to get over here and brainwash us.

John Foster Dulles, if he is aware of this shameful meeting of you and Ike, which he tried to prevent, will likely be revolving in his grave.

To sum it up: You were here to break our will to resist. **HOWEVER, WE HOPE YOUR VISIT HAS OPENED THE EYES AND INCREASED THE RESISTANCE OF MILLIONS OF AMERICANS.**

THE BEASTS OF THE APOCALYPSE

The Most Astonishing Book on the WORLD CONSPIRACY

— Completely Documented and Indexed

AUTHOR

Olivia Marie O'Grady

WORLD GOVERNMENT . . .

In 1949 I became aware of a most despicable plan to destroy the Constitutional form of Government of the United States of America and our God given individual rights . . . a Plan that would eventually enslave the whole world.

Like an Octopus, its Marxist tentacles are reaching far and wide, drawing within its clutches all nations to form a **World Government!** . . . thereby destroying our homes and families, confiscating our property, doing away with our right of inheritance, demoralizing our nation, replacing traditional education with so-called "progressive" education, abolishing state, county and municipal boundary lines, unifying districts; a plan now being put into force by the so-called Metropolitan Government experts and planners.

Amazing and fantastic as it seems, proponents of World Government and their dupes have tried to put this Plan into action in every community in our Nation. Because of its insidious procedure, it has been able to penetrate into every phase of community life . . . educational, civic, religious and social. If we are to survive as a Free Nation, patriots must be alerted to this sinister menace from within.

"The Beasts of the Apocalypse" was written to facilitate a better understanding of what **World Government** actually is . . . what the forces are behind it, who directs these forces, and how it is being accomplished.

I am extremely grateful to my family, friends and fellow patriots who have aided me in research, documentation and offered encouragement during the years when ridicule and persecution were so prevalent by opponents of Constitutional Government and proponents of World Government.

I have throughout these years, been totally dependent on God's Grace for enlightenment, and again extremely grateful for this Great Blessing. I pray that this book, "The Beasts of the Apocalypse" may be an instrument to expose this Un-Christian and Un-American Conspiracy in our midst and that the Beasts of the Apocalypse, bent on destruction, will turn their force and efforts instead to doing and promoting God's Will—the Key to Everlasting Peace.

A GREAT BOOK FOR PATRIOTS

While most historians focus attention on military movements and wars as the great events of the past, Olivia Marie O'Grady's **Beasts of the Apocalypse** traces a fanatical religious concept through two thousand years of history to the present. This commentary never varies from the original idea of world control which was

discovered in the archives of ancient civilizations 2500 years ago.

The fervor which the Jewish "Chosen People" have held in carrying out a consistent program toward world domination has had many disastrous results. The tenacity with which they have clung to the idea of universal dominion over all peoples of the earth has led to blood-letting of ghastly proportions of their own kind as well as of the gentile races.

This book recites in meticulous detail events covering twenty centuries that lead directly into the corridors of the United Nations today. Captive monarchs, officialdom of most governments, and military leaders have been the pawns in the fanatical effort to concentrate power in the hands of a few, that it may be possible to control all of mankind.

Whether the hand of control was exercised through the Romans, the Mohammedans, or the Christians, the ultimate goal was always keenly kept in sight. That control was significantly well secured in financial domination of money markets, wherever civil power was sought. Whether wars were won or lost made little difference to the remnant "chosen people." They always triumphed by pitting adversary against adversary, being certain to place their loans so as to be repaid by winner and loser alike.

The darkening shadow of **Karl Marx** over contemporary civilization is depicted in forceful detail. The strange distortions of reality that were mastered by his coterie of followers is traced in minutest detail into the American body politic.

The strange conversion of an oriental race to accept a conflicting faith and the fearful calamity of its incessant drive to exterminate opposition is the story of the Revolution in Russia. The swarming to American shores of these fanatic revolutionaries is graphically given in the **Beasts of the Apocalypse**.

If there ever was a doubt as to how control over the socialistic governments of the world is contrived, **Olivia Marie O'Grady's Beasts of the Apocalypse** clarifies the issue. The contents may be challenged but never refuted.

FIVE CENTS

N.Y. STOCK EXCHANGE INVOLVED IN TV QUIZ? NETWORK STATION LICENSES SHOULD BE REVOKED

By C. Arthur Jackson

Common Sense has just learned from an unimpeachable source, that the New York Stock Exchange actually collaborated with NBC master-minds in one of the most notorious examples of "coached contestants" on any Quiz program. This program was **THE BIG SURPRISE**, with top payoff of \$100,000. It was packaged and owned by **Louis G. Cowan**, now President of CBS-TV Network, even though it was broadcast over the "rival" NBC-TV Network.

The New York Stock Exchange "dug up" — examined, coached, rehearsed and trained over a long period, one **Leonard Ross**, a young Jewish boy who was 11 years old April 21st, 1956. The Stock Exchange knew as soon as it had dug him up, that this boy would go on the program. He was on the air for many weeks and won the top prize of one hundred thousand dollars.

The whole deal was handled by the **Public Relations Dept. of the Exchange**, through **R. E. Gurwetz**, Zionist, who is still there, and who looks after TV Public Relations among other things. Did he share this \$100,000?

Common Sense feels that **Chairman Oren Harris** of the House Legislative Oversight Committee investigating rigged TV Quiz shows, The Securities Exchange Comm., the FBI, The Treasury Dept. and the U.S. Senate will be glad to know these facts.

WHAT IS A STOCK EXCHANGE?

The National Encyclopedia quotes as one of the principal functions of a Stock Exchange as follows:— To increase the safety of dealings in securities of great value, by preventing irregular or fraudulent methods

of dealing. For the New York Stock Exchange to live up to that function, while coaching contestants for a TV Network Quiz show, is to expect the same miracle as would happen if you stepped on a skunk at a Garden Party, and expected the invited guests to enjoy the perfume of the roses.

Congratulations to **Chairman Harris** for denuding these framed and crooked Quiz programs on Network TV. But he is only scratching the surface, and he is examining the wrong people, now that many of the programs have been proven dishonest. Is anyone insane enough to believe that the Network Executives know nothing about these millions being passed under the table? Let's get some of them under oath and lambast their house of glass with a good solid rock in the form of searing questions. What contestants they'll turn out to be! They will require no pre-coaching on how to mop the brow to fake a Hollywood type of perspiration. Crooked Television has not received a fraction of the publicity scandal it deserves under our kosher controlled press.

THE LIBERAL HIS RENDEZVOUS WITH DEATH

For obvious reasons, author must remain anonymous.

This is a story that has long needed telling. Only one like myself who has spent 25 years in studying, writing and fighting the menace of communism could write it for I am probably one of the few men living who, by actual contact and experience with the forces involved could write it. I am probably the only man alive who could produce the documented evidence of the truth that will be presented.

What I have to tell revolves about circumstances which at the moment are assumed circumstances that are developing for the future. The intelligent readers will easily put himself in this circumstance and know that what I say is true.

That is in the situation he will find himself if and when the U.S.S.R. drops its first nuclear bomb on this nation; which they will do if they cannot conquer us by other methods.

LET'S VISUALIZE WHAT HAPPENS!

In the first place American military and civil defense base their military considerations on attack from without, through nuclear, biological and chemical warfare. Although we will carry the fight to enemy territory, and our multitude of foreign military bases are created on this tactic, the fact remains that we will not entirely prevent the dropping of atomic bombs on some of our cities; possibly more of them than we might anticipate. In addition, we will probably be subject to nuclear attack—**from within**, using "suitcase bombs", planted in strategic places and set off by short-wave radio from Moscow.

We know that we have civil defense in this country in name only; that the government and the people have not been sufficiently alarmed as to give anything but token recognition to the possibilities. This can be proved by asking you, Mr. and Mrs. Reader, "What have you done towards assuring survival for you and your family?" The honest answer to that is in practically all cases—nothing.

As the government and the people have done nothing to bring about a serious civil defense, based on attack from without they have done even less to protect themselves from within.

Let's ponder on what would happen in this country, if an atomic bomb or bombs were dropped on this country tomorrow.

N. Y. STOCK EXCHANGE

—o— Continued from page 1 —o—

Series of 1919, when crooked Chicago players threw the Series games. Every player involved was banished from the game for life, and the scandal was not forgotten in 40 years. Yet baseball is only a midget compared to Network Television. Why are not the 21 Owned and Operated station licenses of NBC and CBS revoked by the Government at once? Why are not the sponsors of these crooked programs forever barred from the air? The Network either owns the programs, has bought into them, or has an option on the complete output of the Packaging Agencies. All is arranged beforehand.

It bears out our charge in Common Sense issue No. 328 that there is no competition other than sale of time between these three Zionists Networks, all of which operate and are owned by "one Church" monopoly. Let the 3 Zionists who run them get together on any idea, issue, joint attack or program and that is final. The American public sees and hears only what this "one church" monopoly wants it to see and hear, and nothing else, be it crooked, honest or otherwise. Just like the crooked Quiz show "Twenty One", the 21 owned & operated station licenses of NBC and CBS should be revoked. And they will be unless our present Congress has a majority of gutless men who have degenerated so low as to be able to overlook such small transgressions of honesty, when the fraud only involves a few million dollars.

Has decency and honor become so cheap that a Senate or House member can forget it, when he compares it to the fabulous cost of TV time necessary to get re-elected? Is he a willing slave to those who pretend to carry a big Anti-Defamation League stick?

Another gang of bureaucrats who should be disbanded is the phoney Federal Communications Commission. It has already been proven that they have been bribed by the ducats of the same TV gang, in the granting of broadcast licenses. We already know on whose side they stand. It is against the people and with the Networks.

We wonder why Congressman Harris, called John C. Doerfer, FCC Chairman, along with John Fitzgerald the Commission's legal counsel. As Alfred E. Smith used to say: did you expect these boys to shoot Santa Claus? This John Doerfer had the impudence to state that the FCC finds no violation of the law in rigging TV Quiz programs.

He stated that "fixes were reprehensible but that he had not been able to pinpoint a violation of law". He even had the gall to "caution" Congress, that there are serious Constitutional questions as to how far Congress "can invade" directly any program's content. He meant the old freedom of the press chestnut, of course. But can you imagine this political appointee to a bureau of shady repute daring to caution a people's duly elected Congress, the sole lawmaking body of this land? That was pure unadulterated intimidation, threat and potential blackmail.

Is public fraud, displayed week after week before 100 million people, done in the name of freedom of the press? Is falsification of fact and misrepresentation by Zionists, who cheat, lie and take millions in money under false pretense before the eyes of entire public, a defense of the press's freedom? Is this hoax of making phony robots out of 11 year old children through cramming, repetitious rehearsal and synthetic stage deportment a part of assuring freedom of our press?

Isn't it possible that many, even nearly all of the questions asked, were those which NBC producers and the New York Stock Exchange pounded into that 11 year old boy's head? Didn't such tactics help him win \$100,000.00? News of a "find" or likely prospect on any program flies around net-

work headquarters like wildfire. It would reach executive level in 24 hours.

We repeat, get these Network Big-wigs under oath, and the public will witness for the first time, the most genuine Quiz program it ever experienced. There will be nothing phony about the way they squirm and stammer. Common Sense agrees to furnish the Committee a complete script with all questions. Without any rigging, we defy any contestant to hit the \$100,000. Jackpot.

NBC sent to the hearings one Walter Scott, V.P. of NBC-TV Sales, along with the top NBC mouthpiece. Nice fellow, Walter Scott! He was probably the only Christian Exec NBC could lay hands on. But here are some facts for Chairman Harris. The Sales Dept. of any Network knows nothing about any program. It cannot offer a program for sale to any Agency or client, unless it has been approved for sale by the V.P. in charge of PROGRAMS, and also the President of the TV Network. The Sales Dept. is told how much money to get for the program, and that the Program Dept. has decided to insert it in the weekly schedule. Nothing more. Any shenanigans, obligations, politics or subversive reasons for putting it on the air is none of the Sales Dept's business. So why weren't either Robert Kintner, President or Robert Lewine, V.P. of NBC-TV programs on the stand?

Is this Committee hoodwinked, just as the public was on TV Quiz programs? Do these Networks expect any sane person to believe that Network Executives do not know what is going on while these millions are being passed under the table? The Big Surprise has not as yet been proved one of the crooked shows. But it went off the air reportedly because of a number of lawsuits by contestants, and letters of protest from the public for giving away big money on incorrect answers. A Hollywood starlet quit the show cold and refused to finish her appearances, as we understood it. It went the way of all the other quizzes, when Dotto, Twenty One, and others were exposed as crooked.

The case of Barry & Enright, two partners, who were the packagers of the above two shows is most interesting. Trade papers announced that NBC had signed contracts for better than one million dollars to buy into this outfit's productions.

Then along came the scandal about those two programs, which the press forced off the air with so much publicity. Yet Jack Barry continued for a season to MC the program Tic Tac Dough, which seemed to be in the clear. Jack Barry just could be an innocent victim of his partner Dan Enright. If he is, he's a very dumb partner. But so far as NBC was concerned, he was kept on the air even though his production outfit was exposed as crooked. Isn't that like dis-

Malik Predicts China UN Seat

SAN FRANCISCO, Jan. 16 (AP).—Communist China will be voted into United Nations membership "in a very short time," Dr. Charles Malik, United Nations General Assembly president, said last night.

Malik, Lebanon's UN delegate, told a press conference the United States may be able to block Red China's admission to the UN for one more year. "But the voting margin with the United States has been growing slimmer year by year. The time is drawing near when the United States will be defeated on the question."

New York Journal-American, Fri., Jan. 16, 1959-3

covering a crooked bank teller at one of the windows and instead of handcuffs behind police bars, you transfer him unhandcuffed behind the bars of the Savings Fund window, 25 feet away. You know he'll be perfectly honest there.

Even more interesting is the case of that learned English Professor from Columbia University, Charles Van Doren, who married Geraldine Bernstein and his parents were leftist writers. This gent protested his innocence so pompously, that he was never tipped off on a question while pocketing \$129,000, that NBC believed him to the extent of offering a yearly contract of \$50,000 as a staff adviser, whatever that is. Last week when the heat was turned on by Chairman Harris, NBC fired Van Doren and quickly cancelled his contract.

What a long time it took NBC to find this out!! He just didn't show up for his English class at Columbia. He departed for parts unknown. Some Professor!

The contestant who opposed Van Doren has sworn that he was told when to tie Van Doren, and when to take a nose dive to him. Funny NBC and its producers didn't ever hear a word about that.

Just what is the tie-up between the New York Stock Exchange and Brigadier General David Sarnoff's NBC? While Sarnoff master minds RCA, the parent company, his son, Robert, master-minds NBC under him. Does this Exchange tieup go back to the market crash, when Sarnoff emerged the Emperor in the RCA takeover, with the help of International money lenders Lehman Bros. and a few other Jew bankers, while thousands had their life savings wiped out?

Crooked Quiz shows are only a small part of the crookedness that goes on in the 100% monopoly control of "one church" group in Television. It must be abolished by the Congress which allowed it to come into being. If we cannot squash it in one fell swoop, we will continue to sheer the octopus, tentacle by tentacle.

WHAT TO DO.

Buy nothing that is advertised by TV murder programs, crooked Quiz programs or phony propaganda that is a part of the Zionist-Communist schedule of conspiracy. Deluge your Congress and your President with a steady stream of oft repeated indignant mail protesting this 100% "one Church" monopoly in Television. Make Congress revoke the Network station license. Make Congressmen fear us Christians, 95% of the people, more than they now fear the 3% Jewish threat of anti-Christian B'nai B'rith. You cannot lose this battle, if you fight.

REMEMBER THE "HOLLYWOOD TEN"

Will the investigation of the crooked TV end with similar results as the investigation of Hollywood when it was seething with communists? The movie industry made a deal whereby ten of the 120 accused as communists would be fired and the investigation dropped.

THE LIBERAL

—o— Continued from page 1 —o—

As the bombs would be directed at the heavily populated centers, there would be a general alarm and an immediate exodus of population would be attempted. This would of necessity be an immediate one, there being no time to arrange for orderly withdrawal, the purchase of food and water to take along; no time for selecting and preparing clothing and other means of protection and shelter for living out in the open. The big thing is "survival" and the devil take the hindmost.

This frantic mob, undisciplined and unprepared choke the highways; going they know not where and knowing not what to do when they get there. Inexperienced in living out in the open country, the weak, the ill and suffering and particularly the children are at the mercy of the elements. And this may last for months.

In addition people have been hurt, burned, poisoned, fried and served up to the mob of humanity who are not prepared to help them. They have few or no medical supplies, there is no discipline or order. This is a maddened hysterical mob running wild.

The government agencies, the Red Cross and other local authorities do what they can. It is little indeed for the need cannot be met with all the facilities that might be available.

Mobs in these circumstances lose most of their benign human qualities when faced with their survival. Tens of thousands may escape with nothing at all; neither food, nor clothing, nor shelter, nor medicine. The "haves" must give up to the "have nots" or the latter will take it away from them by force the first law of nature being to live if at all possible. The "haves" of course will resist as it is natural for them to do.

Finally, some attempt will be made to bring about law and order, some substance of disciplined mass effort to stabilize conditions or to better them. Men will organize themselves into Vigilantes, as did our people before us in the days of the old west.

If we did not have the violent struggle between the "haves" and the "havenots" — the criminal minority of some 5% or more of the population must be reckoned with. For the jails, the mental hospitals and other similar institutions will be emptied and the inmates free to circulate among the frantic multitudes. There would be **terror, murder, rape and looting of all kinds — and no police force to say to them nay.** We have difficulty in controlling this situation in peace time imagine what it would be under the assumed war time circumstances.

Following the dropping of nuclear bombs, the time comes for the communist underground to come out in the open. It is all planned down to the last detail. We know this because we have their battle plans in our possession. We have checked them in detail with the similar uprisings in Germany, in Spain, in Poland, in Hungary and in Asia. They all follow a similar pattern.

Out of nowhere appears the communist cadres. The communist dominated trade unions cripple communications; landing fields are blocked off; so are bridges and ferries remaining; switches are pulled on the power stations; the police are immobilized; armories attacked and looted, large diversionary fires are set; the distribution of food is prevented; roads and highways are blocked off and sealed; leaders of the opposition are set upon and shot. The communists take over. It is the fulfillment of the well organized plan now existing.

Given space I can show you documented evidence of the complete communist strategy. The copies of the orders, the photostats of the terrain and battle maps, the planned sequence of event and even the short wave

radio codes by which communications are to be maintained. It is all there—nothing has been missed, nothing left in doubt—all ready for you and your family.

Chairman Walters of the Un-American Activities Committee has estimated that a million Americans have swallowed the communist program. Add to this what I estimate as 7 million more who will jump on the communist bandwagon when the time comes if they all survive the bomb blasts.

Where do they come from? These are the communist collaborators. Remember them in Europe—in France and Germany; in Poland and Hungary and a dozen other places; as they decimated the anti-Communists following World War II. They are here and in far greater numbers than ever existed in Europe.

They come from the ranks of what we know as "Liberals"—the Soviet sympathizers who have been sympathizing for years. From the misguided professors and intellectuals, from the ministers of the gospel who think that "Christ was the first Communist"; from left wing and communist labor leaders, from misled youth; from opportunist politicians and governmental employees; from liberal newspaper editors and radical racial integrationists; from the appeasers of all kinds; from the professional "do-gooders"; from the leadership of the financial foundations from all the groups that COMMON SENSE has been naming for years. There are millions of them.

Experience in Europe establishes that these people, like rats—come out from holes in the ground. The leader of a communist cadre may be your unsuspected next door neighbor—whom you may know as interested in progressive education or fluoridation of the water supply. But—there they are—each one to his pre-planned task. Just an anti-McCarthyite.

Now it follows that millions of unsuspecting citizens who have seen their homes destroyed, their wives and children burned to death, or just blown to bits are eventually going to demand vengeance. They have learned to hate the hard way. But hate they will and vengeance they will have for that is man's way since the beginning of time.

They are going to try and identify the collaborators and do something about it. They may not be able to reach the Soviet soldiery but they sure can reach those within reach. So—everyone becomes suspect and no man trusts another; until he proves himself.

Who then is suspect other than those persons which the record shows have been soft on communism in the past? Memories will revive of this person or that person who has been in the forefront or a member of some fellow-traveller organization? These are the anti-McCarthyite liberals—who are now in between two fires from which they cannot escape. Between the stated communist strategy that even 90% of their collaborators must be liquidated in the final analysis—for by deserting their own people they have proven that they cannot be trusted and the fire of the Vigilante and the Peoples Court the end of which is the firing squad.

At these times of chaos and anarchy our citizenry will not be too particular about getting the facts. There will be no taking of the Fifth Amendment. The law is what the hurriedly assembled Peoples Court says it is with justice to be meted out at once. Remember how it used to be done in the old West—and that with half the reasons or excuses that might be presented. Does the mis-guided "liberal" figure that there is no record of their activities and they cannot be summoned to account?

I am going to make public something that is: for 23 years to my knowledge, a national organization has existed which has confined itself to but one activity. That is

preparing a dossier on every so-called "liberal" who has ever given public announcement by word or writing of his softness towards the U.S.S.R. This card index when I saw it contained over 1,100,000 names.

I came across this quite by accident. In a large city, the name of which I will not state, I was invited to an anti-communist meeting with an individual who trusted me. What I saw dumfounded me.

In a large room, about 40 x 40 a half dozen workers were reading, sorting and filing clippings from hundreds of periodicals. The ceiling had been converted into one large dome, in which were strong lights. Although an addressograph machine was in operation—there were no files. Card trays were assembled and then disappeared. I found that one person in every town and city where they had an organization was assigned to the public library to go through the files of daily papers.

On inquiry I discovered that the master card file was indexed to include some 1700 groups and organizations. Some members of every state legislature and Congress; the legislative heads of governmental bureaus even down to home addresses etc.

The master minds of this group realize that one day there would be a showdown that the chips were to be down; that only when the American people had been really hurt, had really suffered—and then the reaction would set in.

I have had no part of this. Throughout the years I lost sight of the movement and imagined it had folded up. Recently another accidental contact taught me otherwise. My first contact and awareness of this sort of thing came through infiltration of the communist party during the Roosevelt administration. At that time the communists had a field day. They staffed the various governmental agencies making surveys, such as for housing and household appliances; the WPA and the PWA—and even made a survey of buildings as strong defensive points under the coverup of preparing travel folders. This under the direction of the wife of a member of the Soviet Embassy.

The information obtained was consolidated in card form until they had a dossier of the private life of millions of workers. They still have it.

The next experience was contact with the forces of Jewish Anti-Defamation League of B'nai B'rith—who run a private Gestapo on the same lines as the secret police in Soviet Russia. There is a liaison between this alien group and The Federal Bureau of Investigation. This should not be strange as the racial background of these people is that of the **Khazars of the Soviet Union.** It is part of their very blood and manner of thinking and acting.

Remember this that the drive for world domination, the ambition to equal and surpass every other nation rests in the blood of these people — and as it has been so for centuries, so it is now. The communist ideology only took on the scale that it did in Russia because of that sort of thinking. Until they become educated on the equal of the West—they will follow their ancient heritage.

The "liberal" of today is gambling with liquidation tomorrow—not only for himself but for his family as well. They created the philosophy of guilt by association and they may find that they also will die by it. If I were one I would do some serious thinking as to where I stand when the chips are down.

FOOD FOR THOUGHT

by our Asian Correspondent

For the past few months the American press was publishing alarming rumors about the "growing wave of Anti-Semitism" in West Germany.

But many of us should remember how the same sources only a short while ago positively assured us that this evil is stamped out for good and will never return. All blame for the past crimes was put squarely on the shoulders of Hitler and his henchmen who, as we were told, put a kind of dark spell over the whole German people which is now repentant and willing to make atonement for their sins, — mostly in cash....

At the beginning of this century the "American Experts on Russian Affairs" followed, approximately the same pattern of action and bitterly accused the "weak, vile and corrupt Tsarist regime" of artificially fomenting Anti-Semitic troubles, and thus diverting the ire of Russian people toward the innocent so-called "Jews". This absurd idea is so firmly entrenched until now in the American minds that even President Eisenhower uses it occasionally in his speeches.

Well, years passed by, the very bones of those who, according to the Jewish legend, had alone been responsible for the greatest part of Jewish misfortunes turned to dust long time ago, — and where are we now?

The "Anti-Semitic" sentiments still blossom luxuriously. In fact, we have at present quite a collection of different "Anti-Semisms" such as "Government Inspired" Soviet brand; "Classic" Polish; "Deep-rooted" Ukrainian; "Traditional" Rumanian; "Violent" Hungarian; "Mad" Arabian; "Fast-growing" neo-German, to suit every taste, so to speak.

Let the reader think for himself WHY "Anti-Semitism", despite the world-wide efforts of International Jewry to kill it, and untold millions spent yearly on the pro-Jewish propaganda, still remains quite virulent and continues to grow stubbornly under the most diverse political climates. We are told repeatedly, that "Anti-Semitism" is nothing but a "dark medieval prejudice" entirely out of tune with our Atomic Age, and that it should be extinct, like clumsy Dodo bird, centuries ago, — but it isn't most definitely. Why?

And another queer thing which is worthy to note and to remember. On Feb. 2, 1959 the well-known magazine NEWSWEEK published the following statement: "The most immediate problem in West Germany today is not unification, or even Berlin, but an alarming increase in anti-Semitic incidents - from the desecration of synagogues to anti-Jewish writings, speeches, and even songs."

Read those lines attentively and ask yourself WHY should the feelings of German population toward their 30,000 strong Jewish minority, (barely 1/10% of the total), be MORE IMPORTANT to American policy-makers than the unification of the whole country, and, most incredibly, even more important than the Berlin crisis itself, the final outcome of which might be the 3rd World War?

Can you guess what kind of monstrous political perversion is hidden behind this casual — or not so casual — remark?

FIVE CENTS

The Living Dead HUNGARY

By Gyula L. Pinter

Translated from the Hungarian language,
written exclusively for *Common Sense* by
a Hungarian exile now living in Austria.

—Colonial exploitation of the Hungarian
economical life.

—The perishing 1000 year old Hungarian
culture.

—The terror regime of Jewish conspirators
and Hungarian traitors.

—The shaken confidence of a great histor-
ical nation in her sons and friends.

Hardly any week goes by that politicians
do not mention or newspapers do not quote
the 1956 Hungarian Revolution. Certain
world events, even today are mentioned and
explained parallel with this historical sig-
nificant event.

Since then, in the eyes of the World,
Hungary became a political social laboratory
and through the experiments in the labora-
tory, they try to understand the human
mind undergoing changes, its nature, its
goals and its consequences.

There are four conclusions:

Since these events are directed by the
bloody hand of the Soviet, the laboratory
examinations put the spot light on the
Soviet-Communist system. Those who, after
the investigation, have the proper logic and
moral strength—can draw, four conclusions.

First: Communism is attractive only in the
first minutes to those who are not properly
educated or to those who suffer mental
or moral shortcomings. With sound mind
and moral, one can reject it on the first
hearing.

Whenever, because of some fatal human
fault, communism can get a foothold in a
country, it soon will be recognized that only
with terror is it able to remain in power.
Their justice is only a seeming justice; it
reflects only lies, which is already recog-
nized even by primitive people.

Second: No individual, no people or nation
can live without freedom. Freedom must
be guarded by everyone because when it
is once lost, it is only through greatest
suffering, sacrifices and martyrdom can it
be regained.

Third: The few days freedom of the crushed
Hungarian revolution should be a warning
to all peoples, even to the rich and power-
ful, that the rules of the Bolshevik "peaceful
existence" are compulsory only for the
"other" countries. This slogan is used by
the communists only for their propaganda
purpose. Those who have doubts, should
watch the changing events, read Lenin's
and Stalin's books in which they wrote the
dogmas of world conquest.

In these writings one will find that com-
munism will not give up its goal in any
form. In these books also one will find
detailed tactical instructions about promot-
ing and furthering communism.

Fourth: In the background of Bolshevik—

— BE THANKFUL —

WE ARE NOT YET COMPLETELY
UNDER THE YOKE OF COMMUNISM.

expansionist world crisis—one will find a
group of Jewish plotters, who are working
unitedly, on both sides of the Iron Curtain,
in the hope that when the hour will strike,
they will direct world communism.

Peter Erdos, one of the Hungarian so-
called "Jewish intellectuals", a communist
leader said in Budapest a few days before
the 1956 Oct. revolution: "In the countries,
which are living under communism, there
is a reaction developing against the Russian
Bolshevik Dictatorship. Therefore a new
Marxist direction is needed so that this
counter effect should not lead into the
other extremity, namely nationalism!"

This declaration explains why Jewry didn't
take part in the Hungarian peoples uprising.
This group's aim was only to loosen up the
bolshevik grip on the Marxist theory. They
wanted to form Marxism for their own
use, the so-called "Jewish World Power."
When the revolution broke out, already in
the first hours of that evening, it became
apparent that it was getting out of the
Marxist line.

The Marxist Jews, with every means of
communications, in words and writings, were

opposing the revolution. "Stop the blood-
shed!" they shouted, when the Hungarian
people wanted to get rid of their oppres-
sors.

THE HUNGARIAN REVOLUTION NATIONAL PROGRAM

The Jewish hoodlums knew if this rev-
olution wins, Marxism will cease to exist
in Hungary.

As the "Reinischer Merkur", a west Ger-
man newspaper, on Dec. 28, 1956, in an
article titled "Nash-Kommunisten," said:
"This is a new type of anti-communism.
The thinking of our nation's older politicians
stopped at communism, but we have al-
ready gone beyond communism,
in destroying three brilliant ideas,
human freedom, social justice and the won-
derful vision of the Hungarian revolution-
ists, the idea of the solidarity of peoples,—
the future of Humanity."

The Jewish group knew if the revolution
wins there would be a great investigation
about the responsibility of a decade of com-
munist terror and torturing atrocities in
Hungary, because they were the ones sit-
ting in all key positions of a bankrupt sys-
tem. With all their power they tried to stop
the unfolding revolution.

In Hungarian communist literary circle,
Petofoi Kor, one of their leaders, Tancos
Gabor, a few days before the Russians re-
turned to Hungary, said over the Budapest
Radio: "Don't fight! The Russians are leav-
ing Budapest, I saw it!" In these
hours the revolution's final victory was
near, the Kilian military headquarters was
safely in the hands of the Rebels and the
Russians were evacuating the city.

AFTER THE REVOLUTION WAS CRUSHED

The following days events are still in
the memories of everyone. The Russians
returned with a powerful army, 5,000 tanks,
a quarter of a million soldiers, destroyed
the city, crushed the revolution and arrest-
ed the revolutionary government. Behind
the Russian tanks the Jewish hoodlums
returned from their hiding places and just
like before under Rakosi-Gero
regime—again occupied all the key pos-
itions.

With this, a new era of terror began in
Hungary, which today's life can be charac-
terized in 5 points:

- 1 Hate warfare — rounding up freedom
fighters.
- 2 Farmers forced into collective farms.
- 3 The entire Hungarian economical life
is melted into an Iron Curtain Unity.
- 4 The annihilation of the National Culture.
- 5 The legalized abortion — a systematic
genocide!!

The "new life" started in the beginning
of 1957 when the terror succeeded to break
down the many months long general strike,

which was a protest against the return of the Communist Army. The strike was broken, at industrial main points, by a strategically planned starvation. The bombarded and damaged houses (by the Soviet tanks) were hastily repaired on the main streets of Budapest, the debris was cleared but the side streets and the outskirts of the city are still shocking views. They started the house to house searching, deporting young men and women by the ten thousands to Siberia and even to Red China.

At home, the endless number of court cases are still going on even today, against those who wanted freedom. Very often a case ended with execution.

Drastically abolished as one of the greatest achievements of the revolution: the freely elected Workers Council system. In its place they organized the so-called, armed "Workers Guard"—recruited from ex-convicts and the trash of the country.

There are no accurate figures of victims of the massacre, but according to witnesses and world experts, estimations, there are about 60,000 dead, 75,000 sent to Siberia, arrested, or in prison. A great portion of these victims are school age youths.

Execution of children of 15-16 years old are not rare. Forty-seven thousand boys between 12-20 were put in box cars and sent to Siberia.

TRAGEDY OF HUNGARIAN PEASANTS

When the revolution broke out, the collective farms were disbanded immediately and the farmers returned to their previously owned land. By the time the Soviet Army returned, there were no more, or few, "Kolkhoz" left. But, even after the revolution the farmers didn't give up the fight for their land. To the Hungarian farmer his land is not only his existence, it is his freedom, his independence. The communists know this and that's why they took it away, not only for economical reasons but for political also. The recollectivization of the land didn't go without resistance. Terror raids were sweeping the villages, especially in the western part of the country where the better-to-do educated farmers had the scientifically cultivated lands.

Trained agitators went out from the city to the farmlands and began to "soften up" the resisting farmers! Their tactics were: talkings, threats, arrests, beatings, murders, until the most stubborn couldn't take it any longer. In this land, where in democratic or parliamentaristic way could never force the farmers into collectives—here the communists bloody terror accomplished victory! Many farmers in their desperate, hopeless situation committed suicide. Some of them hanged themselves on trees along highways and railroads as terrible warnings to the travelers. And all this made possible by the indifference of the West.

In Dec. 1956, there were only 1,617 collective farms in Hungary, mostly demoralized. Under the new campaign they collectivized an additional 1,359 villages, 1,508 collective farms. At present the communist government's goal is the collectivization of 60-80% of the farms. This unnatural spread of collectivization impoverished the whole country.

This little country, before the second World War supplied Germany, Austria, Switzerland, for many years, Italy and other countries with food; today, depends on other countries in meat, grain and fruit. But this is not all, this is only preparation for the second attack. According to official party communique: Hungary can take part in the Soviet seven year plan on one condition, that Hungary's agriculture must be collectivized 100%!

To realize this program, without the necessary farm equipments and machinery, one can imagine the misery this country is facing, when they will have the added

burden to supply East Germany with food, on communist order, when they have not enough for themselves.

Just to compare the Hungarian farmers living standard with the American farmers: In the 3,000 villages of Hungary, there is not a single automobile. There are very few radios and televisions are non-existing.

THE COLONIZATION OF THE HUNGARIAN INDUSTRY

At the same time the communists are organizing the industry into a so-called "Mutual Economical Unity" which will cripple the entire Iron Curtain industry. They first aim to place the Iron Curtain Countries industry into the service of the Soviet seven year plan, which will give a big lift to the Soviet peoples life standard. If in seven years there still will be a Soviet Union, and the Soviet will fulfill its seven year plan, we can add up the gains by the Soviet Union and discount the propaganda statistics, we will have a clear picture, just how deep will it sink the Iron Curtain captives countries life standard.

The second aim: To break down the satellite countries independence, disperse the production among the small nations that they shouldn't be able to produce without each other and keep them dependent entirely on the Soviet Union. This plan will be completed by the proposed oil pipe lines and high-tension electric power plants which will be the only industrial energy to the satellite countries and which also can be cut off by pressing a button in case of a riot or revolution.

EVERYTHING SERVES THE SOVIET INTEREST

Jeno Fock (a Red Jew) announced the Hungarian obligation in the Soviet's seven year plan. According to a categorical Moscow order, that the Hungarian export 60-80% can be negotiated only through the "Mutual Economical Unity." Out of this, 70% goes to "socialist" countries and 30% to the Soviet Union and the same amount must be doubled during the calendar year. What Jeno Fock doesn't say, that this 30% is delivered for a minimum, real colonial price, as it was done in the last 14 years.

The fulfillment of the obligation, says Fock, necessitates great transformations.

- 1 More investments mainly in the tool-making industry.
- 2 Important regrouping of industries in order to produce the necessary items.
- 3 Urgent collectivization of the land.
- 4 Production of electric machinery, diesel-motors, precision-instruments, machines for food industry, etc. In order that this work should be accomplished, the electric energy production must be increased 60%, 80-90% the machine industry,

- RULER -

After communism captured Hungary again **RAKOSI** was released from prison and placed at the head of the government where he ruled in luxury. He then used terror and murder in ruling the Hungarians.

200% the precision industry, and 400% the chemical and food industry.

These are a few items but demand is so high that it is very doubtful if not impossible to fulfil. How will the communist accomplish all this?

Mainly with work-competition, to drive the worker to his utmost, to drain out the last drop of energy. And the reward? . . . Jeno Fock promises this way: "The Soviet Union's life standard in 7 years will be very high, we can not increase our National income to their level". Of course not! Those who are robbed will always have less than the one who robs. And the bandit Soviet Union after 7 years will loudly boast how rich they are,—richer than the U.S.A.!

JEW OPPORTUNIST — EVERYWHERE.

In this reorganization, the Rakosi-era's sad puppets, the Jewish communists take their part: Berger Andor, Friss Istvan, Appelbaum Antol, Munich Ferenc, Weinberger Zoltan, Gyáros Laszlo, Kahana Jozsef and to add to this bouquet Kadar Janos, Marosaw Gyorgy and many others who are the most hated enemy of the Hungarian people.

PERSECUTION OF THE CHRISTIANS.

Today the Hungarian people's religious faith is deeper than ever before. Abandoned by the rich and strong west, their faith in God is their only refuge. The Communists want to take away even their faith from them. Persecuting their leaders. Following Christ saying: "Beat the Pastor and the herd will disperse".

The communists could win over to their propaganda only a few priests, the so-called "peace-priests" but the people are boycotting their churches and they are "ex-communicated" by the Vatican. The people are filling the churches of their loyal priests, the ones who are serving the church under constant threat of arrest, death or at best losing church function.

Here we can mention, that one never heard or read about the slightest offense to synagogues by the communists. The communist education is also waging war against Christian teaching in the homes. Party officials are complaining that the parent's reactionary clerical views are destroying the communist spirited education.

THE COMPLETE BANKRUPTCY COMMUNIST IDEOLOGY

Admitted by the communists, the reorganization of the party ended with a negative. The party membership is far below the number 3 years ago. At present the communist party is following a "second line" tactics. They put weak, frightened puppets to the front like Kadar or Marosan.

The real leaders are those whose names rarely come up and only in connection with insignificant events. They remain behind the scene.

The organization of the youth is more

hopeless than the adults, because they are not threatened with worries like their parents.

NO MORE HUNGARIAN CULTURE.

It is no wonder that scientific life in Hungary is paralyzed. During the revolution the great majority of the scientists and professors left the country. Just a little illustration: today in the U.S.A. in various universities and colleges more than 200 Hungarian professors are teaching. --

Those who remained home, many were removed from their position. Only those kept their jobs who were acceptable to the communist line, regardless of scientific past or knowledge.

This also characterizes the field of literature, the theatre and all branches of the art. Here also the "Moscowites" are in leading positions. Namely: Illes Bela, Gergely Sandor, Geller Oszkar, Varnai Zseni and "Writers Guild" leader, Boloni Gyorgy.

In the Theatrical life two names are dominating: Major Tamas, the old communist and the untalented actress, Simon Zsuzsa, directors of the Actors Academy. Under their direction they are producing party politic-filled, boring plays in empty theaters.

In the Concert Hall the situation is the same, only communist favored talents will get recognition. In the Press only the obedient party writer can exist.

Under such circumstances, the 150 year old Hungarian Academy of Science lost its traditional reputation. Their directors: Erdel Ferenc, Ortutai Gyula, Gutwein Magda who, with sadistic hate, are withering away the 1000 year old Hungarian Culture.

The falsification of the Hungarian history, an unparalleled disgracing of the past, is the current events of this year in Hungary. They wish to white-wash the 1919 proletarian dictator in Hungary with the celebration of a 40 year anniversary of the Terror Era, when the communists massacred thousands of Hungarians. They want to show their

hero, the terrorist Samuely Tibor, the leader of the massacre, who openly professed it; that he wanted to see the entire Hungarian peasantry in one big grave.

This kind of celebration is the yardstick of the feelings and moral values of the communist leaders, like Kun Bela, Korvin Otto, Rakosi Matyas and the rest of them.

NEW SOCIAL SEPARATION

The culture-thirsty Hungarian mass, rejecting the immense quantity of brain-trash what the official party offers to them and taking out their jealously guarded old books, in which they are seeking spiritual satisfaction. What ever they have in confidential circles, they are exchanging, reading and discussing them.

If in the village or town, the people get hold of a western magazine or newspaper, it goes from hand to hand and they "live on it" for a long time. What ever comes from the West, it brings to them the breath of freedom.

In this kind of life the Hungarian Society is separated in two: One side, the great majority anti-communists and the other side a very small minority the communists or fellow travelers. In social contact, it no more counts "Who is who"; what counts is "How" one thinks about communism.

Naturally, everybody is cautious to express opinion in front of the Jews because the Hungarians do not trust them anymore. The Hungarians learned to be silent.

Here, we would like to give a warning to the decent Jewry. In the past and present, anti-semitism was caused always by the Jewish. Therefore, it is the solemn duty of the Jews to stop it before the entire Jewish population will be involved.

It is a real problem for the communist regime who will be the loyal soldier, once they have to defend Moscow?! During the revolution the Hungarian Army proved to be useless to the communists, as they refused to fire on their own people.

LEGALIZED ABORTION

In Hungary, there is a systematic Genocide going on, the most sinister, devilish, murdering of a Nation! What the communists couldn't kill with machine guns, they finished with abortion! A doctor writes, who is working in a Budapest Hospital,

WHY NOT GIVE A PATRIOTIC BOOK FOR CHRISTMAS?

We have just prepared an illustrated book list, which we have not been able to send to all our subscribers. If you are interested, please write for a copy.

that he must perform 30-40 abortions daily. The "enlightening" of the young women is going on in words, writings and on the operating table.

There are two reasons for this Genocide:

- 1 To solve the problems of overcrowded schools, the housing shortage and at the same time be able to pay the Soviet reparation demands.
- 2 This legalized, illegal operation not only kills the child but ruins or sterilizes the healthy Hungarian mother and weakens the strength of a valiant, rebellious people!

In conclusion, the Hungarians became condemned to death, disillusioned, robbed, invert people, which are sold to the reds by the West. The Hungarian people cannot believe in the West anymore, less in America who is the continuously retreating front of the Reds.

Who remembers today of the children of Budapest who were fighting with benzine bottles against Soviet Tanks? Who thinks in America that, by luring the communists step by step, someday will demand American children's blood just like in Budapest? ----

Why didn't the American people protest when the Butcher of Budapest, Ukrania, Estonia, Latvia, Lithuania, Vietnam, Laos, Tibet, India etc., came to visit the U.S.? He is the one who said: "We will bury you! Your grandchildren will live under communism"

The captive Hungarian peoples other enemy is in their own emigrant ranks, the self-appointed political leaders. These politicians want to direct the political life of the emigrated Hungarians, scattered all over the world, without even asking the people in whose name they are speaking. These leaders, who are on the payroll of foreign interest, are already distributed for Government position of a future, free Hungary, among themselves.

Among this political adventurers, one can find, Marxist, fellow travelers, opportunists, and simple money-chasers. To mention one example: "Radio Free Europe." This is an American-supported organization, which does not serve Hungarian nor American, let alone, Free Europe interest. These selected politician commentators are making a good living on the expense of the American taxpayers, without any appreciable moral result. The hundreds of thousands of Hungarian emigrants see this and turn away from it, but cannot do anything, because of lacking money and proper connections.

If anybody speaks up, or tries to organize a National platform, they will quickly get the "Fascist" label; which in America is as strong a scare-slogan as "Anti-semitism." But the Hungarian emigrants know that against Athiest, Money and Political-Internationalism only the God believing, National, Worldview is the strongest counter part.

A PETITION TO THE PRESIDENT OF THE UNITED STATES OF AMERICA.

Dear President, when you go to the Soviet Union and will see a model house, a modern factory, a modern collective farm or a luxurious prison, do not believe that it is that way all over the country. Do not forget, what the Soviet leaders will let you see, is the only one what they show to every foreigner. After all it's made for that! Of course, it is just polite to believe that the rest of them are the same!

Mr. President, please ask them to show you the prisoners camps, where between 20 and 40 million people mainly political prisoners or innocent people are kept and whose work is the foundation of the Soviet Economical life. These camps can be found in Vorkuta, Karaganda, Sverdlovsk, Kulima, in Siberia or far North,—and you'll see what the bolshevik leaders will answer!

In closing, Mr. President, tell the Russians, the American governments firm decision, that they will never give up liberating the enslaved nations, especially the Hungarian people, who gave the most magnificent sacrifices for a better world.

MARXIST IMMIGRATION THREAT TO U. S.

By Franklin Hichborn

The purpose of the persistent minority opposing effective immigration laws is to open our gates. Mr. Abner Green, original name Abraham Greenberg, Executive of the "American Committee for the Foreign Born," in such articles as "Immigration Rules Inspired by Hitler," which have appeared in the Communist Daily Worker, are to that end. Mr. Eugene Lyons' "The Refugee Residue; a Free-World Failure," published in Reader's Digest May last, makes the same appeal. Mr. Lyons is a member of the Zellerbach Commission, which, like the Green organization, urges that it is our duty to admit more refugees. Over the years, the minority has urged curious procedures.

In the 77th Congress, First Session (1941) for example, Congressman Dickstein, introduced House Bill 2791, to admit to Alaska refugees to "the total of all unused quotas of all countries, for the last six years," with the provision that "No such immigrant colonist shall be permitted to emigrate to the Continental United States for at least five years from the date of his arrival in Alaska." This scheme failed.

A "safe guard" of another drive proposed that the country of origin of the additional admittees must agree to take them back if they proved undesirable.

Another scheme, providing that no additional refugee should be admitted unless a responsible person or organization guarantees that he shall not become a public charge, was more successful. Thousands have been admitted under such guarantees. California's Attorney General (now Governor) Edmund G. Brown stated in an interview in the Oakland (California) Tribune (July 27, 1957) that some 750 such immigrants are in California's mental hospitals at a cost to the taxpayers of \$750,000 a year. California, in a test case, sued in New York to recover \$4,721 for four years' care of a refugee in a California mental hospital. Judge Henry Silverman threw the case out of court, on the ground that the guarantee constituted a moral obligation only, not a legal obligation, and was therefore not collectible. The San Francisco Examiner (October 13, 1957) stated that Judge Silverman's decision freed from obligation the sponsors of nearly 6,000,000 immigrants.

PRAYERS FOR CAPTIVE NATIONS

— By J. Kester Kahn —

As Americans pray for the peoples of the Captive Nations, let us hope they include Palestine in their prayers. For Palestine is truly a captive nation. Many of its people have been exiled. Those that remain within the borders are kept under strict martial law.

Just as International Communism refuses to recognize the rights of the people in the nations it holds captive, International Zionism refuses to recognize the claims and rights of the peoples of the lands it holds captive.

HAS THE METHODIST CHURCH GONE MAD?

By A. H. McGregor

The Methodist church had sound doctrines in its beginning. Of late some of these have been twisted, assailed and "explained" to the thorough confusion of the membership. Our church is doing some mighty good work but too many of its leaders and writers are feeding us unsound and un-American doctrines. After years of study with an open mind I have concluded that our church is being used by the very enemy we are pledged to fight. To keep silent in the face of what I have learned would be bordering on hypocrisy.

FIVE CENTS

HOW TO REGULATE BROADCASTING

Respectfully submitted to the U.S.
Senate and House of Representatives.

By one who should know.

Which of you gentlemen is going to draw up and launch the Bill to smash the TV-Radio monopoly that greedy dishonest men have stolen from the American people, while hoodwinking the Congress of our people? The tinsel and glass keystone arch of all Broadcasting has been erected on pillars of sand and mud. Committees of Congress have analyzed it to be more mud, than sand. No single member of Congress has given this vital problem a moment of consideration, since the Communication Act of 1934. Yet it is so simple a problem that a child can solve it, once the correct hypothesis is given.

The fundamental concept of Broadcasting is a fallacy and one of spurious definition. Here is the one false equation in the formula. Licensed broadcasters, led by unscrupulous Networks who are greedy for power, have bamboozled Congress into believing that broadcasting, and the press, are one and the same; that broadcasting should be accorded every Constitutional right of the press, and therefore allowed full uncensored freedom both in speech and operation. Nothing could be farther from the truth than this assumption. Like simple arithmetic, a wrong assumption must lead to an incorrect answer.

WHY IT IS PHONEY

Broadcasting is NOT the Press by the widest stretch of imagination. It is in NO WAY to be compared to the Press. Here is why, and here is the difference between the two. Press Publications are free and private enterprise, which express their own opinions in their own Newspapers and Magazines, printed on their own paper with their own ink, and censored by their own editors. They not only do not require a government license to operate in any way they see fit; the U.S. Government cannot and dare not prevent them from operating under the 1st Amendment to our Constitution.

Broadcasting, far from being free, private enterprise, is a captive public enterprise, operating on the people's limited wavelengths under the public license of the people's government. They cannot operate for five minutes without that license, which the Government can take away at any time. Therefore they have no right to express private opinion at any time, and have absolutely no right to exercise censorship. The People's Government has every right to impose censorship on broadcasting, or have it done by an outside agency that has nothing to do with the industry, and by men of unimpeachable character. Licensed broadcasters must be prohibited from contact with this agency in any way, except to follow instructions. — penalty, automatic loss of license. This agency must answer to government and the people.

COMPLETE GOVERNMENT CONTROL

This government controlled censorship should reach every type of programming.

THE PLAN BEHIND COMMUNISM

By The Patriot

Dear fellow Christians, does the world seem to be a place of utter confusion, where nothing makes much sense any more, where we drift from calamity to catastrophe, each debacle seeming to come out of the clear blue sky without much rime or reason, where we fight bloody wars with no purpose and no hope of gain?

Have you ever felt that some sinister power was at work corrupting, confusing, and enslaving us? Have you ever felt that you were not getting the news at all, but only what some secret censors directed that you should receive? Has the ever-increasing foreign give-aways and ever-increasing taxation puzzled you? Has the adamant insistence that we must integrate with the Negroes worried you? Have you ever heard of "planned chaos", No?

Then by all means read these revealing quotations from the most fantastic document of all time, a secret conspirator's memorandum, captured from a prominent Zionist after a meeting of top Jewish leaders in France about 1900. This document was published in Russia in 1905 as a chapter entitled, The Protocols of the Learned Elders of Zion, in a book by Prof. Sergyei Nilus.

CENSORSHIP OF THE PRESS

"Through the Press we have gained the power to influence while remaining ourselves in the shade. In order to put public opinion into our hands we must bring it into a state of BEWILDERMENT. Not a single announcement will reach the public without our control. In countries known as progressive and enlightened we have created a senseless, filthy, abominable literature. We shall erase from the memory of men all facts of previous centuries which are undesirable to us, and leave only those which

depict all the errors of the government of the goyim (non-Jew).

PROGRESSIVE EDUCATION (for Slavery)

"The system of bridling thought is already at work in the so-called system of teaching by object lessons, the purpose of which is to turn the goyim (us!) into unthinking submissive brutes waiting for things to be presented before their eyes in order to form an idea of them.

TAXES, CREDIT, AND DEPRESSION

"Taxation will best be covered by a progressive tax on property (income!). Economic crises have been produced by us for the goyim by no other means than the withdrawal of money from circulation (1929!!), We shall replace the money markets by grandiose government credit institutions (Federal Reserve System and the RFC!).

CONTROLLING PUBLIC OPINION

"We must compel the governments of the goyim to take action in the direction favored by our widely conceived plan, already approaching the desired consummation (in 1900!) by what WE shall represent as public opinion, secretly promoted by us through the means of that so-called 'Great Power' — THE PRESS, which, with a few exceptions that may be disregarded, IT IS ALREADY IN OUR HANDS (even by 1900!)

JUDGE-MADE LAW

"Under our influence the execution of the laws of the goyim has been reduced to a minimum. The prestige of the law has been exploded by the LIBERAL interpretations introduced into this sphere. In the most important and fundamental affairs

A PREREQUISITE TO THE RIGHT TO VOTE

By General George Van Horn Moseley

Too often delegates leaving patriotic meetings go home with their minds saddened from hearing reports of the tragic conditions existing throughout our Republic. At the same time, they carry away no practical plan for our salvation.

We must remember that the government of which we complain is just the government we elected. It is the results of our VOTES. If you are keenly disappointed in the President of the U. S., especially in his failure to carry out campaign promises, you must remember that you ELECTED HIM TWICE. If you don't like the Chief Justice, you must remember that he was nominated by a President you elected and confirmed by Senators you elected. You elected the Congress that is failing us while the nation drifts to the left and to HELL.

General Moseley

The basic trouble results from the fact that we have extended suffrage to citizens not qualified or fit to VOTE. To save the nation, we must raise the qualification of the voters and eliminate all who cannot rise to that standard. Remember that in Colonial days, when our Constitution was conceived, the voter was a selected man of

character and in good standing throughout his community. He was required to own a certain minimum of property. Voters of that kind supported and sustained our Constitution for almost 100 years. Immigration and low breeding gradually lowered the character of the American citizen and that is being reflected today in every phase of our government and it is causing a moral breakdown throughout the nation.

As an indication showing the low condition of our manpower today, forty percent of the draftees reporting to the Army are found so low mentally, morally or physically that they are rejected. If accepted, they are found absent without leave, drunk in the guardhouse, or in the hospital with a venereal disease. BUT IF OVER 21, THEY CAN ALL VOTE. We can correct all this by going to the State Legislatures urging them to adopt new standards for the voter.

THERE MUST BE

- an age and an educational qualification.
- a character qualification.
- a property qualification.

BUT OVER AND ABOVE ALL THIS, THE APPLICANT FOR THE PRIVILEGE OF VOTING MUST TAKE THE OATH OF ALLEGIANCE — AN OATH SUPPORTED BY A LAW TO THE EFFECT THAT ANY CITIZEN COMMITTING ANY OFFENSE IN VIOLATION OF HIS OATH SHALL BE GIVEN A MANDATORY JAIL SENTENCE FOR FROM TWO TO TEN YEARS.

Under such requirements, thousands of incompetents would be eliminated as well as many Ministers of the Gospel and college professors. If three-fourths of the Legislatures adopted such a policy, it would become federal law.

Is such a plan impossible of execution? — **DECIDEDLY NO.** Several years ago the **ONE WORLDERS** appealed to the Legislatures of the states and succeeded in getting twenty-odd to pass a resolution for **UNION NOW**, with the British Empire. The legislature of the State of Georgia was the first to realize the folly and danger in such a move which, under study, was considered treasonable. The legislature repealed its former action and twenty-odd states followed the lead of Georgia and the plan was killed. **UNION NOW WAS FOUND TO BE TREASON NOW.**

One of the outstanding features of this plan is that the question of race, color or religion is not involved, only good citizenship.

Our Republic is not an entity of thousands of rich farms, mines and an expanding industry, but it is a human organization of over 170,000,000 people. Each brick in the structure is a human being and it will stand or fall according to the character of the men and women who compose it.

LET'S GO TO BATTLE AND WEED OUT THE WEAK, LOW MATERIAL, NOT BY SHOT AND SHELL, BUT BY LAW.

JEWRY AND INTEGRATION

The colored people of the world now own and occupy more than seven-eighths of the habitable surface of the earth and they will not rest until they have taken over the remainder. The prime mover behind this massive effort is international Jewry. The so-called "Jews resent and hope to destroy what they refer to as the Aryan's "quiet superiority." The so-called "Jews" seem to feel that they, being more intellectually gifted and having control of the world's economic resources and all its propaganda media: television, movies; newspapers — will soon prove that they are the real masters of creation and that the days of the Nordic are numbered.

One of the most rigid rules laid down in Mosaic law, from ancient times, is that the so-called "Jews" — "the chosen People" — must not marry outside of their race; must keep their blood unmixed with that of other, inferior races. However, when this same restriction is imposed among Aryans, for the sake of preserving the Nordic races from mongrelization, the so-called "Jews" complain that such a practice is unfair, vicious and harmful to the welfare of humanity.

The financial resources and the controlled propaganda media of the so-called "Jews" is the real agent behind the integration movement in the United States' public schools. Needless to say, the purpose is to stimulate interracial miscegenation between Aryans and Negroes. By this means, they hope to plow the much-resented "superiority" of the Goyim into the ground. (Goy is the Jew's contemptuous term for the non-Jew.) No so-called "Jew" will ever, himself, make the mistake of accepting the Negro as his "equal" or of allowing intermarriage between his children and those of degraded races. The enforced equalization

is intended to take place between Aryans and blacks.

The NAACP's lawyers, the Goldblatts and the Lipskys and the Feinsteins, repeatedly raise the objection that, although the constitution of the United States holds all men "equal" the Negroes are segregated in the public schools. They forget that the white man discovered this country and settled it. The white man here carved a great civilization out of the wilderness and built roads and cities; invented the automobile and the airplane and the steamship. All this time, the presumably "equal" Negroes who had the whole continent of Africa to work with, did nothing and contributed to the world nothing. The so-called "Jews", too, so proud of their presumed intellectual superiority, have always had to do their studying in gentile universities.

The so-called "Jews" are the world's destroyers and polluters — still at it, after two thousand years.

Why must the white race go down the drain to satisfy the world trouble makers?

Allen Paul Steiger

WORLD GOVERNMENT

"We shall have World Government, whether or not we like it. The only question is whether World Government will be achieved by conquest or consent."

Statement made before the United States Senate on February 17, 1950, by James Paul Warburg ("Angel to and active in the United World Federalists), son of Paul Moritz Warburg, nephew of Felix Warburg and of Jacob Schiff both of Kuhn, Loeb & Co. which poured millions into the Russian Revolution through James' brother Max, banker to the German government.—See the Sission Report.

WHAT THANKSGIVING MEANS

Freedom to worship the God they loved
Drove pilgrims across the sea;
Their first act, upon reaching shore
Was to fall upon bended knee.

Worship and toil was the daily lot
Of the few the Grim Reaper left;
In sorrow, but hopeful, they labored on
With hearts sadly bereft.

The Indians came, and remained, their friends,
Many lessons were taught to each;
A Thanksgiving Day was then proclaimed
An example they sought to teach.

America, founded on freedom's rock
Will ever be strong and free;
The snake on the Colony's first Flag said,
(Remember?), "Don't tread on me."

Our country is great — there is room for all,
But live and LET LIVE they must;
The blood that was shed for freedom's sake
Is a living, sacred trust.

BROADCASTING

Continued from page 1

Any news analysis must be in debate form with both sides completely represented on the same program. It must not allow the other side to be heard next week, same time, over these same stations. It must be now, on the same program. All persons taking part must be approved by the censoring agency, which we shall suggest be called a **Board of Broadcast Governors**. This censorship must apply to all panel discussions and dramatic programs which approach the political, religious or educational, as well as historic type of program to assure public reception of authentic fact.

MOST IMPORTANT CENSORSHIP

But Government has **NO RIGHT** to allow all three of the TV Networks and all four of the Radio Networks to operate under control of a Jewish "one church" monopoly, or a monopoly of any other church. All Network licenses are now completely in the hands of the most politically minded "one church" group on earth — that of **Zionist Jews**. On the basis of representation in population, they are hardly entitled to one network. Congress should legislate that this be done away with at once.

This Board of Broadcast Governors should be seven in number, with the FBI represented along with patriots from organizations like the **American Legion**, the **D.A.R.**, and it would seem a splendid place of honor for retired military heroes who have faced enemy bullets in two wars. We refer to such men as **Generals MacArthur, Stratmeyer, Wedemeyer, Rosy O'Donnell** and many others from other branches of service. Dishonest money can never entice such men to sell their country out with false communist propaganda, such as now floods the air-waves under **Zionist** (☆) control. While actual government operation of TV-Radio is not to be recommended, strict government control is highly recommended to defend the rights of the people.

But full government operation is much to be preferred over the present **Zionist** (☆) system. Look at the strong bill of indictment against the "one ☆ church" monopoly who are the sole arbiters of broadcasting today. Sworn testimony has revealed that:

- 1 **Networks themselves are crooked, having been advised that shows were "rigged", and having taken no action whatsoever because the programs had high ratings.**
- 2 **Advertising Agencies were crooked, having been in attendance at rehearsals and broadcasts when fixes were arranged. Network Engineers can bear this out.**
- 3 **Sponsors have played their part in holding out to children how huge sums could be made through taking part in public fraud and swindle.**
- 4 **Package Producers are outright thieves, operating by and with the consent and knowledge of practically all the above mentioned.**
- 5 **Hollywood "Hams" have openly boasted that even if it is crooked to win money that way, they did furnish good entertainment.**

By actual tabulation, 97% of the **Packagers**, coached contestants, **Production people**, and **Directors and Assistant Directors** were so-called "Jews". Exactly 100% of the networks **Zionist** (☆) owned.

It bears out the great **Benjamin Franklin's** address before the very 1st Congress of the United States, in 1789, the year **President Washington** first took office, namely:—

"There is a great danger for the United States of America; that danger is the Jew. Gentlemen, in every land which the Jews have settled, they have depressed the normal

BLOOD ON THE RED SUN

The most responsible source for authentic and accurate intelligence information concerning political developments in Iraq reports the stability of the present government is rapidly deteriorating under pressure from international communism. Communists in Iraq are being organized and financed to overthrow the present government. As a result of the unlimited funds supplied by the Communist Party in Israel, the communists in Iraq are becoming more powerful and more effective. The Communist Party in Israel is now recognized by Middle East communists as the headquarters of international communism for the Middle East. International communism in Iraq is directed by communist Iraqi Arab Jews acting directly under orders received from international communist headquarters in Israel. The immediate objective of international communists in Israel is to overthrow the present government in Iraq and to set up a communist government there. Their long range plan is (1) to create friction between the Middle East governments, (2) to overthrow all present governments in the Middle East and to set up communist governments and (3) to combat the dynamic force of growing Arab Nationalism.

The Communist Party in Israel obtains a large share of its funds for this purpose from the United States, directly and indirectly. Israel has postponed its intention to attack its neighboring Arab states in

December pending developments in Iraq.

On his recent visit to France for that purpose, Ben Gurion obtained a guarantee of November delivery for fifty of the latest French Super-Mystere fighter-planes, by arrangement personally with French Premier Debre (☆) over the objections of the Premier's own Foreign Minister. The New York Times reported on November 21st 1959 that "Today the Israeli Army is equipped mainly with French weapons." The New York Times did not inform its readers that funds for supplying Israel's 250,000 man armed force with the world's most modern military materiel are supplied to France by the United States Foreign Aid Plan for the rehabilitation of the French economy.

United States taxpayers supply France with funds to equip Israel's armed forces with no knowledge of that fact. France looks to Israel as a French colony and feels justified in equipping Israel's armed forces. Ignorance or indifference by the Administration in Washington concerning this state of affairs may precipitate a Middle East war which may not be localized. The Middle East powder-keg may blow-up into World War III. After the fat is in the fire it will be too late to do anything except fight another war. Let your Congressmen know now that you do not want your son, husband, brother or father sent abroad to fight in another war to make Middle East safe for Israel.

level and lowered the degree of commercial honesty. They have remained apart and unassimilated. They have created a state within a state and when opposed they attempt to strangle a nation financially as in the case of Portugal and Spain. . . . I warn you, gentlemen, if you do not exclude the Jew forever, your children will curse you in your graves. Their ideas are not those of Americans, even when they have lived among us for 10 generations. The leopard cannot change his spots."

But oh, how penitent are these so-called "Jews" now that they are caught in crooked Quiz shows. Bravo! Chairman Harris, to you, and all the members for a great job. But you should have carefully screened, coached and rehearsed an "official" government violinist to play "Hearts And Flowers" — over and over — with much Schmalz! Could you not see that their very souls were scorched and seared with contrition?

Do you think for a moment this evil stops with Quiz shows? Let us give you an example. A scarlet aduress named **Ingrid Bergman** (we will stand legally by the description) had while married, a child out of wedlock by another man with whom she had gone to live. He too was married. A divorce followed and she had more children by the next husband. While still married to this one, the papers gloated over her dates and hinted affairs with two other men, one was **Von Cramm**, the tennis player. This licentious woman violated every law of decency and the sanctity of marriage before the world. The TV networks boosted her to the skies when the Zionist Communist movie industry of Hollywood voted her an Academy Award deliberately.

These TV networks actually gloated in presenting this glamorous woman of the age as a great heroine. She was deliberately flung in the faces of every decent wife and mother, as a model to every pure and refined daughter of Christian homes. Is this the gang of four-flushers who are to be allowed to "clean their own house"? Even **President Eisenhower**, in a disgraceful statement, has suggested that they do so. By giving them such gentle slaps on the wrist is saying in effect: "You're not guilty, boys,

but don't do it again." For two thousand years, there is an abundance of historic fact to prove the so-called "Jew" entirely too dishonest to carry the burden of decency, honesty and fairness which is the true keystone of broadcasting. Christian precepts cannot be projected by so-called "Jews." This must be done by Christians.

HANDWRITING ON THE WALL

Already, these sanctimonious scoundrels have launched their attack to forestall any restraint through Congressional legislation. We can advise Congress that one-half hour before launching the attack at the NAB Convention in New Orleans, they staged an hilarious "hoax" program depicting TV under government control, wherein everything was censored excepting Government giveaways. The **Chicago Tribune** intimated that 300 licensed Broadcasters literally rolled in the aisles with laughter. This was immediately followed by statements from **Harold Fellows**, President of NAB and **Dr. Frank Stanton**, new President of CBS, Christian stooge for **William S. Paley** (Palinsky). Mr. Fellows told them, that if the broadcasters code (of ethics) needed added wordage about Quiz shows, those words would be added. What a super-intelligent statement! Dignified Stanton then said that "the TV industry would clean its own house."

Stanton forgot to mention that his network was involved in the "fixes" as was given in sworn testimony before the Committee. Nor did he mention the high percentage of "Hoaxes" on the network of which he is supposed to be President. Station WOR, New York, was absolutely correct when they said on a newscast, that the only thing honest about **TV Network Broadcasting**, seemed to be the Station Identifications and the old movies.

With the TV Networks full of Communists and people who are members of Communist front outfits discovered by Congress, does any Congressman believe that those programs are not "rigged"? Is any Congressman naive enough to believe that the slant put on any news which concerns Jewish

"We have set them on the hobbyhorse of an idea about absorption of individuality by the symbolic unit of collectivism. They have never yet and they never will have the sense to reflect that this hobby-horse is a manifest violation of the most important law of nature, which has established, from the very creation of the world, each unit unlike any other and precisely for the purpose of instituting individuality.

KOSHER "BROTHERHOOD"

"The aristocracy which enjoyed by law the labor of the workers, was interested in seeing that the workers were well fed, healthy, and strong. We are interested in just the opposite—in the diminution, **THE KILLING OUT OF THE GOYIM** (that is US, friend!).

THE JEWISH KING OF THE WORLD

BREAK THROUGH THE CENSORSHIP!

Dear Christian, for the sake of all you hold dear, you must break free of the **Iron Curtain of Jewish censorship** of every word you read and hear. Obtain and read the following expose' of the **TRUTH**, which the so-called "Jews" are determined that **YOU SHALL NOT KNOW**—

Unless you know the facts presented by these uncensored books, you will remain forever what the Jewish rulers say you are, **stupid goy cattle!** at a total loss to know what is happening to you as our bright world of hope mysteriously crumbles into dust before our eyes.

"And ye shall know the truth, and the truth shall make you free" (St. John 8:32). Did you realize that nineteen centuries ago Jesus spoke these words against these very same Pharisees who wrote **THE PROTOCOLS**?! They have made suppression of the truth their principal weapon for twenty-five centuries! Always, always, striving ceaselessly to dispossess and enslave the goyim through trickery and deception.

Complacency now, in the face of the impending **Red Hell** the so-called "Jews" are fastening upon us, might well be your death sentence! The life you bet that the **Jewish Conspiracy** does not exist will be your own! And do you not care about your children's fate?

policy, is not "rigged"? Is any Congressman stupid enough to believe that any program dealing with Israel is not "rigged" against Arab Moslems, who are still our friends, though little do we deserve it? Doesn't every Congressman know that all films and travelogues of the middle east are "rigged," in the commentary, as pro-Jewish to support both their legal UN steal, and their illegal **WAR OF AGGRESSION** steal of a great people's lands, homes, business, goods and money? Has any Congressman ever seen a film that is **pro-Arab**? Has he ever seen the filth in which they live on the desert because of **Jewish theft**? Play "**Hearts and Flowers**," Gentlemen, for again the so-called "Jew" is struck with great repentance. But we forgot. He hasn't agreed to return the money, the land, the business, the homes or the goods of a million Arabs existing in the desert on 7¢ a day from the UN.

To continue, has any Congressman ever seen great American history so completely distorted in a brand new program called **Our American Heritage**, as to be the direct opposite of the truth? Can any member of our respected Congress be so ill read that he does not remember **Firestone** being kicked off two Networks for having a fine musical concert that was too highbrow to maintain the audience rating of gangster murders and western shoot-downs? These are the programs which rate so high, that they bring about juvenile delinquency more than any other thing.

Is any Congressman satisfied to allow these people another chance to "clean its own house"? Respected Congressmen, this house cannot be cleaned.

District Attorney Hogan of New York, stated that of the 150 who appeared before the Grand Jury, at least 100 were guilty of perjury.

The "house-cleaners" had exactly 1½ years since the scandal broke in New York before a Grand Jury. The one thing they did was to succeed in getting the testimony sealed and impounded by Special Sessions Judge Schweitzer. Some house cleaning — "under the rug type". This laudable accomplishment was the first time in 90 years that such a thing had been done in that Court.

BUT TO RETURN TO BROADCAST REGULATIONS

There is absolutely no need for Network broadcasting at any time. In fact, the prime reason for granting a broadcast license to any station is to serve the community in which it is located. Most stations do not pay token obedience to the FCC regulation. They take network shows or use syndicated films nearly 100% of their on-the-air hours. Many do not have Engineering staffs or Remote Control equipment to go out and do a local show.

Networks claim that local stations could never do super-expensive shows with fancy high-priced talent. This is true, but the hours of Network broadcasting should be cut in half, as a minimum. It is well known that individual stations where Transmitter and studios have cost 2 million dollars, have completely paid for themselves, some in one year, many in two years. Therefore the price structure for time and nauseous spot announcements is totally out of line. They wax rich on the peoples vehicle, whose exclusive use they have. It is suggested that an annual tax on every station will yield sufficient millions to operate the Board of Broadcast Governors in handsome fashion. Networks should be taxed accordingly, with, for instance, a few of last year's \$24,440,000.00 CBS net profit after taxes.

Networks also claim that National Emergency requires link between stations. An **absolute falsehood**. The links will not be torn down. They will be used just one-half the time. Every major station carries teletype machines of one or more Press Services. These are instantaneous with the machines

which service networks, and a bell is always rung repeatedly for important news. For any station to join its network is a matter of seconds, no more.

TYPES OF PROGRAMS

To conclude: Networks should be forced to send out at least three evenings each week, when male members of families are at home too, nothing but programs that are educational, cultural, instructive and enlightening. This means between 7:30 & 11:00 PM. This should be done even at reduced time rates for Educational Night. But they will not be reduced. Let the Networks be satisfied with a 16 million dollar profit instead of 24 million on the public wave lengths.

There are millions of films relating to every part of the world, great works of art and travelogues to delight every member of our population's great melting pot of national backgrounds. These must replace the showings of 4 million killings in cold blood every year, that play to a staggering total of **78 Billion Viewers**, so repeatedly do many people watch them every week over network of 225 stations each time. The networks must not have control of their program daily schedule. They will never change, so censorship must remove **Western SHOOT DOWNS** and **COPS AND ROBBERS MURDERS**. Juvenile delinquency will fade to a fraction of today's figures, in two years time.

Messrs. Sarnoff ☆, Kintner ☆, Paley ☆, Goldenson ☆, Lewine ☆, Levy ☆, and Christian stooge Stanton, you are too late "cleaning your own house", because the U.S. Senate and House of Representatives in Congress assembled is going to do it for you.

WE BEG YOU, Congressmen Harris, Rogers, Platt, and any other members of Senate or House, **ACT ON THIS**. It is a golden opportunity to render the American people the most distinguished service of modern times. True Christian Americans know how to be grateful and thankful. They are ever on the lookout for real Patriots who will fight for the rights of our people. George Washington said that our dangers were coming from within. We honestly believe this nation stands in no greater danger than the exclusive mental control of our youth by the most powerful weapon of instantaneous Television over the Networks. It reaches more people in any one performance than could be reached in a lifetime of personal appearances.

P.S. and FLASH!

Dr. Frank Stanton, President of Palinsky's CBS Network has just announced that he is very naive about this whole matter. For you see, says Stanton: "I'm used to trusting people". (Please, Mr. Violinist, play just one more chorus of "**Hearts and Flowers**" with great feeling. Mr. Stanton has joined the penitent and this is a very touching moment.

Every institution has within itself the seed of its own destruction.

The power to tax involves the power to destroy.

CHRISTIANS ANSWER PHARISEES WHO STOLE THE HOLY BIBLE & PRAYER FROM OUR PUBLIC SCHOOLS

By C. Arthur Jackson

TO THE PHARISEES (JEWS)

You have forced the Courts of our States to remove the Holy Bible and morning prayers, including The Lord's Prayer, from our Public Schools.

HERE IS THE ANSWER:

NO Bible or prayers in OUR classrooms at school!

NO parents or children in YOUR stores!

Dear Christian Girls and Boys:

While I address this to you of near high school age, I know that you will want your parents to also read it.

It has been a long time since I went to school. Actually, it was when Grandma and Grandpa attended. But I remember as if it were yesterday, how, when the morning bell rang, we stopped our early game of baseball or marbles and rushed noisily into the classrooms, just as you do. You could hear a pin drop, then the Principal would read a passage from the Bible. Then we would all stand up and recite **The Lord's Prayer**, and sing. Sometimes it was a stirring song like "Columbia the Gem of the Ocean." Having offered our duty to God and Country, we began the first class.

Today, there are many evil men in the world who, as a group, have made it illegal for you to bow your heads and pay tribute to Almighty God and the wonderful story of Jesus, our Divine Lord and Master Who is the Supreme Ruler of the earth, the sun, the moon, the stars, the very air you breathe. He is the Master of all life, and your Protector.

Through your mama and daddy, He gave you life. In His heavenly plan, He can snatch it away from you at any instant. Yet you dare not ask His guidance or protection, along with your schoolmates, between the hours of 8:00-3:00, five days each week. They have forbidden you by law to mention His name. You cannot make, draw, or cut out anything connected with His birth at Christmas, His crucifixion on Good Friday, when He died for the salvation of the world, or on His glorious resurrection the third day after on Easter Sunday. Have we a right to expect His love and mercy after permitting such a sacrilege?

WHO COMMITTED THIS ROBBERY?

It becomes my duty to tell you **WHO** is responsible and **WHY** it was done. There is no case on record where a Christian did this. It was done almost entirely by so-called "Jews," with an occasional Gentile atheist to help them. As you know, the Jew **HATES** Jesus. He scorns Him as the Divine Son of our Heavenly Father. He **DESPISES** Him, just as the Pharisees did when they testified falsely against Him in the Roman Courts. They crucified Him and today, they blame it on the Romans. When Christ was

before Pilate, the Pharisees cried: "Crucify Him and let His blood be upon us and our children."

Among these Jews who have forced the Bible out of public schools is a group called **ZIONISTS**. There are many of them. Within this Jewish group is an organization called **B'nai B'rith**, supposedly fraternal in character. In 1913 a band of wealthy New York Jews formed a vile organization within B'nai B'rith, called the **Anti-Defamation League (ADL)**. This is primarily a spy group or network, with headquarters in their Synagogues, and outside offices as well. It is worldwide, and there has never been a larger system of espionage, slander and defamation of character for all who oppose Jewry and its traitorous aims. The wealthiest and most influential Jews in the world, with their Rabbis, operate this hateful organization, or gestapo.

Most every so-called Jew in America is an agent for the Anti-Defamation League; your local tailor, grocer, druggist, doctor, lawyer, newsdealer and millions of Jews in other lines of business.

If any Christian, Arab, Moslem or other person dares to publicly criticize anything or anybody Jewish, that information reaches Headquarters quickly. Let a few such calls

be tabulated against you, and you are a **marked individual**. You are anti-Semitic. You are then blacklisted and smeared publicly in your community, and in many cases you cannot get a job in businesses they control. That is the degree of their hate for you as a Christian, and as a decent person who will refuse to go along with their treasonous conspiracies.

WHAT IS THE CREED BY WHICH JEWS LIVE?

They have a book called the **Torah**, which contains much of the Old Testament; but that is by no means the code by which they live. They have another book called the **Talmud**, which consists of 36 volumes and is the very heart of their daily existence in customs, beliefs and movement. I need only tell you, that if this Talmud were ever widely read, it would be rejected as obscene literature and barred from the U. S. mails. It is worse than the filthiest Pocket Edition ever printed. Zionists believe they are the chosen people to rule the world, even after Christ branded them as children of the devil. They preach tolerance, while being the most intolerant of all peoples.

Zionist Jews do not believe in the United States, Great Britain, France, Ireland, Germany, Italy, or any other country but one—**Israel**. They believe in **one world government**, such as the pro-communist United Nations is trying to put across today. This **one world government** is made up of all races,— red, black, yellow, brown and white. Under it, and with equal representation by all, the Christian white man, who has contributed 96% of world progress, will be outvoted and controlled. Then the Zionist Jew with his gold will step in and rule. They have printed their designs for distribution among so-called "Jews". But the Christians have obtained copies, and know all their secrets. **Everything is One World.**

You are no longer to learn in school of the greatness of immortals like **Washington, Lincoln, Jefferson or Franklin**. They were nothing according to the Zionists, for they were only the important men of a small country. It is the men of the world who count,— men who direct all industry, banking, wars, economy and even the regulation of our daily labor. All of this is to be directed from their Jewish banking houses and Synagogues of evil throughout the world.

What do you think glorious Washington, who fell on his knees in snow and bitter cold at Valley Forge to ask Jesus for Divine aid for this country, would say, if he knew that our children could not pray to Jesus in the public schools? Let his own words tell you as he spoke about the so-called "Jews" while fighting for America. "They work more effectively against us, than the enemy's armies. They are a hundred times more dangerous to our liberties and the great cause we are engaged in"

HOLY BIBLE & PRAYER

—o— Continued from page 1 —o—

It is much to be lamented that each State, long ago, has not hunted them down as pests to society, and the greatest enemies we have to the happiness of America." (from Maxims of George Washington by A. A. Appleton & Co. pp 125-126.)

What would the sad-faced Lincoln say, if he were here and learned that a non-Christian group had legally barred our Savior from the public classrooms? Nobody ever relied upon prayer as Lincoln did while leading this country. Here is the answer in the words of his Commander of Union armies, General Ulysses S. Grant, in two separate official orders. Nov. 10, 1862

To General Webster, at Jackson, Tennessee: "Give orders to all conductors on the Railroads that no Jews are to be permitted to travel from any point. They may go North and are to be encouraged in it; but they are such a nuisance that the department must be purged of them. (signed) Grant. page 330 of Series I vol. XVII - p.2 Official Record of Union and Confederate Armies.

General Order No. 11 —

"The Jews as a class are violating every regulation of trade established by the Treasury Dept. All Jews are hereby expelled from the Department within 24 hours from receipt of this order."

(signed U.S. Grant, Commander 13th Army Corps. Dept. of Tennessee. Dec. 17, 1862.

With the South being beaten to its knees, the so-called "Jews" were rushing in to buy anything of value these suffering people had.

The Zionist of today realizes that Christianity alone stands between him and the accomplishment of his terrible designs. Christianity is the one great barrier. The Jew has sworn to destroy it and we have these facts in writing. The first big step is to take Christianity away from children—to make it of no importance to them. These cunning Zionists know that the time to indelibly impress both good or evil ideas on the human mind is in these formative years when children go to school. They have already succeeded in doing this in the Soviet Union. For over 40 years now, between 1917 and 1960, no child has been taught religion. Two generations of people know nothing about the story of Jesus, and His wonderful code of life. How then, can they believe in Him, not knowing Him? **The Bolshevik Jews and the American Zionist Communists are backers of Marxism.**

As late as October 8th, 1934, The New York Times printed a statement by James W. Gerard, who was the U. S. Ambassador to Germany in the days of World War I. He said: "If the American nation ever gets the idea that the Jewish Race and Communism are synonymous, there is a possibility of a pogrom in the United States that will make those of the Czar era look like a small parade."

Marxist Bolsheviks murdered the Czar, the Czarina and all the Russian royal family, who were devout Christians. They slaughtered several million of the finest Russian Christians. Among the New York Jews whose gold financed the revolution was a banker named Jacob Schiff. He was the grandfather of Dorothy Schiff who owns the Marxist New York Post. Since the revolution, communists have slaughtered over 50 million Christians throughout the world. One half the world is under Communism.

You school children know how an American fights to protect the liberties Washington and the heroes of early America gave to us. But it's going to be a peaceful fight. We have suffered a greater theft than Washington ever experienced. The English then only wanted to govern and tax us, while giving us no say in the government under which we live. The Zionists today are stealing from us the Salvation of our souls

SYMBOL OF CHRISTIANITY ABOLISHED

The above photograph shows some of the crosses over the graves of 13,000 American war dead in the National Memorial Cemetery, Honolulu, Hawaii. But the crosses are no longer there! Inquiring why they were removed, Congresswoman Edith N. Rogers, senior minority member of the

Veterans Affairs Committee, was told by a Defense Dept. spokesman that the scraping of the crosses was "a trend of the times!"

This move was made while Anna Rosenberg was in practical control of the Defense Dept. as Assistant Secretary.

by removing the teachings of our Divine Lord and Savior, Jesus Christ.

90% of all the Communists exposed by Congress and the F. B. I. are so-called "Jews," and when we count the traitors who stole our atomic secrets, 99% were so-called "Jews." The figure also applies to all who have taken the 5th Amendment plea.

Already, two fine Christian clergymen have agreed that to maintain neutrality anywhere towards religion is to be against religion. Said both this Protestant Minister and the Catholic Bishop: "For us to proclaim the indifference of neutrality towards God, and man's Salvation under God's teachings, is to deny God as atheists and Communists do." America has always been a Christian nation. You all know how dearly Jesus loves children, when He said: "Amen I say to you, unless you be converted, and become as little children, you shall not enter the kingdom of heaven."

I must tell you that the same Pharisees (the Talmud states: "we (Jews) are the Pharisees) — the very same evil doers, are at work today stealing our faith, our Scriptures, and acting as money changers. The solution of this whole problem is in the American people's hands. These so-called "Jews" make up only 3% of our people, while we Christians make up over 96% of our people.

You all know, I am sure, how these people love money. They think every Christian can be bought. We Christians know too well how Judas betrayed our Lord for 30 pieces of silver.

Ours is a two part program and here is the first part: We will operate as the Jew does, as a unit — that is the secret of his success. We will not hate the Jew, for we do not hate anybody, even though we know how deep is his hatred for us. We will not persecute the Jew, for Christians have never done so, even to the fraction of Jewish persecution of Christians. We will not punish the Jews for what they are doing to us . . .

WE WILL SIMPLY IGNORE THEM!

We will never enter their stores, if it is humanly possible to avoid doing so. We are going to spend our money with Christians,

even to our household goods, food, down to the pencil, eraser and school supplies. Let them smear us, call us anti-Semitic in their Zionist Controlled press, radio and TV.

But before they do so, they will impudently quote to us our own New Testament Scriptures, even getting renegade Christians to help them. But we shall not care, because we know those Scriptures better than they do. We know that we are not violating our scriptures in doing this. We are only avoiding these anti-Christians as evil companions.

Like a great calm after the storm, will come silence about their false ideologies. No more race hatred among our peoples with forced integration. No more cockeyed schemes about mental health, mass medication, Metro government, Foreign Aid giveaways and a hundred other tricks they schemed up to steal our money legally. We will force these so-called "Jews" to become honest or we shall economically force them out of the country. This applies to all Marxist Jews in the United States legally, and the millions who are here illegally. Let them dare deny these statements. Dr. Chaim Weizman, a Jewish leader abroad, most highly respected by them said: "The Jew has no nationality. He is above all else a Jew." Samuel Untermyer, prominent N. Y. attorney, proclaimed before a Jewish Congress: "We Jews are the Aristocrats of the world." We shall see how far these aristocrats go on no money, and by what means they travel. Let this Christian movement go into effect at once. Say this over and over to yourself: — "The solution to this entire problem is in the hands of the American people—96% of the Christian Americans. Victory will be ours as soon as we become effective.

PART II OF OUR PROGRAM

Of all the badges of honor in the world, none approaches in dignity and reverence the Cross of Jesus Christ. Have you ever stopped to think of the labor and billions in money that every generation has eagerly contributed to erect magnificent churches in honor of God and the precious Christian cross? Every day of our lives, new churches are being built to Christ's glory, where we may worship.

Consider the genius of master painters and sculptors whose creations from the Annunciation to the end of His life on earth, make up the most priceless of all the world's art treasures. Think of the wondrous music by the most gifted composers of every age, whose work of perfection are dedicated to His glory and power. All of this has been done as Christian tribute to the holy cross, the cross they have taken away from you in the schools, the cross they have already removed from the graves of heroes (See photo) who lie in U.S. military cemeteries over the world. Anna Rosenberg, who was identified under oath as a communist, did this when she was head of manpower in the Department of Defense.

† WEAR A CROSS OR SYMBOL †
BE PROUD YOU ARE A CHRISTIAN

Many Christians of every denomination wear some symbol of their Faith. Wear some kind of Christian identification to school every day. Never leave it at home. It will be proof that you are aware of what the non-Christian Zionist has done, and that you are determined to take Christ back into the schools. By wearing it, publicly announce that you do not break God's Commandments; that you go to Sunday school or church; that you believe in prayer.

The Court of Law or judge, the School Board, Principal or Teacher, or even Minister does not exist, who would dare forbid you from wearing it. But there is also a great obligation on your part when you wear this symbol which represents Christ. You must never take it anywhere that is unclean, such as a dirty movie, or into the stores where you know Christ is hated.

ANTI-CHRISTIANS — HATE BIBLE

There is not now, and never has been printed any book to approach the Bible, in the number of copies sold. It is the best seller of every generation. Yet this is the book these anti-Christians will not allow you to have in school, because they do not believe it, and they do not want you to believe it. They despise the man who spoke its teachings.

I have tried to show you that the greatest Americans in history knew that this evil against Christianity existed and would always exist. They could even visualize their wealth and power today. They knew their dishonesty, their hatred and complete disregard for anything, unless it produced money for them. We shall close with an excerpt from a speech by Benjamin Franklin, who gave so much to win this country's freedom. He made this speech before the very first Congress of the United States in 1789.

Mr. Franklin:

"There is a great danger for the United States of America. That danger is the Jew. Gentlemen, in every land which the Jews have settled, they have depressed the normal level and LOWERED THE DEGREE OF COMMERCIAL HONESTY. They have remained apart and unassimilated. They have created a state within a state and, when opposed, they attempt to strangle a nation financially as in the case of Portugal and Spain. If they are not excluded by the Constitution, WITHIN 100 YEARS they will stream into this country in such numbers they will rule and destroy us and change our form of government, for which we Americans shed our blood and sacrificed life, property and personal freedom.

If the Jews are not excluded, WITHIN 200 Years our children will be working in the fields to feed them while they remain in the counting house, gleefully rubbing their hands.

I warn you, gentlemen, if you do not exclude the Jews forever, your children's children will curse you in your grave. Their ideas are not those of Americans, even when they have lived among us for 10 generations. The leopard cannot change his

of all dictator countries, and backed by the influence of the Catholic Church and undenominational liberals. At the moment we have a strong section of American opinion against us, but if war were to break out to-morrow between England and Germany this mass of opinion would have to come down on one side or the other and it will be marvellous indeed if German propaganda could succeed in bringing it down on theirs. In general the situation in the United States is more favourable to Great Britain than in 1914, in that the obvious centres of infection have been removed: but less favourable in that we have temporarily at any rate lost caste as a "democratic" State because of the propaganda which represents us as truckling to or at least having truck with "dictators." Though we are not unfavourably placed, we shall require to do much propaganda to keep the United States benevolently neutral. To persuade her to take our part will be much more difficult, so difficult as to be unlikely to succeed. It will need a definite threat to America, a threat, moreover, which will have to be brought home by propaganda to every citizen, before the republic will again take arms in an external quarrel. The position will naturally be considerably eased if Japan were involved and this might and probably would bring America in without further ado. At any rate, it would be a natural and obvious object of our propagandists to achieve this, just as during the Great War they succeeded in embroiling the United States with Germany.

Fortunately with America our propaganda is on firm ground. We can be entirely sincere, as our main plank will be the old democratic one. We

CHRISTIAN TAXPAYERS SUPPORT ISRAEL

Mr. James P. Warburg, a member of the Kuhn Loeb & Co. Warburg clan, and formerly a large contributor to United Jewish Appeal, has now revolted against making further contributions that go to Israel. The United Jewish Appeal's collections for Israel are tax-deductible by special arrangement with the United States Treasury Department. This loss of income-taxes by the United States Treasury Department amounted to more than a billion dollars since 1948. This was added to the income-taxes paid by Christians in that period to balance the United States budgets for those years. Mr. Warburg based his action upon reasons which should prompt every tax-payer to register his objection with the United States Treasury Department. Mr. Warburg stated as follows in an address reported in the New York Times on Nov. 28, 1959:

"Why should all contributions to the United Jewish Appeal be tax-deductible

when so large a proportion of them flow directly or indirectly into the hands of a foreign government which openly engages in propaganda attempting to influence the policy of the United States Government? It seems to me that, unless the United Jewish Appeal changes its policy of mingling all contributions, it will sooner or later lose its tax-exempt status, as indeed, in my judgment, it should."

Christian income-tax payers in the United States supplied Israel with billions of dollars without knowledge of that fact, because their taxes were increased to the extent of this loss to the United States Treasury. Zionists in the United States would have paid additional billions in income-taxes if their contributions to Israel were not tax-deductible. Your protest to the United States Treasury, Washington, D.C. may result in lower income-taxes for every tax-payer in the United States.

LETTER TO THE EDITOR

Dear Editor:—

There is a law in the United States that states that a person who flees the country to keep from serving in the Armed Forces will lose his citizenship. Now we learn that the American Civil Liberties Union seeks to pressure the Supreme Court to reverse

this notion.

The ACLU has long tried to make prosecution of crime, sedition and even sexual perversions assume the dignity of denials of the offenders' "Civil Liberties." Gullible, half-educated "intellectuals" are hoodwinked by these champions of criminals. The sharp line of distinction between Freedom and

KEEP CHRIST IN CHRISTMAS

Oh! Why leave the Christ out of Christmas?
Why substitute "X" for His name?
There is naught else on earth or in Heaven
Can ever make Christmas the same.
Be it thoughtlessness, hate, or indifference,
By the fault I grieve and offend;
When I leave the Christ out of Christmas
I'm slighting my very best friend.
When I leave the Christ out of Christmas,
In vain is my holiday mirth,
For the Christ, God's gift to His children
Is the Christ who brought Christmas to earth.
God forgive me the thoughtless omission,
I would not that Christ should depart;
Not only the Christ at the yuletide,
But all of the year in my heart.

A GREAT BOOK FOR PATRIOTS

While most historians focus attention on military movements and wars as the great events of the past, Olivia Marie O'Grady's *Beasts of the Apocalypse* traces a fanatical religious concept through two thousand years of history to the present. This commentary never varies from the original idea of world control which was discovered in the archives of ancient civilizations 2500 years ago.

The fervor which the Jewish "Chosen People" have held in carrying out a consistent program toward world domination has had many disastrous results. The tenacity with which they have clung to the idea of universal dominion over all peoples of the earth has led to blood-letting of ghastly proportions of their own kind as well as of the gentile races.

This book recites in meticulous detail events covering twenty centuries that lead directly into the corridors of the United Nations today.

If there ever was a doubt as to how control over the socialistic governments of the world is contrived, Olivia Marie O'Grady's *Beasts of the Apocalypse* clarifies the issue. The contents may be challenged but never refuted. 427 pages

HOW TO RUIN YOUR CHILDREN

The Houston, Tex., Police Department is distributing a leaflet entitled "Twelve Rules for Raising Delinquent Children." It can be guaranteed 99% infallible. COMMON SENSE reprints the masterpiece in full, as a public service:

"1. Begin with infancy to give the child everything he wants. In this way he will grow up to believe the world owes him a living.

"2. When he picks up bad words, laugh at him. This will make him think he's cute. It will also encourage him to pick up 'cuter' phrases that will blow off the top of your head later.

"3. Never give him any spiritual training. Wait until he is 21 and then let him 'decide for himself.'

"4. Avoid use of the word 'wrong.' It may develop a guilt complex. This will condition him to believe later, when he is arrested for stealing a car, that society is against him and he is being persecuted.

"5. Pick up everything he leaves lying around—books, shoes, clothes. Do everything for him so that he will be experienced in throwing all responsibility on others.

"6. Let him read any printed matter he can get his hands on. Be careful that the silverware and drinking glasses are sterilized, but let his mind feast on garbage.

"7. Quarrel frequently in the presence of your children. In this way they will not be too shocked when the home is broken up later.

"8. Give a child all the spending money he wants. Never let him earn his own. Why should he have things as tough as you had them?

"9. Satisfy his every craving for food, drink, and comfort. See that every sensual desire is gratified. Denial may lead to harmful frustration.

"10. Take his part against neighbors, teachers, policemen. They are all prejudiced against your child.

"11. When he gets into real trouble, apologize for yourself by saying, 'I never could do anything with him.'

"12. Prepare for a life of grief. You will be likely to have it."

spots. They SHOULD be excluded by the Constitution."

Well, they were not excluded as Franklin suggested. It is a part of our Christian DOCTRINE to be merciful. But when that DOCTRINE itself is in mortal danger, then, we must resolve to resist. But we cannot use violence in any form. We must not and we will not. But we will not stand by as helpless sheep to be led to slaughter.

We are strong enough to completely ignore this evil anti-Christian force and silently refuse to intermingle or associate with it in any way.

WE WILL BUY CHRISTIAN!

In the end, the persons to benefit most from our decision will be the Jew. He will be forced to realize that there is a far greater power in this world than money. That force is the Christian religion. Let this then be our motto for Victory:—

BE Christian, BUY Christian is our Golden Rule,

As we take the Lord Jesus back to the school!

LETTER TO THE EDITOR

—o— Continued from page 3. —o—

Anarchy, obvious to those who are sane and not up to mischief, seems to be unknown to Morris Ernst and the other short-circuited brains of this weird cult. Realize that if everyone of the ACLU crackpot notions were put into effect, the results would be like turning this society inside out—just as you turn a sock inside out. The prisons would be emptied, the insane asylums would be burned down and the inmates loosed, homosexuals would receive the same social prestige that is accorded to men and women of responsible character, who marry and raise families, traitors would be equal citizens with patriots, immigration barriers would be lowered to admit twenty million or more "equal" citizens from Africa and the Orient, and all this (and more) would be done in the cause of "Civil Liberties."

Of all the crackpot cults that have appeared on the American scene, none is more cockeyed and gouty than the strenuous efforts of Ernst and his well-disciplined Marxists to reverse the meanings of two words: Criminal and Law-abiding. An ACLU world would be an oriental bazaar, with criminals ruling the show, and law-abiding people being placed in terrorized disadvantage. Americans had better corner some of these ACLU lawyers, try to look them straight into the eye, and awaken to just what their ultimate purpose is which is to make the United States a crackpot, cockeyed, criminal society which they can control with consummate ease.

DON'T SHOOT KRUSHEV!

We urge our Hungarian, Ukranian, Polish and Russian friends not to shoot this butcher if he persists in coming here to spread his propaganda thru T.V. into our homes. After Khrushchev's bloody rule in your countries you could hardly be blamed if you did end his useless life. But since he has purged himself to the top communist position, his death could bring on a World War.

As you think of your loved ones who have died at the hands of Khrushchev, say a prayer that you can control your anger. Very few people in this country know what Communism is. But you need not be quiet. If you are, you can hardly be classed as human.

We remember well when thousands of Ukrainians signed a petition to Roosevelt shortly after he was elected asking him to protest over 30 thousand Ukranian farmers killed in one week by this devil's orders. Roosevelt did nothing, and that year an estimated 400,000 Ukrainians were slaughtered.

This writer has witnessed a moving picture of 9439 Ukranian bodies fully clothed being removed from graves by Germans as they liberated the Ukrainians. Later in 1944, after the Germans had been driven out, best reports are that more than 3 million more Ukrainians were slaughtered under the direction of this murderer.

At the start of this slaughter, Khrushchev invited all Ukranian leaders to a meeting to discuss peace and promptly had them murdered by the Communist army. This is the man Eisenhower is to honor in the White House.

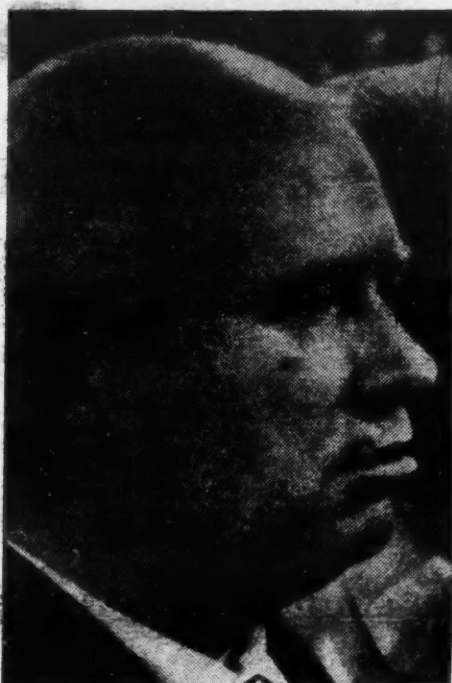

During 1956 when Hungarian Christians revolted against communist tyranny, this demon invited the Hungarian leaders into a truce meeting and had them killed, then sent 140,000 communist troops with machine guns and 4000 tanks to kill more than 40,000 Hungarians and wreck their country. This devil Khrushchev later ordered 47,000 Hungarian boys between 12 and 20 loaded in box cars and shipped to Siberia. What right have these murdering beast in Hungary? The same right they have in 17 countries they have taken over, and the same right they will have in the U. S. if we don't change our wishbones to backbones.

The Katyn Massacre is one of the most inhuman in history. When the Germans forced the communists out of that part of Poland, they discovered four graves filled with 14,000 Polish officers and chaplains in full uniform, their hands wired behind them, all shot in the back of the head. They had been assembled to be moved for protection.

We are to welcome a criminal who makes Al. Capone appear like a Saintly amateur.

Pictures appear in our press showing Eisenhower in close association with "his friend Marshal George Zhukov" in Leningrad in 1945. Where is Zhukov now and did not Khrushchev put him there after using him to destroy other communists who stood in his way? Eisenhower now trusts the devil who liquidated his friend Zhukov.

"WE WILL BURY YOU"

Khrushchev — Apostle of "Brotherhood"

"If you don't like us, don't accept our invitations, and don't invite us to come to see you. Whether you like it or not, history is on our side. WE WILL BURY YOU!"

Truman's consoling words on Stalin were "Good old Joe". Will Ike's be "dear old Krush"?

Many people in Europe believe U.S.A. stands for United Saps of America.

When this maniac was showing communist progress to Nixon he did not mention this was at the cost of death to millions of Japanese, Italians, Germans, Polish, Hungarians, Latvians, Lithuanians, Estonians and millions of Christian Russians who were worked and starved to death in mines, on dams and roads.

Thousands of Nuns were taken from these countries and worked as slaves in the rain, their feet wrapped in rags while they starved. And now these Bolsheviks boast of their progress and culture.

Raised without Christ since 1917 and with no morals, they came into Germany at surrender, stripping groups of girls and women in the streets until hardly one between 8 and 80 was not raped over and over in the communist-occupied part of Germany. The tortures in Ukraine and Hungary would shame animals, and if described here would turn the stomach of our readers. Some of these victims have visited Common Sense. The average person cannot comprehend that the communists have killed so many since 1917. No one knows how many, but best estimate is around 120 million. The estimate in China now is between 50 and 60 million. While Khrushchev is dining in the White House, the communists will be slaughtering innocent people in Tibet, so far last few weeks 80,000. Over 800 mil-

lion in the world are now enslaved and more on the way. When will Khrushchev order the release of our American boys held prisoners by the communists?

This murderer is not coming here to compromise, but to put us back to sleep.

Pay no attention to these liberal cowards who say we should put this bully on the same level as Nixon. Nixon has not murdered and tortured millions. Has he?

The communists were grateful to Eisenhower for turning more than two million Russians back to be slaughtered after they escaped into Germany under the belief that America's Army was opposed to communism and would protect anti-communists. The Bolsheviks should be grateful for Ike ordering our army to retreat from Berlin leaving it behind the communist lines 110 miles and staying out of Berlin three weeks to allow the communists to rape all women, strip the factories of machinery, and rob the art galleries, using our Lend-Lease trucks, part of 11 Billion Lend-Lease on which we have not been paid a dollar.

As Khrushchev dines in the White House, how much respect will he have for Ike knowing it was he who ordered U.S. troops to retreat and leave Berlin helpless behind the communist lines? Ike took full responsibility for this retreat from Berlin in his speech, March 3, 1949, before Association of the Bar, City of New York.

Khrushchev will be happy as the cameras click and he thinks how hopeless people in many countries will be as they see communism's top murderer welcomed in the only country in which they had hope. Khrushchev and Ike will make a fine brotherhood picture.

SOVIET MARSHAL VOROSHILOV SAID:

"We captured Kiev without fighting, by promising the 11,000 Czarist officers and wives could go to homes." "Once surrendered, we shot all the men and boys, put women and girls into BROTHELS for use of our army. My army needed women and I was concerned with men's health, not the women as they were all dead within three months." Said Voroshilov to U.S. ambassador, Wm. C. Bullitt: "Otherwise we could not have captured Kiev."

Khrushchev declared:

"In the west they say that since the Geneva Conference something has changed, and the Soviet delegates now smile. If somebody thinks that the Soviet smiles imply the abandonment of the doctrines of Marx, Engels and Stalin, then they greatly deceive themselves. Those who expect this, will have to wait until the lobster whistles in the sea."

If we have not learned after 42 years that the word of a communist is worth nothing, then there is no hope.

They have packed our country with spies and have stolen our most valuable military secrets. They insult us every day. They have told us a thousand times by print and orally they will take us over. They have done it to

WHO SET UP COMMUNISM?

COMMON SENSE has thousands of pieces of incontestable proof that Bolshevism and/or Communism was set up and directed by people who call themselves Jews. In face of these facts some gullible people fear to face the truth because of the millions of dollars spent to brainwash them.

OFFICIAL U. S. MILITARY INTELLIGENCE REPORT ON BOLSHEVISM

March 1, 1919.

My dear Colonel Barrows:

I have just received your letter of January 29th, forwarded by Baron Hoven of General Romanovsky's staff, who has just arrived in Omsk.

* * * * *

It is probably unwise to say this loudly in the United States but the Bolshevik movement is and has been since its beginning guided and controlled by Russian Jews of the greediest type, who have been in the United States.

* * * * *

Unfortunately, a few of our people in the United States, especially those with good lungs, seem to think that the Bolsheviks are as deserving of a hearing as any real political party with us. This is what the Russian cannot understand and I must say that without being thought one sided, I should not hesitate to shoot without trial if I had the power any persons who admitted for one moment that they were Bolsheviks. I would just as soon see a mad dog running about a lot of children.

* * * * *

You will think I am not about this matter but it is I feel sure, one which is going to bring great trouble on the United States when the judgment of history shall be recorded on the part we have played. It is very largely our fault that bolshevism has spread as it has and I do not believe we will be found guilty of the thousands of lives uselessly and cruelly sacrificed in wild orgies of bloodshed to establish an autocratic and despotic rule of principles which have been rejected by every generation of mankind which has dabbled with them.

With kind regards to all friends,

I am, Very sincerely yours,

WAKE UP, AMERICANS!

By Otto Garr Tague

Republished from Cincinnati Inquirer.

The device of transfer has become a clever, crafty thing of common use by defenders of and apologists for the many agencies that have been established either for bankrupting us or pushing us into some form of world government.

This device is of special value to those who go overboard in trying to make foreign aid something other than the burden it is on the shoulders of the American taxpayer. You produce figures showing the cost to our people and immediately the advocates of foreign aid, while totally ignoring the figures, transfer their witty attention to the person producing the figures . . . They ridicule the critic and his deductions . . . Put words into his mouth that he never uttered . . . When he uses Santa Claus as a symbol of our prodigality with billions,

they pay no attention to the figures used, but accuse the writer of libeling Santa.

Well, here we go again . . . From July 1, 1945, to and including June 30, 1956, foreign aid cost the taxpayers of this nation \$63,940,735,000 . . . This total was made up of \$49,095,405,000 for grants, and utilized loans of \$14,845,330,000 . . . Every dollar of which came from the pockets of American taxpayers! . . . What, if any, return on the investment they received no one seems to know.

I did not pick these figures out of my hat . . . They came from a report submitted by the Library of Congress Legislative Reference Service dated May 29, 1957 . . . And I would like to see any user of the device of transfer explain them away by attacking me for saying that the giveaway involved resembles the goodhearted and free-spending efforts of Santa Claus in distributing gifts paid for with other people's money!

IN MEMORIAM:

James V. Forrestal

AMERICAN PATRIOT

by Hilary Grey

Reprinted from American Mercury Magazine, Inc., 250 West 57th St., New York, 19, New York. - 1 year subscription \$4.00.

On May 22, 1949, James V. Forrestal, former Defense Secretary, fell or was pushed to his death from a 16th story window of Bethesda Naval Hospital. The official verdict was "suicide" but President Truman came, unwittingly perhaps, nearer to the truth when he declared that Forrestal was "a victim of the Cold War." For, like Sen. Joseph McCarthy eight years later, Forrestal was hounded to a premature death because of his anti-Communist views.

This brief review of Forrestal's fight, which culminated—after intense smear and persecution in death, from what was virtually a prisoner's cell, must serve as a very unworthy testimonial until the complete story is told, revealing Forrestal for what he was: a martyr fighting single-handed against treason on an unparalleled scale, and dying a hero's death for the America he loved.

Forrestal had been president of Baruch-influenced Wall Street international banking house of Dillon, Read and Co., and on the strength of this qualification was apparently deemed safe for important positions in the Roosevelt and Truman Governments, including that of Defense Secretary. But James V. Forrestal was an honest man, who had become increasingly aware of the Zionist-Communist tie-up and its friends in the Governments in which he served. As long ago as 1944 he had written to a friend:

I find that whenever any American suggests that we act in accordance with the needs of our own security he is apt to be called a fascist or imperialist, while if Uncle Joe suggests that he needs the Baltic Provinces, half of Poland, all of Bessarabia and access to the Mediterranean, all hands agree that he is a fine, frank, candid and generally delightful fellow who is very easy to deal with because he is so explicit in what he wants. (Life Magazine, Oct. 15, 1951.)

Then, in early 1945, as Navy Secretary and a member of the inner War Cabinet, Forrestal had laid before Roosevelt a plan based largely on psychological warfare for the early ending of the war with Japan without the use of the Atom Bomb and without Soviet intervention.

Fleet Admiral William D. Leahy confirmed the part played by "the scientists and others." On page 441 of Fleet Admiral William D. Leahy's I WAS THERE, we quote Admiral Leahy's exact words, as follows:

It is my opinion that the use of this barbarous weapon at Hiroshima and Nagasaki was of no material assistance in our war against Japan. The Japanese were already defeated and ready to surrender because of the effective sea blockade and the successful bombing with conventional weapons.

It was my reaction that the scientists and others wanted to make this test because of the vast sums that had been spent on the project. Truman knew that; and so did the other people involved. 'Bomb' is the wrong word to use for this new weapon. It is not a bomb. It is not an explosive. It is a poisonous thing that kills people by its deadly radioactive reaction, more than by the explosive force it develops. (See Oct. 1958 American Mercury, page 35).

Since Japan had begun to emit peace feelers as early as the winter of 1944, Forrestal's brilliant plan had excellent chance of success and could even have brought about "unconditional surrender" without further blood shed to either side. It would have prevented the terrible stain to American

honor and the untold bitterness engendered by the Atom Bomb and the virtual handing over of China to International Communism as a reward for a phony Soviet participation of exactly one week! In an article in *Look Magazine*, issue dated May 23, 1950, Admiral Ellis M. Zacharias, Deputy Director of the Office of United States Intelligence in World War II, refers to the consequences of the rejection of the Forrestal plan as: **developments of immense historical significance that are likely to affect all of us for the rest of our lives and even the lives of succeeding generations.**

The *Catholic Mirror* (U.S.A.), July, 1950, issue, also commenting on the plan's rejection, bluntly asks the question:

Does not there remain the real question—the horrible question; was there treachery in Washington itself that was fully determined to prolong the war until the full harvest of the treachery of Yalta could be reaped by Stalin . . . ?

It is now known that the U.S. Government actually planned that the Soviet Union should occupy Japan, but this diabolical plot was thwarted by General Douglas MacArthur flying in and taking over (revealed in a broadcast in Chicago on Aug. 2, 1953, by Frank Kirkpatrick). After the war, Forrestal tried to discover why his plan had been rejected and why, if the A Bomb had to be dropped six months after the Japanese had indicated their desire to surrender, the two cities with the largest Christian population, but of no real military importance in themselves, were chosen as targets. These questions were dangerous enough but James Forrestal did not stop there. His posthumously published *Diaries*, *The Forrestal Diaries*, published by Viking Press, U.S.A., in 1951, were to throw much further light on the international conspiracy.

His Diary entry for December 27, 1945, for instance, carries the deadly remark of British Prime Minister Chamberlain that **"America and the world Jews had forced England into the war."** (And Forrestal had been told this by Joseph P. Kennedy, former American Ambassador to Britain.) In mid-July, 1946, Forrestal recorded that Rear Admiral E. W. Stone (American Chief of the Allied Control Commission for Italy) had told him that **"the general opinion was that Ben Cohen was the influence on Byrnes' staff which advocated surrendering everything to Russia."** (Byrnes was Truman's Secretary of State. Ben Cohen, original Roosevelt brainstruter, at a meeting of the United Nations Political Committee in Paris in January, 1952, called for "a United Nations legion as the basis of an international armed force" (*London Daily Telegraph*, January 3, 1952.)

But the bell could be heard tolling for James Forrestal when he strongly opposed the Truman Administration's backing for the Zionist aggression on Arab Palestine. The powerful Bernard M. Baruch, behind the scenes Dictator of the U.S. for over 40 years, warned Forrestal at a luncheon on February 8, 1948 **"not to be active in this particular matter"** (i.e. anti-Zionism) as he **"was already identified, to a degree that was not in (his) own interest, with opposition to the United Nations policy on Palestine."** (Page 364 of *The Forrestal Diaries*.) Forrestal prophetically warned that the entire Arab-Moslem world of 450 million would be alienated from the U.S.A. as a result. The *London paper, Labour Israel*, issue dated June 3, 1949, even recorded Forrestal as having openly complained to the White House that **"Jews were endangering the security of the United States."**

At once a gigantic smear campaign of extreme viciousness was launched against Forrestal, particularly by Walter Winchell and Drew Pearson. It was freely suggested that he was mentally deranged, and he was in consequence locked up in Bethesda Naval Hospital in a room on the 16th floor. Page 554 of the *Forrestal Diaries* indicates that hospitalization by psychiatrist, Wm.

KHRUSHCHEV ARRIVES WITH THE "PEACE MOVEMENT".

"War to the hilt between communism and capitalism is inevitable. Today, of course, we are not strong enough to attack. Our time will come in 20 or 30 years. To win we shall need the element of surprise. The bourgeoisie will have to be put to sleep. So we shall begin by launching the most spectacular peace movement on record. There will be electrifying overtures and unheard of concessions. The capitalist countries, stupid and decadent, will rejoice

to cooperate in their own destruction. They will leap at another chance to be friends. As soon as their guard is down, We SHALL SMASH THEM WITH OUR CLENCHED FIST."

Dimitry Z. Manuisky (Jew)
Presiding Officer UN Security Council, '49
From a speech before the Lenin School of Political Warfare, 1931.

E. Menninger, was indicated. (Louis Johnson brought Dr. Menninger into this case.)

Communists and Left-Wingers thought-out the world made—and continue to make—great propaganda use of the fact that **"the American Defense Minister had to be locked up because he was seeing Communists under the bed and was insane."**

Forrestal's elder brother, Henry Forrestal, visited Bethesda Naval Hospital and implored the authorities not to leave his brother "cooped up" on the 16th floor. No notice was taken of this. He also approached authorities in Washington in an unsuccessful effort to secure his brother's release. James Forrestal was a lapsed Catholic and, on being incarcerated in the Hospital and perhaps with some foreboding of what was in store for him, sent for his old friend, Monsignor S. Sheehy, now of Catholic University, Washington. Five times Monsignor Sheehy endeavored to see Forrestal. Each time he was refused admittance.

Meanwhile Henry Forrestal left for Washington on May 22 in a final effort to secure his brother's release, but it was too late. Forrestal was found dead at 2 a.m., Sunday, May 22, after a drop from the 16th floor window on the same day.

In connection with *The Forrestal Diaries*, page 555, Father Sheehy said that Forrestal went into a small diet kitchen on the same floor, which he had been encouraged to use, and fell to his death from its unguarded window.

Father Sheehy declared, on Forrestal's death, **"Had I been allowed to see my friend, Jim Forrestal, receive him back in the Church, and put his mind at ease with the oldest and most reliable medicine known to mankind, he would be alive today. His blood is on the heads of those who kept me from seeing him."** (*American Mercury*, Dec. 1950) Forrestal's poignant last words to his Wall Street friend Robert Lovett, later Defense Secretary, **"They're (the Soviet Union) going to catch us unprepared, Bob,"** show us that his only concern at the close

of his life was for his beloved country.

The suicide verdict was not readily believed, so hospital authorities announced that Forrestal had been threatening to take his life by throwing himself out the window. What powerful interests kept James V. Forrestal on the 16th floor if there was a possibility of suicide?

17 other countries. Will America be next?

Only Spain got loose; that cost a million and a half lives. How many will it cost us? If we have to fight when is the best time? Our military authorities say they are gaining on us. Millions of people under communism await arms. Hungary begged for them in 1956. Why have we not spent some of the billions put down foreign rat holes to smuggle arms to people who would disrupt communism while we bomb the Kremlin into a cinder? The liberals say this means war. We will have it anyway, unless we bankrupt ourselves continually preparing so that Khrushchev takes over peacefully, or submit to World Government which is slavery in another form.

A dispatch from London Aug. 30, reveals that communists in U.S. have received detailed instructions from Moscow how to make the beast from Moscow's visit most effective and to furnish physical protection.

JAKE JAVITS RIDES AGAIN!

by the Judge

Senator Jacob Javits

They are finally catching up with Slippery Jake Javits, the pseudo Republican Senator from New York, as a recent issue of the **Congressional Record** reveals.

In a bill before the United States Senate which would have eliminated **Loyalty Oaths** from those getting Federal Loans under the **National Defense Educational Act**, Javits nearly got away with one of his frequent shyster tricks.

Senator Mundt of South Dakota, a vigorous fighter against subversives for many years, offered an amendment to the original bill so that those wishing to borrow money from the Government for their education would be required to sign a statement that they had never supported any organization advocating illegal overthrow of the Government, and that they were loyal to the Constitution of the United States.

Javits took the Senate floor to oppose Mundt's amendment and said he could, quote: "produce hundreds, and I think there may be thousands, of letters from young students and from professors who say this is an insult to their intelligence and to their Americanism, and they do not want the education at that price."

He then went on to uphold the elimination of the **Loyalty Oath** from the Bill (C. R. 12765 of the **Congressional Record** of July 22, 1959). **Senator Holland** of Florida said he had communicated with the United States Office of Education, and they informed him that out of 1220 institutions only seven (7) of them had refused to approve of the oath provision.

Senator Russell of Georgia, replying to Javits said he had not received a single complaint from a single young citizen of his state who felt insulted by being asked to say he believes in the Constitution of the United States and is prepared to defend it. (C. R. 12769 of the same date). The next day Javits made a quick switch and offered an amendment to Mundt's amendment which would strike out the protective provisions in the Mundt Bill and merely require that anyone getting a loan of Federal Funds under the **National Defense Education Act** should take an oath to uphold the Constitution of the United States. Notice the way he switched. First he was against any kind of an oath; then he takes Mundt's Amendment, cuts the guts out of it, and merely requires the borrower to promise to defend the United States Constitution. Javits does not want any borrower to be penalized for belonging to a subversive organization. For proof see Col. 1, C. R. page 12918, July 23, 1959. The following day, July 23, Senator Russell of Georgia, at C. R. page 12915, 1959, again tore into Javits and said Javits had offered his, (Javits) amendment as a substitute for Senator Mundt's Bill, and later modified his own amendment somewhat by adding a perjury provision. Senator Russell likened Javits to the character in the Bible who, although he was the last to come to work and worked only a small fraction of the

time put in by the first worker, nevertheless got the same wages. Senator Russell said Javits was an 11th hour convert, and would get credit for fathering a loyalty provision which he had originally opposed, and furthermore Javits by putting in a provision for punishing for perjury endangered the proper enforcement of the Mundt Bill because of the difficulty in legally establishing the crime of perjury, as few convictions are obtained on perjury prosecutions. Much to Javits chagrin the bill was sent back to the Committee to be re-written, an outcome which brought Javits to his feet to say he spoke "with a rather heavy heart."

It is doubtful if few members of the Senate would try a trick like Javits, i.e., copy another Senator's Bill, cut the guts out of it, add a confusing provision and then try to get credit for a so-called "anti-subversive" bill, after showing clearly that he was against the intent of the very bill he had appropriated as his own.

READ EM AND WEEP

The following news item appeared in *The National Jewish Post and Opinion*, April 3, 1959, reproduced here in its entirety:

PRAYER CHANGE BY POPE HAILED

A major text change in the Good Friday prayer, authorized by Pope John, which almost reversed the meaning of the previous prayer, was hailed here as a boon to a process of text revision which has been going on among all religious groups in the U. S.

The original prayer, in Latin reads: "Let us pray for the perfidious Jews." Pope Pius had changed the word "perfidious" to "unbelieving" and Pope John's announcement dropped the adjective altogether.

Irving Engel, president of the American Jewish Committee, expressed gratification over the action. The Committee has been engaged over the past decade in a continuous process of text revision of offensive material in religious school books. Three major U. S. universities are involved in the study.

From Rome it was learned that the change came about as the result of the importunations of Col. Lamberto Vitali, Italian Jewish leader. Since 1946, Col. Vitali has addressed 41 petitions to the vatican on the prayer offensive to Jews. (Note that Vatican is not capitalized!)

Editors Note

It cannot be denied that one of the main objectives of the **National Conference of Christians and (so-called) Jews** is to force Christian religions to omit reference to Christ's Crucifixion by the so-called "Jews".

The **American Jewish Committee**, on page 57 of their "1954 Budget", boast they are rewriting text books for Catholic and Protestant Churches; on page 58 they disclose to their so-called Jewish contributors that they are guiding the education department of **National Council of Churches**. In the 1953 Budget, which is a confidential report to their so-called "Jewish" members, on page 122 they state that they are writing the speeches for the **Christian National Chaplains of the American Legion**.

We are being judaized just as set out in the **Protocols of the Learned Elders of Zion**, which the so-called "Jews" say is a forgery.

FOOD FOR THOUGHT

The London "Jewish World" of August 18th, 1922, carried this statement: "Business is gaining in Russia, and the new regime Jews are promptly becoming the captains in industry. There are now 100,000 Jews in Moscow and Kosher butcher signs are seen in all streets . . . however, anti-semitism is growing in the city parallel with the increase of the Jewish population."

EISENHOWER PREPARES U.S. FOR WORLD GOVERNMENT INCREASES BURDEN TO TAXPAYERS

Republished from Economic Council Letter 469, by Merwin K. Hart, Pres., National Economic Council

All Americans are wishing President Eisenhower good fortune and Godspeed on the amazing journey he is now taking.

It is not surprising he is being well received. He has an engaging personality, and two of his strongest points have always been his ability to warm up a crowd, and to bring differing segments and groups into harmony. Understandably some of the people he is visiting are flattered that the President of the United States should travel so far to see them. The United States personifies liberty; and in those countries where liberty is at a low point, or perhaps hardly exists, he is rightly the personification of that country that nearly 180 years ago won its independence and has maintained it ever since. For in winning that independence, for the first time in history, with the exception of Switzerland, a highly intelligent people became absolutely free.

Yet we cannot help wondering what the real purpose of the trip is, and how tangible will be its results.

Forty years ago a handful of determined zealots in Soviet Russia seized control of that country. They were aided by the backward conditions of most of the Russian people, and succeeded largely through their own energy, arrogance and ruthlessness. They then announced that they were going to bring the whole world under their control.

At the moment most people who learned of the boast laughed heartily. And in all probability the Bolshevik venture would have failed had it not been for the support repeatedly rendered the communists just at the right times by the United States of America. This support commenced, after four American Presidents had refused to recognize Soviet Russia, by F.D.R.'s recognition of the Soviet Government in 1933. That recognition incidentally was not by and with the consent of the Senate, as the Constitution clearly provides, but by the device, wholly without authority in the Constitution, known as an Executive Agreement. Since Soviet Russia was in deplorable shape at the moment, Roosevelt's recognition came just in time to save the Russian Revolution.

Since then, as our readers know, there has been an almost uninterrupted series of consistently aggressive policies on the part of Soviet Russia. Even in early 1945, the Soviets, supposed to be America's ally, and to whom America had given \$11 billion of lend-lease, was capturing the crews of American military planes and shooting some of our men. And meanwhile consistently weak, even traitorous, actions on the part of some of those representing the United States Government, were playing into the hands of the Soviets,

Eisenhower as a General ordered our troops to retreat 110 miles, allowing the communists to take Berlin; Women were raped on the streets, some by as many as 50 Reds; Berlin looted of machinery, art and records. To reach West Berlin today it is necessary to pass thru 110 miles of communist-controlled territory. Ike also ordered more than a million escaped anti-communists returned to the Soviet Union to be slaughtered.

So today Soviet Russia is in control of nearly a billion human beings, of the total world population of about two and a half billion.

So we repeat—what is the real object of President Eisenhower's trip? Not what is the purpose of the President himself, but what is the real object of those who mold the policy which he announces, and persuaded him to make this journey?

One Washington opinion holds that this odyssey by the President would offset the affront to millions of Americans caused by the Eisenhower invitation to Khrushchev, and by his subsequent visit.

Senator Hubert Humphrey of Minnesota, an avowed "liberal" and Chairman of a Senate Sub-Committee on Disarmament, wrote the President in early November urging new efforts for arms control.

The President replied to Senator Humphrey in a letter dated November 17, 1959,

made public on November 26.

In this letter he said in part:

"One of the principal efforts of the United States in the last half dozen years has been to devise effective means for controlling and reducing armaments. Success in this quest will bring greater security to all countries and lift the threat of devastating nuclear conflict. . . ."

The President proceeded to say:

". . . I am hopeful that the current Geneva negotiations on discontinuance of nuclear weapons tests will produce agreement. A resulting treaty would, of course, be submitted to the Senate."

About the only field where the United States today has superiority over Soviet Russia is in nuclear arms. Only a few years ago America had a complete monopoly of these weapons. But due to treason on the part of a handful of Americans and the enormous activities of Soviet spies, coupled with a good deal of gullibility and stupidity on the part of some representatives of the United States, Soviet Russia is pretty nearly equal to us in many phases of nuclear arms and is probably superior in some.

But if an agreement were made whereby both sides would stop the production of nuclear arms, both Soviet Russia and the United States would then fall back on what are called conventional arms, that is, those used by the Army, Navy, Air Force, etc. In these fields, however, the Soviet Government has immensely greater manpower than the United States. Continuation of anything like the frequent careless stupidity on the part of America, coupled with continuation of Soviet arrogance and spying, would soon leave the United States no match for the Soviets. And thereafter we could become absorbed in the Soviet-dominated world, with such sugar-coating, devised or accepted by our "liberals," as would at first make the masses of our people feel that nothing had been lost.

So why all this terrific pressure on the part of the United States, which today possesses greater strength in nuclear arms, to abolish the only field in which we are superior? Does it mean that our "liberals" are willing to submit to the Soviets?

President Eisenhower's letter to Senator Humphrey was not confined to arms control. He went on to advocate the amendment of the Connally Resolution, which was adopted by the Senate August 2, 1946. President Eisenhower said in his letter:

"The Administration supports elimination of the automatic reservation to the court's jurisdiction by which the United States has reserved to itself the right to determine unilaterally whether a subject of litigation lies essentially within domestic jurisdiction"

GOVERNMENT-- THE AMERICAN WAY

By Clem Applegate

Ever since the dawn of civilization, wherever people have congregated for social or economic reasons, or for mutual protestation against common enemies, the need for some sort of government has always been recognized.

Primitive people had their priests, patriarchs, sages and medicine men who administered community affairs, acted as counselors, meted out justice, and devised the strategy of war. Long before white men came to this continent the American Indians had a well established government with chiefs and tribal councils where warriors and hunters met and settled their problems.

In modern society we have innumerable churches, lodges, societies, clubs, trade unions and associations of men and women with common interests organized for the purpose of furthering those interests.

In a very real sense such organizations have their own governments. Officers are elected by the members and committees are appointed for the purpose of devising and carrying out certain programs. The individual members delegate to such officers and committee members the authority to do those things which the individual members are unable to accomplish by themselves. Members of such organizations usually take a pledge to adhere to certain ethical, moral or religious standards which they have laid down as fundamental principles. If a member decides that he wishes to sever his relations with such an organization he is free to do so.

As in democratic societies so it is in democratic countries; the people have freedom of choice. If a citizen does not like the kind of government which he is living under, he can renounce his citizenship and depart to some other country more to his liking. Or he can remain in his country and endeavor by lawful means, to bring about what he considers desirable changes in his government.

The Congress of the United States has the power to make the laws but all laws enacted must be consistent with the basic principles laid down in the Constitution of the United States. Every citizen in the United States is represented in Congress by a man or woman elected by a majority of the citizens in the Congressional district which the Congressman represents. Every Congressman is under a moral obligation to carry out the mandates of the people who elected him. The Founding Fathers made provisions in the Constitution for Representatives to be elected for only two years. This provision was made so that the representatives would have to go back to their respective districts and give an account of their stewardship. If the people then believed that their representative had not discharged his obligation faithfully and well they could elect a representative who would be more to their liking.

The basic principle upon which the government of the United States was founded is that man is endowed by his Creator with certain inalienable rights and that government is established for the purpose of protecting those rights. Thus it is clear that our government does not and indeed cannot bestow these rights upon our citizens; it can only guarantee that such rights shall not be denied the people.

A government founded on these principles cannot guarantee that each and every citizen will have the same standard of living. It can only guarantee that all citizens shall have an equal opportunity for self-expression and determination. In other words, that every citizen shall be free to exercise personal initiative and make full use of his or her natural intelligence and aptitudes un-

THE EISENHOWER ADMINISTRATION SPENDING RECORD

Republished from NEWS BULLETIN, Washington, D.C.

Paul O. Peters, Editor.

No administration in the entire history of the United States has ever, in peace-time, spent the taxpayers' money so lavishly and in many instances perhaps so needlessly as that of President Eisenhower.

Elected principally upon promises of reduction in spending and taxes, the Republican Party has approved thousands of new areas in which to distribute the depreciated purchasing power dollars that were collected from the citizens in both direct and indirect ways.

While it is a fact that only during the 83rd Congress was both houses of Congress under Republican control, the President was responsible for the budgets submitted covering the 84th and succeeding Congresses to fiscal 1960.

When the Republicans and Eisenhower took over the national administration in January of 1953, the Federal public debt stood at \$267,445,125,545. On October 1, 1959, the debt was \$288,043,064,267 an increase of \$20,597,938,722 which was the amount actually borrowed to finance operations over and above the amounts collected from the taxpayers, which means the Eisenhower administration went into debt an average of \$254,300,000 for each of the 81 months they have been in office.

hampered by any restraint so long as his or her activities and pursuits do not injure others or deprive them of their rights and the free exercise thereof.

Nothing that has been said in the foregoing applies to totalitarian governments where people do not have freedom of choice. In such countries the basic rights of individuals, as we understand them, are not recognized.

The United Nations has adopted a so-called covenant of human rights which purports to be acceptable substitute for the American Bill of Rights. But actually it is a subterfuge and reverts back to the totalitarian concept that all power is vested in government. It graciously "promises" that it will not interfere in our exercise of our individual rights EXCEPT when, in the opinion of a little clique of busy-bodies and meddlers who were never elected by the people, consider it expedient to curtail the rights of the people. It is reasonably certain that freedom of the press and freedom of speech would be abolished first so as to silence all criticism of this Soviet inspired organization.

Generally speaking, there are two forms of government. There is government by law, and government by force. One guarantees justice and liberty; the other guarantees nothing and inevitably means government by tyranny. Our Forefathers made a choice between the two and this country has become the richest and most powerful in the World under our Constitution. But that great document is not self-perpetuating. If it is to survive it will be because it has public support. Such support is not passive, but an active, operation. Being an American isn't just something that you are; it is something that you have to work at being as long as you live. The man who shrugs his shoulders in an attitude of indifference isn't working at being an American; he is collaborating with the enemy. A man who does not share the action and the passion of his time is in peril of being judged not to have lived by future generations whose destiny we, the people, are now shaping. May God grant us the wisdom and strength to hold fast to our precious heritage.

The actual spending for the 81 months stacks up as follows:

January thru June 1953	\$30,122,584,270
(Fiscal 1953)	
Fiscal year 1954	67,772,353,245
Fiscal year 1955	64,569,972,817
Fiscal year 1956	66,539,776,178
Fiscal year 1957	69,433,078,427
Fiscal year 1958	71,936,171,353
Fiscal year 1959	80,698,842,169
Fiscal year 1960	23,869,554,788
(July to September 30th)	

Expenditures January 1953 - October 1959 as reported by the Treasury:
\$474,942,333,247

The spending averaged \$5,863,850,000 a month for the 81 months since Mr. Eisenhower took over the office of President.

For fiscal 1960, the budget requests sent to Congress for NEW money and NEW obligational authority totaled \$81,227,609,151. From such requests the Congress cut \$1,881,410,093 in appropriations and \$699,000,000 in obligational authority or a total \$2,580,410,093.

With national production declining, the Federal Government will not be able to balance the budget in fiscal 1960.

WHAT IS AMERICA?

A DREAM

Conceived of Freedom,
born in travail, and
matured by generous sacrifice.

AN IDEAL

Devoutly longed-for in every heart:
most nearly fulfilled by our
Declaration of Independence,
Constitution and Bill of Rights.

A MIRACLE

Of adventuring into Freedom:
of mental, physical and
spiritual pioneering.

A SYMBOL

An Aladdin's lamp, which,
when rubbed with sufficient
elbow grease, produces one's desire.

A LEGEND

Of material wealth, convenience,
luxury, all the accouterments of
comfortable living.

AN ASPIRATION

To nobler ways of thought,
higher standards of the worth
of individuality.

THE HOPE OF MANKIND

If America be not free
in deed and in truth,
blighted is Freedom's hope
IN EVERY LAND.

A REALITY

To those of us who love her,
and will cherish and defend her
AT WHATEVER COST.

EISENHOWER

—o— Continued from page 1 —o—

The President went on to say:

"... I intend, therefore, on an appropriate occasion, to restate to the Congress my support for the elimination of this reservation. Elimination of this automatic reservation from our own declaration accepting compulsory jurisdiction would place the United States in a better position to urge other countries to agree to wider jurisdiction of the International Court of Justice."

Now the United Nations Charter never would have been ratified had it not been for Section 7 of Article 2 of the Charter which says in substance that the UN shall never interfere in the domestic affairs of any member nation. Heaven knows we have difficulty enough in managing our own domestic affairs, as many recent events have clearly indicated.

The so-called Connally Resolution above-mentioned, gave the International Court of Justice the power to adjudicate disputes between the United States and any other nation or nations. But this Resolution withheld such power in

"disputes with regard to matters which are essentially within the domestic jurisdiction of the United States."

By adopting the Resolution with this reservation, the Senate reiterated the reservation contained in Section 7 of Article 2 of the UN Charter.

Now Mr. Eisenhower is willing to throw away the sovereignty of the United States. He takes the position that if we give the World Court of the United Nations power to assume jurisdiction over the domestic affairs of the United States, we will then be in a better position to urge other countries to throw away their sovereignty.

And a startling thing is, that on April 13, 1959, Vice President Nixon, as we reported in Council Letter 454, in a speech before the Academy of Political Science, took the same stand.

Thus both President Eisenhower and the possible future President Nixon are willing to abolish the U. S. Government. For that is what it would lead to.

Bearing in mind then the announced opposition of both Mr. Eisenhower and Mr. Nixon to the continued right of the American people, through the Congress and the Executive, to run the United States in accordance with the provisions of the Constitution, let's just look hurriedly at certain recent events.

Several years ago two or three Soviet subjects, who had entered this country with the intention of remaining here, were kidnaped by Soviet agents, taken to Idlewild Airport and there forced aboard a plane and sent to Soviet Russia. The American Government did nothing to stop this outrage.

Can one imagine this happening to American citizens at the hands of American "agents" (if there are any) in Soviet Russia?

In August of 1958 an American military plane, flying in Eastern Turkey was lured from its course by false signals from a Soviet base and was shot down in Armenia (Soviet) territory. The American Government has a tape recording of the remarks of the various personnel in Soviet fighter planes while they were doing the shooting. Yet the Soviet Government denied any knowledge of the affair, though later it produced the bodies of six of the Americans. Some twelve Americans are to this day unaccounted for. True to the practice of American Governments in recent years, no effective effort has been made to clear up the mystery. The United States Government took this, as it has taken so many other affronts, lying down. Incidentally Mikoyan, second man in the Soviet Government, was visiting in the United States as an honored guest just after this incident.

Questions about it were not pressed against him. Probably our Government thought that would be impolite.

After the Hungarian uprising of 1956, Mr. Povl Bang-Jensen, Senior Political Affairs Officer of the United Nations, interrogated some 81 Hungarians and reported their stories to the United Nations. To get the information Bang-Jensen promised secrecy to each of these witnesses.

However Dag Hammarskjold, the Swedish Socialist Secretary General of the United Nations ordered him to give up the names. Bang-Jensen believed that if he did they would fall into the hands of communists and that the families of the men in question would be killed, tortured or imprisoned. So Bang-Jensen refused. Thereupon Dag Hammarskjold summarily fired him.

On November 26 Bang-Jensen's body was found on the outskirts of New York City with a bullet hole through his head. He had been missing for three days. The Queens County medical examiner said he had been dead not more than twenty-four hours.

What was he doing meanwhile—or rather what was being done to him?

It may never be known whether Bang-Jensen committed suicide or was murdered. There is excellent reason to believe he was murdered because Robert Morris, former Counsel to the Senate Sub-Committee on Internal Security, said Bang-Jensen had in his possession information highly damaging to communists. In any event a high-minded official of the UN was fired because he was a man of his word. Directly or indirectly, the chief executive of the UN caused his death.

Yet President Eisenhower and Vice President Nixon want to hand over to the UN—that is to say, in this case, the International Court of Justice, which is one of the principal organs of the UN, the power and the right to control all American domestic affairs.

A Grave question has been raised as to the waste of American funds appropriated for the benefit of Vietnam. Albert M. Colegrove, Scripps-Howard correspondent who went to Vietnam recently to report on the handling of the American economic aid program in that country, found it "an outrageous scandal." Yet President Eisenhower on November 12 refused to give a Senate Foreign Relations Sub-Committee a report on the official valuation of the economic aid program in Vietnam.

American citizens will continue to pay taxes. But they are not to be allowed to know how recklessly their money is wasted.

A DISPATCH from Moscow, November 21, 1959 to The New York Times said:

"The United States and the Soviet Union agreed today to extend for two years an

agreement for scientific, technical, cultural, educational and sports exchanges."

This dispatch also quoted the State Department as "gratified" at the extension of the program.

It is widely recognized that under the cultural exchange program that has existed the past two years, the Soviet Government has been able to add to the number of Soviet spies in the United States. It has not been recorded that any American spies have been sent to Soviet Russia through this program. The Soviets would spot them and not let them in; or if they let them in they would be closely watched.

In mid-November Harvard and Yale Universities announced they would accept no more students under that part of the National Defense Act which appropriates \$31 million a year for loans to needy students for their education in these institutions. The reason is that the Act requires an anti-communist affidavit in addition to an oath of allegiance to the United States.

Harvard and Yale are among twelve universities and colleges that now refuse to continue under this law. Some 1258 other institutions apparently will continue to let certain students avail themselves of this aid.

Harvard and Yale, of course, have been foremost among those institutions of higher learning which have harbored communists or communist sympathizers, and have probably been among the greatest factors in turning American youth away from traditions on which this country and indeed Christianity, were founded. The widespread indignation among Congressmen and Senators over this attitude is not surprising.

On December 8, Paul G. Hoffman was well advised in telling the United Nations Special Fund, of which he is Director:

"All countries, whether their incomes are high, medium or low, must in their own self-interest accept proportionate responsibility for a rapidly expanding world economy."

But, he added:

"No country can achieve maximum growth except in a growing world."

This is the same line that is handed out on all sides by our One Worlders. All of them seem to have completely lost confidence in the American form of government and are delirious over the dreams about World Government.

Paul Hoffman, of course, is a member of the so-called Bilderberg group of private citizens of many nations, that held its 1959 conference at Istanbul. Other Americans who attended included Senator Case of New Jersey, Senator Mike Monroney of Oklahoma, a high official of Life and Time magazines and Arthur Sulzberger of The New York Times. This unofficial assemblage is highly secret. The subject under consideration at the Istanbul meeting was "aid to under-developed nations." All World Governmentors, including President Eisenhower, have been harping on aid to under-developed nations ever since, though their plans could completely bankrupt the United States.

Recently a statement by Senator Taft was published. It had been written shortly before his death in 1954. In this statement Taft laid the cause of his defeat in the Republican Convention of 1952 first, to the:

"... power of the New York financial interest and a large number of business men subject to New York influence, who had selected General Eisenhower as their candidate at least a year ago."

and second, because, he said:

"... four-fifths of the influential newspapers in the country were opposed to me..."

This is interesting because these same two forces are perhaps the two strongest forces back of World Government. They speak apparently for that crowd of eighty or a hundred men who attend the Bilderberg Conferences.

ANOTHER TRAGIC BLUNDER

Republished from
Christian Economics, Howard E. Kershner,
editor, 250 West 57th St., New York, N.Y.

We regard the invitation to boss Khrushchev to visit our country as a tragedy. Here is a man who has trampled his way to power over the smashed bodies of his fellow countrymen, who keeps hundreds of American citizens in his slave camps along with millions of Russians, who shoots down our fliers without provocation, who instigates rebellion in Cuba and Latin America, in the Near East, the Far East and in Africa, who was the right hand man of Stalin in the world's worst skulduggery and who has announced that he will bury us.

Why add to his prestige? Why prop him up on his bloody throne? He may be about to fall off his perch and needs help from us to retain it. Why discourage the oppressed people in the Communist dominated countries of the world by making it perfectly clear to them that we are on the side of their masters and not interested in their freedom? Why did we invite a man who recognizes no moral standards and uses deception and treachery to enhance his power? He desperately wanted the invitation. Why did we help him by extending it?

We strongly believe this is another trap to weaken our will to resist, to induce us to lower our guard and to better the Communist position in their determination to destroy us.

Our national life and the safety of the free world hangs in the balance today because we have appeased and aided the Russian Communists for the past 25 years. If we had been blessed with stout-hearted, patriotic American leaders during the past quarter of a century and had refused all aid to Communist Russia the world today would be bright and cheerful, free from the dark cloud of Godless brutality which now threatens everything we hold dear.

EISENHOWER

—o— Continued from page 2 —o—

The "liberal" policy of the United States toward Latin America, designed or at least approved by Milton Eisenhower, has established a communistic government in Cuba, 90 miles from continental United States. It threatens to cost us the loss of the Panama Canal. And meanwhile the President is preaching "peace" in India, Pakistan and Afghanistan.

We could list a multitude of other items, more or less like those above. All of them go to show that communist influence in the United States and in the United States Government has already gone far. Our Government, over-extended in almost every direction, has been unwilling or incompetent to protect the United States and its immediate neighbors against communism.

The repeal of the Connally Reservation or its mutilation by amendment would surrender the right of the American people to self-government. For it would subject the United States to the dictates of whatever nations happen at any given time to constitute the members of the International Court of Justice. In that Court we would never have more than one vote, and sometimes we have none. It would leave nothing else to be done by the traitors who would betray their country.

The items cited are all evidences of the attempts to soften up the American people for this final betrayal.

Its a question of World Government, with World Law—a question whether American freedom is to survive.

Ralph Waldo Emerson said it:

"For what avail the plow or sail
Or land or life—if freedom fail?"

PRELUDE TO HELL

The writer conjures the enactment of an inspiring drama enacted at our national capitol. A helicopter clumsily settles backside-to on the White House lawn. Al Capone alights, his bouncery, jovial and murderous old self. A solitary machine-gun chatters the appropriate salute for such a small-time do-it-yourself-kit murderer. Twenty-one gun salutes are reserved exclusively for genocidal maniacs. Our great military leader rushes forth to greet the Scarface as fast as his hands and knees will permit, that, in the name of the people, he might be the first to receive the Kiss of Death. Military bands dolorously render the Prisoner's Song as a throne of high-level, ultra-liberal government officials stand at reverential attention.

After the banquet the evening holds promise of much evasive and hypocritical double-talk. The thug, at least, is properly attired and, though not the prototype of masculine beauty, he does not talk and act like a pig. At departure the timorous guests prayerfully hope that the hood will not pull a "caper", as it would not be at all sporting or in conformity with protocol, since he is assured that no retaliatory measures would be taken. Furthermore, all have properly ingratiated themselves and the cut-throat is to be lavishly entertained in an extended tour of the nation. Our people have been conditioned for many years in fearthought and criminal propaganda. Our First Citizen has warned that this human menace must be accorded every consideration and courtesy.

If this be considered a ghastly nightmare it is nevertheless more compatible with Christian principle and American decency than the prolonged revolting spectacle recently officially enacted. Yet there is a moral to this desecration of America:—All criminals and misunderstood juvenile delinquents should take heart, as there is always the chance that one of their number might some day become the world's outstanding godless mass human butcher and enjoy the official fearsome respect and craven license thereto appertaining.

Disgustedly,
Stan Dwyer

— THE GOLDFINE CASE —

By Franklin Hichborn

At the start of the Goldfine-Adams exposures, Goldfine (☆) was described as a refugee from Eastern Europe who by thrift and industry had become a multi-millionaire and a most philanthropic giver. This was in contrast to refugees filling our mental hospitals and jails a burden on American taxpayers.

As facts back of Goldfine's generous giving developed, the investigating committee was criticized for hearing evidence against the generous giver in public; its chairman denounced; witnesses testifying against Goldfine ridiculed.

Goldfine, it was eventually shown, had definite motive in his generous giving. His "gifts" went to men and women in public life who might be helpful. These included Sherman Adams, "indispensable" advisor to President Eisenhower; John R. Steelman, advisor to President Truman, but not so indispensable; to the Governors of all forty-eight states; to White House and Congressional secretaries; etc., etc. It was revealed that Giver Goldfine regarded such "gifts" as "legitimate business expenses" and as such deducted them from his income tax returns. Where did that leave the indispensable Sherman Adams and the numerous other beneficiaries of Giver Goldfine's generosity?

The key to Goldfine's political philanthropy is found in a widely published dispatch from Boston. Giver Goldfine's home town, under date of June 15:

"Goldfine's hobby is collecting politicians. A friend boasts, 'Nobody else in the world can lift a 'phone and talk personally to so many influential people, Governors, Senators, Commissioners, even the White House.'"

As a 'phone-lifter, Goldfine is supreme. He himself testified (July 16) that he had telephoned the "indispensable" Sherman Adams forty-three times in six months, nearly twice a week. Incidentally, it developed that Goldfine did not file a personal State (Massachusetts) income tax return for 1956, and had been given an extension of time to file his 1957 return. It must have taken a lot of "phone lifting" to get away with that.

With analogies to the political observers of old, who had learned the hard way to distrust the gift-giving Greeks, the lesson of the Goldfine-Adams affair for American politicians is: Beware refugees from Eastern Europe when bearing gifts.

The minority clamoring for further liberalizing of the McCarran-Walter Immigration Code to admit more Eastern Europe refugees, could well consider the Goldfine case.

FIVE CENTS

Diabolical Minds Direct Communist Conspiracy WILL U.S. GO THE WAY OF HUNGARY?

Part of a speech delivered by Dr. Revilo Oliver, head of Dept. of Classics, University of Illinois, before Congress of Freedom, Colorado Springs, Colorado.

Ladies and gentlemen, it is an honor to appear before you—an honor that I deeply appreciate. The Congress of Freedom is one of the most widely known and highly respected conservative organizations in the United States. But this very fact has another aspect—an unpleasant aspect that is obvious to all of us and that it would be false courtesy to ignore. Let's face it. We are a small group. Numerically, at least, we are insignificant and lost in the howling wilderness of folly and treason that our country has become. The only thing that stands between us and despair right now is the knowledge that, there are now active in the United States many other conservative groups who share our alarm and are working for the same general purpose with the same hope that it is not yet too late to save America for the American people. And outside all these organizations there is a large and ever growing number of Americans who sense that something is seriously wrong, who are made uneasy or even afraid by a menace that they feel in the atmosphere about them but that they have not yet clearly identified, and who do not know what they can or should do.

The common problem of all conservatives is that of finding a way to exert the maximum force in the minimum of time that we have left. I want to suggest to you the strategy that seems to me our best, and perhaps our only hope.

LORD HELP US SEE

Let me remind you that there are thousands, perhaps millions, of people in this country, including a considerable portion of our conservatives, who, are still slapping their foreheads and wishing that they could be sure about the Communist conspiracy, how big it is, who belongs to it, and even what it proposes to do. I suggest to you that the only thing that we as conservatives can do is put forth in unison all the effort of which we as individuals are capable to rouse those people from their confused befuddlement and convince them that things now are as bad as they seem. And let me assure you with all the earnestness of my heart that I feel certain that unless we do this now, four years hence you and I—every one of us in this room—will either be dead or wish to God that we were.

If I were not firmly convinced of this, I would not take the very grave risk of personal and professional ruin that I now take by speaking against the Communist conspiracy.

Most Americans, who read only the com-

munist-dominated press and watch television and other entertainment of which the communists have virtually complete control, are not only woefully uninformed about the nature and extent of this international criminal conspiracy, but have had their minds so systematically conditioned and poisoned from the day on which they entered a primary school that they have great difficulty in understanding even the nature of the problem. The enormous task before us is that of undoing within the next two or three years all that the communists have accomplished by their incredibly patient laborious, and cunning efforts since that black day in 1872 when the headquarters of their international conspiracy were openly and officially transferred to New York City.

GODLESS GANGSTERS

I shall not take your time, ladies and gentlemen, by outlining again what is known of the dark history of the world's greatest criminal organization, and of its unremitting work and constant growth in the United States since 1872. Let me only remind you that for many years, at least, the world capital of this international conspiracy was located in our country, and that, as everyone now knows, the Bolshevik butchery in Russia was organized in the United States, financed from the United States, and carried out by a gang of 1700 disciplined assassins, most of whom came from New York City.

The present status of the Communist conspiracy in the United States is equally a matter of public knowledge. On 3 March 1958 Congressman Francis E. Walter, Chairman of the House Committee on Un-American Activities, published a report stating that "the Kremlin has succeeded in enlisting, at a conservative estimate, more than a million Americans . . . There are

at this moment the equivalent of some 20 combat divisions of enemy troops on American soil . . . troops that are loyal to the Soviet." In other words, ladies and gentlemen, you are now living in a country that has been partly occupied. Unless the American people now make a desperate effort to save themselves, they will, within four years, I think, find themselves in the position of the Hungarians when they made their frantic and hopeless effort to regain their freedom three years ago.

There are two basic facts that one must bear in mind when one tries to understand communists. If they seem obvious to you, forgive me for repeating them here, but they are so fundamental that I must insist upon them.

First, all the talk about an "ideological struggle" is mostly nonsense. No communist, except gullible college boys and other children, really believe in the doctrine of socialism. Marx's absurd theories are merely a propaganda device, a means to an end. The intellectual processes of the communist mind have been well explained by Czeslaw Milosz in his *Captive Mind*, and by Gerhart Niemeyer in his *Inquiry into Soviet Mentality*, but they were best epitomized by Duane Thorin. This young American, who had somehow escaped brain-washing in his high school and college, was taken prisoner in Korea and interrogated for months by the Chinese Communist who sought to convert him. He received some attention from a really important communist official, and his native shrewdness enabled him only contempt for their inferiors who really believed the Marxist propaganda. As Thorin neatly puts it "Intellects that failed to see through the falsities of communism were so arrested that they were of only limited use in the totalitarian state."

MOST DANGEROUS OF ALL BEASTS

It is quite incorrect, therefore to say of a communist, unless you mean that he is a juvenile or a fool, that he believes in communism. Communism is not a theory in which men may believe; it is a conspiracy in which men participate. So far as communism has an intellectual basis, that basis may be found in the doctrine, not of Karl Marx, but of John Dewey. The communist is the perfect Pragmatist; he is a Nihilist; he believes that there is no such thing as truth. He repudiates and hates all the traditions, and culture of the Past; there is no truth, there is no value in the world but the satisfaction of his own whims and appetites, whatsoever they may be. Intellectually speaking, he is a beast, perhaps the lowest and most dangerous of all beasts.

I had my first glimpse of this passion early in my days in Washington. I met a young man who had just come into the

army. He looked like an amiable college boy, and as a matter of fact, he had been graduated from law school only two or three years before. He had been working for the Labor Relations Board, and he enthusiastically described to me the way in which he and his colleagues would raid small American corporations that were inclined to be recalcitrant, seize their books and cart them off, ostensibly for the purpose of photographing them, but actually to force the company, paralyzed by the loss of its records, to submit. I was a little shocked and I asked, "Lieutenant, didn't it seem to you that you were violating the constitutional rights of American business men?" He was a young man, and he answered promptly, "Rights? Why, they're capitalists. When we stand them up against a wall, we will shoot them in the belly: they die longer that way."

THEY WILL BURY US

That was how I first came to suspect the basic orientation of communist minds, but only after years of observation, and with help from the illuminating analysis by Denis de Rougemont, did I realize that the young man was exceptional only in the readiness with which he let slip the mask. That is the explanation of the fact that puzzles so many Americans who have not closely observed communists; the seemingly strange fact that the so-called "liberal intellectuals" are not perturbed or shaken in their faith by the innumerable and indubitable reports of communist atrocities, tortures, and massacres. We all know that when the Bolshevik vermin from New York took over Russia, they proceeded systematically to murder some 5,000,000 men, women, and children, including the best part of the population. We all know, for example, that when the White Russians in Odessa agreed to an armistice under most solemn pledges that they and their families were to be transported unharmed to Constantinople, the communists massacred part of the men as soon as they were disarmed, and reserved another part for tortures so scientifically administered that many of the victims took more than a week to die. The women were compelled to witness this amusement and then placed in brothels for sadistic sexual tortures; some lived as long as three months. This procedure has continued ever since. You have seen photographs of mutilated men and women, living and dead—photographs that made you physically sick at a single glance. You must have noticed that such things do not daunt even the most delicate and effeminate of our "liberal intellectuals." And the only explanation I think is the terrible one that I have suggested. Very many men do not adhere to communism in spite of its indescribable atrocities; on the contrary, they become communists because of those atrocities. The true hardcore communist, whatever the disguise he may wear when he moves among you and however much he may think it expedient to snivel about "social good" or "brotherhood," is, in the literal and exact meaning of the English word, a thug, that is, a man who has made a religion of murder. He is given by an overwhelming lust to destroy and uproot, to annihilate civilization, to kill—and even more than that, to make decent men and women suffer, to degrade them to the level of animals. That is his ideal, and for it he works constantly, tirelessly, and with infinite cunning.

INVISIBLE GOVT. REAL DANGER

The Communist conspiracy has a basically dual organization. From 1876 to 1907, it is true, the conspiracy was entirely secret and underground, but since 1907 there has been a public segment, 1st. called the I.W.W. and reorganized in 1919 as the official Com-

munist Party, headed in both instances by a criminal named William Z. Foster, the close associate and protege of Felix Frankfurter. This official party has never been large. It probably has never had over 90,000 card-carrying members at any time. It has served on the one hand as a recruiting and testing agency to enlist talented conspirators who, after they have proven their worth and ability, could quite be transferred to one or another division of the under-ground, and it has served on the other hand as a shield to mask and facilitate the work of the part of the underground apparatus that consists of conspirators who pose as "liberal intellectuals," and who urge the American people to save themselves from communism at home by reforming their legal and economic system along communist lines, and to save the world from communism by taxing themselves to finance communist governments abroad. The official party, which currently pretends to be even smaller than it is, has never been more than a small segment of the conspiracy. Louis Budenz recounts with wry humor that when he had worked his way up in the Communist Party to become managing editor of the *Daily Worker* and a member of the National Executive Council, he began to fancy himself a person of some importance, until one of his superiors remarked dryly, "Son, all that you have seen is the periscope of the submarine."

The communist underground is our real danger, and no one can accurately measure its total strength. Its members all vociferously deny that they are communists, and they are now, so organized that when everything is working properly no one conspirator can positively identify more than five of his accomplices. Two members of the F.B.I. and an ex-communist agree in assuring me that since the 1930's, at any rate, it has been the fixed policy of the communists to find a young man and young woman, arrange for their marriage, help them through college, if necessary, and then send them into an American community, often a small town. For fifteen years the Party provides them with such support as they may need to establish themselves firmly in the professional or even the business life of the community. During these fifteen years they are to keep themselves clear of all suspicion; the party asks them no single overt act, not even a signature on a communist-front petition. After fifteen years, they begin to receive orders—and carry them out.

The underground works under innumerable guises on innumerable projects, many

of which seem irrelevant to their purpose. Mr. William Rusher, who was for some years a member of the legal staff of the Senate Internal Security Committee, estimates that there are now 10,000 separate organizations, each directed toward a single goal, and many of them apparently innocent. All of these fronts have one thing in common: they simulate a charitable or altruistic interest in human welfare, and pretend that they are working for some "social good." These fronts serve primarily as a means of establishing and maintaining control over a mass of dupes—well meaning and sometimes intelligent people who never even guess who is doing their thinking for them. They unwittingly form the third and largest circle of communist strength.

IRRESISTABLE PRESSURE

The international conspiracy has penetrated every segment of American life, and has attained effective control of many of the most strategic. That is obvious from the information scattered in many sources, including the confessions of repentant communists and the many reports issued by the Congressional committees. But let me remind you that all the investigations by the House and Senate committees have been fragmentary and have involved only minor members of the conspiracy. Even the late Senator McCarthy operated for the most part on the periphery of the conspiracy, and you will remember that when he opened a line of investigation which was evidently leading to a nest of traitors in the Pentagon, the forces of international communism, utilizing their control of the press, the radio, and television, struck down that great American patriot on what was perhaps the darkest day in American history since Valley Forge. There has been no searching investigation of communism in the United States. You will, perhaps, remember that Judge Robert Morris, who was Chief Counsel of the Internal Security Subcommittee of the Senate, stated in a radio broadcast last year that no congressional investigation of communism had ever gone very far in penetrating the structure of the conspiracy because whenever the committee seemed likely to follow the trail of major conspirators, its work was stopped by "irresistable pressures." And even Judge Morris did not dare to specify the nature or source of these pressures.

The communist web of subversion now clearly extends from the humblest primary school to the highest court in our land. In many areas, of course, the communist work is done for them by puppets and stooges who do not realize that they are being manipulated, or by frauds, racketeers, and other social parasites, such as typical bureaucrats, whose minds can focus on just one thing: the fast and easy buck. But conspiracies, like armies, must first be measured by the number of troops they can put into the field, not by the number who know and approve the strategic plans of the High Command.

PROGRESSIVE EDUCATION

In the public schools, for instance, the techniques of what is called "progressive education," designed to stultify the minds and brutalize the character of adolescents, are essentially an elaborate fraud perpetrated by a gang of parasites who exploit the gullibility of taxpayers. But the inculcation of illiteracy and the incitation of sexual promiscuity serve the communist purpose of degrading mankind, and have been largely accomplished under communist direction. They are now reaping what they so diligently sowed. Last year one of my younger colleagues in the University thought to ask his class of freshmen—twenty boys and girls, probably from twenty different high schools all over the state—about communism, and 90% of them—eighteen little parrots replied: "Everyone knows that communism is the ideal form of government. We learned all about that in high school."

In the universities the communists have zealously promoted, and in turn profited by, the relaxation and now even the repudiation of the old standards of scholarship and intellectual integrity. The colleges and universities, indeed, were probably the first great communist target. No one, so far as I know, has examined the recorded membership and activities of the Socialist Clubs which, under the leadership of John Dewey, were established in 1905-1910 in colleges and universities throughout the country. I cannot say, therefore, whether or not these clubs were a communist-front activity. The first communist cell of which I have heard is said to have been organized at Harvard in 1910.

One must take it for granted that every college and university of prominence has strong communist cells in its faculty. Dr. J. R. Matthews, who has virtually devoted his life to the study of this conspiracy, estimates that the communists control, as members or as committed allies, more than three thousand teachers in colleges and universities. Louis Budenz, on the basis of information he acquired while he was a member of the party, estimates that there are 3500 members. Another ex-communist informs me that there were cells of which Budenz evidently had no knowledge.

LIBERAL INTELLECTUALS

But if you wish to see how far the poison has gone, you must go beyond these figures to the now open repudiation of the basic conception of scholarship by the freebooters who insist that they are just sweet "liberal intellectuals." In the recent book, *The Academic Mind*, by Paul F. Lazarsfeld and Wagner Thielens, you will discover that back in the horse-and-buggy days it was the function of scholarship to preserve the cultural and scientific tradition, but that in the modern world the proper function of the university professor is (I quote) "to undermine . . . custom and social authority." Now that, of course, is not a specific recommendation to join the communist conspiracy, but lest some "intellectuals" might not be bright enough to get the point, the authors elsewhere in their book "prove" by sociological gobbledegook that the "scholarly prestige" of a university is directly proportional to the percentage of its faculty that welcomes communist colleagues and is eager to see communist cells set up in the student body.

In fairness to the academic world, however, one must remark that American churches have proved themselves no more resistant to penetration by the conspirators. In fact, Herbert Philbrick, the agent of the F.B.I. who spent nine years in the communist underground, believes that the conspirators have won more support among American ministers than in any other profession.

It is not my purpose to review one by one the segments of American society in which evidence of communist penetration has been published and should be known to every one. Instead I should like to indicate summarily a few areas in which, so far as I know, an investigation has not been made, but in which inquiry is urgently needed. In these areas, of course, I can suggest no conclusions—only terrifying possibilities.

You may remember that in the 1920's two bank robbers and murderers, named Sacco and Vanzetti, were arrested and finally executed for a crime of which their guilt was indubitable. But these men, like Stalin in his youth, were both bank robbers and communist agents, and accordingly a long and frenzied agitation, led by such exalted figures as professor Felix Frankfurter, of Harvard University, was begun to procure their release. And I note also that in the new communist state recently set up in Cuba, one of the official executioners is according to Robert Siegrist, a man from Milwaukee, Wisconsin, named Hermann Marks, who has a long police record

of 32 arrests and was only recently released from the penitentiary to which he had been sentenced after being convicted of rape. I suppose the answer is that ordinary criminals with sadistic tendencies are naturally attracted to communism, but an investigation might disclose some interesting details.

CHARITY BEGINS AT HOME

I suggest to you, that we need urgently to ascertain the communist use of organized charities. We all know, of course, that public welfare agencies are as natural a habitat for communists as sage brush for rattlesnakes. Herbert Philbrick estimates that one-third of the top echelon of communist conspirators is lodged in just one federal agency, the Department of Health, Education, and Welfare, and observers in Washington estimate that between seventy and eighty per-cent of the responsible officers in that agency are members of the conspiracy—that, by the way, is a datum which will help you to understand why the Department of Health, Education, and Welfare was granted the largest increase of any governmental department in the President's so-called "economy budget" this year. But I am thinking now of private charity, of the agencies that solicit money from you every year.

The communists have a strange sense of humor, you know, which makes them take pleasure in bamboozling the public. You may remember that the first and unsuccessful communist revolution in China in the 1920's was partly financed by funds collected in this country for the "starving Chinese." You remember that the Marxist dominated broadcasting stations called Radio Free Europe, exposed last year by Fulton Lewis, Jr., is partly supported by funds collected from American suckers for the ostensible purpose of fighting communism. You may have seen the American Legion's report on the weird organization called UNICEF, which revealed that three-quarters of the money collected by the children who each

WE NEED YOUR HELP

We have had an extremely difficult Summer and many serious problems. It is difficult to run a growing paper as large as COMMON SENSE without advertising. To the many people who have written us, we thank you for your concern and, God willing, and with your support, we intend to put out an even more effective paper in the future.

We are faced with several serious problems as we come into the Fall. We cannot afford to send each subscriber a personal letter, but we are going to ask you to accept this as a personal appeal to help us in whatever way you can—by getting new subscribers, by ordering books and literature, by distributing papers and thus inform others, by your labor, by your prayers, by all the financial assistance you can afford.

We have many unanswered letters, important projects to consider, unlimited reading material to digest, all sorts of problems to work out. But a day is just so long; there are just so many of us willing to give our time; there is just so much money to go around. Something has to be left undone. We are sorry if it happens to be you we have not answered—it is not intentional.

year beg from door to door was either sent to admittedly communist countries, such as Red China, or completely unaccounted for.

MENTAL HEALTH RACKET

We have also noticed the frenzied agitation on what is euphemistically called "mental health" throughout the nation. We all know that the agitation was begun by the World Health Organization, whose president was that ubiquitous traitor, Alger Hiss, and sponsored in this country by the National Association for Mental Health, whose director, Julius Schrieber, refused to tell a Congressional committee whether or not he was a communist on the grounds that his answer might incriminate him. We know that the agitation is financed by funds taken from the pockets of the taxpayers by that great communist department of our government, the Department of Health, Education, and Welfare. And it is becoming increasingly clear that the only purpose of "mental health" is to provide quasilegal means of kidnapping and torturing Americans who oppose the communist conspiracy. But from this observation we must draw the terrifying but logical conclusion that the conspiracy now has control of so large a number of psychiatrists and similar "experts" that if the American people can be cajoled and bullied into sticking their heads into the legal noose, the plan can be put into operation without effective opposition from other psychiatrists. Mr. Kenneth Goff, who was trained in "psychopolitics" while he was in the Communist Party, in his booklet, *Brain Washing*, reports that Beria, then Chief Murderer in the Soviet State, in 1936 told the American communists:

"With the institutions for the insane you have in your country prisons which can hold a million persons and hold them without civil rights or any hope of freedom. And upon these people can be practiced shock and surgery so that never again will they draw a sane breath. . . . Therefore you must dominate as respected men the fields of psychiatry and psychology."

The ghastly question that we must ask ourselves is: How far have the conspirators advanced toward this goal in the past quarter of a century? It is imperative that the American people, including every man sincerely interested in the study of the human mind, have an answer to that question.

COURTS OF INJUSTICE

Equally vital is the question of our federal courts. Mr. Felix Frankfurter is probably the most brilliant and dangerous immigrant ever imported into this country. He was early the close associate and protector of William Z. Foster, the criminal who was titular head of the open segment of the communist conspiracy. Frankfurter began his public career by worming his way into the position of secretary to the Secretary of War in the cabinet of President William Howard Taft. In 1918, after he had been publicly denounced by former President Theodore Roosevelt as the soul-mate of Lenin and Trotsky, he retired to a professorship in Harvard University, where he settled down to train two generations of traitors whom he managed to slip into Washington and into law schools throughout the country. His most famous pupil, Alger Hiss, you will remember, began his career in Washington as secretary to Justice Holmes of the Supreme Court during a Republican and essentially conservative administration. On 29 May 1950 the Chicago Tribune's veteran correspondent in Washington reported that a man "with the highest connections in the State Department" declared that Frankfurter was "the most powerful man in the United States" and the head of a "secret government" that really controlled this country.

Frankfurter is recognized as the dominant mind in the Supreme Court that has con-

FAIR EMPLOYMENT COMMISSION SCHEME

by Franklin Hichborn

For many years prior to 1946, advocates of the "Fair Employment Practice Commission" scheme (FEPC) labored without success, to get such a measure through the Legislature of California. Failing there, in 1946, they brought the issue to statewide vote and were beaten in every county. The State total was 675,697 for FEPC; 1,682,646 against; majority against, 1,006,949. In spite of their overwhelming defeat, the FEPC minority again turned to the Legislature. They got nowhere until 1955, when their bill passed the Assembly. Thus encouraged, they put on a campaign in 1956 to commit candidates for the Legislature to their policy. In my own county, Santa Clara, where FEPC had been defeated by a vote of 18,093 for, to 41,616 against, all but one of the candidates for the Legislature were quoted as favoring FEPC. Unquestionably, such a drive to commit Legislative candidates will be made again. Their bill passed the 1957 Assembly. Again they lost in the Senate.

They then turned to the home politicians. FEPC ordinances were introduced at Los Angeles and San Francisco. At Los Angeles, where by county-wide vote they had been defeated by 294,938 for, to 758,641 against, they lost by only one vote in the governing body. In San Francisco, where they had been defeated by 69,651 for, to 141,956 against, the Supervisors, under pressure, passed an FEPC ordinance. Of that pressure (see San Francisco papers for May 21, '57), Supervisor James J. Sullivan, for example, charged: "One organization of 600 members told me if I would vote for this (FEPC ordinance) they would support me in November. The representative of another organization told me that if I voted against it, he would see to it that I was defeated. If that is the price of public office, it is too much for me."

Any candidate for the Legislature who does not think such "price too much," would not be representative of the vast majority of Californians, nor of the county from which he may be elected.

The pushers for FEPC are quite as persistent in their opposition to the effective McCarran-Walter Immigration Code, to the Bricker Amendment, etc.

sistently and with ever increasing effrontery advanced the communist cause and subverted the American Constitution. In a recent edict, indeed, this court has virtually repealed the whole concept of law by expressly subordinating it to what Mr. Frankfurter chooses to call "the conscience of society" which can justify any violation of rights guaranteed by law. And who determines what the "conscience of society" authorizes? Why, Mr. Frankfurter and his comrades in the court. The principle, of course, is precisely equivalent to that set forth in slightly different words in the Soviet legal system. The question is, how many of Frankfurter's pupils and disciples are now to be found in the various levels of the federal judiciary?

WHO PROMOTED THE COMMUNIST PERESS?

Equally agonizing, equally imperative is the question how far the conspiracy has penetrated our armed forces. Sen. McCarthy was struck down for raising the question even in the most tentative form. That is, perhaps, the most significant fact of all. But through chinks in the iron curtain of "Military secrecy" gleam occasional incidents that are profoundly alarming. Many of you have probably read the recent novel, *The Pentagon Case*, by Colonel Victor J. Fox. A friend of mine is a close friend of the author, and I am assured that all military episodes in that story are accounts of what actually happened transposed only enough to protect the author from a charge of having disclosed "classified material." These events, by the way, took place even before a reluctant Senate, driven by what were said to be "irresistible pressures," confirmed the appointment as Assistant Secretary of Defense of the notorious Anna Rosenberg, who was said to have been identified as a communist agent. We need to know what those "irresistible pressures" were and whence they came. We need desperately to know the answers to many questions.

In June, 1949, Senator McCarran sent to Admiral Hillenkoetter, who was then head of our Central Intelligence Agency, an inquiry concerning one hundred new appointees to the so-called "United Nations." Admiral Hillenkoetter replied that a preliminary check of his records showed that 29 of these appointees were officers in the Communist Party, and that 32 others were known members of the Soviet espionage system. Admiral Hillenkoetter was immediately transferred to a desolate outpost in the Pacific. We need urgently to know who transferred him—who has the power to terrorize the loyal officers of our army and navy.

U. S. FOREIGN POLICY FAVORS REDS

Our foreign policy for the past two decades is an almost unbroken record of betrayal and shame. I trust, by the way, that you have not overlooked the latest triumph of what may fairly be called the Washington Moscow Axis.

You will recall that when General George Marshall was sent to China to arrange for the communist occupation of that country, he was able to accomplish his mission by simply cutting off from General Chiang Kai-Chek the supplies of ammunition that he needed for his soldiers' rifles, which were all, of course, of American manufacture. \$150,000,000 worth of ammunition on ships that were about to land was simply dumped in the ocean, and, of course, no further shipments were made. Thus Chiang Kai-Chek's men could not use even their rifles, to say nothing of machine guns and artillery, and he had to retreat before the communist invaders, who had been equipped with the huge Japanese stores of weapons and munitions that we had turned over to them in Manchuria.

NO SOCIAL COMFORTS IN A CONCENTRATION CAMP

I have said enough, I think, to suggest how desperate our situation is. Our ancestors were never confronted by a danger so terrible and immediate.

And what is even more important, on the local level in many a community, people are becoming aware of the real purpose behind such things as "metro" districts, regional planning, fluoridation, "mental health," "counselling programmes" in the schools, and many other local activities that serve the communist purpose of persuading the boobs to fasten on themselves the chains of servitude.

Unless I am misled by my observations, there is a new attitude on the part of the communist conspirators, perhaps even a sense of desperate urgency that in a way matches our own. I have the impression—and remember that it is no more than an impression—that the conspirators sense the coming of a change in the temper of the American people so drastic that the conspiracy will be lost unless it can carry out a complete coup d'état in the next two or three years.

If even the few details in the appalling story that I have mentioned tonight were brought to the attention of Americans by responsible and respected citizens of their home community, I am sure that the country would be swept by a wave of indignation such as it has never before experienced.

To produce that indignation is, it seems to me, the task before us, and indeed our only hope of survival. It is one in which all conservative groups can unite their efforts without organizational difficulties, rivalries, or debate over the many minor political questions on which we may differ. This is a fight to preserve our lives, and an open offensive against the whole communist conspiracy is imperative, if we are to survive.

Let every patriot resolve to expose this conspiracy and to make his voice heard in his own community, in his club, in his social circle. **Speak out; tell Americans of their dangers.**

This may, I know, entail some sacrifice of time, of money, of business advantages, perhaps even of social comforts. Remember that there are no social comforts in concentration camps. But nothing that can happen to you because you speak now can possibly be as bad as what will inevitably happen to you if you remain silent. Our ancestors risked their lives and their honor to create this nation. Is it too much to ask us to risk our lives, if necessary, to recapture it from our enemies?
